Preface

The medical benefits plan described in this Booklet is a benefit plan of the Employer. These benefits are not insured with Aetna but will be paid from the Employer's funds. Aetna will provide certain administrative services under the Aetna medical benefits plan.

Aetna agrees with the Employer to provide administrative services in accordance with the conditions, rights, and privileges as set forth in this Booklet. The Employer selects the products and benefit levels under the Aetna medical benefits plan.

The Booklet describes your rights and obligations, what the Aetna medical benefits plan covers, and how benefits are paid for that coverage. It is your responsibility to understand the terms and conditions in this Booklet. Your Booklet includes the Schedule of Benefits and any amendments.

This Booklet replaces and supersedes all Aetna Booklets describing coverage for the medical benefits plan described in this Booklet that you may previously have received.

Employer: The City of Seattle
Contract Number: 100290

Coverage for You and Your Dependents

Health Expense Coverage

Benefits are payable for covered health care expenses that are incurred by you or your covered dependents while coverage is in effect. An expense is “incurred” on the day you receive a health care service or supply.

Coverage under this plan is non-occupational. Only non-occupational injuries and non-occupational illnesses are covered.

Refer to the What the Plan Covers section of the Booklet for more information about your coverage.

Treatment Outcomes of Covered Services

Aetna is not a provider of health care services and therefore is not responsible for and does not guarantee any results or outcomes of the covered health care services and supplies you receive. Except for Aetna RX Home Delivery LLC, providers of health care services, including hospitals, institutions, facilities or agencies, are independent contractors and are neither agents nor employees of Aetna or its affiliates.
When Your Coverage Begins

Throughout this section you will find information on who can be covered under the plan, how to enroll and what to do when there is a change in your life that affects coverage. In this section, “you” means the employee. If there is eligibility language in this Booklet that is not in compliance with the City of Seattle policies and guidelines, the City's eligibility rules will apply.

Who Is Eligible

Employees
To be covered by this plan, the following requirements must be met:

- You will need to be in an “eligible class,” as defined below; and
- You will need to meet the “eligibility date criteria” described below.

Determining if You Are in an Eligible Class
You are in an eligible class if you are:

a) an active, regular full time or part time employee who works at least eighty (80) hours per month or a temporary employee in a benefits-eligible assignment who works at least eighty (80) hours per month; or b) a temporary employee who has worked at least 1,040 cumulative, non-overtime hours and at least 800 non-overtime hours in the previous twelve (12) month period and is not in a benefits-eligible assignment.

The minimum "hours worked" requirement of 80 hours per month does not apply to an employee who ceases to work the minimum number of hours due to a furlough or a temporary reduction in hours in lieu of layoff or furlough, provided work hours are not reduced by more than 5% for a given year as a result.

Probationary Period
Once you enter an eligible class, you will need to complete a probationary period, as defined by your employer, before your coverage under this plan begins.

Determining When You Become Eligible
You become eligible for the plan on your eligibility date, which is determined as follows.

On the Effective Date of the Plan
If you are in an eligible class on the effective date of this plan, and you had previously satisfied the plan's probationary period, your coverage eligibility date is the effective date of this plan. If you are in an eligible class on the effective date of this plan, but you have not yet satisfied the plan's probationary period, your coverage eligibility date is the date you complete the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your eligibility date is the date you enter the eligible class.

After the Effective Date of the Plan
If you are in an eligible class on the date of hire, your eligibility date is the date you complete the probationary period.

If you are hired or enter an eligible class after the effective date of this plan, your coverage eligibility date is the date you complete the probationary period. If you had already satisfied the probationary period before you entered the eligible class, your coverage eligibility date is the date you enter the eligible class.
Obtaining Coverage for Dependents
Your dependents can be covered under this Plan. You may enroll the following dependents:

- Your spouse (unless legally separated).
- Your dependent children.
- Your domestic partner who meets the rules set by your employer.
- Dependent children of your domestic partner.

Aetna will rely upon your employer to determine whether or not a person meets the definition of a dependent for coverage under this Plan. This determination will be conclusive and binding upon all persons for the purposes of this Plan.

Coverage for a Domestic Partner
To be eligible for coverage, you and your domestic partner will need to complete and sign an Affidavit of Domestic Partnership.

Coverage for Dependent Children
To be eligible for coverage, a dependent child must be under 26 years of age.

An eligible dependent child includes:

- Your domestic partner's children;
- Your biological children;
- Your stepchildren who reside in your home;
- Your legally adopted children, including any children placed with you for adoption;
- Any child for whom you have been awarded custody by a court of competent jurisdiction.

Coverage for a handicapped child may be continued past the age limits shown above. See Handicapped Dependent Children for more information.

Important Reminder
Keep in mind that if you are eligible to receive coverage under the plan as:

- Both an employee and a dependent; or
- A dependent of more than one employee.

Any benefits will be subject to the plan's Coordination of Benefits provisions.

How and When to Enroll

Initial Enrollment in the Plan
You will be provided with plan benefit and enrollment information when you first become eligible to enroll. You will need to enroll in a manner determined by Aetna and your employer. To complete the enrollment process, you will need to provide all requested information for yourself and your eligible dependents. You will also need to agree to make required contributions for any contributory coverage. Your employer will determine the amount of your plan contributions, which you will need to agree to before you can enroll. Your employer will advise you of the required amount of your contributions and will deduct your contributions from your pay. Remember plan contributions are subject to change.

You will need to enroll within 30 days of your eligibility date. Otherwise, you may be considered a Late Enrollee. If you miss the enrollment period, you will not be able to participate in the plan until the next annual enrollment period, unless you qualify under a Special Enrollment Period, as described below.
If you do not enroll for coverage when you first become eligible, but wish to do so later, your employer will provide you with information on when and how you can enroll.

Newborns are automatically covered for 60 days after birth. To continue coverage after 60 days, you will need to complete a change form and return it to your employer within the 60-day enrollment period.

**Late Enrollment**

If you do not enroll during the Initial Enrollment Period, or a subsequent annual enrollment period, you and your eligible dependents may be considered *Late Enrollees* and coverage may be deferred until the next annual enrollment period. If, at the time of your initial enrollment, you elect coverage for yourself only and later request coverage for your eligible dependents, they may be considered *Late Enrollees*.

You must return your completed enrollment form before the end of the next annual enrollment period as described below.

However, you and your eligible dependents may not be considered *Late Enrollees* if you qualify for one of the circumstances described in the “Special Enrollment Periods” section below.

**Annual Enrollment**

During the annual enrollment period, you will have the opportunity to review your coverage needs for the upcoming year. During this period, you have the option to change your coverage. The choices you make during this annual enrollment period will become effective the following year.

If you do not enroll yourself or a dependent for coverage when you first become eligible, but wish to do so later, you will need to do so during the next annual enrollment period, unless you qualify under one of the Special Enrollment Periods, as described below.

**Special Enrollment Periods**

You will not be considered a *Late Enrollee* if you qualify under a Special Enrollment Period as defined below. If one of these situations applies, you may enroll before the next annual enrollment period.

**Loss of Other Health Care Coverage**

You or your dependents may qualify for a Special Enrollment Period if:

- You did not enroll yourself or your dependent when you first became eligible or during any subsequent annual enrollments because, at that time:
  - You or your dependents were covered under other *creditable coverage*; and
  - You refused coverage and stated, in writing, at the time you refused coverage that the reason was that you or your dependents had other *creditable coverage*; and
You or your dependents are no longer eligible for other **creditable coverage** because of one of the following:
- The end of your employment;
- A reduction in your hours of employment (for example, moving from a full-time to part-time position);
- The ending of the other plan’s coverage;
- Death;
- Divorce or legal separation;
- Employer contributions toward that coverage have ended;
- COBRA coverage ends;
- The employer’s decision to stop offering the group health plan to the eligible class to which you belong;
- Cessation of a dependent’s status as an eligible dependent as such is defined under this Plan;
- With respect to coverage under Medicaid or an S-CHIP Plan, you or your dependents no longer qualify for such coverage; or
- You or your dependents have reached the lifetime maximum of another Plan for all benefits under that Plan.

You or your dependents become eligible for premium assistance, with respect to coverage under the group health plan, under Medicaid or an S-CHIP Plan.

You will need to enroll yourself or a dependent for coverage within:

- 30 days of when other **creditable coverage** ends;
- within 60 days of when coverage under Medicaid or an S-CHIP Plan ends; or
- within 60 days of the date you or your dependents become eligible for Medicaid or S-CHIP premium assistance.

Evidence of termination of **creditable coverage** must be provided to your employer or the party it designates. If you do not enroll during this time, you will need to wait until the next annual enrollment period.

**New Dependents**

You and your dependents may qualify for a Special Enrollment Period if:

- You did not enroll when you were first eligible for coverage; and
- You later acquire a dependent, as defined under the plan, through marriage, birth, adoption, or placement for adoption; and
- You elect coverage for yourself and your dependent within 30 days of acquiring the dependent (60 days for a newborn or a child placed for adoption).

Your spouse or child who meets the definition of a dependent under the plan may qualify for a Special Enrollment Period if:

- You did not enroll them when they were first eligible; and
- You later elect coverage for them within 30 days of a court order requiring you to provide coverage.

You will need to report any new dependents by completing a change form, which is available from your employer. The form must be completed and returned to your employer within 30 days of the change (60 days for a newborn or a child placed for adoption). If you do not return the form within 30 days of the change (60 days for a newborn or a child placed for adoption), you will need to make the changes during the next annual enrollment period.
If You Adopt a Child
Your plan will cover a child who is placed for adoption. This means you have taken on the legal obligation for total or partial support of a child whom you plan to adopt.

Your plan will provide coverage for a child who is placed with you for adoption if:

- The child meets the plan’s definition of an eligible dependent on the date he or she is placed for adoption; and
- You request coverage for the child in writing within 60 days of the placement;
- Proof of placement will need to be presented to your employer prior to the dependent enrollment;
- Any coverage limitations for a preexisting condition will not apply to a child placed with you for adoption provided that the placement occurs on or after the effective date of your coverage.

When You Receive a Qualified Child Support Order
A Qualified Medical Child Support Order (QMCSO) is a court order requiring a parent to provide health care coverage to one or more children. Your plan will provide coverage for a child who is covered under a QMCSO, if:

- The child meets the plan’s definition of an eligible dependent; and
- You request coverage for the child in writing within 30 days of the court order.

Coverage for the dependent will become effective on the date of the court order. Any coverage limitations for a preexisting condition will not apply, as long as you submit a written request for coverage within the 30-day period.

If you do not request coverage for the child within the 30-day period, you will need to wait until the next annual enrollment period.

Under a QMCSO, if you are the non-custodial parent, the custodial parent may file claims for benefits. Benefits for such claims will be paid to the custodial parent.

When Your Coverage Begins
Your Effective Date of Coverage
If you have met all the eligibility requirements, your coverage takes effect on the first of the month following your date of hire, your transfer into an eligible job class or if hired on the first working day of the month, your coverage will be effective immediately.

If you do not return your completed enrollment information within 30 days of your eligibility date, the rules under the Special or Late Enrollment Periods section will apply.

An employee for whom coverage already became effective, but who is absent without pay on the first day of the calendar month and returns by the fifteenth (15th) of the month will not have a lapse in coverage. Coverage for an employee who returns after the fifteenth (15th) of the month will begin the first day of the following calendar month. However, an employee who is absent without pay for fifteen (15) consecutive calendar days or less will not have a lapse in coverage.

Important Notice:
You must pay the required contribution in full or coverage will not be effective.
Your Dependent’s Effective Date of Coverage

Your dependent’s coverage takes effect on the same day that your coverage becomes effective, if you have enrolled them in the plan.

Note: New dependents need to be reported to your employer within 30 days (60 days for a newborn or a child placed for adoption) because they may affect your contributions. If you do not report a new dependent within 30 days of his or her eligibility date (60 days for a newborn or a child placed for adoption), the rules under the Special or Late Enrollment Periods section will apply.
How Your Medical Plan Works

It is important that you have the information and useful resources to help you get the most out of your Aetna medical plan. This Booklet explains:

- Definitions you need to know;
- How to access care, including procedures you need to follow;
- What expenses for services and supplies are covered and what limits may apply;
- What expenses for services and supplies are not covered by the plan;
- How you share the cost of your covered services and supplies; and
- Other important information such as eligibility, complaints and appeals, termination, continuation of coverage, and general administration of the plan.

Important Notes

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your health plan pays benefits only for services and supplies described in this Booklet as covered expenses that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive health care services that are not or might not be covered benefits under this health plan.
- Store this Booklet in a safe place for future reference.

Common Terms

Many terms throughout this Booklet are defined in the Glossary section at the back of this document. Defined terms appear in bolded print. Understanding these terms will also help you understand how your plan works and provide you with useful information regarding your coverage.

About Your PPO Comprehensive Medical Plan

This Preferred Provider Organization (PPO) medical plan provides coverage for a wide range of medical expenses for the treatment of illness or injury. It does not provide benefits for all medical care. The plan also provides coverage for certain preventive and wellness benefits. With your PPO plan, you can directly access any network or out-of-network physician, hospital or other health care provider for covered services and supplies under the plan. The plan pays benefits differently when services and supplies are obtained through network providers and for other health care under this plan.

Important Note

Network providers have contracted with Aetna, an affiliate or third party vendor to provide health care services and supplies to Aetna plan members. Network providers are generally identified in the printed directory and the on-line version of the directory via DocFind at www.aetna.com unless otherwise noted in this section. Out-of-network providers are not listed in the Aetna directory.

The plan will pay for covered expenses up to the maximum benefits shown in this Booklet.
Coverage is subject to all the terms, policies and procedures outlined in this Booklet. Not all medical expenses are covered under the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. Refer to the What the Plan Covers, Exclusions, Limitations sections and Schedule of Benefits to determine if medical services are covered, excluded or limited.

This PPO plan provides access to covered benefits through a broad network of health care providers and facilities. This PPO plan is designed to lower your out-of-pocket costs when you use network providers for covered expenses. Your deductibles, copayments, and payment percentage will generally be lower when you use network providers and facilities.

You also have the choice to access licensed providers, hospitals and facilities outside the network for covered services and supplies. Your out-of-pocket costs will generally be higher when you use out-of-network providers because the deductibles, copayments, and payment percentage that you are required to pay are usually higher when you utilize out-of-network providers. Out-of-network providers have not agreed to accept the negotiated charge and may balance bill you for charges over the amount Aetna pays under the plan.

Some services and supplies may only be covered through network providers. Refer to the Covered Benefit sections and your Schedule of Benefits to determine if any services are limited to network coverage only.

Your out-of-pocket costs may vary between network and out-of-network benefits. Read your Schedule of Benefits carefully to understand the cost sharing charges applicable to you.

**Availability of Providers**

Aetna cannot guarantee the availability or continued participation of a particular provider. Either Aetna or any network provider may terminate the provider contract or limit the number of patients accepted in a practice. If the physician initially selected cannot accept additional patients, you will be notified and given an opportunity to make another selection.

**Ongoing Reviews**

Aetna conducts ongoing reviews of those services and supplies which are recommended or provided by health professionals to determine whether such services and supplies are covered expenses under this Booklet. If Aetna determines that the recommended services or supplies are not covered expenses, you will be notified. You may appeal such determinations by contacting Aetna to seek a review of the determination. Please refer to the Reporting of Claims and the Claims and Appeals sections of this Booklet.

To better understand the choices that you have with your PPO plan, please carefully review the following information.
How Your PPO Plan Works

Accessing Network Providers and Benefits

- You may select any network provider from the Aetna provider directory or by logging on to Aetna’s website at www.aetna.com. You can search Aetna’s online directory, DocFind®, for names and locations of physicians, hospitals and other health care providers and facilities. You can change your health care provider at any time.
- If a service or supply you need is covered under the plan but not available from a network provider, please contact Member Services at the toll-free number on your ID card for assistance.
- Certain health care services such as hospitalization, outpatient surgery and certain other outpatient services, require precertification with Aetna to verify coverage for these services. You do not need to precertify services provided by a network provider. Network providers will be responsible for obtaining necessary precertification for you. Since precertification is the provider’s responsibility, there is no additional out-of-pocket cost to you as a result of a network provider’s failure to precertify services. Refer to the Understanding Precertification section for more information.
- You will not have to submit medical claims for treatment received from network providers. Your network provider will take care of claim submission. Aetna will directly pay the network provider less any cost sharing required by you. You will be responsible for deductibles, payment percentage, and copayment, if any.
- You will receive notification of what the plan has paid toward your covered expenses. It will indicate any amounts you owe toward any deductible, copayment, payment percentage, or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

Cost Sharing For Network Benefits

Important Note
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- Network providers have agreed to accept the negotiated charge. Aetna will reimburse you for a covered expense, incurred from a network provider, up to the negotiated charge and the maximum benefits under this Plan, less any cost sharing required by you such as deductibles, copayments and payment percentage. Your payment percentage is based on the negotiated charge. You will not have to pay any balance bills above the negotiated charge for that covered service or supply.
- You will need to satisfy any applicable deductibles before the plan will begin to pay benefits.
- Deductibles and payment percentages are usually lower when you use network providers than when you use out-of-network providers.
- The plan contains a deductible carryover feature. Refer to the Schedule of Benefits section for details.
- After you satisfy any applicable deductible, you will be responsible for your payment percentage for covered expenses that you incur. You will be responsible for your payment percentage up to the payment limit applicable to your plan.
- Once you satisfy any applicable payment limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the payment limit. Refer to your Schedule of Benefits section for information on what covered expenses do not apply to the payment limit and for the specific payment limit amounts that apply to your plan.
- The plan will pay for covered expenses, up to the maximums shown in the What the Plan Covers or Schedule of Benefits sections. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers or Schedule of Benefits sections.
- You may be billed for any deductible, copayments, or payment percentage amounts, or any non-covered expenses that you incur.
Accessing Out-of-Network Providers and Benefits

- You have the choice to directly access **out-of-network providers**. You will still be covered when you access **out-of-network provider** for **covered benefits**. When your medical service is provided by an **out-of-network provider**, the level of reimbursement from the plan for **covered expenses** will usually be lower. This means your out-of-pocket costs will generally be higher.

- Certain health care services such as **hospitalization, outpatient surgery** and certain other outpatient services, require **precertification** with Aetna to verify coverage for these services. When you receive services from an **out-of-network provider**, you are responsible for obtaining the necessary **precertification** from Aetna. Your **provider** may **precertify** your treatment for you. However you should verify with Aetna prior to the services, that the provider has obtained **precertification** from Aetna. If the service is not **precertified**, the benefit payable may be significantly reduced or may not be covered. This means you will be responsible for the unpaid balance of any bills. You must call the **precertification** toll-free number on your ID card to **precertify** services. Refer to the **Understanding Precertification** section for more information on the **precertification** process and what to do if your request for **precertification** is denied.

- When you use **out-of-network providers**, you may have to pay for services at the time they are rendered. You may be required to pay the charges and submit a claim form for reimbursement. You are responsible for completing and submitting claim forms for reimbursement of **covered expenses** you paid directly to an **out-of-network provider**.

- When you pay an **out-of-network provider** directly, you will be responsible for completing a claim form to receive reimbursement of **covered expenses** from Aetna. You must submit a completed claim form and proof of payment to Aetna. Refer to the **General Provisions** section of this Booklet for a complete description of how to file a claim under this plan.

- You will receive notification of what the plan has paid toward your medical expenses. It will indicate any amounts you owe towards your **deductible, payment percentage**, or other non-covered expenses you have incurred. You may elect to receive this notification by e-mail, or through the mail. Call or e-mail Member Services if you have questions regarding your statement.

**Important Note**

Failure to **precertify** services and supplies provided by an **out-of-network provider** may result in a reduction of benefits or no coverage for the services and supplies under this Booklet. Please refer to the **Understanding Precertification** section for information on how to request precertification and the **precertification** benefit reduction, if any.

Cost Sharing for Out-of-Network Benefits

**Important Note:**

You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the **Schedule of Benefits**.

- **Out-of-network providers** have not agreed to accept the **negotiated charge**. Aetna will reimburse you for a **covered expense**, incurred from an **out-of-network provider**, up to the **recognized charge** and the maximum benefits under this Plan, less any cost-sharing required by you such as **deductibles** and **payment percentage**.

  - The **recognized charge** is the maximum amount Aetna will pay for a **covered expense** from an **out-of-network provider**. Your **payment percentage** will be based on the **recognized charge**. If your **out-of-network provider** charges more than the **recognized charge**, you will be responsible for any expenses above the **recognized charge**. Except for emergency services, Aetna will only pay up to the **recognized charge**.

- You must satisfy any applicable **deductibles** before the plan begins to pay benefits.

- **Deductibles and payment percentage** are usually higher when you use **out-of-network providers** than when you use **network providers**.

- The plan contains a **deductible carryover** feature. Refer to the **Schedule of Benefits** section for details.
After you satisfy any applicable deductible, you will be responsible for any applicable payment percentage for covered expenses that you incur. You will be responsible for your payment percentage up to the payment limit applicable to your plan.

Once you satisfy any applicable payment limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the Calendar Year. Certain designated out-of-pocket expenses may not apply to the payment limit. Refer to the Schedule of Benefits section for information on what expenses do not apply and for the specific payment limit amounts that apply to your plan.

