

NE 130th - Lake City Way to 20th Ave NE & Olympic Hill School

NE 130th - Lake City Way to 20th Ave NE & Olympic Hill School

Project ID # 2007-018

Type of Improvement: Sidewalk
Neighborhood: Olympic Hills

Approximate Length: 2500 feet
Street Classification: Local Street

Applicant Description of Problem and/or Project:

Problem: Many children and parents walk to this school including many immigrant families who come to community events as well.

Suggested Project: Use the Safe Routes to Schools as matching funds to complete the entire stretch of sidewalk on the north side of the street.

Potential Solution and/or Comments:

NE 130th from Lake City Way to 20th Ave NE and Olympic Hill School

- Construct concrete curb, gutter, and 6-foot concrete sidewalk on the north side of the street for approximately one third of a mile from 23rd Ave NE to 30th Ave NE.
- Construct concrete curb, gutter, and 6-foot concrete sidewalk on the north side of the street for approximately 400 feet from 30th Ave NE to 31st Ave NE.
- Widen the roadway 4 feet on the north side of the street from 23rd Ave NE to 28th Ave NE to meet the City's standard street width.
- Widen the roadway 1 foot on the north side of the street from 28th Ave NE to 30th Ave NE to meet the City's standard street width.
- Widen the roadway 6 feet on the north side of the street from 30th Ave NE to 31st Ave NE to meet the City's standard street width.
- Construct new catch basins and connecting stormwater conveyance system on the north side of the street to collect street runoff.
- Construct seven retaining walls on the north side of the street.

Challenges/Tradeoffs:

- No planting strip is included in order to minimize the need for additional retaining walls.
- Utility pole relocation may be required and may make this project cost prohibitive.
- Existing private improvements within right-of-way such as landscaping, fences, walls, patios may require removal.
- Numerous small retaining walls needed because of steep slopes on the north side of the street.

Preliminary Range of Cost: \$ 1,480,000 to \$ 1,820,000
