

# Renton Avenue S – 51st Avenue S and S Roxbury Street

# Renton Avenue S – 51st Avenue S and South Roxbury Street

**Project ID # 2007-104**

**Type of Improvement:** Traffic Calming  
**Neighborhood:** Rainier Beach

**Approximate Length:** Intersection  
**Street Classification:** Minor Arterial

**Applicant Description of Problem and/or Project:**

**Problem:** Calm traffic and improve traffic flow.

**Suggested Project:** Install a roundabout.

**Potential Solution and/or Comments:**

Renton Avenue S: Intersections at 51<sup>st</sup> Avenue S and South Roxbury Street

- SDOT has an existing capital improvement project (CIP) planned and budgeted to construct roundabouts at these two locations.
- This project would supplement the existing roundabouts CIP budget to include a “gateway” treatment at these two locations.

**Challenges/Tradeoffs:**

- Detailed design and construction of the gateway treatment would need to be within the limits of this budget.

**Preliminary Range of Cost:** \$ 150,000 (line item budget)