The plan will pay for covered expenses, up to the maximums shown in the What the Plan Covers or Schedule of Benefits section. You are responsible for any expenses incurred over the maximum limits outlined in the What the Plan Covers or the Schedule of Benefits sections.

You may be billed for any deductible or payment percentage amounts, or any non-covered expenses that you incur.

Understanding Precertification

Precertification
Certain services, such as inpatient stays, certain tests, procedures and outpatient surgery require precertification by Aetna. Precertification is a process that helps you and your physician determine whether the services being recommended are covered expenses under the plan. It also allows Aetna to help your provider coordinate your transition from an inpatient setting to an outpatient setting (called discharge planning), and to register you for specialized programs or case management when appropriate.

You do not need to precertify services provided by a network provider. Network providers will be responsible for obtaining necessary precertification for you. Since precertification is the provider’s responsibility, there is no additional out-of-pocket cost to you as a result of a network provider's failure to precertify services.

When you go to an out-of-network provider, it is your responsibility to obtain precertification from Aetna for any services or supplies on the precertification list below.

Important Note
Please read the following sections in their entirety for important information on the precertification process, and any impact it may have on your coverage.

The Precertification Process
Prior to being hospitalized or receiving certain other medical services or supplies there are certain precertification procedures that must be followed.

You or a member of your family, a hospital staff member, or the attending physician, must notify Aetna to precertify the admission or medical services and expenses prior to receiving any of the services or supplies that require precertification pursuant to this Booklet in accordance with the following timelines:

Precertification should be secured within the timeframes specified below. To obtain precertification, call Aetna at the telephone number listed on your ID card. This call must be made:

</table>
admission is a hospital admission by a physician due to the onset of or change in an illness; the diagnosis of an illness; or an injury.

For outpatient non-emergency medical services requiring precertification:

You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

Aetna will provide a written notification to you and your physician of the precertification decision. If your precertified expenses are approved the approval is good for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, Aetna will notify you, your physician and the facility about your precertified length of stay. If your physician recommends that your stay be extended, additional days will need to be certified. You, your physician, or the facility will need to call Aetna at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. Aetna will review and process the request for an extended stay. You and your physician will receive a notification of an approval or denial.

If precertification determines that the stay or services and supplies are not covered expenses, the notification will explain why and how Aetna’s decision can be appealed. You or your provider may request a review of the precertification decision pursuant to the Claims and Appeals section included with this Booklet.

Services and Supplies Which Require Precertification

Precertification is required for the following types of medical expenses:

Inpatient and Outpatient Care

- Stays in a hospital
- Stays in a skilled nursing facility
- Stays in a rehabilitation facility
- Stays in a hospice facility
- Outpatient hospice care
- Stays in a residential treatment facility for treatment of mental disorders, alcoholism or drug abuse treatment
- Home health care
- Private duty nursing care

Emergency and Urgent Care

You have coverage 24 hours a day, 7 days a week, anywhere inside or outside the plan’s service area, for:

- An emergency medical condition; or
- An urgent condition.

In Case of a Medical Emergency

When emergency care is necessary, please follow the guidelines below:

- Seek the nearest emergency room, or dial 911 or your local emergency response service for medical and ambulatory assistance. If possible, call your physician provided a delay would not be detrimental to your health.
- After assessing and stabilizing your condition, the emergency room should contact your physician to obtain your medical history to assist the emergency physician in your treatment.
- If you are admitted to an inpatient facility, notify your physician as soon as reasonably possible.
If you seek care in an emergency room for a non-emergency condition, your benefits will be reduced. Please refer to the Schedule of Benefits for specific details about the plan. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the plan.

Coverage for Emergency Medical Conditions
Refer to Coverage for Emergency Medical Conditions in the What the Plan Covers section.

Important Reminder
If you visit a hospital emergency room for a non-emergency condition, the plan will pay a reduced benefit, as shown in the Schedule of Benefits. No other plan benefits will pay for non-emergency care in the emergency room unless otherwise specified under the Plan.

In Case of an Urgent Condition
Call your physician if you think you need urgent care. Network providers are required to provide urgent care coverage 24 hours a day, including weekends and holidays. You may contact any physician or urgent care provider, in- or out-of-network, for an urgent care condition if you cannot reach your physician.

If it is not feasible to contact your network provider, please do so as soon as possible after urgent care is provided. If you need help finding a network urgent care provider you may call Member Services at the toll-free number on your I.D. card, or you may access Aetna’s online provider directory at www.aetna.com.

Coverage for an Urgent Condition
Refer to Coverage for Urgent Medical Conditions in the What the Plan Covers section.

Follow-Up Care After Treatment of an Emergency or Urgent Medical Condition
Follow-up care is not considered an emergency or urgent condition and is not covered as part of any emergency or urgent care visit. Once you have been treated and discharged, you should contact your physician for any necessary follow-up care.

For coverage purposes, follow-up care is treated as any other expense for illness or injury. If you access a hospital emergency room for follow-up care, your coverage will be reduced and you will be responsible for more of the cost of your treatment. Refer to your Schedule of Benefits for cost sharing information applicable to your plan.

To keep your out-of-pocket costs lower, your follow-up care should be provided by a network provider.

You may use an out-of-network provider for your follow-up care. You will be subject to the deductible and payment percentage that apply to out-of-network expenses, which may result in higher out-of-pocket costs to you.

Important Notice
Follow up care, which includes (but is not limited to) suture removal, cast removal and radiological tests such as x-rays, should not be provided by an emergency room facility.
Requirements For Coverage

To be covered by the plan, services and supplies and prescription drugs must meet all of the following requirements:

1. The service or supply or prescription drug must be covered by the plan. For a service or supply or prescription drug to be covered, it must:
   - Be included as a covered expense in this Booklet;
   - Not be an excluded expense under this Booklet. Refer to the Exclusions sections of this Booklet for a list of services and supplies that are excluded;
   - Not exceed the maximums and limitations outlined in this Booklet. Refer to the What the Plan Covers section and the Schedule of Benefits for information about certain expense limits; and
   - Be obtained in accordance with all the terms, policies and procedures outlined in this Booklet.

2. The service or supply or prescription drug must be provided while coverage is in effect. See the Who Can Be Covered, How and When to Enroll, When Your Coverage Begins, When Coverage Ends and Continuation of Coverage sections for details on when coverage begins and ends.

3. The service or supply or prescription drug must be medically necessary. To meet this requirement, the medical services, supply or prescription drug must be provided by a physician, or other health care provider, exercising prudent clinical judgment, to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms. The provision of the service or supply must be:
   - (a) In accordance with generally accepted standards of medical practice;
   - (b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient’s illness, injury or disease; and
   - (c) Not primarily for the convenience of the patient, physician or other health care provider;
   - (d) And not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury, or disease.

For these purposes “generally accepted standards of medical practice” means standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, or otherwise consistent with physician specialty society recommendations and the views of physicians practicing in relevant clinical areas and any other relevant factors.

Important Note

Not every service, supply or prescription drug that fits the definition for medical necessity is covered by the plan. Exclusions and limitations apply to certain medical services, supplies and expenses. For example some benefits are limited to a certain number of days, visits or a dollar maximum. Refer to the What the Plan Covers section and the Schedule of Benefits for the plan limits and maximums.
What The Plan Covers

PPO Medical Plan

Many preventive and routine medical expenses as well as expenses incurred for a serious illness or injury are covered. This section describes which expenses are covered expenses. Only expenses incurred for the services and supplies shown in this section are covered expenses. Limitations and exclusions apply.

Routine Cancer Screenings

Covered expenses include charges incurred for routine cancer screening as follows:

- 1 mammogram every Calendar Year

Family Planning Services - Female Contraceptives-Voluntary Female Sterilization

For females with reproductive capacity, covered expenses include those charges incurred for services and supplies that are provided to prevent pregnancy. All contraceptive methods, services and supplies covered under this Preventive Care benefit must be approved by the U.S. Food and Drug Administration (FDA).

The following contraceptive methods are covered expenses under this Preventive Care benefit:

Voluntary Sterilization

Covered expenses include charges billed separately by the provider for female voluntary sterilization procedures and related services and supplies including, but not limited to, tubal ligation and sterilization implants.

Covered expenses under this Preventive Care benefit would not include charges for a voluntary sterilization procedure to the extent that the procedure was not billed separately by the provider or because it was not the primary purpose of a confinement.

Contraceptives

Contraceptives can be paid either under your medical plan or pharmacy plan depending on the type of expense and how and where the expense is incurred. Benefits are paid under your medical plan for female contraceptive prescription drugs and devices (including any related services and supplies) when they are provided, administered, or removed, by a physician during an office visit.

Important Note:
For a list of the types of female contraceptives covered under this Plan, refer to the section What the Pharmacy Plan Covers and the Contraceptives benefit later in this Booklet.
Limitations:
Unless specified above, not covered under this Preventive Care benefit are charges for:
- Services which are covered to any extent under any other part of this Plan;
- Services and supplies incurred for an abortion;
- Services provided as a result of complications resulting from a voluntary sterilization procedure and related follow-up care;
- Services which are for the treatment of an identified illness or injury;
- Services that are not given by a physician or under his or her direction;
- Psychiatric, psychological, personality or emotional testing or exams;
- Any contraceptive methods that are only "reviewed" by the FDA and not "approved" by the FDA;
- Male contraceptive methods, sterilization procedures or devices;
- The reversal of voluntary sterilization procedures, including any related follow-up care.

Family Planning Services - Other
Covered expenses include charges for certain family planning services, even though not provided to treat an illness or injury.

- Voluntary sterilization for males
- Voluntary termination of pregnancy

Limitations:
Not covered are:
- Reversal of voluntary sterilization procedures, including related follow-up care;
- Charges for services which are covered to any extent under any other part of this Plan or any other group plans sponsored by your employer; and
- Charges incurred for family planning services while confined as an inpatient in a hospital or other facility for medical care.

Important Notes:
Refer to the Schedule of Benefits for details about cost sharing and benefit maximums that apply to Family Planning Services - Other. For more information, see the sections on Family Planning Services - Female Contraceptives, Pregnancy Expenses and Treatment of Infertility in this Booklet.

Hearing Exam
Covered expenses include charges for an audiometric hearing exam if the exam is performed by:

- A physician certified as an otolaryngologist or otologist; or
- An audiologist who:
  - Is legally qualified in audiology; or
  - Holds a certificate of Clinical Competence in Audiology from the American Speech and Hearing Association (in the absence of any applicable licensing requirements); and
  - Performs the exam at the written direction of a legally qualified otolaryngologist or otologist.

The plan will not cover expenses for charges for more than one hearing exam for any 12-month period.

All covered expenses for the hearing exam are subject to any applicable deductible, copay and payment percentage shown in your Schedule of Benefits.
Physician Services

Physician Visits
Covered medical expenses include charges made by a physician during a visit to treat an illness or injury. The visit may be at the physician’s office, in your home, in a hospital or other facility during your stay or in an outpatient facility. Covered expenses also include:

- Allergy testing, treatment and injections; and
- Charges made by the physician for supplies, radiological services, x-rays, and tests provided by the physician.

Surgery
Covered expenses include charges made by a physician for:

- Performing your surgical procedure;
- Pre-operative and post-operative visits; and
- Consultation with another physician to obtain a second opinion prior to the surgery.

Anesthetics
Covered expenses include charges for the administration of anesthetics and oxygen by a physician, other than the operating physician, or Certified Registered Nurse Anesthetist (C.R.N.A.) in connection with a covered procedure.

Important Reminder
Certain procedures need to be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

Alternatives to Physician Office Visits
Walk-In Clinic Visits
Covered expenses include charges made by walk-in clinics for:
Unscheduled, non-emergency illnesses and injuries.

Hospital Expenses

Covered medical expenses include services and supplies provided by a hospital during your stay.

Room and Board
Covered expenses include charges for room and board provided at a hospital during your stay. Private room charges that exceed the hospital’s semi-private room rate are not covered unless a private room is required because of a contagious illness or immune system problem.

Room and board charges also include:

- Services of the hospital’s nursing staff;
- Admission and other fees;
- General and special diets; and
- Sundries and supplies.
Other Hospital Services and Supplies

Covered expenses include charges made by a hospital for services and supplies furnished to you in connection with your stay.

Covered expenses include hospital charges for other services and supplies provided, such as:

- Ambulance services.
- Physicians and surgeons.
- Operating and recovery rooms.
- Intensive or special care facilities.
- Administration of blood and blood products.
- Radiation therapy.
- Speech therapy, physical therapy and occupational therapy.
- Oxygen and oxygen therapy.
- Radiological services, laboratory testing and diagnostic services.
- Medications.
- Intravenous (IV) preparations.
- Discharge planning.

Outpatient Hospital Expenses

Covered expenses include hospital charges made for covered services and supplies provided by the outpatient department of a hospital.

Important Reminders

The plan will only pay for nursing services provided by the hospital as part of its charge. The plan does not cover private duty nursing services as part of an inpatient hospital stay.

If a hospital or other health care facility does not itemize specific room and board charges and other charges, Aetna will assume that 40 percent of the total is for room and board charge, and 60 percent is for other charges.

Hospital admissions need to be precertified by Aetna. Refer to How the Plan Works for details about precertification.

In addition to charges made by the hospital, certain physicians and other providers may bill you separately during your stay.

Refer to the Schedule of Benefits for any applicable deductible, copay and payment percentage and maximum benefit limits.

Coverage for Emergency Medical Conditions

Covered expenses include charges made by a hospital or a physician for services provided in an emergency room to evaluate and treat an emergency medical condition.

The emergency care benefit covers:

- Use of emergency room facilities;
- Emergency room physicians services;
- Hospital nursing staff services; and
- Radiologists and pathologists services.

Please contact a network provider after receiving treatment for an emergency medical condition.
Important Reminder
With the exception of Urgent Care described below, if you visit a hospital emergency room for a non-emergency condition, the plan will pay a reduced benefit, as shown in the Schedule of Benefits. No other plan benefits will pay for non-emergency care in the emergency room.

Coverage for Urgent Conditions
Covered expenses include charges made by a hospital or urgent care provider to evaluate and treat an urgent condition.

Your coverage includes:

- Use of emergency room facilities when network urgent care facilities are not in the service area and you cannot reasonably wait to visit your physician;
- Use of urgent care facilities;
- Physicians services;
- Nursing staff services; and
- Radiologists and pathologists services.

Please contact a network provider after receiving treatment of an urgent condition.

Alternatives to Hospital Stays

Outpatient Surgery and Physician Surgical Services
Covered expenses include charges for services and supplies furnished in connection with outpatient surgery made by:

- A physician or dentist for professional services;
- A surgery center; or
- The outpatient department of a hospital.

The surgery must meet the following requirements:

- The surgery can be performed adequately and safely only in a surgery center or hospital and
- The surgery is not normally performed in a physician’s or dentist’s office.

Important Note
Benefits for surgery services performed in a physician’s or dentist’s office are described under Physician Services benefits in the previous section.

The following outpatient surgery expenses are covered:

- Services and supplies provided by the hospital, surgery center on the day of the procedure;
- The operating physician’s services for performing the procedure, related pre- and post-operative care, and administration of anesthesia; and
- Services of another physician for related post-operative care and administration of anesthesia. This does not include a local anesthetic.
Limitations
Not covered under this plan are charges made for:

- The services of a **physician** or other health care provider who renders technical assistance to the operating **physician**.
- A stay in a **hospital**.
- Facility charges for office based surgery.

**Birthing Center**
**Covered expenses** include charges made by a **birthing center** for services and supplies related to your care in a **birthing center** for:

- Prenatal care;
- Delivery; and
- Postpartum care within 48 hours after a vaginal delivery and 96 hours after a Cesarean delivery.

Limitations
Unless specified above, not covered under this benefit are charges:

- In connection with a pregnancy for which pregnancy related expenses are not included as a covered expense.

See *Pregnancy Related Expenses* for information about other **covered expenses** related to maternity care.

**Home Health Care**
**Covered expenses** include charges for home health care services when ordered by a **physician** as part of a home health plan and provided you are:

- Transitioning from a **hospital** or other inpatient facility, and the services are in lieu of a continued inpatient stay; or
- **Homebound**

**Covered expenses** include only the following:

- **Skilled nursing services** that require medical training of, and are provided by, a licensed nursing professional within the scope of his or her license. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits. Intermittent visits are considered periodic and recurring visits that skilled nurses make to ensure your proper care, which means they are not on site for more than four hours at a time. If you are discharged from a **hospital** or **skilled nursing facility** after an inpatient stay, the intermittent requirement may be waived to allow coverage for up to 12 hours (3 visits) of continuous **skilled nursing services**. However, these services must be provided for within 10 days of discharge.
- Home health aide services, when provided in conjunction with skilled nursing care, that directly support the care. These services need to be provided during intermittent visits of 4 hours or less, with a daily maximum of 3 visits.
- Medical social services, when provided in conjunction with skilled nursing care, by a qualified social worker.
- Skilled behavioral health care services provided in the home by a **behavioral health provider** when ordered by a **physician** and directly related to an active treatment plan of care established by the **physician**. All of the following must be met:
  - The skilled behavioral health care is appropriate for the active treatment of a condition, **illness** or disease to avoid placing you at risk for serious complications.
  - The services are in lieu of a continued confinement in a **hospital** or **residential treatment facility**, or receiving outpatient services outside of the home.
  - You are **homebound** because of **illness** or **injury**.
  - The services provided are not primarily for comfort, convenience or custodial in nature.
  - The services are intermittent or hourly in nature.
  - The services are not for Applied Behavior Analysis.

Benefits for home health care visits are payable up to the Home Health Care Maximum. Each visit by a nurse, **behavioral health provider** or therapist is 1 visit, however, private duty nursing provided by a **R.N.** or **L.P.N.**, if the person's condition requires **skilled nursing** care and visiting nursing care is not adequate, will not be applied toward the Home Health Care Maximum.

In figuring the Calendar Year Maximum Visits, each visit of a:

- Nurse or Therapist, up to 4 hours is 1 visit and
- **behavioral health provider**, of up to 1 hour, is 1 visit.

This maximum will not apply to care given by an **R.N.** or **L.P.N.**, when:

- Care is provided within 10 days of discharge from a **hospital** or **skilled nursing facility** as a full-time inpatient; and
- Care is needed to transition from the **hospital** or **skilled nursing facility** to home care.

When the above criteria are met, **covered expenses** include up to 12 hours of continuous care by an **R.N.** or **L.P.N.** per day.

Coverage for Home Health Care services is not determined by the availability of caregivers to perform them. The absence of a person to perform a non-skilled or **custodial care** service does not cause the service to become covered. If the covered person is a minor or an adult who is dependent upon others for non-skilled care (e.g. bathing, eating, toileting), coverage for home health services will only be provided during times when there is a family member or caregiver present in the home to meet the person's non-skilled needs.

**Note:** Home short-term physical, speech, or occupational therapy is covered when the above home health care criteria are met. Services are subject to the conditions and limitations listed in the Short Term Rehabilitation Therapies section of the **Schedule of Benefits**.

**Limitations**

Unless specified above, not covered under this benefit are charges for:

- Services or supplies that are not a part of the **Home Health Care Plan**.
- Services of a person who usually lives with you, or who is a member of your or your spouse's or your domestic partner's family.
- Services of a certified or licensed social worker.
- Services for physical, occupational and speech therapy. Refer to Short Term Rehabilitation Therapies section for coverage information.
- Services for Infusion Therapy.
- Transportation.
- Services or supplies provided to a minor or dependent adult when a family member or caregiver is not present.
- Services that are custodial care.

**Important Reminders**
The plan does *not* cover custodial care, even if care is provided by a nursing professional, and family member or other caretakers cannot provide the necessary care.

Refer to the *Schedule of Benefits* for details about any applicable home health care visit maximums.

**Skilled Nursing Care**
**Covered expenses** include charges by an R.N., L.P.N., or nursing agency for outpatient skilled nursing care.

This is care by a visiting R.N. or L.P.N. to perform specific skilled nursing tasks.

**Covered expenses** also include private duty nursing provided by a R.N. or L.P.N. if the person's condition requires skilled nursing care and visiting nursing care is not adequate. However, **covered expenses** will not include private duty nursing for any shifts during a Calendar Year in excess of the Private Duty Nursing Care Maximum Shifts. Each period of private duty nursing of up to 8 hours will be deemed to be one private duty nursing shift.

**Limitations**
Unless specified above, not covered under this benefit are charges for:

- Nursing care that does not require the education, training and technical skills of a R.N. or L.P.N.
- Nursing care assistance for daily life activities, such as:
  - Transportation;
  - Meal preparation;
  - Vital sign charting;
  - Companionship activities;
  - Bathing;
  - Feeding;
  - Personal grooming;
  - Dressing;
  - Toileting; and
  - Getting in/out of bed or a chair.
- Nursing care provided for skilled observation.
- Nursing care provided while you are an inpatient in a hospital or health care facility.
- A service provided solely to administer oral medicine, except where law requires a R.N. or L.P.N. to administer medicines.
Skilled Nursing Facility
Covered expenses include charges made by a skilled nursing facility during your stay for the following services and supplies, up to the maximums shown in the Schedule of Benefits, including:

- **Room and board**, up to the semi-private room rate. The plan will cover up to the private room rate if it is needed due to an infectious illness or a weak or compromised immune system;
- Use of special treatment rooms;
- Radiological services and lab work;
- Physical, occupational, or speech therapy;
- Oxygen and other gas therapy;
- Other medical services and general nursing services usually given by a skilled nursing facility (this does not include charges made for private or special nursing, or physician’s services); and
- Medical supplies.

