Comments

- We hope it will be a kids oriented park
- Rated Play structure 1st, art and ponds second, benches third; added picnic tables
- No swings because they are dangerous, sandpit and slides are okay
- e1pand it, make it bigger
- This park is in a residential area, off arterials making it family/pet/walk friendly is key to its success. Traveling children's theatre recommended
- climbing set not swingset, BBQ pits
- No p-patch because people near park have yards
- seating near play area
- sandbo1, climb-on art
- can on-site structure be rented for community meetings?
- keep current natural design, community building would be cool
- Preserve the cement foundation as a "room" for seating and performances; use newer house for community center (NO classes ~~for art~~ facilities)
- would like garden or other art
- movie nights, theatre plays, storytelling, something to unite the community
- movie night great, keep feel of compl1 garden, trees to climb, no lights
- play structure number one
- play structure could be boulders, hills, slides
- play structure # 1, Pond/fountain #2, shady area #3; space for kids to run and play, space for community
- trees, scrubs, flowers are critical for people to have green space but open lawns aren't good unless dogs are forbidden
- keep mature foliage, unique art structures
- outdoor movies, socializing # 1, Garden area #2

Pond or Fountains: ~~fc~~ water feature

Natural Landscapes: Natural over flower meadow

Shady areas: shade over sun

Grassy picnic area: grassy play area

Garden (p-patch: P patch