Important Reminder
Refer to the Schedule of Benefits for details about any applicable skilled nursing facility maximums.

Admissions to a skilled nursing facility must be precertified by Aetna. Refer to Using Your Medical Plan for details about precertification.

Limitations
Unless specified above, not covered under this benefit are charges for:

- Charges made for the treatment of:
  - Drug addiction;
  - Alcoholism;
  - Senility;
  - Mental retardation; or
  - Any other mental illness; and
- Daily room and board charges over the semi private rate.

Hospice Care
Covered expenses include charges made by the following furnished to you for hospice care when given as part of a hospice care program.

Facility Expenses
The charges made by a hospital, hospice or skilled nursing facility for:

- **Room and Board** and other services and supplies furnished during a stay for pain control and other acute and chronic symptom management; and
- Services and supplies furnished to you on an outpatient basis.

Outpatient Hospice Expenses
Covered expenses include charges made on an outpatient basis by a Hospice Care Agency for:

- Part-time or intermittent nursing care by a R.N. or L.P.N. for up to eight hours a day;
- Part-time or intermittent home health aide services to care for you up to eight hours a day.
- Medical social services under the direction of a physician. These include but are not limited to:
  - Assessment of your social, emotional and medical needs, and your home and family situation;
  - Identification of available community resources; and
Assistant provided to you to obtain resources to meet your assessed needs.

- Physical and occupational therapy; and
- Consultation or case management services by a physician;
- Medical supplies;
- Prescription drugs;
- Dietary counseling; and
- Psychological counseling.

Charges made by the providers below if they are not an employee of a Hospice Care Agency; and such Agency retains responsibility for your care:

- A physician for a consultation or case management;
- A physical or occupational therapist;
- A home health care agency for:
  - Physical and occupational therapy;
  - Part time or intermittent home health aide services for your care up to eight hours a day;
  - Medical supplies;
  - Prescription drugs;
  - Psychological counseling; and
  - Dietary counseling.

Limitations
Unless specified above, not covered under this benefit are charges for:

- Daily room and board charges over the semi-private room rate.
- Funeral arrangements.
- Pastoral counseling.
- Financial or legal counseling. This includes estate planning and the drafting of a will.
- Homemaker or caretaker services. These are services which are not solely related to your care. These include, but are not limited to: sitter or companion services for either you or other family members; transportation; maintenance of the house.

Important Reminders
Refer to the Schedule of Benefits for details about any applicable hospice care maximums.

Inpatient hospice care and home health care must be precertified by Aetna. Refer to How the Plan Works for details about precertification.

Other Covered Health Care Expenses

Acupuncture
The plan covers charges made for acupuncture services provided by a physician, if the service is performed:

- As a form of anesthesia in connection with a covered surgical procedure.

Important Reminder
Refer to the Schedule of Benefits for details about any applicable acupuncture benefit maximum.
Ambulance Service
Covered expenses include charges made by a professional ambulance, as follows:

Ground Ambulance
Covered expenses include charges for transportation:

- To the first hospital where treatment is given in a medical emergency.
- From one hospital to another hospital in a medical emergency when the first hospital does not have the required services or facilities to treat your condition.
- From hospital to home or to another facility when other means of transportation would be considered unsafe due to your medical condition.
- From home to hospital for covered inpatient or outpatient treatment when other means of transportation would be considered unsafe due to your medical condition. Transport is limited to 100 miles.
- When during a covered inpatient stay at a hospital, skilled nursing facility or acute rehabilitation hospital, an ambulance is required to safely and adequately transport you to or from inpatient or outpatient medically necessary treatment.

Air or Water Ambulance
Covered expenses include charges for transportation to a hospital by air or water ambulance when:

- Ground ambulance transportation is not available; and
- Your condition is unstable, and requires medical supervision and rapid transport; and
- In a medical emergency, transportation from one hospital to another hospital, when the first hospital does not have the required services or facilities to treat your condition and you need to be transported to another hospital; and the two conditions above are met.

Limitations
Not covered under this benefit are charges incurred to transport you:

- If an ambulance service is not required by your physical condition; or
- If the type of ambulance service provided is not required for your physical condition; or
- By any form of transportation other than a professional ambulance service; or
- By fixed wing air ambulance from an out-of-network provider.

Diagnostic and Preoperative Testing

Diagnostic Complex Imaging Expenses
The plan covers charges made on an outpatient basis by a physician, hospital or a licensed imaging or radiological facility for complex imaging services to diagnose an illness or injury, including:

- C.A.T. scans;
- Magnetic Resonance Imaging (MRI);
- Nuclear medicine imaging including positron emission tomography (PET) Scans; and
- Any other outpatient diagnostic imaging service where the recognized charge exceeds $500.

Complex Imaging Expenses for preoperative testing will be payable under this benefit.

Limitations
The plan does not cover diagnostic complex imaging expenses under this part of the plan if such imaging expenses are covered under any other part of the plan.
Outpatient Diagnostic Lab Work and Radiological Services

Covered expenses include charges for radiological services (other than diagnostic complex imaging), lab services, and pathology and other tests provided to diagnose an illness or injury. You must have definite symptoms that start, maintain or change a plan of treatment prescribed by a physician. The charges must be made by a physician, hospital or licensed radiological facility or lab.

**Important Reminder**
Refer to the Schedule of Benefits for details about any deductible, payment percentage and maximum that may apply to outpatient diagnostic testing, and lab and radiological services.

Outpatient Preoperative Testing

Prior to a scheduled covered surgery, covered expenses include charges made for tests performed by a hospital, surgery center, physician or licensed diagnostic laboratory provided the charges for the surgery are covered expenses and the tests are:

- Related to your surgery, and the surgery takes place in a hospital or surgery center;
- Completed within 14 days before your surgery;
- Performed on an outpatient basis;
- Covered if you were an inpatient in a hospital;
- Not repeated in or by the hospital or surgery center where the surgery will be performed.
- Test results should appear in your medical record kept by the hospital or surgery center where the surgery is performed.

**Limitations**
The plan does not cover diagnostic complex imaging expenses under this part of the plan if such imaging expenses are covered under any other part of the plan.

- If your tests indicate that surgery should not be performed because of your physical condition, the plan will pay for the tests, however surgery will not be covered.

**Important Reminder**
Complex Imaging testing for preoperative testing is covered under the complex imaging section. Separate cost sharing may apply. Refer to your Schedule of Benefits for information on cost sharing amounts for complex imaging.

Durable Medical and Surgical Equipment (DME)

Covered expenses include charges by a DME supplier for the rental of equipment or, in lieu of rental:

The initial purchase of DME if:

- Long term care is planned; and
- The equipment cannot be rented or is likely to cost less to purchase than to rent.

Repair of purchased equipment. Maintenance and repairs needed due to misuse or abuse are not covered.
Replacement of purchased equipment if:

- The replacement is needed because of a change in your physical condition; and
- It is likely to cost less to replace the item than to repair the existing item or rent a similar item.

The plan limits coverage to one item of equipment, for the same or similar purpose and the accessories needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment you purchase or rent for personal convenience or mobility.

Covered **Durable Medical Equipment** includes those items covered by Medicare unless excluded in the Exclusions section of this Booklet. Aetna reserves the right to limit the payment of charges up to the most cost efficient and least restrictive level of service or item which can be safely and effectively provided. The decision to rent or purchase is at the discretion of Aetna.

**Covered expenses** include charges for DME for which a claim has been submitted and paid while you are covered under the plan, which is delivered within 30 days after your coverage ends.

**Important Reminder**
Refer to the *Schedule of Benefits* for details about durable medical and surgical equipment deductible, payment percentage and benefit maximums. Also refer to *Exclusions* for information about Home and Mobility exclusions.

**Clinical Trials**

*Clinical Trial Therapies* (**Experimental or Investigational**)

**Covered expenses** include charges made for experimental or investigational drugs, devices, treatments or procedures “under an approved clinical trial” only when you have cancer or a terminal illness, and **all** of the following conditions are met:

- Standard therapies have not been effective or are inappropriate;
- **Aetna** determines, based on published, peer-reviewed scientific evidence that you may benefit from the treatment; and
- You are enrolled in an approved clinical trial that meets these criteria.

An “approved clinical trial” is a clinical trial that meets these criteria:

- The FDA has approved the drug, device, treatment, or procedure to be investigated or has granted it investigational new drug (IND) or group c/treatment IND status. This requirement does not apply to procedures and treatments that do not require FDA approval.
- The clinical trial has been approved by an Institutional Review Board that will oversee the investigation.
- The clinical trial is sponsored by the National Cancer Institute (NCI) or similar federal organization.
- The trial conforms to standards of the NCI or other, applicable federal organization.
- The clinical trial takes place at an NCI-designated cancer center or takes place at more than one institution.
- You are treated in accordance with the protocols of that study.

**Routine Patient Costs**

**Covered expenses** include charges made by a provider for “routine patient costs” furnished in connection with your participation in an “approved clinical trial” for cancer or other life-threatening disease or condition, as those terms are defined in the federal Public Health Service Act, Section 2709.
Limitations:
Not covered under this Plan are:

- Services and supplies related to data collection and record-keeping that is solely needed due to the clinical trial (i.e. protocol-induced costs);
- Services and supplies provided by the trial sponsor without charge to you; and
- The experimental intervention itself (except medically necessary Category B investigational devices and promising experimental or investigational interventions for terminal illnesses in certain clinical trials in accordance with Aetna’s claim policies).

Important Note:
1. Refer to the Schedule of Benefits for details about cost sharing and any benefit maximums that apply to the Clinical Trial benefit.
2. These Clinical Trial benefits are subject to all of the terms, conditions, provisions, limitations, and exclusions of this Plan including, but not limited to, any precertification and referral requirements.

Pregnancy Related Expenses

**Covered expenses** include charges made by a **physician** for pregnancy and childbirth services and supplies at the same level as any **illness** or **injury**. This includes prenatal visits, delivery and postnatal visits.

For inpatient care of the mother and newborn child, **covered expenses** include charges made by a **Hospital** for a minimum of:

- 48 hours after a vaginal delivery; and
- 96 hours after a cesarean section.
- A shorter stay, if the attending **physician**, with the consent of the mother, discharges the mother or newborn earlier.

**Covered expenses** also include charges made by a **birthing center** as described under Alternatives to Hospital Care.

**Covered expenses** also include charges for home births performed by a licensed midwife.

*Note: Covered expenses* also include services and supplies provided for circumcision of the newborn during the stay.

Prosthetic Devices

**Covered expenses** include charges made for internal and external prosthetic devices and special appliances, if the device or appliance improves or restores body part function that has been lost or damaged by **illness**, **injury** or congenital defect. **Covered expenses** also include instruction and incidental supplies needed to use a covered prosthetic device.

The plan covers the first prosthesis you need that temporarily or permanently replaces all or part of a body part lost or impaired as a result of disease or injury or congenital defects as described in the list of covered devices below for an

- Internal body part or organ; or
- External body part.
Covered expenses also include replacement of a prosthetic device if:

- The replacement is needed because of a change in your physical condition; or normal growth or wear and tear; or
- It is likely to cost less to buy a new one than to repair the existing one; or
- The existing one cannot be made serviceable.

The list of covered devices includes but is not limited to:

- An artificial arm, leg, hip, knee or eye;
- A vacuum assisted socket system in used in connection with a covered artificial limb;
- Eye lens;
- An external breast prosthesis and the first bra made solely for use with it after a mastectomy;
- A breast implant after a mastectomy;
- Ostomy supplies, urinary catheters and external urinary collection devices;
- Speech generating device;
- A cardiac pacemaker and pacemaker defibrillators; and
- A durable brace that is custom made for and fitted for you.

The plan will not cover expenses and charges for, or expenses related to:

- Orthopedic shoes, therapeutic shoes, or other devices to support the feet, unless the orthopedic shoe is an integral part of a covered leg brace; or
- Foot orthotics beyond the maximum shown in the Schedule of Benefits; or
- Trusses, corsets, and other support items; or
- any item listed in the Exclusions section.

Transgender Reassignment (Sex Change) Surgery

Covered expenses include charges in connection with a medically necessary Transgender Reassignment (sometimes called Sex Change) Surgery as per Aetna’s Clinical Policy Bulletin, which includes the medical necessity criteria.

Covered expenses include:

- Charges made by a physician for:
  - Performing the surgical procedure; and
  - Pre-operative and post-operative hospital and office visits.

- Charges made by a hospital for inpatient and outpatient services (including outpatient surgery). Room and board charges in excess of the hospital’s semi-private rate will not be covered unless a private room is ordered by your physician and precertification has been obtained.

- Charges made by a Skilled Nursing Facility for inpatient services and supplies. Room and board charges in excess of the semi-private rate will not be covered.

- Charges made for the administration of anesthetics.

- Charges for outpatient diagnostic laboratory and x-rays.

- Charges for blood transfusion and the cost of unreplaced blood and blood products. Also included are the charges for collecting, processing and storage of self-donated blood after the surgery has been scheduled.
Important Reminders
Certain services, such as inpatient stays, certain tests, procedures and outpatient surgery require precertification by Aetna. Please refer to the Understanding Precertification for important information on the precertification process, and any impact it may have on your coverage.

Refer to the Schedule of Benefits for details about deductibles, coinsurance or benefit maximums.

Limitations:
Rhinoplasty, liposuction of the waist (body contouring), and skin resurfacing, which have been used in feminization, are considered cosmetic. Similarly, chin implants, nose implants, and lip enhancement/reduction, which have been used to assist masculinization, are considered cosmetic.

Hearing Aids
Covered hearing care expenses include charges for electronic hearing aids (monaural and binaural), installed in accordance with a prescription written during a covered hearing exam.

Benefits are payable up to the hearing supply maximum listed in the Schedule of Benefits.

All covered expenses are subject to the hearing expense exclusions in this Booklet- and are subject to deductible(s), copayments or payment percentage listed in the Schedule of Benefits, if any.

Benefits After Termination of Coverage
Expenses incurred for hearing aids within 30 days of termination of the person’s coverage under this benefit section will be deemed to be covered hearing care expenses if during the 30 days before the date coverage ends:

- The prescription for the hearing aid was written; and
- The hearing aid was ordered.

Short-Term Rehabilitation Therapy Services

Covered expenses include charges for short-term therapy services when prescribed by a physician as described below up to the benefit maximums listed on your Schedule of Benefits. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist;
- A hospital, skilled nursing facility, or hospice facility; or
- A physician.

Charges for the following short term rehabilitation expenses are covered:

Cardiac Rehabilitation Benefits
Coverage is subject to the limits, if any, shown on the Schedule of Benefits. Inpatient rehabilitation benefits for the services listed will be paid as part of your Inpatient Hospital and Skilled Nursing Facility benefits provision in this Booklet.

- Cardiac rehabilitation benefits are available as part of an inpatient hospital stay. A limited course of outpatient cardiac rehabilitation is covered when following angioplasty, cardiovascular surgery, congestive heart failure or myocardial infarction. The plan will cover charges in accordance with a treatment plan as determined by your risk level when recommended by a physician. This course of treatment is limited to a maximum of 36 sessions in a 12 week period.
Pulmonary Rehabilitation Benefits

- Pulmonary rehabilitation benefits are available as part of an inpatient hospital stay. A limited course of outpatient pulmonary rehabilitation is covered for the treatment of reversible pulmonary disease states. This course of treatment is limited to a maximum of 36 hours or a six week period.

Outpatient Cognitive Therapy, Physical Therapy, Massage Therapy, Occupational Therapy and Speech Therapy Rehabilitation Benefits.

Coverage is subject to the limits, if any, shown on the Schedule of Benefits. Inpatient rehabilitation benefits for the services listed will be paid as part of your Inpatient Hospital and Skilled Nursing Facility benefits provision in this Booklet.

- Physical therapy is covered for non-chronic conditions and acute illnesses and injuries, provided the therapy expects to significantly improve, develop or restore physical functions lost or impaired as a result of an acute illness, injury or surgical procedure. Physical therapy does not include educational training or services designed to develop physical function.
- Massage therapy is covered for non-chronic conditions and acute illnesses and injuries, provided the therapy is medically necessary and is expected to significantly improve, develop or restore physical functions lost or impaired as a result of an acute illness, injury or surgical procedure. Services are subject to review for medical necessity and medical records may be requested at any time.
- Occupational therapy (except for vocational rehabilitation or employment counseling) is covered for non-chronic conditions and acute illnesses and injuries, provided the therapy expects to significantly improve, develop or restore physical functions lost or impaired as a result of an acute illness, injury or surgical procedure, or to relearn skills to significantly improve independence in the activities of daily living. Occupational therapy does not include educational training or services designed to develop physical function.
- Speech therapy is covered for non-chronic conditions and acute illnesses and injuries provided the therapy is expected to restore the speech function or correct a speech impairment resulting from illness or injury; or for delays in speech function development as a result of a gross anatomical defect present at birth. Speech function is the ability to express thoughts, speak words and form sentences. Speech impairment is difficulty with expressing one’s thoughts with spoken words.
- Cognitive therapy associated with physical rehabilitation is covered when the cognitive deficits have been acquired as a result of neurologic impairment due to trauma, stroke, or encephalopathy, and when the therapy is part of a treatment plan intended to restore previous cognitive function.

A “visit” consists of no more than one hour of therapy. Refer to the Schedule of Benefits for the visit maximum that applies to the plan. Covered expenses include charges for two therapy visits of no more than one hour in a 24-hour period.

The therapy should follow a specific treatment plan that:

- Details the treatment, and specifies frequency and duration; and
- Provides for ongoing reviews and is renewed only if continued therapy is appropriate.

Important Reminder

Refer to the Schedule of Benefits for details about the short-term rehabilitation therapy maximum benefit.
Unless specifically covered above, **not** covered under this benefit are charges for:

- Therapies for the treatment of delays in development, unless resulting from acute **illness** or **injury**, or congenital defects amenable to surgical repair (such as cleft lip/palate). Examples of non-covered diagnoses include Pervasive Developmental Disorders (including Autism), Down's syndrome, and Cerebral Palsy, as they are considered both developmental and/or chronic in nature.
- Any services which are **covered expenses** in whole or in part under any other group plan sponsored by an employer;
- Any services unless provided in accordance with a specific treatment plan;
- Services for the treatment of delays in speech development, unless resulting from **illness**, **injury**, or congenital defect;
- Services provided during a **stay** in a **hospital**, **skilled nursing facility**, or **hospice facility** except as stated above;
- Services provided by a **home health care agency**;
- Services not performed by a **physician** or under the direct supervision of a **physician**;
- Treatment covered as part of the Spinal Manipulation Treatment. This applies whether or not benefits have been paid under that section;
- Services provided by a **physician** or physical, massage, occupational or speech therapist who resides in your home; or who is a member of your family, or a member of your spouse's family; or your domestic partner;
- Special education to instruct a person whose speech has been lost or impaired, to function without that ability. This includes lessons in sign language.

**Neurodevelopmental Therapy**

**Covered expenses** include charges for neurodevelopmental therapy even though they may not be incurred in connection with a **disease**. Covered treatment includes speech therapy, physical therapy or occupational therapy given to restore or improve a speech or body function; or to develop a speech or body function delayed by an **illness** or a congenital abnormality; or to maintain a speech or body function if, without therapy, an **illness** or congenital abnormality would cause significant deterioration in the child's condition.

Benefits for rehabilitation therapy may not be duplicated for the same conditions and services.

**Autism Spectrum Disorder**

**Covered expenses** include charges made by a **physician** or **behavioral health provider** for the services and supplies for the diagnosis and treatment (including routine behavioral health services such as office visits or therapy and Applied Behavior Analysis) of Autism Spectrum Disorder when ordered by a **physician**, licensed psychologist, or licensed clinical social worker, as part of a Treatment Plan; and the covered child is diagnosed with Autism Spectrum Disorder.

Applied Behavior Analysis is an educational service that is the process of applying interventions:

- That systematically change behavior; and
- That are responsible for the observable improvement in behavior.

Autism Spectrum Disorder is defined in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders of the American Psychiatric Association.

**Habilitative Services**

Habilitative services are covered for the treatment of pervasive developmental delays.

Habilitative services include occupational therapy, physical therapy and speech therapy.

**Covered expenses** for habilitative services are covered as shown in the Schedule of Benefits.
Reconstructive or Cosmetic Surgery and Supplies

Covered expenses include charges made by a physician, hospital, or surgery center for reconstructive services and supplies, including:

- Surgery needed to improve a significant functional impairment of a body part.
- Surgery to correct the result of an accidental injury, including subsequent related or staged surgery, provided that the surgery occurs no more than 24 months after the original injury. For a covered child, the time period for coverage may be extended through age 18.
- Surgery to correct the result of an injury that occurred during a covered surgical procedure provided that the reconstructive surgery occurs no more than 24 months after the original injury.

Note: Injuries that occur as a result of a medical (i.e., non surgical) treatment are not considered accidental injuries, even if unplanned or unexpected.
- Surgery to correct a gross anatomical defect present at birth or appearing after birth (but not the result of an illness or injury) when
  - the defect results in severe facial disfigurement, or
  - the defect results in significant functional impairment and the surgery is needed to improve function

Reconstructive Breast Surgery

Covered expenses include reconstruction of the breast on which a mastectomy was performed, including an implant and areolar reconstruction. Also included is surgery on a healthy breast to make it symmetrical with the reconstructed breast and physical therapy to treat complications of mastectomy, including lymphedema.

Important Notice
A benefit maximum may apply to reconstructive or cosmetic surgery services. Please refer to the Schedule of Benefits.

Specialized Care

Chemotherapy

Covered expenses include charges for chemotherapy treatment. Coverage levels depend on where treatment is received. In most cases, chemotherapy is covered as outpatient care. Inpatient hospitalization for chemotherapy is limited to the initial dose while hospitalized for the diagnosis of cancer and when a hospital stay is otherwise medically necessary based on your health status.

Radiation Therapy Benefits

Covered expenses include charges for the treatment of illness by x-ray, gamma ray, accelerated particles, mesons, neutrons, radium or radioactive isotopes.

Outpatient Infusion Therapy Benefits

Covered expenses include infusion therapy received from an outpatient setting including but not limited to:

- A free-standing outpatient facility;
- The outpatient department of a hospital; or
- A physician in his/her office or in your home.

The list of preferred infusion locations can be found by contacting Member Services by logging onto your Aetna Navigator® secure member website at www.aetna.com or calling the number on the back of your ID card.
Certain infused medications may be covered under the prescription drug plan. You can access the list of specialty care prescription drugs by contacting Member Services or by logging onto your Aetna Navigator® secure member website at www.aetna.com or calling the number on the back of your ID card to determine if coverage is under the prescription drug plan or this booklet.

Infusion therapy is the intravenous or continuous administration of medications or solutions that are a part of your course of treatment. Charges for the following outpatient Infusion Therapy services and supplies are covered expenses:

- The pharmaceutical when administered in connection with infusion therapy and any medical supplies, equipment and nursing services required to support the infusion therapy;
- Professional services;
- Total parenteral nutrition (TPN);
- Chemotherapy;
- Drug therapy (includes antibiotic and antivirals);
- Pain management (narcotics); and
- Hydration therapy (includes fluids, electrolytes and other additives).

Not included under this infusion therapy benefit are charges incurred for:

- Enteral nutrition;
- Blood transfusions and blood products;
- Dialysis; and
- Insulin.

Coverage is subject to the maximums, if any, shown in the Schedule of Benefits.

Coverage for inpatient infusion therapy is provided under the Inpatient Hospital and Skilled Nursing Facility Benefits sections of this Booklet.

Benefits payable for infusion therapy will not count toward any applicable Home Health Care maximums.

Important Reminder
Refer to the Schedule of Benefits for details about any applicable deductible, coinsurance and maximum benefit limits.

Specialty Care Prescription Drugs
Covered expenses include specialty care prescription drugs when they are:

- Purchased by your provider, and
- Injected or infused by your provider in an outpatient setting such as:
  - A free-standing outpatient facility
  - The outpatient department of a hospital
  - A physician in his/her office
  - A home care provider in your home
- And, listed on our specialty care prescription drug list as covered under this booklet.

Certain infused medications may be covered under the prescription drug plan. You can access the list of specialty care prescription drugs by contacting Member Services or by logging onto your Aetna Navigator® secure member website at www.aetna.com or calling the number on the back of your ID card to determine if coverage is under the prescription drug plan of this booklet.
Diabetic Equipment, Supplies and Education

Covered expenses include charges for the following services, supplies, equipment and training for the treatment of insulin and non-insulin dependent diabetes and for elevated blood glucose levels during pregnancy:

- External insulin pumps;
- Blood glucose monitors without special features unless required due to blindness;
- Alcohol swabs;
- Glucagon emergency kits;
- Self-management training provided by a licensed health care provider certified in diabetes self-management training; and
- Foot care to minimize the risk of infection.

Treatment of Infertility

Basic Infertility Expenses
Covered expenses include charges made by a physician to diagnose and to surgically treat the underlying medical cause of infertility.

Spinal Manipulation Treatment

Covered expenses include charges made by a physician on an outpatient basis for manipulative (adjustive) treatment or other physical treatment for conditions caused by (or related to) biomechanical or nerve conduction disorders of the spine.

Your benefits are subject to the maximum shown in the Schedule of Benefits. However, this maximum does not apply to expenses incurred:

- During your hospital stay; or
- For surgery. This includes pre- and post-surgical care provided or ordered by the operating physician.

Jaw Joint Disorder Treatment

The plan covers charges made by a physician, hospital or surgery center for the diagnosis and surgical treatment of jaw joint disorder. A jaw joint disorder is defined as a painful condition:

- Of the jaw joint itself, such as temporomandibular joint dysfunction (TMJ) syndrome; or
- Involving the relationship between the jaw joint and related muscles and nerves such as myofacial pain dysfunction (MPD).

Benefits are payable up to the jaw joint disorder lifetime maximum shown in the Schedule of Benefits.

Phenylketonuria Formula

Covered medical expenses include charges incurred by a covered person for the formulas medically necessary for the dietary treatment of Phenylketonuria (PKU).
Transplant Services

Covered expenses include charges incurred during a transplant occurrence. The following will be considered to be one transplant occurrence once it has been determined that you or one of your dependents may require an organ transplant. Organ means solid organ; stem cell; bone marrow; and tissue.

- Heart;
- Lung;
- Heart/Lung;
- Simultaneous Pancreas Kidney (SPK);
- Pancreas;
- Kidney;
- Liver;
- Intestine;
- Bone Marrow/Stem Cell;
- Multiple organs replaced during one transplant surgery;
- Tandem transplants (Stem Cell);
- Sequential transplants;
- Re-transplant of same organ type within 180 days of the first transplant;
- Any other single organ transplant, unless otherwise excluded under the plan.

The following will be considered to be more than one Transplant Occurrence:

- Autologous blood/bone marrow transplant followed by allogenic blood/bone marrow transplant (when not part of a tandem transplant);
- Allogenic blood/bone marrow transplant followed by an autologous blood/bone marrow transplant (when not part of a tandem transplant);
- Re-transplant after 180 days of the first transplant;
- Pancreas transplant following a kidney transplant;
- A transplant necessitated by an additional organ failure during the original transplant surgery/process;
- More than one transplant when not performed as part of a planned tandem or sequential transplant, (e.g., a liver transplant with subsequent heart transplant).

The network level of benefits is paid only for a treatment received at a facility designated by the plan as an Institute of Excellence™ (IOE) for the type of transplant being performed. Each IOE facility has been selected to perform only certain types of transplants.

Services obtained from a facility that is not designated as an IOE for the transplant being performed will be covered as out-of-network services and supplies, even if the facility is a network facility or IOE for other types of services.
The plan covers:

- Charges made by a physician or transplant team.
- Charges made by a hospital, outpatient facility or physician for the medical and surgical expenses of a live donor, but only to the extent not covered by another plan or program.
- Related supplies and services provided by the facility during the transplant process. These services and supplies may include: physical, speech and occupational therapy; bio-medicals and immunosuppressants; home health care expenses and home infusion services.
- Charges for activating the donor search process with national registries.
- Compatibility testing of prospective organ donors who are immediate family members. For the purpose of this coverage, an “immediate” family member is defined as a first-degree biological relative. These are your biological parents, siblings or children.
- Inpatient and outpatient expenses directly related to a transplant.

Covered transplant expenses are typically incurred during the four phases of transplant care described below. Expenses incurred for one transplant during these four phases of care will be considered one transplant occurrence.

A transplant occurrence is considered to begin at the point of evaluation for a transplant and end either 180 days from the date of the transplant; or upon the date you are discharged from the hospital or outpatient facility for the admission or visit(s) related to the transplant, whichever is later.

The four phases of one transplant occurrence and a summary of covered transplant expenses during each phase are:

1. Pre-transplant evaluation/screening: Includes all transplant-related professional and technical components required for assessment, evaluation and acceptance into a transplant facility’s transplant program;
2. Pre-transplant/candidacy screening: Includes HLA typing/compatibility testing of prospective organ donors who are immediate family members;
3. Transplant event: Includes inpatient and outpatient services for all covered transplant-related health services and supplies provided to you and a donor during the one or more surgical procedures or medical therapies for a transplant; prescription drugs provided during your inpatient stay or outpatient visit(s), including bio-medical and immunosuppressant drugs; physical, speech or occupational therapy provided during your inpatient stay or outpatient visit(s); cadaveric and live donor organ procurement; and
4. Follow-up care: Includes all covered transplant expenses; home health care services; home infusion services; and transplant-related outpatient services rendered within 180 days from the date of the transplant event.

If you are a participant in the Institute of Excellence™ (IOE) program, the program will coordinate all solid organ and bone marrow transplants and other specialized care you need. Any covered expenses you incur from an IOE facility will be considered network care expenses.

**Important Reminders**

To ensure coverage, all transplant procedures need to be precertified by Aetna. Refer to the How the Plan Works section for details about precertification.

Refer to the Schedule of Benefits for details about transplant expense maximums, if applicable.
Limitations
Unless specified above, not covered under this benefit are charges incurred for:

- Outpatient drugs including bio-medicals and immunosuppressants not expressly related to an outpatient transplant occurrence;
- Services that are covered under any other part of this plan;
- Services and supplies furnished to a donor when the recipient is not covered under this plan;
- Home infusion therapy after the transplant occurrence;
- Harvesting or storage of organs, without the expectation of immediate transplantation for an existing illness;
- Harvesting and/or storage of bone marrow, tissue or stem cells, without the expectation of transplantation within 12 months for an existing illness;
- Cornea (Corneal Graft with Amniotic Membrane) or Cartilage (autologous chondrocyte or autologous osteochondral mosaicplasty) transplants, unless otherwise authorized by Aetna.

Network of Transplant Specialist Facilities
Through the Institute of Excellence™ (IOE) network, you will have access to a provider network that specializes in transplants. Benefits may vary if an IOE facility or non-IOE or out-of-network provider is used. In addition, some expenses are payable only within the IOE network. The IOE facility must be specifically approved and designated by Aetna to perform the procedure you require. Each facility in the IOE network has been selected to perform only certain types of transplants, based on quality of care and successful clinical outcomes.

Obesity Treatment

Covered expenses include charges made by a physician, licensed or certified dietician, nutritionist or hospital for the non-surgical treatment of obesity for the following outpatient weight management services:

- An initial medical history and physical exam;
- Diagnostic tests given or ordered during the first exam; and
- Prescription drugs.

Morbid Obesity Surgical Expenses
Covered medical expenses include charges made by a hospital or a physician for the surgical treatment of morbid obesity of a covered person provided the expenses are incurred at an Institute of Quality® (IOQ) facility. If the expenses are not incurred at an IOQ facility, no payment will be made under the plan.

Coverage includes the following expenses as long as they are incurred within a two-year period:

- One morbid obesity surgical procedure including complications directly related to the surgery;
- Pre-surgical visits;
- Related outpatient services; and
- One follow-up visit.

This two-year period begins with the date of the first morbid obesity surgical procedure, unless a multi-stage procedure is planned.

Complications, other than those directly related to the surgery, will be covered under the related medical plan's covered medical expenses, subject to plan limitations and maximums.
Limitations
Unless specified above, not covered under this benefit are charges incurred for:

- **Morbid obesity** surgical benefits provided by out-of-network providers.
- Weight control services including surgical procedures, medical treatments, weight control/loss programs, dietary regimens and supplements, food or food supplements, appetite suppressants and other medications; exercise programs, exercise or other equipment; and other services and supplies that are primarily intended to control weight or treat obesity, including morbid obesity, or for the purpose of weight reduction, regardless of the existence of comorbid conditions; except as provided in the Booklet; and
- Services which are covered to any extent under any other part of this Plan.

Important Reminder
Refer to the Schedule of Benefits for information about any applicable benefit maximums that apply to morbid obesity treatment.

Treatment of Mental Disorders and Substance Abuse

Treatment of Mental Disorders
Covered expenses include charges made for the treatment of mental disorders by behavioral health providers.

Important Note
Not all types of services are covered. For example, educational services and certain types of therapies are not covered. See Medical Plan Exclusions for more information.

Benefits are payable for charges incurred in a hospital, psychiatric hospital, residential treatment facility or behavioral health provider’s office for the treatment of mental disorders as follows:

Inpatient Treatment
Covered expenses include charges for room and board at the semi-private room rate, and other services and supplies provided during your stay in a hospital, psychiatric hospital or residential treatment facility. Inpatient benefits are payable only if your condition requires services that are only available in an inpatient setting.

Important Reminder
Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

Partial Confinement Treatment
Covered expenses include charges made for partial confinement treatment provided in a facility or program for the intermediate short-term or medically-directed intensive treatment of a mental disorder. Such benefits are payable if your condition requires services that are only available in a partial confinement treatment setting.

Important Reminder
Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

Outpatient Treatment
Covered expenses include charges for treatment received while not confined as a full-time inpatient in a hospital, psychiatric hospital or residential treatment facility.

The plan covers partial hospitalization services (more than 4 hours, but less than 24 hours per day) provided in a facility or program for the intermediate short-term or medically-directed intensive treatment. The partial hospitalization will only be covered if you would need inpatient care if you were not admitted to this type of facility.
Outpatient mental health treatment also includes:
- Electro-convulsive therapy (ECT); and
- Substance use disorder injectables.

**Important Reminder**
- Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.
- Please refer to the Schedule of Benefits for any copayments/deductibles, maximums, payment limits or maximum out of pocket limits that may apply to your mental disorders benefits.

**Treatment of Substance Abuse**
Covered expenses include charges made for the treatment of substance abuse by behavioral health providers.

**Important Note**
Not all types of services are covered. For example, educational services and certain types of therapies are not covered. See Medical Plan Exclusions for more information.

**Substance Abuse**
Please refer to the Schedule of Benefits for any substance abuse deductibles, maximums and payment limits or maximum out of pocket limits that may apply to your substance abuse benefits.

**Inpatient Treatment**
This Plan covers room and board at the semi-private room rate and other services and supplies provided during your stay in a psychiatric hospital or residential treatment facility, appropriately licensed by the state Department of Health or its equivalent.

Coverage includes:
- Treatment in a hospital for the medical complications of substance abuse.
- “Medical complications” include detoxification, electrolyte imbalances, malnutrition, cirrhosis of the liver, delirium tremens and hepatitis.
- Treatment in a hospital is covered only when the hospital does not have a separate treatment facility section.

**Important Reminder**
Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

**Outpatient Treatment**
Outpatient treatment includes charges for treatment received for substance abuse while not confined as a full-time inpatient in a hospital, psychiatric hospital or residential treatment facility.

This Plan covers partial hospitalization services (more than 4 hours, but less than 24 hours per day) provided in a facility or program for the intermediate short-term or medically-directed intensive treatment of alcohol or drug abuse. The partial hospitalization will only be covered if you would need inpatient treatment if you were not admitted to this type of facility.

**Important Reminder**
Inpatient treatment, partial-hospitalization care and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

**Partial Confinement Treatment**
Covered expenses include charges made for partial confinement treatment provided in a facility or program for the intermediate short-term or medically-directed intensive treatment of substance abuse.
Such benefits are payable if your condition requires services that are only available in a partial confinement treatment setting.

Important Reminders:

- Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.
- Please refer to the Schedule of Benefits for any copayments/deductibles, maximums, payment limits or maximum out-of-pocket limits that may apply to your substance abuse benefits.

Oral and Maxillofacial Treatment (Mouth, Jaws and Teeth)

Covered expenses include charges made by a physician, a dentist and hospital for:

- Non-surgical treatment of infections or diseases of the mouth, jaw joints or supporting tissues.

Services and supplies for treatment of, or related conditions of, the teeth, mouth, jaws, jaw joints or supporting tissues, (this includes bones, muscles, and nerves), for surgery needed to:

- Treat a fracture, dislocation, or wound.
- Cut out cysts, tumors, or other diseased tissues.
- Cut into gums and tissues of the mouth. This is only covered when not done in connection with the removal, replacement or repair of teeth.
- Alter the jaw, jaw joints, or bite relationships by a cutting procedure when appliance therapy alone cannot result in functional improvement.
- Orthodontic treatment directly related to an orthognathic surgical procedure. Benefits are payable up to the Orthognathic surgery related Orthodontic treatment maximum shown in the Schedule of Benefits.

Hospital services and supplies received for a stay required because of your condition.

Dental work, surgery and orthodontic treatment needed to remove, repair, restore or reposition:

(a) Natural teeth damaged, lost, or removed; or
(b) Other body tissues of the mouth fractured or cut due to injury.

Any such teeth must have been free from decay or in good repair, and are firmly attached to the jaw bone at the time of the injury.

The treatment must be completed no later than 12 months following the accident.

If crowns, dentures, bridges, or in-mouth appliances are installed due to injury, covered expenses only include charges for:

- The first denture or fixed bridgework to replace lost teeth;
- The first crown needed to repair each damaged tooth; and
- An in-mouth appliance used in the first course of orthodontic treatment after the injury.
Medical Plan Exclusions

Not every medical service or supply is covered by the plan, even if prescribed, recommended, or approved by your physician or dentist. The plan covers only those services and supplies that are medically necessary and included in the What the Plan Covers section. Charges made for the following are not covered except to the extent listed under the What the Plan Covers section or by amendment attached to this Booklet.

Important Note:
You have medical and prescription drug coverage. The exclusions listed below apply to all coverage under your plan. Additional exclusions apply to specific prescription drug coverage. Those additional exclusions are listed separately under the What the Plan Covers section for each of these benefits.

Acupuncture, acupressure and acupuncture therapy, except as provided in the What the Plan Covers section.

Allergy: Specific non-standard allergy services and supplies, including but not limited to, skin titration (Rinkel method), cytotoxicity testing (Bryan’s Test) treatment of non-specific candida sensitivity, and urine autoinjections.

Any charges in excess of the benefit, dollar, day, visit or supply limits stated in this Booklet.

Any non-emergency charges incurred outside of the United States if you traveled to such location to obtain medical services, prescription drugs, or supplies, even if otherwise covered under this Booklet. This also includes prescription drugs or supplies if:

- such prescription drugs or supplies are unavailable or illegal in the United States; or
- the purchase of such prescription drugs or supplies outside the United States is considered illegal.

Applied Behavioral Analysis, the LEAP, TEACCH, Denver and Rutgers programs.

Behavioral Health Services:

- Alcoholism or substance abuse rehabilitation treatment on an inpatient or outpatient basis, except to the extent coverage for detoxification or treatment of alcoholism or substance abuse is specifically provided in the What the Medical Plan Covers Section.
- Treatment of a covered health care provider who specializes in the mental health care field and who receives treatment as a part of their training in that field.

Work related: Any **illness** or **injury** related to employment or self-employment including any **illness** or **injury** that arises out of (or in the course of) any work for pay or profit, unless no other source of coverage or reimbursement is available to you for the services or supplies. Sources of coverage or reimbursement may include your employer, workers' compensation, or an occupational illness or similar program under local, state or federal law. A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. If you are also covered under a workers’ compensation law or similar law, and submit proof that you are not covered for a particular illness or **injury** under such law, that illness or **injury** will be considered “non-occupational” regardless of cause.
Your Pharmacy Benefit

How the Pharmacy Plan Works

It is important that you have the information and useful resources to help you get the most out of your prescription drug plan. This Booklet explains:

- Definitions you need to know;
- How to access network pharmacies and procedures you need to follow;
- What prescription drug expenses are covered and what limits may apply;
- What prescription drug expenses are not covered by the plan;
- How you share the cost of your covered prescription drug expenses; and
- Other important information such as eligibility, complaints and appeals, termination, and general administration of the plan.

A few important notes to consider before moving forward:

- Unless otherwise indicated, “you” refers to you and your covered dependents.
- Your prescription drug plan pays benefits only for prescription drug expenses described in this Booklet as covered expenses that are medically necessary.
- This Booklet applies to coverage only and does not restrict your ability to receive prescription drugs that are not or might not be covered benefits under this prescription drug plan.
- Store this Booklet in a safe place for future reference.

Notice

The plan does not cover all prescription drugs, medications and supplies. Refer to the Limitations section of this coverage and Exclusions section of your Booklet.

- Covered expenses are subject to cost sharing requirements as described in the Cost Sharing sections of this coverage and in your Schedule of Benefits.
- Prescription drugs will only be covered when obtained through a network pharmacy.

Getting Started: Common Terms

You will find the terms below used throughout this Booklet. They are described within the sections that follow, and you can also refer to the Glossary at the back of this document for helpful definitions. Words in bold print throughout the document are defined in the Glossary.

Brand-Named Prescription Drug is a prescription drug with a proprietary name assigned to it by the manufacturer and so indicated by Medispan or any other similar publication designated by Aetna.

Generic Prescription Drug is a prescription drug, whether identified by its chemical, proprietary, or non-proprietary name, that is accepted by the U.S. Food and Drug Administration as therapeutically equivalent and interchangeable with drugs having an identical amount of the same active ingredient and so indicated by Medispan or any other publication designated by Aetna.

Network pharmacy is a description of a retail, mail order or specialty pharmacy that has entered into a contractual agreement with Aetna, an affiliate, or a third party vendor, for the provision of covered services to you and your covered dependents. The appropriate pharmacy type may also be substituted for the word pharmacy. (E.g. network retail pharmacy, network mail order pharmacy or specialty pharmacy network).
Non-Preferred Drug (Non-Formulary) is a brand-named prescription drug or generic prescription drug that does not appear on the preferred drug guide.

Out-of-network pharmacy is a description of a pharmacy that has not contracted with Aetna, an affiliate, or a third party vendor and does not participate in the pharmacy network.

Preferred Drug (Formulary) is a brand-named prescription drug or generic prescription drug that appears on the preferred drug guide.

Preferred Drug Guide is a listing of prescription drugs established by Aetna or an affiliate, which includes both brand-named prescription drugs and generic prescription drugs. This list is subject to periodic review and modification by Aetna. A copy of the preferred drug guide will be available upon your request or may be accessed on the Aetna website at www.aetna.com/formulary.

Prescription Drug is a drug, biological, or compounded prescription which, by State or Federal Law, may be dispensed only by prescription and which is required by Federal Law to be labeled “Caution: Federal Law prohibits dispensing without prescription.” This includes an injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include insulin.

Provider is any recognized health care professional, pharmacy or facility providing services with the scope of their license.

Self-injectable Drug(s). Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat certain chronic medical conditions.

Accessing Pharmacies and Benefits

This plan provides access to covered benefits through a network of pharmacies, vendors or suppliers. Aetna has contracted for these network pharmacies to provide prescription drugs and other supplies to you.

Obtaining your benefits through network pharmacies has many advantages. Benefits and cost sharing may also vary by the type of network pharmacy where you obtain your prescription drug and whether or not you purchase a brand-name or generic drug. Network pharmacies include retail, mail order and specialty pharmacies.

The plan will only pay for outpatient prescription drugs that you obtain from a network pharmacy.

Accessing Network Pharmacies and Benefits

You may select a network pharmacy from Aetna’s on-line provider directory which can be found at www.aetna.com. You can search Aetna’s online directory, DocFind, for names and locations of network pharmacies. If you cannot locate a network pharmacy in your area, call Member Services at the number on your ID card.

You must present your ID card to the network pharmacy every time you get a prescription filled to be eligible for network pharmacy benefits. The network pharmacy will calculate your claim online. You will pay any deductible, copayment or coinsurance directly to the network pharmacy. You do not have to complete or submit claim forms. The network pharmacy will take care of claim submission.
Emergency Prescriptions
When you need a prescription filled in an emergency or urgent care situation, or when you are traveling, you can obtain network pharmacy benefits by filling your prescription at any network pharmacy. The network pharmacy will fill your prescription and only charge you your plan’s cost sharing amount.

Coverage for prescription drugs obtained from an out-of-network pharmacy is limited to those obtained in connection with emergency and out-of-area urgent care services.

Availability of Providers
Aetna cannot guarantee the availability or continued network participation of a particular pharmacy. Either Aetna or any network pharmacy may terminate the provider contract.

Cost Sharing for Network Benefits
You share in the cost of your benefits. Cost Sharing amounts and provisions are described in the Schedule of Benefits.

- You will be responsible for the copayment for each prescription or refill as specified in the Schedule of Benefits. The copayment is payable directly to the network pharmacy at the time the prescription is dispensed.

- After you pay the applicable copayment, you will be responsible for any applicable payment percentage for covered expenses that you incur. Your payment percentage is determined by applying the applicable payment percentage to the negotiated charge if the prescription is filled at a network pharmacy. When you obtain your prescription drugs through a network pharmacy, you will not be subject to balance billing.

- You will be responsible for your payment percentage up to the maximum out-of-pocket limit applicable to your plan.

- Once you satisfy the maximum out-of-pocket limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the calendar year.

Pharmacy Benefit
What the Plan Covers
The plan covers charges for medically necessary outpatient prescription drugs for the treatment of an illness or injury, subject to the Prescription Drug Limitations section below and the Exclusions section of the Booklet. Prescriptions must be written by a prescriber licensed to prescribe federal legend prescription drugs.

Your prescription drug benefit coverage is based on Aetna’s preferred drug guide. Your out-of-pocket expenses may be higher if your physician prescribes a covered prescription drug not appearing on the preferred drug guide.

Preferred generic prescription drugs may be substituted by your pharmacist for brand-name prescription drugs. You may minimize your out-of-pocket expenses by selecting a generic prescription drug when available.

Coverage of prescription drugs may, in Aetna’s sole discretion, be subject to Aetna requirements or limitations. Prescription drugs covered by this plan are subject to drug and narcotic utilization review by Aetna, your provider and/or your network pharmacy. This may include limiting access of prescription drugs prescribed by a specific provider. Such limitation may be enforced in the event that Aetna identifies an unusual pattern of claims for covered expenses.
Coverage for prescription drugs and supplies is limited to the supply limits as described below.

**Retail Pharmacy Benefits**
Outpatient prescription drugs are covered when dispensed by a network retail pharmacy. Each prescription is limited to a maximum 31 day supply when filled at a network retail pharmacy. Prescriptions for more than a 31 day supply are not eligible for coverage when dispensed by a network retail pharmacy.

**Mail Order Pharmacy Benefits**
Outpatient prescription drugs are covered when dispensed by a network mail order pharmacy. Each prescription is limited to a maximum 90 day supply. Prescriptions for less than a 31 day supply or more than a 90 day supply are not eligible for coverage when dispensed by a network mail order pharmacy.

**Specialty Pharmacy Care Drug Benefits**
Specialty care drugs are covered at the network level of benefits only when dispensed through a network retail pharmacy or Aetna’s specialty pharmacy network pharmacy. Specialty care drugs often include typically high-cost drugs that require special handling, special storage or monitoring and include but are not limited to oral, topical, inhaled and injected routes of administration. Refer to Aetna’s website, www.aetna.com to review the list of specialty care drugs required to be dispensed through a network pharmacy or specialty pharmacy network pharmacy. The list may be updated from time to time.

Each prescription for specialty care drugs is limited to a maximum 31 day supply when filled at Aetna’s specialty pharmacy network.

**Other Covered Expenses**
The following prescription drugs, medications and supplies are also covered expenses under this Coverage.

**Off-Label Use**
FDA approved prescription drugs may be covered when the off-label use of the drug has not been approved by the FDA for that indication. The drug must be recognized for treatment of the indication in one of the standard compendia (the United States Pharmacopoeia Drug Information, the American Medical Association Drug Evaluations, or the American Hospital Formulary Service Drug Information). Or, the safety and effectiveness of use for this indication has been adequately demonstrated by at least one study published in a nationally recognized peer review journal. Coverage of off label use of these drugs may, in Aetna’s sole discretion, be subject to Aetna requirements or limitations.

**Diabetic Supplies**
Covered expenses include but are not limited to the following diabetic supplies upon prescription by a physician:
- Diabetic needles and syringes.
- Test strips for glucose monitoring and/or visual reading.
- Diabetic test agents.
- Lancets/lancing devices.
- Alcohol swabs.

**Contraceptives.** Covered expenses include charges made by a pharmacy for oral contraceptives when used for birth control and includes coverage for nuvaring.

**Proton Pump Inhibitors and Non-Sedating Antihistamines**
Charges for prescription strength and Over-the-Counter equivalent versions of Proton Pump Inhibitors and Non-Sedating Antihistamines are covered expenses, subject to the maximum shown in the Schedule of Benefits. A prescription must be provided by a physician.
Over-the-counter drugs
Over-the-counter medications, as determined by the plan may be covered in an equivalent prescription dosage strength for the appropriate member responsibility. Coverage of the selected over-the-counter medications requires a prescription. You can access the list by logging onto www.aetna.com.

Pharmacy Benefit Limitations
A network pharmacy may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

Aetna will not reimburse you for out-of-pocket expenses for prescription drugs purchased from an out-of-network pharmacy for non-emergency prescriptions.

The plan will not cover expenses for any prescription drug for which the actual charge to you is less than the required copayment or deductible, or for any prescription drug for which no charge is made to you.

You will be charged the out-of-network prescription drug cost sharing for prescription drugs recently approved by the FDA, but which have not yet been reviewed by the Aetna Health Pharmacy Management Department and Therapeutics Committee.

Aetna retains the right to review all requests for reimbursement and in its sole discretion make reimbursement determinations subject to the Complaint and Appeals section(s) of the Booklet.

Aetna reserves the right to include only one manufacturer’s product on the preferred drug list when the same or similar drug (that, a drug with the same active ingredient), supply or equipment is made by two or more different manufacturers.

Aetna reserves the right to include only one dosage or form of a drug on the preferred drug list when the same drug (that is, a drug with the same active ingredient) is available in different dosages or forms from the same or different manufacturers. The product in the dosage or form that is listed on our preferred drug list will be covered at the applicable copayment or coinsurance.

The plan will not pay charges for any prescription drug dispensed by a mail order pharmacy for the treatment of erectile dysfunction, impotence or sexual dysfunction or inadequacy.

Some prescription drugs are subject to quantity limits. These quantity limits help your prescriber and pharmacist check that your prescription drug is used correctly and safely. Aetna relies on medical guidelines, FDA-approved recommendations from drug makers and other criteria developed by Aetna to set these quantity limits. The quantity limit may restrict either the amount dispensed per prescription order or refill.

Depending on the form and packing of the product, some prescription drugs are limited to a single commercially prepackaged item excluding insulin, diabetic supplies, test strips dispensed per prescription order or refill.

Depending on the form and packing of the product, some prescription drugs are limited to 100 units excluding insulin dispensed per prescription order or refill.

Any prescription drug that has duration of action extending beyond one (1) month shall require the number of copayments per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) copayments.

Specialty care prescription drugs may have limited access or distribution and are subject to supply limits.

Plan approved blood glucose meters, asthma holding chambers and peak flow meters are eligible health services, but are limited to one (1) prescription order per contract year.
Pharmacy Benefit Exclusions

Not every health care service or supply is covered by the plan. Even if prescribed, recommended, or approved by your physician or dentist it may not be covered. The plan covers only those services and supplies that are medically necessary and included in the What the Plan Covers section. Charges made for the following are not covered except to the extent listed under the What the Plan Covers section or by amendment attached to this Booklet. In addition, some services are specifically limited or excluded. This section describes expenses that are not covered or subject to special limitations.

These prescription drug exclusions are in addition to the exclusions listed under your medical coverage.

The plan does not cover the following expenses:

Abortion drugs.

Administration or injection of any drug.

Any charges in excess of the benefit, dollar, day, or supply limits stated in this Booklet.

Allergy sera and extracts.

Any non-emergency charges incurred outside of the United States if you traveled to such location to obtain prescription drugs, or supplies, even if otherwise covered under this Booklet. This also includes prescription drugs or supplies if:

- Such drugs or supplies are unavailable or illegal in the United States, or
- The purchase of such prescription drugs or supplies outside the United States is considered illegal.

Any drugs or medications, services and supplies that are not medically necessary, as determined by Aetna, for the diagnosis, care or treatment of the illness or injury involved. This applies even if they are prescribed, recommended or approved by your physician or dentist.

Biological sera, blood, blood plasma, blood products or substitutes or any other blood products.

Contraception:

- over the counter contraceptive supplies including but not limited to:
  - condoms;
  - contraceptive foams;
  - jellies; and
  - ointments;
- any drug, or supply, other than birth control pills, to prevent or terminate pregnancy, including: patches and implantable contraceptive drugs;
- contraceptive devices such as: inter-uterine devices (IUDs) and diaphragms, including initial fitting and insertion; and
- Services associated with the prescribing, monitoring and/or administration of contraceptives.
Cosmetic drugs, medications or preparations used for cosmetic purposes or to promote hair growth or removal, including but not limited to:

- health and beauty aids;
- chemical peels;
- dermabrasion;

Compounded prescriptions.

Devices and appliances that do not have the National Drug Code (NDC).

Dietary supplements including medical foods.

Drugs given or entirely consumed at the time and place it is prescribed or dispensed.

Drugs for which the cost is recoverable under any federal, state, or government agency or any medication for which there is no charge made to the recipient.

Drugs which do not, by federal or state law, require a prescription order (i.e. over-the-counter (OTC) drugs), even if a prescription is written (except as specifically covered in the What the Pharmacy Plan Covers section).

Drugs provided by, or while the person is an inpatient in, any healthcare facility; or for any drugs provided on an outpatient basis in any such institution to the extent benefits are payable for it.

Drugs that include vitamins and minerals, both over-the-counter (OTC) and legend, except legend pre-natal vitamins for pregnant or nursing females, liquid or chewable legend pediatric vitamins for children under age 13, and potassium supplements to prevent/treat low potassium and legend vitamins that are medically necessary for the treatment of renal disease, hyperparathyroidism or other covered conditions with prior approval from us unless recommended by the United States Preventive Services Task Force (USPSTF).

Drugs used for methadone maintenance medications used for drug detoxification.

Drugs used for the purpose of weight gain or reduction, including but not limited to:

- stimulants;
- preparations;
- foods or diet supplements;
- dietary regimens and supplements;
- food or food supplements;
- appetite suppressants; and
- other medications.

Drugs used for the treatment of obesity.

Drugs used for the treatment of sexual dysfunction/enhancement.

All drugs or growth hormones used to stimulate growth and treat idiopathic short stature unless there is evidence that the member meets one or more clinical criteria detailed in our precertification and clinical policies.
Drugs or medications that include the same active ingredient or a modified version of an active ingredient.

Drug or medication that is therapeutically equivalent or therapeutically alternative to a covered prescription drug.

Drug or medication that is therapeutically equivalent or therapeutically alternative to an over-the-counter (OTC) product.

Duplicative drug therapy (e.g. two antihistamine drugs).

Durable medical equipment, monitors and other equipment.

Experimental or investigational drugs or devices, except as described in the What the Plan Covers section.

This exclusion will not apply with respect to drugs that:

- Have been granted treatment investigational new drug (IND); or Group c/treatment IND status; or
- Are being studied at the Phase III level in a national clinical trial sponsored by the National Cancer Institute; and
- Aetna determines, based on available scientific evidence, are effective or show promise of being effective for the illness.

Food items: Any food item, including:
- infant formulas;
- nutritional supplements;
- vitamins;
- medical foods and other nutritional items, even if it is the sole source of nutrition.

Genetics: Any treatment, device, drug, or supply to alter the body’s genes, genetic make-up, or the expression of the body’s genes except for the correction of congenital birth defects.

Immunization or immunological agents.

Implantable drugs and associated devices.

Injectables:

- Any charges for the administration or injection of prescription drugs or injectable insulin and other injectable drugs covered by the Plan;
- Injectable drugs dispensed by out-of-network pharmacies;
- Needles and syringes, except for diabetic needles and syringes;
- Injectable drugs if an alternative oral drug is available;
- For any drug, which due to its characteristics as determined by us must typically be administered or supervised by a qualified provider or licensed certified health professional in an outpatient setting. This exception does not apply to Depo Provera and other injectable drugs used for contraception.

Insulin pumps or tubing or other ancillary equipment and supplies for insulin pumps.

Prescription drugs dispensed by an out-of-network pharmacy, except in a medical emergency or urgent care situation.

Prescription drugs for which there is an over-the-counter (OTC) product which has the same active ingredient and strength even if a prescription is written, except as otherwise provided under the What the Plan Covers section.

Prescription drugs, medications, injectables or supplies provided through a third party vendor contract with the contractholder.
Prescription drugs dispensed by a mail order pharmacy that include prescription drugs that cannot be shipped by mail due to state or federal laws or regulations, or when the plan considers shipment through the mail to be unsafe. Examples of these types of drugs include, but are not limited to, narcotics, amphetamines, DEA controlled substances and anticoagulants.

Prescription drugs that include an active metabolite, stereoisomer, prodrug (precursor) or altered formulation of another drug and is not clinically superior to that drug as determined by the plan.

Prescription drugs that are ordered by a dentist or prescribed by an oral surgeon in relation to the removal of teeth, or prescription drugs for the treatment of a dental condition.

Prescription drugs that are non-preferred drugs, unless non-preferred drugs are specifically covered as described in your schedule of benefits. However, a non-preferred drug will be covered if in the judgment of the prescriber there is no equivalent prescription drug on the preferred drug guide or the product on the preferred drug guide is ineffective in treating your disease or condition or has caused or is likely to cause an adverse reaction or harm you.

Prescription drugs that are being used or abused in a manner that is determined to be furthering an addiction to a habit-forming substance, the use of or intended use of which would be illegal, unethical, imprudent, abusive, not medically necessary, or otherwise improper; and drugs obtained for use by anyone other than the member identified on the ID card.

Prescription orders filled prior to the effective date or after the termination date of coverage under this Booklet.

Progesterone for the treatment of premenstrual syndrome (PMS) and compounded natural hormone therapy replacement.

Prophylactic drugs for travel.

Refills over the amount specified by the prescription order. Before recognizing charges, Aetna may require a new prescription or proof as to need, if a prescription or refill appears excessive under accepted medical practice standards.

Refills dispensed more than one year from the date the latest prescription order was written, or as otherwise allowed by applicable law of the jurisdiction in which the drug is dispensed.

Replacement of lost or stolen prescriptions.

Drugs, services and supplies given in connection with treatment of an occupational injury or occupational illness.

Strength and performance: Drugs or preparations, devices or supplies to enhance strength, physical condition, endurance or physical performance, including performance enhancing steroids.

Sex change: Any treatment, drug or supply related to changing sex or sexual characteristics, including hormones and hormone therapy.

Supplies, devices or equipment of any type, except as specifically provided in the What the Plan Covers section.

Test agents except diabetic test agents.
When Coverage Ends

Coverage under your plan can end for a variety of reasons. In this section, you will find details on how and why coverage ends, and how you may still be able to continue coverage.

When Coverage Ends for Employees

Your Aetna health benefits coverage will end if:

- The Aetna health benefits plan is discontinued;
- You voluntarily stop your coverage;
- You are no longer eligible for coverage;
- You do not make any required contributions;
- You become covered under another plan offered by your employer;
- You have exhausted your overall maximum lifetime benefit under your health plan, if your plan contains such a maximum benefit; or
- Your employer notifies Aetna that your employment is ended.

It is your employer’s responsibility to let Aetna know when your employment ends.

Your Proof of Prior Medical Coverage

Under the Health Insurance Portability and Accountability Act of 1996, your employer is required to give you a certificate of creditable coverage when your employment ends. This certificate proves that you were covered under this plan when you were employed. Ask your employer about the certificate of creditable coverage.

When Coverage Ends for Dependents

Coverage for your dependents will end if:

- You are no longer eligible for dependents’ coverage;
- You do not make your contribution for the cost of dependents’ coverage;
- Your own coverage ends for any of the reasons listed under When Coverage Ends for Employees. (This does not apply if you use up your overall lifetime maximum, if included);
- Your dependent is no longer eligible for coverage. Coverage ends at the end of the calendar month when your dependent does not meet the plan’s definition of a dependent; or
- As permitted under applicable federal and state law, your dependent becomes eligible for like benefits under this or any other group plan offered by your employer.

In addition, a "domestic partner" will no longer be considered to be a defined dependent on the earlier to occur of:

- The date this plan no longer allows coverage for domestic partners.
- The last calendar day of the month of termination of the domestic partnership. In that event, you should provide your Employer a completed and signed Affidavit of Termination of Domestic Partnership.

Coverage for dependents may continue for a period after your death. Coverage for handicapped dependents may continue after they reach any limiting age. See Continuation of Coverage for more information.
Continuation of Coverage

Continuing Health Care Benefits

Handicapped Dependent Children
Health Expense Coverage for your fully handicapped dependent child may be continued past the maximum age for a dependent child. However, such coverage may not be continued if the child has been issued an individual medical conversion policy.

Your child is fully handicapped if:

- he or she is not able to earn his or her own living because of mental retardation or a physical handicap which started prior to the date he or she reaches the maximum age for dependent children under your plan; and
- he or she depends chiefly on you for support and maintenance.

Proof that your child is fully handicapped must be submitted to Aetna no later than 30 days after the date your child reaches the maximum age under your plan.

Coverage will cease on the first to occur of:

- Cessation of the handicap.
- Failure to give proof that the handicap continues.
- Failure to have any required exam.
- Termination of Dependent Coverage as to your child for any reason other than reaching the maximum age under your plan.

Aetna will have the right to require proof of the continuation of the handicap. Aetna also has the right to examine your child as often as needed while the handicap continues at its own expense. An exam will not be required more often than once each year after 2 years from the date your child reached the maximum age under your plan.

Extension of Benefits

Coverage for Health Benefits
If your health benefits end while you hospitalized, your health expenses will be extended as described below. To find out why and when your coverage may end, please refer to When Coverage Ends.

Extended Health Coverage

Medical Benefits (other than Basic medical benefits): Coverage will be available while you are hospitalized for up to 12 months.

Prescription Drug Benefits: Coverage will be available while you are hospitalized for up to 12 months.

When Extended Health Coverage Ends
Extension of benefits will end on the first to occur of the date:

- You are discharged from the hospital, or become covered under any other group plan with like benefits.
- Your dependent is discharged from the hospital, or he or she becomes covered under any other group plan with like benefits.

(This does not apply if coverage ceased because the benefit section ceased for your eligible class.)
COBRA Continuation of Coverage

If your employer is subject to COBRA requirements, the health plan continuation is governed by the Federal Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) requirements. With COBRA you and your dependents can continue health coverage, subject to certain conditions and your payment of contributions. Continuation rights are available following a “qualifying event” that would cause you or family members to otherwise lose coverage. Qualifying events are listed in this section.

Continuing Coverage through COBRA
When you or your covered dependents become eligible, your employer will provide you with detailed information on continuing your health coverage through COBRA.

You or your dependents will need to:

- Complete and submit an application for continued health coverage, which is an election notice of your intent to continue coverage.
- Submit your application within 60 days of the qualifying event, or within 60 days of your employer’s notice of this COBRA continuation right, if later.
- Agree to pay the required contributions.

Who Qualifies for COBRA
You have 60 days from the qualifying event to elect COBRA. If you do not submit an application within 60 days, you will forfeit your COBRA continuation rights.

Below you will find the qualifying events and a summary of the maximum coverage periods according to COBRA requirements.

Disability May Increase Maximum Continuation to 29 Months
If You or Your Covered Dependents Are Disabled
If you or your covered dependent qualify for disability status under Title II or XVI of the Social Security Act during the 18 month continuation period, you or your covered dependent:

- Have the right to extend coverage beyond the initial 18 month maximum continuation period.
- Qualify for an additional 11 month period, subject to the overall COBRA conditions.
- Must notify your employer within 60 days of the disability determination status and before the 18 month continuation period ends.
- Must notify the employer within 30 days after the date of any final determination that you or a covered dependent is no longer disabled.
- Are responsible to pay the contributions after the 18th month, through the 29th month.

If There Are Multiple Qualifying Events
A covered dependent could qualify for an extension of the 18 or 29 month continuation period by meeting the requirements of another qualifying event, such as divorce or death. The total continuation period, however, can never exceed 36 months.

Determining Your Contributions For Continuation Coverage
Your contributions are regulated by law, based on the following:

- For the 18 or 36 month periods, contributions may never exceed 102 percent of the plan costs.
- During the 18 through 29 month period, contributions for coverage during an extended disability period may never exceed 150 percent of the plan costs.

When You Acquire a Dependent During a Continuation Period
If through birth, adoption or marriage, you acquire a new dependent during the continuation period, your dependent can be added to the health plan for the remainder of the continuation period if:

- He or she meets the definition of an eligible dependent,
- Your employer is notified about your dependent within 30 days of eligibility, and
- Additional contributions for continuation are paid on a timely basis.

Important Note
For more information about dependent eligibility, see the Eligibility, Enrollment and Effective Date section.

When Your COBRA Continuation Coverage Ends
Your COBRA coverage will end when the first of the following events occurs:

- You or your covered dependents reach the maximum COBRA continuation period – the end of the 18, 29 or 36 months. (Coverage for a newly acquired dependent who has been added for the balance of a continuation period would end at the same time your continuation period ends, if he or she is not disabled nor eligible for an extended maximum).
- You or your covered dependents do not pay required contributions.
- You or your covered dependents become covered under another group plan that does not restrict coverage for preexisting conditions. If your new plan limits preexisting condition coverage, the continuation coverage under this plan may remain in effect until the preexisting clause ceases to apply or the maximum continuation period is reached under this plan.
- The date your employer no longer offers a group health plan.
- The date you or a covered dependent becomes enrolled in benefits under Medicare. This does not apply if it is contrary to the Medicare Secondary Payer Rules or other federal law.
- You or your dependent dies.
Coordination of Benefits - What Happens When There is More Than One Health Plan

Other Plans Not Including Medicare

Some persons have health coverage in addition to coverage under this Plan. Under these circumstances, it is not intended that a plan provide duplicate benefits. For this reason, many plans, including this Plan, have a "coordination of benefits" provision.

Under the coordination of benefits provision of this Plan, the amount normally reimbursed under this Plan is reduced to take into account payments made by "other plans".

When this and another health expenses coverage plan applies, the order in which the various plans will pay benefits must be figured. This will be done as follows using the first rule that applies:

1. A plan with no rules for coordination with other benefits will be deemed to pay its benefits before a plan which contains such rules.
2. A plan which covers a person other than as a dependent will be deemed to pay its benefits before a plan which covers the person as a dependent; except that if the person is also a Medicare beneficiary and as a result of the Social Security Act of 1965, as amended, Medicare is:
   - secondary to the plan covering the person as a dependent; and
   - primary to the plan covering the person as other than a dependent;

The benefits of a plan which covers the person as a dependent will be determined before the benefits of a plan which:
   - covers the person as other than a dependent; and
   - is secondary to Medicare.
3. Except in the case of a dependent child whose parents are divorced or separated; the plan which covers the person as a dependent of a person whose birthday comes first in a calendar year will be primary to the plan which covers the person as a dependent of a person whose birthday comes later in that calendar year. If both parents have the same birthday, the benefits of a plan which covered one parent longer are determined before those of a plan which covered the other parent for a shorter period of time.

If the other plan does not have the rule described in this provision (3) but instead has a rule based on the gender of the parent and if, as a result, the plans do not agree on the order of benefits, the rule in the other plan will determine the order of benefits.

4. In the case of a dependent child whose parents are divorced or separated:
   a. If there is a court decree which states that the parents shall share joint custody of a dependent child, without stating that one of the parents is responsible for the health care expenses of the child, the order of benefit determination rules specified in (3) above will apply.
   b. If there is a court decree which makes one parent financially responsible for the medical, dental or other health care expenses of such child, the benefits of a plan which covers the child as a dependent of such parent will be determined before the benefits of any other plan which covers the child as a dependent child.
c. If there is not such a court decree:

- If the parent with custody of the child has not remarried, the benefits of a plan which covers the child as a dependent of the parent with custody of the child will be determined before the benefits of a plan which covers the child as a dependent of the parent without custody.
- If the parent with custody of the child has remarried, the benefits of a plan which covers the child as a dependent of the parent with custody shall be determined before the benefits of a plan which covers that child as a dependent of the stepparent. The benefits of a plan which covers that child as a dependent of the stepparent will be determined before the benefits of a plan which covers that child as a dependent of the parent without custody.

5. If 1, 2, 3 and 4 above do not establish an order of payment, the plan under which the person has been covered for the longest will be deemed to pay its benefits first; except that:

The benefits of a plan which covers the person on whose expenses claim is based as a:
- laid-off or retired employee; or
- the dependent of such person.

Shall be determined after the benefits of any other plan which covers such person as:
- an employee who is not laid-off or retired; or
- dependent of such person.

If the other plan does not have a provision:
- regarding laid-off or retired employees; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The benefits of a plan which covers the person on whose expenses claim is based under a right of continuation pursuant to federal or state law shall be determined after the benefits of any other plan which covers the person other than under such right of continuation.

If the other plan does not have a provision:
- regarding right of continuation pursuant to federal or state law; and
- as a result, each plan determines its benefits after the other;

then the above paragraph will not apply.

The general rule is that the benefits otherwise payable under this Plan for all expenses processed during a single "processed claim transaction" will be reduced by the total benefits payable under all "other plans" for the same expenses. An exception to this rule is that when the coordination of benefits rules of this Plan and any "other plan" both agree that this Plan is primary, the benefits of the other plan will be ignored in applying this rule. As used in this paragraph, a "processed claim transaction" is a group of actual or prospective charges submitted to Aetna for consideration, that have been grouped together for administrative purposes as a "claim transaction" in accordance with Aetna's then current rules. If the contract includes both medical and dental coverage, those coverages will be considered separate plans. The Medical/Pharmacy coverage will be coordinated with other Medical/Pharmacy plans. In turn, the dental coverage will be coordinated with other dental plans.

In order to administer this provision, Aetna can release or obtain data. Aetna can also make or recover payments.
Other Plan
This means any other plan of health expense coverage under:

- Group insurance.
- Any other type of coverage for persons in a group. This includes plans that are insured and those that are not.
- No-fault auto insurance required by law and provided on other than a group basis. Only the level of benefits required by the law will be counted.

Multiple Coverage Under This Plan

If a person is covered under This Plan both as an employee and a dependent or as a dependent of 2 employees, the following will also apply:

- The person's coverage in each capacity under this Plan will be set up as a separate "Plan".
- The order in which various plans will pay benefits will apply to the "Plans" set up above and to all other plans.
- This provision will not apply to provide total benefits which exceed 100% of the covered expense.
When You Have Medicare Coverage

Effect of Medicare

Health Expense Coverage will not be changed at any time when your Employer's compliance with federal law requires this Plan's benefits for a person to be figured before benefits are figured under Medicare. As long as you are actively working for an employer, the employer's plan will often continue to be the primary coverage, even if you don't enroll for Medicare.

The following are two examples where Medicare becomes primary to your employer's plan if you are eligible for Medicare:

- For End Stage Renal Disease (ESRD) patients after the Medicare coordination period is completed; and
- For Domestic Partners who are covered dependents and are eligible for Medicare due to age.

Health Expense Coverage under this Plan will be changed for any person while eligible for Medicare.

A person is "eligible for Medicare" if he or she:

- Is covered under it;
- Is not covered under it because of:
  - Having refused it;
  - Having dropped it;
  - Having failed to make proper request for it.

These are the changes:

- The total amount of "regular benefits" under all Health Expense Benefits will be figured. (This will be the amount that would be payable if there were no Medicare benefits.) If this is more than the amount Medicare provides for the expenses involved, this Plan will pay the difference. Otherwise, this Plan will pay no benefits. This will be done for each claim.
- Charges used to satisfy a person's Part B deductible under Medicare will be applied under this Plan in the order received by Aetna. Two or more charges received at the same time will be applied starting with the largest first.
- Medicare benefits will be taken into account for any person while he or she is eligible for Medicare. This will be done whether or not he or she is entitled to Medicare benefits.
- Any rule for coordinating "other plan" benefits with those under this Plan will be applied after this Plan's benefits have been figured under the above rules. Any benefits under Medicare will not be deemed to be an "Allowable Expense."
General Provisions

Type of Coverage

Coverage under the plan is non-occupational. Only non-occupational accidental injuries and non-occupational illnesses are covered. The plan covers charges made for services and supplies only while the person is covered under the plan.

Physical Examinations

Aetna will have the right and opportunity to examine and evaluate any person who is the basis of any claim at all reasonable times while a claim is pending or under review. This will be done at no cost to you.

Legal Action

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Additional Provisions

The following additional provisions apply to your coverage:

- This Booklet applies to coverage only, and does not restrict your ability to receive health care services that are not, or might not be, covered.
- You cannot receive multiple coverage under the plan because you are connected with more than one employer.
- In the event of a misstatement of any fact affecting your coverage under the plan, the true facts will be used to determine the coverage in force.
- This document describes the main features of the plan. If you have any questions about the terms of the plan or about the proper payment of benefits, contact your employer or Aetna.
- Sutter Health and Affiliates, the dominant health system in much of northern California, uses its bargaining power to insist on unique requirements to participate in the Aetna network. Aetna’s contract with Sutter requires payment of claims that would otherwise be denied, such as those not medically necessary or experimental or investigational (but does not require payment for services the Plan expressly excludes from coverage, such as for cosmetic surgery). Aetna will charge the Plan for these claims in order to be able to continue providing Plan Participants with access to Sutter’s services on an in-network basis.
- The plan may be changed or discontinued with respect to your coverage.

Financial Sanctions Exclusions

If any benefit provided by this plan violates or will violate any economic or trade sanctions, the coverage is immediately considered invalid. For example, Aetna companies cannot make payments for health care or other claims or services if it violates a financial sanction regulation. This includes sanctions related to a blocked person or a country under sanction by the United States, unless permitted under a valid written Office of Foreign Assets Control (OFAC) license. For more information, visit http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx.

Assignments

Coverage and your rights under this plan may not be assigned. A direction to pay a provider is not an assignment of any right under this plan or of any legal or equitable right to institute any court proceeding.
Misstatements

Aetna’s failure to implement or insist upon compliance with any provision of this plan at any given time or times, shall not constitute a waiver of Aetna’s right to implement or insist upon compliance with that provision at any other time or times.

Fraudulent misstatements in connection with any claim or application for coverage may result in termination of all coverage under this plan.

Rescission of Coverage

Aetna may rescind your coverage if you, or the person seeking coverage on your behalf:

- Performs an act, practice or omission that constitutes fraud; or
- Makes an intentional misrepresentation of material fact.

You will be given 30 days advance written notice of any rescission of coverage.

As to medical and prescription drug coverage only, you have the right to an internal Appeal with Aetna and/or the right to a third party review conducted by an independent External Review Organization if your coverage under this Booklet is rescinded retroactive to its Effective Date.

Subrogation and Right of Recovery Provision

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan’s right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. "You" or "your" includes anyone on whose behalf the plan pays benefits. No adult covered person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the plan.

The plan’s right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an injury, illness or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers' compensation coverage, no-fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan’s subrogation and reimbursement interest are fully satisfied.

Subrogation

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the plan. The plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.
**Reimbursement**
If you receive any payment as a result of an **injury, illness** or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that **injury, illness** or condition, up to and including the full amount of your recovery.

**Constructive Trust**
By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an **injury, illness** or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan’s subrogation and reimbursement interest are fully satisfied.

**Lien Rights**
Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the **illness, injury** or condition upon any recovery whether by settlement, judgment, or otherwise, related to treatment for any **illness, injury** or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

**Assignment**
In order to secure the plan’s recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan’s subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

**First-Priority Claim**
By accepting benefits from the plan, you acknowledge that the plan’s recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

**Applicability to All Settlements and Judgments**
The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from **any and all settlements or judgments**, even those designated as pain and suffering, non-economic damages, and/or general damages only. The plan's claim will not be reduced due to your own negligence.
Cooperation
You agree to cooperate fully with the plan’s efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in person injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights, or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.

You shall do nothing to prejudice the plan’s subrogation or recovery interest or to prejudice the plan’s ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan’s subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/ her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act ("HIPAA"), 42 U.S.C. Section 1301 et seq, to share your personal health information in exercising its subrogation and reimbursement rights.

Interpretation
In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

Jurisdiction
By accepting benefits from the plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys’ fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

Workers’ Compensation
If benefits are paid under the Aetna medical benefits plan and Aetna determines you received Workers’ Compensation benefits for the same incident, Aetna has the right to recover as described under the Subrogation and Right of Reimbursement provision. Aetna, on behalf of the Plan, will exercise its right to recover against you.
The Recovery Rights will be applied even though:

- The Workers' Compensation benefits are in dispute or are made by means of settlement or compromise;
- No final determination is made that bodily injury or illness was sustained in the course of or resulted from your employment;
- The amount of Workers' Compensation due to medical or health care is not agreed upon or defined by you or the Workers' Compensation carrier; or
- The medical or health care benefits are specifically excluded from the Workers' Compensation settlement or compromise.

You hereby agree that, in consideration for the coverage provided by this Aetna medical benefits plan, you will notify Aetna of any Workers' Compensation claim you make, and that you agree to reimburse Aetna, on behalf of the Plan, as described above.

If benefits are paid under this Aetna medical benefits plan, and you or your covered dependent recover from a responsible party by settlement, judgment or otherwise, Aetna, on behalf of the Plan, has a right to recover from you or your covered dependent an amount equal to the amount the Plan paid.

**Recovery of Overpayments**

**Health Coverage**

If a benefit payment is made by the Plan, to or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right:

- To require the return of the overpayment; or
- To reduce by the amount of the overpayment, any future benefit payment made to or on behalf of that person or another person in his or her family.

Such right does not affect any other right of recovery the Plan may have with respect to such overpayment.

**Reporting of Claims**

A claim must be submitted to Aetna in writing. It must give proof of the nature and extent of the loss. Your employer has claim forms.

All claims should be reported promptly. The deadline for filing a claim is 90 days after the date of the loss.

If, through no fault of your own, you are not able to meet the deadline for filing claim, your claim will still be accepted if you file as soon as possible. Unless you are legally incapacitated, late claims for health benefits will not be covered if they are filed more than 15 months after the date of the loss.

A complete description of the claim determination, complaint and appeal process is included in the Claims and Appeals section of this Booklet.

**Payment of Benefits**

Benefits will be paid as soon as the necessary proof to support the claim is received. Written proof must be provided for all benefits.

All covered health benefits are payable to you. However, Aetna has the right to pay any health benefits to the service provider. This will be done unless you have told Aetna otherwise by the time you file the claim.
The Plan may pay up to $1,000 of any other benefit to any of your relatives whom it believes fairly entitled to it. This can be done if the benefit is payable to you and you are a minor or not able to give a valid release.

When a physician provides care for you or a covered dependent, or care is provided by a network provider on referral by your physician (network services or supplies), the network provider will take care of filing claims. However, when you seek care on your own (out-of-network services and supplies), you are responsible for filing your own claims.

Records of Expenses

Keep complete records of the expenses of each person. They will be required when a claim is made.

Very important are:

- Names of physicians, dentists and others who furnish services.
- Dates expenses are incurred.
- Copies of all bills and receipts.

Contacting Aetna

If you have questions, comments or concerns about your benefits or coverage, or if you are required to submit information to Aetna, you may contact Aetna’s Home Office at:

Aetna Life Insurance Company
151 Farmington Avenue
Hartford, CT 06156

You may also use Aetna’s toll free Member Services phone number on your ID card or visit Aetna’s web site at www.aetna.com.

Effect of Benefits Under Other Plans

Effect of An Health Maintenance Organization Plan (HMO Plan) On Coverage

If you are in an eligible class and have chosen coverage under an HMO Plan offered by your employer, you will be excluded from medical expense coverage (except Vision Care), if any, on the date of your coverage under such HMO Plan.

If you are in an eligible class and are covered under an HMO Plan, you can choose to change to coverage for yourself and your covered dependents under this plan. If you:

- Live in an HMO Plan enrollment area and choose to change coverage during an open enrollment period, coverage will take effect on the group contract anniversary date after the open enrollment period. There will be no rules for waiting periods or preexisting conditions.
- Live in an HMO Plan enrollment area and choose to change coverage when there is not an open enrollment period, coverage will take effect only if and when Aetna gives its written consent.
- Move from an HMO Plan enrollment area or if the HMO discontinues and you choose to change coverage within 30 days of the move or the discontinuance, coverage will take effect on the date you elect such coverage. There will be no restrictions for waiting periods or preexisting conditions. If you choose to change coverage after 30 days, coverage will take effect only if and when Aetna gives its written consent.
Any extensions of benefits under this plan for disability or pregnancy will not always apply on and after the date of a change to an HMO Plan providing medical coverage. They will apply only if the person is not covered at once under the HMO Plan because he or she is in a hospital not affiliated with the HMO. If you give evidence that the HMO Plan provides an extension of benefits for disability or pregnancy, coverage under this plan will be extended. The extension will be for the same length of time and for the same conditions as the HMO Plan provides. It will not be longer than the first to occur of:

- The end of a 90 day period; and
- The date the person is not confined.

No benefits will be paid for any charges for services rendered or supplies furnished under an HMO Plan.

**Discount Programs**

**Discount Arrangements**

From time to time, we may offer, provide, or arrange for discount arrangements or special rates from certain service providers such as pharmacies, optometrists, dentists, alternative medicine, wellness and healthy living providers to you under this plan. Some of these arrangements may be made available through third parties who may make payments to Aetna in exchange for making these services available.

The third party service providers are independent contractors and are solely responsible to you for the provision of any such goods and/or services. We reserve the right to modify or discontinue such arrangements at any time. These discount arrangements are not insurance. There are no benefits payable to you nor do we compensate providers for services they may render through discount arrangements.

**Incentives**

In order to encourage you to access certain medical services when deemed appropriate by you in consultation with your physician or other service providers, we may, from time to time, offer to waive or reduce a member’s copayment, payment percentage, and/or a deductible otherwise required under the plan or offer coupons or other financial incentives. We have the right to determine the amount and duration of any waiver, reduction, coupon, or financial incentive and to limit the covered persons to whom these arrangements are available.

**Claims, Appeals and External Review**

**Filing Health Claims under the Plan**

Under the Plan, you may file claims for Plan benefits and appeal adverse claim determinations. Any reference to “you” in this Claims, Appeals and External Review section includes you and your Authorized Representative. An "Authorized Representative" is a person you authorize, in writing, to act on your behalf. The Plan will also recognize a court order giving a person authority to submit claims on your behalf. In the case of an urgent care claim, a health care professional with knowledge of your condition may always act as your Authorized Representative.

If your claim is denied in whole or in part, you will receive a written notice of the denial from Aetna Life Insurance Company (Aetna). The notice will explain the reason for the denial and the appeal procedures available under the Plan.

**Urgent Care Claims**

An “Urgent Care Claim” is any claim for medical care or treatment for which the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function, or, in the opinion of a physician with knowledge of your medical condition, would subject you to severe pain that cannot be adequately managed without the care or treatment that is the subject of the claim.
If the Plan requires advance approval of a service, supply or procedure before a benefit will be payable, and if Aetna or your physician determines that it is an Urgent Care Claim, you will be notified of the decision, whether adverse or not, as soon as possible but not later than 72 hours after the claim is received.

If there is not sufficient information to decide the claim, you will be notified of the information necessary to complete the claim as soon as possible, but not later than 24 hours after receipt of the claim. You will be given a reasonable additional amount of time, but not less than 48 hours, to provide the information, and you will be notified of the decision not later than 48 hours after the end of that additional time period (or after receipt of the information, if earlier).

Other Claims (Pre-Service and Post-Service)
If the Plan requires you to obtain advance approval of a non-urgent service, supply or procedure before a benefit will be payable, a request for advance approval is considered a pre-service claim. You will be notified of the decision not later than 15 days after receipt of the pre-service claim.

For other claims (post-service claims), you will be notified of the decision not later than 30 days after receipt of the claim.

For either a pre-service or a post-service claim, these time periods may be extended up to an additional 15 days due to circumstances outside Aetna’s control. In that case, you will be notified of the extension before the end of the initial 15 or 30-day period. For example, they may be extended because you have not submitted sufficient information, in which case you will be notified of the specific information necessary and given an additional period of at least 45 days after receiving the notice to furnish that information. You will be notified of Aetna’s claim decision no later than 15 days after the end of that additional period (or after receipt of the information, if earlier).

For pre-service claims which name a specific claimant, medical condition, and service or supply for which approval is requested, and which are submitted to an Aetna representative responsible for handling benefit matters, but which otherwise fail to follow the Plan’s procedures for filing pre-service claims, you will be notified of the failure within 5 days (within 24 hours in the case of an urgent care claim) and of the proper procedures to be followed. The notice may be oral unless you request written notification.

Ongoing Course of Treatment
If you have received pre-authorization for an ongoing course of treatment, you will be notified in advance if the previously authorized course of treatment is intended to be terminated or reduced so that you will have an opportunity to appeal any decision to Aetna and receive a decision on that appeal before the termination or reduction takes effect. If the course of treatment involves urgent care, and you request an extension of the course of treatment at least 24 hours before its expiration, you will be notified of the decision within 24 hours after receipt of the request.

Health Claims – Standard Appeals
As an individual enrolled in the Plan, you have the right to file an appeal from an Adverse Benefit Determination relating to service(s) you have received or could have received from your health care provider under the Plan.

An “Adverse Benefit Determination” is defined as a denial, reduction, termination of, or failure to, provide or make payment (in whole or in part) for a service, supply or benefit. Such Adverse Benefit Determination may be based on:

- Your eligibility for coverage, including a retrospective termination of coverage (whether or not there is an adverse effect on any particular benefit);
- Coverage determinations, including plan limitations or exclusions;
- The results of any Utilization Review activities;
- A decision that the service or supply is experimental or investigational; or
- A decision that the service or supply is not medically necessary.
A “Final Internal Adverse Benefit Determination” is defined as an Adverse Benefit Determination that has been upheld by the appropriate named fiduciary (Aetna) at the completion of the internal appeals process, or an Adverse Benefit Determination for which the internal appeals process has been exhausted.

**Exhaustion of Internal Appeals Process**

Generally, you are required to complete all appeal processes of the Plan before being able to obtain External Review or bring an action in litigation. However, if Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under applicable federal law, you are considered to have exhausted the Plan’s appeal requirements (“Deemed Exhaustion”) and may proceed with External Review or may pursue any available remedies under state law, as applicable.

There are limits, though, on what sends a claim or appeal straight to External Review. Your claim or internal appeal may not go straight to External Review if:

- A rule violation was minor and is not likely to influence a decision or harm you; and
- It was for a good cause or was beyond Aetna’s or the Plan’s or its designee’s control; and
- It was part of an ongoing good faith exchange between you and Aetna or the Plan.

This exception is not available if the rule violation is part of a pattern or practice of violations by Aetna or the Plan.

You may request a written explanation of the violation from the Plan or Aetna, and the Plan or Aetna must provide such explanation within 10 days, including a specific description of its bases, if any, for asserting that the violation should not cause the internal claims and appeals process to be deemed exhausted. If an External Reviewer or a court rejects your request for immediate review on the basis that the plan met the standards for the exception, you have the right to resubmit and pursue the internal appeal of the claim. In such a case, within a reasonable time after the External Reviewer or court rejects the claim for immediate review (not to exceed 10 days), you will receive notice of the opportunity to resubmit and pursue the internal appeal of the claim. Time periods for re-filing the claim shall begin to run upon your receipt of such notice.

**Full and Fair Review of Claim Determinations and Appeals**

Aetna will provide you, free of charge, with any new or additional evidence considered, relied upon, or generated by Aetna (or at the direction of Aetna), or any new or additional rationale as soon as possible and sufficiently in advance of the date on which the notice of Final Internal Adverse Benefit Determination is provided, to give you a reasonable opportunity to respond prior to that date.

You may file an appeal in writing to Aetna at the address provided in this booklet, or, if your appeal is of an urgent nature, you may call Aetna’s Member Services Unit at the toll-free phone number on your ID card. Your request should include the group name (that is, your employer), your name, member ID, or other identifying information shown on the front of the Explanation of Benefits form, and any other comments, documents, records and other information you would like to have considered, whether or not submitted in connection with the initial claim.

An Aetna representative may call you or your health care provider to obtain medical records and/or other pertinent information in order to respond to your appeal.

You will have 180 days following receipt of an Adverse Benefit Determination to appeal the determination to Aetna. You will be notified of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received. You may submit written comments, documents, records and other information relating to your claim, whether or not the comments, documents, records or other information were submitted in connection with the initial claim. A copy of the specific rule, guideline or protocol relied upon in the Adverse Benefit Determination will be provided free of charge upon request by you or your Authorized Representative. You may also request that Aetna provide you, free of charge, copies of all documents, records and other information relevant to the claim.
If your claim involves urgent care, an expedited appeal may be initiated by a telephone call to the phone number included in your denial, or to Aetna’s Member Services. Aetna’s Member Services telephone number is on your Identification Card. You or your Authorized Representative may appeal urgent care claim denials either orally or in writing. All necessary information, including the appeal decision, will be communicated between you or your Authorized Representative and Aetna by telephone, facsimile, or other similar method. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with the appeal decision on an urgent care claim, you may file a second level appeal with Aetna. You will be notified of the decision not later than 36 hours after the appeal is received.

If you are dissatisfied with a pre-service or post-service appeal decision, you may file a second level appeal with Aetna within 60 days of receipt of the level one appeal decision. Aetna will notify you of the decision not later than 15 days (for pre-service claims) or 30 days (for post-service claims) after the appeal is received.

**Health Claims – Voluntary Appeals**

**External Review**

“External Review” is a review of an eligible Adverse Benefit Determination or a Final Internal Adverse Benefit Determination by an Independent Review Organization/External Review Organization (ERO) or by the State Insurance Commissioner, if applicable.

A “Final External Review Decision” is a determination by an ERO at the conclusion of an External Review.

You must complete all of the levels of standard appeal described above before you can request External Review, other than in a case of Deemed Exhaustion. Subject to verification procedures that the Plan may establish, your Authorized Representative may act on your behalf in filing and pursuing this voluntary appeal.

You may file a voluntary appeal for External Review of any Adverse Benefit Determination or any Final Internal Adverse Benefit Determination that qualifies as set forth below.

The notice of Adverse Benefit Determination or Final Internal Adverse Benefit Determination that you receive from Aetna will describe the process to follow if you wish to pursue an External Review, and will include a copy of the Request for External Review Form.

You must submit the Request for External Review Form to Aetna within 123 calendar days of the date you received the Adverse Benefit Determination or Final Internal Adverse Benefit Determination notice. If the last filing date would fall on a Saturday, Sunday or Federal holiday, the last filing date is extended to the next day that is not a Saturday, Sunday or Federal holiday. You also must include a copy of the notice and all other pertinent information that supports your request.

If you file a voluntary appeal, any applicable statute of limitations will be tolled while the appeal is pending. The filing of a claim will have no effect on your rights to any other benefits under the Plan. However, the appeal is voluntary and you are not required to undertake it before pursuing legal action.

If you choose not to file for voluntary review, the Plan will not assert that you have failed to exhaust your administrative remedies because of that choice.
Request for External Review

The External Review process under this Plan gives you the opportunity to receive review of an Adverse Benefit Determination (including a Final Internal Adverse Benefit Determination) conducted pursuant to applicable law. Your request will be eligible for External Review if the claim decision involves medical judgment and the following are satisfied:

- Aetna, or the Plan or its designee, does not strictly adhere to all claim determination and appeal requirements under federal law (except for minor violations); or
- the standard levels of appeal have been exhausted; or
- the appeal relates to a rescission, defined as a cancellation or discontinuance of coverage which has retroactive effect.

An Adverse Benefit Determination based upon your eligibility is not eligible for External Review.

If upon the final standard level of appeal, the coverage denial is upheld and it is determined that you are eligible for External Review, you will be informed in writing of the steps necessary to request an External Review.

An independent review organization refers the case for review by a neutral, independent clinical reviewer with appropriate expertise in the area in question. The decision of the independent external expert reviewer is binding on you, Aetna and the Plan unless otherwise allowed by law.

Preliminary Review

Within 5 business days following the date of receipt of the request, Aetna must provide a preliminary review determining: you were covered under the Plan at the time the service was requested or provided, the determination does not relate to eligibility, you have exhausted the internal appeals process (unless Deemed Exhaustion applies), and you have provided all paperwork necessary to complete the External Review and you are eligible for external review.

Within one business day after completion of the preliminary review, Aetna must issue to you a notification in writing. If the request is complete but not eligible for External Review, such notification will include the reasons for its ineligibility and contact information for the Employee Benefits Security Administration (toll-free number 866-444-EBSA (3272)). If the request is not complete, such notification will describe the information or materials needed to make the request complete and Aetna must allow you to perfect the request for External Review within the 123 calendar days filing period or within the 48 hour period following the receipt of the notification, whichever is later.

Referral to ERO

Aetna will assign an ERO accredited as required under federal law, to conduct the External Review. The assigned ERO will timely notify you in writing of the request’s eligibility and acceptance for External Review, and will provide an opportunity for you to submit in writing within 10 business days following the date of receipt, additional information that the ERO must consider when conducting the External Review. Within one (1) business day after making the decision, the ERO must notify you, Aetna and the Plan.
The ERO will review all of the information and documents timely received. In reaching a decision, the assigned ERO will review the claim and not be bound by any decisions or conclusions reached during the Plan’s internal claims and appeals process. In addition to the documents and information provided, the assigned ERO, to the extent the information or documents are available and the ERO considers them appropriate, will consider the following in reaching a decision:

(i) Your medical records;
(ii) The attending health care professional's recommendation;
(iii) Reports from appropriate health care professionals and other documents submitted by the Plan or issuer, you, or your treating provider;
(iv) The terms of your Plan to ensure that the ERO's decision is not contrary to the terms of the Plan, unless the terms are inconsistent with applicable law;
(v) Appropriate practice guidelines, which must include applicable evidence-based standards and may include any other practice guidelines developed by the Federal government, national or professional medical societies, boards, and associations;
(vi) Any applicable clinical review criteria developed and used by Aetna, unless the criteria are inconsistent with the terms of the Plan or with applicable law; and
(vii) The opinion of the ERO's clinical reviewer or reviewers after considering the information described in this notice to the extent the information or documents are available and the clinical reviewer or reviewers consider appropriate.

The assigned ERO must provide written notice of the Final External Review Decision within 45 days after the ERO receives the request for the External Review. The ERO must deliver the notice of Final External Review Decision to you, Aetna and the Plan. After a Final External Review Decision, the ERO must maintain records of all claims and notices associated with the External Review process for six years. An ERO must make such records available for examination by the claimant, Plan, or State or Federal oversight agency upon request, except where such disclosure would violate State or Federal privacy laws.

Upon receipt of a notice of a Final External Review Decision reversing the Adverse Benefit Determination or Final Internal Adverse Benefit Determination, the Plan immediately must provide coverage or payment (including immediately authorizing or immediately paying benefits) for the claim.

**Expeditied External Review**
The Plan must allow you to request an expedited External Review at the time you receive:

(a) An Adverse Benefit Determination if the Adverse Benefit Determination involves a medical condition for which the timeframe for completion of an expedited internal appeal would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or
(b) A Final Internal Adverse Benefit Determination, if you have a medical condition where the timeframe for completion of a standard External Review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or if the Final Internal Adverse Benefit Determination concerns an admission, availability of care, continued stay, or health care item or service for which you received emergency services, but have not been discharged from a facility.

Immediately upon receipt of the request for expedited External Review, Aetna will determine whether the request meets the reviewability requirements set forth above for standard External Review. Aetna must immediately send you a notice of its eligibility determination.
Referral of Expedited Review to ERO
Upon a determination that a request is eligible for External Review following preliminary review, Aetna will assign an ERO. The ERO shall render a decision as expeditiously as your medical condition or circumstances require, but in no event more than 72 hours after the ERO receives the request for an expedited External Review. If the notice is not in writing, within 48 hours after the date of providing that notice, the assigned ERO must provide written confirmation of the decision to you, Aetna and the Plan.

Appeal to the Plan
If you choose to appeal to the Plan or its designee following an adverse determination by External Review where applicable or an adverse determination at the final level of standard appeals, you must do so in writing, and you should send the following information:

- The specific reason(s) for the appeal;
- Copies of all past correspondence with Aetna or the ERO (including any EOBs); and
- Any applicable information that you have not yet sent to Aetna and the ERO.

If you file a voluntary appeal, you will be deemed to authorize the Plan or its designee to obtain information from Aetna relevant to your claim.

Mail your written appeal directly to:
The City of Seattle
P.O. BOX 34028
Seattle, WA, 98124-4028

The Plan or its designee will review your appeal. The reviewer will evaluate your claim within 60 days after you file your appeal and make a decision. If the reviewer needs more time, the reviewer may take an additional 60-day period. The reviewer will notify you in advance of this extension. The reviewer will follow relevant internal rules maintained by Aetna to the extent they do not conflict with the Plan’s own internal guidelines.

The reviewer will notify you of the final decision on your appeal electronically or in writing. The written notice will give you the reason for the decision and what Plan provisions apply.

All decisions by the Plan or its designee with respect to your claim shall be final and binding.
Glossary

In this section, you will find definitions for the words and phrases that appear in bold type throughout the text of this Booklet.

A

Aetna
Aetna Life Insurance Company, an affiliate, or a third party vendor under contract with Aetna.

Aexcel Designated Network Specialists
Network providers who have met designation criteria for thresholds of performance and effectiveness, as established by Aetna. They will be shown in the provider directory and on DocFind® as Aexcel Designated Network Specialists for the specialty care involved for the class of employees of which you are a member.

Ambulance
A vehicle that is staffed with medical personnel and equipped to transport an ill or injured person.

Average Wholesale Price (AWP)
The current average wholesale price of a prescription drug listed in the Facts and Comparisons weekly price updates (or any other similar publication designated by Aetna) on the day that a pharmacy claim is submitted for adjudication.

E

Emergency Care

This means the treatment given in a hospital's emergency room to evaluate and treat an emergency medical condition.

Emergency Medical Condition

A recent and severe medical condition, including (but not limited to) severe pain, which would lead a prudent layperson possessing an average knowledge of medicine and health, to believe that his or her condition, illness, or injury is of such a nature that failure to get immediate medical care could result in:

- Placing your health in serious jeopardy; or
- Serious impairment to bodily function; or
- Serious dysfunction of a body part or organ; or
- In the case of a pregnant woman, serious jeopardy to the health of the fetus.

Experimental or Investigational

A drug, a device, a procedure, or treatment will be determined to be experimental or investigational if:

- There are insufficient outcomes data available from controlled clinical trials published in the peer-reviewed literature to substantiate its safety and effectiveness for the illness or injury involved; or
- Approval required by the FDA has not been granted for marketing; or
- A recognized national medical or dental society or regulatory agency has determined, in writing, that it is experimental or investigational, or for research purposes; or
- It is a type of drug, device or treatment that is the subject of a Phase I or Phase II clinical trial or the experimental or research arm of a Phase III clinical trial, using the definition of “phases” indicated in regulations and other official actions and publications of the FDA and Department of Health and Human Services; or
- The written protocol or protocols used by the treating facility, or the protocol or protocols of any other facility studying substantially the same drug, device, procedure, or treatment, or the written informed consent used by the treating facility or by another facility studying the same drug, device, procedure, or treatment states that it is experimental or investigational, or for research purposes.
**Generic Prescription Drug**

A prescription drug, that is identified by its:

- chemical;
- proprietary; or
- non-proprietary name; and
- is accepted by the U.S. Food and Drug Administration as therapeutically the same; and
- can be replaced with drugs with the same amount of active ingredient; and
- so stated by Medispan or any other publication named by Aetna or consort.

**Homebound**

This means that you are confined to your place of residence:

- Due to an illness or injury which makes leaving the home medically contraindicated; or
- Because the act of transport would be a serious risk to your life or health.

Situations where you would not be considered homebound include (but are not limited to) the following:

- You do not often travel from home because of feebleness or insecurity brought on by advanced age (or otherwise); or
- You are wheelchair bound but could safely be transported via wheelchair accessible transportation.

**Home Health Care Agency**

- Is established by and reviewed from time to time by a **physician** attending the person, and appropriate personnel of a **hospice care agency**;
- Is designed to provide palliative and supportive care to **terminally ill** persons, and supportive care to their families; and
- Includes an assessment of the person's medical and social needs; and a description of the care to be given to meet those needs.

Hospice Facility
A facility, or distinct part of one, that meets all of the following requirements:

- Mainly provides inpatient **hospice care** to **terminally ill** persons.
- Charges patients for its services.
- Meets any licensing or certification standards established by the jurisdiction where it is located.
- Keeps a medical record on each patient.
- Provides an ongoing quality assurance program including reviews by **physicians** other than those who own or direct the facility.
- Is run by a staff of **physicians**. At least one staff **physician** must be on call at all times.
- Provides 24-hour-a-day nursing services under the direction of an **R.N.**
- Has a full-time administrator.
**Hospital**
An institution that:

- Is primarily engaged in providing, on its premises, inpatient medical, surgical and diagnostic services;
- Is supervised by a staff of physicians;
- Provides twenty-four (24) hour-a-day R.N. service,
- Charges patients for its services;
- Is operating in accordance with the laws of the jurisdiction in which it is located; and
- Does not meet all of the requirements above, but does meet the requirements of the jurisdiction in which it operates for licensing as a hospital and is accredited as a hospital by the Joint Commission on the Accreditation of Healthcare Organizations.

*In no event does hospital include a convalescent nursing home or any institution or part of one which is used principally as a convalescent facility, rest facility, nursing facility, facility for the aged, extended care facility, intermediate care facility, skilled nursing facility, hospice, rehabilitative hospital or facility primarily for rehabilitative or custodial services.*

**Hospitalization**

An establishment where prescription drugs are legally given out by mail or other carrier.

Maintenance Care
Care made up of services and supplies that:

- Are given mainly to maintain, rather than to improve, a level of physical, or mental function; and
- Give a surrounding free from exposures that can worsen the person's physical or mental condition.

Medically Necessary or Medical Necessity
These are health care or dental services, and supplies or prescription drugs that a physician, other health care provider or dental provider, exercising prudent clinical judgment, would give to a patient for the purpose of:

- preventing;
- evaluating;
- diagnosing; or
- treating:
  - an illness;
  - an injury;
  - a disease; or
  - its symptoms.

The provision of the service, supply or prescription drug must be:

a) In accordance with generally accepted standards of medical or dental practice;

b) Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease; and
c) Not mostly for the convenience of the patient, physician, other health care or dental provider; and
d) And do not cost more than an alternative service or sequence of services at least as likely to produce the same therapeutic or diagnostic results as to the diagnosis or treatment of that patient's illness, injury, or disease.

For these purposes “generally accepted standards of medical or dental practice” means standards that are based on credible scientific evidence published in peer-reviewed literature. They must be generally recognized by the relevant medical or dental community. Otherwise, the standards are consistent with physician or dental specialty society recommendations. They must be consistent with the views of physicians or dentists practicing in relevant clinical areas and any other relevant factors.

**Mental Disorder**

An illness commonly understood to be a mental disorder, whether or not it has a physiological basis, and for which treatment is generally provided by or under the direction of a behavioral health provider such as a psychiatric physician, a psychologist or a psychiatric social worker.

**N**

**Negotiated Charge**

As to health expense coverage, other than Prescription Drug Expense Coverage:

The negotiated charge is the maximum charge a network provider has agreed to make as to any service or supply for the purpose of the benefits under this plan.

As to Prescription Drug Expense Coverage:

The negotiated charge is the amount Aetna has established for each prescription drug obtained from a network pharmacy under this plan. This negotiated charge may reflect amounts Aetna has agreed to pay directly to the network pharmacy or to a third party vendor for the prescription drug, and may include an additional service or risk charge set by Aetna.

The negotiated charge does not include or reflect any amount Aetna, an affiliate, or a third party vendor, may receive under a rebate arrangement between Aetna, an affiliate or a third party vendor and a drug manufacturer for any prescription drug, including prescription drugs on the preferred drug guide.
Based on its overall drug purchasing, Aetna may receive rebates from the manufacturers of prescription drugs and may receive or pay additional amounts from or to third parties under price guarantees. These amounts will not change the negotiated charge under this plan.

**Network Advanced Reproductive Technology (ART) Specialist**
A specialist physician who has entered into a contractual agreement with Aetna for the provision of covered Advanced Reproductive Technology (ART) services.

**Network Provider**
A health care provider or pharmacy who has contracted to furnish services or supplies for this plan; but only if the provider is, with Aetna's consent, included in the directory as a network provider for:

- The service or supply involved; and
- The class of employees to which you belong.

**Network Service(s) or Supply(ies)**
Health care service or supply that is:

- Furnished by a network provider

**Neurodevelopmental Therapy**
Occupational therapy, speech therapy and physical therapy delivered for the maintenance of the dependent's functioning in cases where significant deterioration in the his or her condition would result without the service or to restore and improve function.

**Night Care Treatment**
A partial confinement treatment program provided when you need to be confined during the night. A room charge is made by the hospital, psychiatric hospital or residential treatment facility. Such treatment must be available at least:

- 8 hours in a row a night; and
- 5 nights a week.

**Non-Designated Network Specialists**
These are network providers who have not been designated as Aexcel Designated Network Specialists by Aetna.

**Non-Occupational Illness**
A non-occupational illness is an illness that does not:

- Arise out of (or in the course of) any work for pay or profit; or
- Result in any way from an illness that does.

An illness will be deemed to be non-occupational regardless of cause if proof is furnished that the person:

- Is covered under any type of workers' compensation law; and
- Is not covered for that illness under such law.
Non-Occupational Injury
A non-occupational injury is an accidental bodily injury that does not:

- Arise out of (or in the course of) any work for pay or profit; or
- Result in any way from an injury which does.

Non-Preferred Drug (Non-Formulary)
A prescription drug that is not listed in the preferred drug guide. This includes prescription drugs on the preferred drug guide exclusions list that are approved by medical exception.

Non-Specialist
A physician who is not a specialist.

Non-Urgent Admission
An inpatient admission that is not an emergency admission or an urgent admission.

O

Occupational Injury or Occupational Illness
An injury or illness that:

- Arises out of (or in the course of) any activity in connection with employment or self-employment whether or not on a full time basis; or
- Results in any way from an injury or illness that does.

Occurrence
This means a period of disease or injury. An occurrence ends when 60 consecutive days have passed during which the covered person:

- Receives no medical treatment; services; or supplies; for a disease or injury; and
- Neither takes any medication, nor has any medication prescribed, for a disease or injury.

Orthodontic Treatment
This is any:

- Medical service or supply; or
- Dental service or supply;

furnished to prevent or to diagnose or to correct a misalignment:

- Of the teeth; or
- Of the bite; or
- Of the jaws or jaw joint relationship;

whether or not for the purpose of relieving pain.

The following are not considered orthodontic treatment:

- The installation of a space maintainer; or
- A surgical procedure to correct malocclusion.
Other Health Care
A health care service or supply that is neither network service(s) or supply(ies) nor out-of-network service(s) and supply(ies). Other health care can include care given by a provider who does not fall into any of the categories in your provider directory (or in DocFind at Aetna’s website).

Out-of-Network Service(s) and Supply(ies)
Health care service or supply that is:

- Furnished by an out-of network provider, or
- Not other health care.

Out-of-Network Provider
A health care provider or pharmacy who has not contracted with Aetna, an affiliate, or a third party vendor, to furnish services or supplies for this plan.

Payment Percentage
Payment percentage is both the percentage of covered expenses that the plan pays, and the percentage of covered expenses that you pay. The percentage that the plan pays is referred to as the “plan payment percentage,” and varies by the type of expense. Please refer to the Schedule of Benefits for specific information on payment percentage amounts.

Payment Limit
Payment limit is the maximum out-of-pocket amount you are responsible to pay for your payment percentage for covered expenses during your calendar year. Once you satisfy the payment limit, the plan will pay 100% of the covered expenses that apply toward the limit for the rest of the calendar year. The payment limit applies to both network and out-of-network benefits.

Pharmacy
An establishment where prescription drugs are legally dispensed. Pharmacy includes a retail pharmacy, mail order pharmacy and specialty pharmacy network pharmacy.

A duly licensed member of a medical profession who:

- Has an M.D. or D.O. degree;
- Is properly licensed or certified to provide medical care under the laws of the jurisdiction where the individual practices; and
- Provides medical services which are within the scope of his or her license or certificate.
This also includes a health professional who:

- Is properly licensed or certified to provide medical care under the laws of the jurisdiction where he or she practices;
- Provides medical services which are within the scope of his or her license or certificate;
- Under applicable insurance law is considered a "physician" for purposes of this coverage;
- Has the medical training and clinical expertise suitable to treat your condition;
- Specializes in psychiatry, if your illness or injury is caused, to any extent, by alcohol abuse, substance abuse or a mental disorder; and
- A physician is not you or related to you.

**Precertification or Precertify**

A process where Aetna is contacted before certain services are provided, such as hospitalization or outpatient surgery, or prescription drugs are prescribed to determine whether the services being recommended or the drugs prescribed are considered covered expenses under the plan. It is not a guarantee that benefits will be payable.

**Preferred Drug Guide**

A listing of prescription drugs established by Aetna or an affiliate, which includes both brand name prescription drugs and generic prescription drugs. This list is subject to periodic review and modification by Aetna or an affiliate. A copy of the preferred drug guide will be available upon your request or may be accessed on the Aetna website at www.Aetna.com/formulary.

**Preferred Drug Guide Exclusions List**

A list of prescription drugs in the preferred drug guide that are identified as excluded under the plan. This list is subject to periodic review and modification by Aetna.

**Prescriber**

Any physician or dentist, acting within the scope of his or her license, who has the legal authority to write an order for a prescription drug.

**Prescription**

An order for the dispensing of a prescription drug by a prescriber. If it is an oral order, it must be promptly put in writing by the pharmacy.

**Prescription Drug**

A drug, biological, or compounded prescription which, by State and Federal Law, may be dispensed only by prescription and which is required to be labeled "Caution: Federal Law prohibits dispensing without prescription."

This includes:

- An injectable drug prescribed to be self-administered or administered by any other person except one who is acting within his or her capacity as a paid healthcare professional. Covered injectable drugs include injectable insulin.
Psychiatric Hospital

This is an institution that meets all of the following requirements.

- Mainly provides a program for the diagnosis, evaluation, and treatment of alcoholism, substance abuse or mental disorders.
- Is not mainly a school or a custodial, recreational or training institution.
- Provides infirmary-level medical services. Also, it provides, or arranges with a hospital in the area for, any other medical service that may be required.
- Is supervised full-time by a psychiatric physician who is responsible for patient care and is there regularly.
- Is staffed by psychiatric physicians involved in care and treatment.
- Has a psychiatric physician present during the whole treatment day.
- Provides, at all times, psychiatric social work and nursing services.
- Provides, at all times, skilled nursing services by licensed nurses who are supervised by a full-time R.N.
- Prepares and maintains a written plan of treatment for each patient based on medical, psychological and social needs. The plan must be supervised by a psychiatric physician.
- Makes charges.
- Meets licensing standards.

Psychiatric Physician

This is a physician who:

- Specializes in psychiatry; or
- Has the training or experience to do the required evaluation and treatment of alcoholism, substance abuse or mental disorders.

R

Recognized Charge

The amount of an out-of-network provider's charge that is eligible for coverage. You are responsible for all amounts above the recognized charge. The recognized charge may be less than the provider's full charge.

In all cases, the recognized charge is determined based on the Geographic Area where you receive the service or supply.

A service or supply provided by a provider is treated as covered expenses under the other health care coverage category when:

- You get services or supplies from an out-of-network provider. This includes when you get care from out-of-network providers during your stay in a network hospital.
- You could not reasonably get the services and supplies needed from a network provider.

The other health care coverage does not apply to services or supplies you receive in an out-of-network emergency room.

When the other health care coverage applies, you will pay the other health care cost share.

Except as otherwise specified below, the recognized charge for each service or supply is the lesser of what the provider bills and:

- For professional services and for other services or supplies not mentioned below:
  - The reasonable amount rate
- For services of hospitals and other facilities:
  - The reasonable amount rate
For prescription drugs:
- 110% of the Average wholesale price (AWP)

The recognized charge is the negotiated charge for providers with whom we have a direct contract but are not network providers or, if there is no direct contract, with whom we have a contract through any third party that is not an affiliate of Aetna.

If your ID card displays the National Advantage Program (NAP) logo, the recognized charge is the rate we have negotiated with your NAP provider. Your out-of-network cost sharing applies when you get care from NAP providers, except for emergency services.

A NAP provider is a provider with whom we have a contract through any third party that is not an affiliate of Aetna or through the Coventry National or First Health Networks. However, a NAP provider listed in the NAP directory is not a network provider.

We have the right to apply Aetna reimbursement policies. Those policies may further reduce the recognized charge. These policies take into account factors such as:
- The duration and complexity of a service
- When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or incidental to the primary service provided and
- The educational level, licensure or length of training of the provider

Aetna reimbursement policies are based on our review of:
- The Centers for Medicare and Medicaid Services’ (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice and
- The views of physicians and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. Some policies are different for professional services than for facility services.

Special terms used
Average wholesale price (AWP), FCR Rate, Geographic area, Medicare allowable rates, and Reasonable amount rate are defined as follows:

Average wholesale price (AWP)
Is the current average wholesale price of a prescription drug listed in the Medi-span weekly price updates (or any other similar publication chosen by Aetna).

FCR Rate
The Facility Charge Review (FCR) Rate is an amount that we determine is enough to cover the provider’s estimated costs for the service and leave the provider with a reasonable profit. For hospitals and other facilities which report costs (or cost-to-charge ratios) to CMS, the FCR Rate is based on what the facilities report to CMS, the FCR Rate is based on statewide averages of the facilities that do report to CMS. We may adjust the formulas as needed to maintain the reasonableness of the recognized charge. For example, we may make an adjustment if we determine that in a particular state the charges of ambulatory surgery centers (or another class of facility) are much higher than charges of facilities that report costs (or cost-to-charge ratios) to CMS.

Geographic area
The Geographic area made up of the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider Geographic area such as an entire state.

Medicare allowable rates
Except as specified below, these are the rates CMS establishes for services and supplies provided to Medicare enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If Medicare does not have a rate, we will determine the rate as follows:

- Use the same method CMS uses to set Medicare rates.
- Look at what other providers charge.
- Look at how much work it takes to perform a service.
- Look at other things as needed to decide what rate is reasonable for a particular service or supply.

Reasonable amount rate:
There is not a single “reasonable” amount. Your plan establishes the “reasonable” amounts as follows:

- For professional services:
  - The 70th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically. We update our systems with these changes within 180 days after receiving them from FAIR Health. If the FAIR Health database becomes unavailable, we reserve the right to substitute an alternative. If the alternative data source does not contain a value for a particular service or supply, we will base the recognized charge on the Medicare allowable rate.
- For inpatient and outpatient charges of hospitals:
  - The FCR rate.
- For inpatient and outpatient charges of facilities other than hospitals
  - The FCR rate

Additional information:
Get the most value out of your benefits. Use the “Estimate the Cost of Care” tool on Aetna Navigator® to help decide whether to get care in network or out-of-network. Aetna’s secure member website at www.aetna.com may contain additional information which may help you determine the cost of a service or supply. Log on to Aetna Navigator® to access the “Estimate the Cost of Care” feature.

Rehabilitation Facility
A facility, or a distinct part of a facility which provides rehabilitative services, meets any licensing or certification standards established by the jurisdiction where it is located, and makes charges for its services.

Rehabilitative Services
The combined and coordinated use of medical, social, educational and vocational measures for training or retraining if you are disabled by illness or injury.

Residential Treatment Facility (Mental Disorders)
This is an institution that meets all of the following requirements:

- Is accredited by one of the following agencies, commissions or committees for the services being provided: The Joint Commission (TJC), Committee on Accreditation of Rehabilitation Facilities (CARF), American Osteopathic Association’s Healthcare Facilities Accreditation Program (HFAP) or the Council on Accreditation (COA); or is credentialed by Aetna;
- Meets all applicable licensing standards established by the jurisdiction in which it is located;
- Performs a comprehensive patient assessment preferably before admission, but at least upon admission;
- Creates individualized active treatment plans directed toward the alleviation of the impairment that caused the admission;
- Has the ability to involve family/support systems in the therapeutic process;
- Has the level of skilled intervention and provision of care must be consistent with the patient’s illness and risk;
- Provides access to psychiatric care by a **psychiatrist** as necessary for the provision of such care;
- Provides treatment services that are managed by a **behavioral health provider** who functions under the direction/supervision of a medical director; and
- Is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility**, or otherwise licensed institution), educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

In addition to the above requirements, for Mental Health Residential Treatment Programs:

- A **behavioral health provider** must be actively on duty 24 hours per day for 7 days a week;
- The patient is treated by a **psychiatrist** at least once per week; and
- The medical director must be a **psychiatrist**.

**Residential Treatment Facility (Substance Abuse)**

This is an institution that meets all of the following requirements:

- Is accredited by one of the following agencies, commissions or committees for the services being provided: The Joint Commission (TJC), Committee on Accreditation of Rehabilitation Facilities (CARF), American Osteopathic Association’s Healthcare Facilities Accreditation Program (HFAP), or the Council on Accreditation (COA); or is credentialed by Aetna;
- Meets all applicable licensing standards established by the jurisdiction in which it is located;
- Performs a comprehensive patient assessment preferably before admission, but at least upon admission;
- Creates individualized active treatment plans directed toward the alleviation of the impairment that caused the admission;
- Has the ability to involve family and/or support systems in the therapeutic process;
- Has the level of skilled intervention and provision of care that is consistent with the patient’s illness and risk;
- Provides access to psychiatric care by a **psychiatrist** as necessary for the provision of such care;
- Provides treatment services that are managed by a **behavioral health provider** who functions under the direction/supervision of a medical director; and
- Is not a wilderness treatment program (whether or not the program is part of a licensed **residential treatment facility**, or otherwise licensed institution), educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

In addition to the above requirements, for Chemical Dependence Residential Treatment Programs:

- Is a **behavioral health provider** or an appropriately state certified professional (for example, CADC, CAC);
- Is actively on duty during the day and evening therapeutic programming; and
- The medical director must be a **physician** who is an addiction specialist.

In addition to the above requirements, for Chemical Dependence Detoxification Programs within a residential setting:

- An **R.N.** is onsite 24 hours per day for 7 days a week; and
- The care must be provided under the direct supervision of a **physician**.

**R.N.**

A registered nurse.

**Room and Board**

Charges made by an institution for **room and board** and other **medically necessary** services and supplies. The charges must be regularly made at a daily or weekly rate.
Self-injectable Drug(s)

Prescription drugs that are intended to be self-administered by injection to a specific part of the body to treat medical conditions.

Semi-Private Room Rate

The room and board charge that an institution applies to the most beds in its semi-private rooms with 2 or more beds. If there are no such rooms, Aetna will figure the rate based on the rate most commonly charged by similar institutions in the same geographic area.

Service Area

This is the geographic area, as determined by Aetna, in which network providers for this plan are located.

Skilled Nursing Facility

An institution that meets all of the following requirements:

- It is licensed to provide, and does provide, the following on an inpatient basis for persons convalescing from illness or injury:
  - Professional nursing care by an R.N., or by a L.P.N. directed by a full-time R.N.; and
  - Physical restoration services to help patients to meet a goal of self-care in daily living activities.
- Provides 24 hour a day nursing care by licensed nurses directed by a full-time R.N.
- Is supervised full-time by a physician or an R.N.
- Keeps a complete medical record on each patient.
- Has a utilization review plan.
- Is not mainly a place for rest, for the aged, for drug addicts, for alcoholics, for mental retardates, for custodial or educational care, or for care of mental disorders.
- Charges patients for its services.
- An institution or a distinct part of an institution that meets all of the following requirements:
  - It is licensed or approved under state or local law.
  - Is primarily engaged in providing skilled nursing care and related services for residents who require medical or nursing care, or rehabilitation services for the rehabilitation of injured, disabled, or sick persons.
- Qualifies as a skilled nursing facility under Medicare or as an institution accredited by:
  - The Joint Commission on Accreditation of Health Care Organizations;
  - The Bureau of Hospitals of the American Osteopathic Association; or
  - The Commission on the Accreditation of Rehabilitation Facilities

Skilled nursing facilities also include rehabilitation hospitals (all levels of care, e.g. acute) and portions of a hospital designated for skilled or rehabilitation services.

Skilled nursing facility does not include:

- Institutions which provide only:
  - Minimal care;
  - Custodial care services;
  - Ambulatory; or
  - Part-time care services.
- Institutions which primarily provide for the care and treatment of alcoholism, substance abuse or mental disorders.
Skilled Nursing Services
Services that meet all of the following requirements:

- The services require medical or paramedical training.
- The services are rendered by an R.N. or L.P.N. within the scope of his or her license.
- The services are not custodial.

Specialist
A physician who practices in any generally accepted medical or surgical sub-specialty.

Specialty Care
Health care services or supplies that require the services of a specialist.

Specialty Care Drugs
Injectable, infusion and oral prescription drugs that are prescribed to address complex, chronic diseases with associated co-morbidities such as cancer, rheumatoid arthritis, hemophilia, multiple sclerosis.
You can access the list of these specialty care prescription drugs by calling the toll-free number on your Member ID card or by logging on to your Aetna Navigator® secure member website at www.aetna.com

Specialty Pharmacy Network
A network of pharmacies designated to fill specialty care drugs.

Stay
A full-time inpatient confinement for which a room and board charge is made.

Step Therapy
A form of precertification under which certain prescription drugs will be excluded from coverage, unless a first-line therapy drug(s) is used first by you. The list of step-therapy drugs is subject to change by Aetna or an affiliate. An updated copy of the list of drugs subject to step therapy shall be available upon request by you or may be accessed on the Aetna website at www.Aetna.com/formulary.

Substance Abuse
This is a physical or psychological dependency, or both, on a controlled substance or alcohol agent (These are defined on Axis I in the Diagnostic and Statistical Manual of Mental Disorders (DSM) published by the American Psychiatric Association which is current as of the date services are rendered to you or your covered dependents.) This term does not include conditions not attributable to a mental disorder that are a focus of attention or treatment (the V codes on Axis I of DSM); an addiction to nicotine products, food or caffeine intoxication.

Surgery Center
A freestanding ambulatory surgical facility that meets all of the following requirements:

- Meets licensing standards.
- Is set up, equipped and run to provide general surgery.
- Charges for its services.
- Is directed by a staff of physicians. At least one of them must be on the premises when surgery is performed and during the recovery period.
- Has at least one certified anesthesiologist at the site when surgery requiring general or spinal anesthesia is performed and during the recovery period.
- Extends surgical staff privileges to:
  - Physicians who practice surgery in an area hospital; and
  - Dentists who perform oral surgery.
- Has at least 2 operating rooms and one recovery room.
▪ Provides, or arranges with a medical facility in the area for, diagnostic x-ray and lab services needed in connection with surgery.
▪ Does not have a place for patients to stay overnight.
▪ Provides, in the operating and recovery rooms, full-time skilled nursing services directed by an R.N.
▪ Is equipped and has trained staff to handle emergency medical conditions.

Must have all of the following:

▪ A physician trained in cardiopulmonary resuscitation; and
▪ A defibrillator; and
▪ A tracheotomy set; and
▪ A blood volume expander.
▪ Has a written agreement with a hospital in the area for immediate emergency transfer of patients.
▪ Written procedures for such a transfer must be displayed and the staff must be aware of them.
▪ Provides an ongoing quality assurance program. The program must include reviews by physicians who do not own or direct the facility.
▪ Keeps a medical record on each patient.

T

Telemedicine
A telephone or internet based consult with a provider that has contracted with Aetna to offer these services.

Terminally Ill (Hospice Care)
Terminally ill means a medical prognosis of 12 months or less to live.

Therapeutic Drug Class
A group of drugs or medications that have a similar or identical mode of action or exhibit similar or identical outcomes for the treatment of a disease or injury.

U

Urgent Admission
A hospital admission by a physician due to:

▪ The onset of or change in an illness; or
▪ The diagnosis of an illness; or
▪ An injury.
▪ The condition, while not needing an emergency admission, is severe enough to require confinement as an inpatient in a hospital within 2 weeks from the date the need for the confinement becomes apparent.

Urgent Care Facility
A facility licensed as a freestanding medical facility by applicable state and federal laws to treat an urgent condition.
Urgent Care Provider

This is:

- A freestanding medical facility that meets all of the following requirements.
  - Provides unscheduled medical services to treat an **urgent condition** if the person’s **physician** is not reasonably available.
  - Routinely provides ongoing unscheduled medical services for more than 8 consecutive hours.
  - Charges for its services and supplies.
  - Is licensed and certified as required by any state or federal law or regulation.
  - Keeps a medical record on each patient.
  - Provides an ongoing quality assurance program. This includes reviews by **physicians** other than those who own or direct the facility.
  - Is run by a staff of **physicians**. At least one **physician** must be on call at all times.
  - Has a full-time administrator who is a licensed **physician**.

- A **physician**’s office, but only one that:
  - Has contracted with **Aetna** to provide urgent care; and
  - Is, with **Aetna**’s consent, included in the **directory** as a network **urgent care provider**.

It is not the emergency room or outpatient department of a **hospital**.

Urgent Condition

This means a sudden **illness; injury;** or condition; that:

- Is severe enough to require prompt medical attention to avoid serious deterioration of your health;
- Includes a condition which would subject you to severe pain that could not be adequately managed without urgent care or treatment;
- Does not require the level of care provided in the emergency room of a hospital; and
- Requires immediate outpatient medical care that cannot be postponed until your physician becomes reasonably available.

W

Walk-in Clinic

**Walk-in Clinics** are free-standing health care facilities. They are an alternative to a **physician’s** office visit for:

- treatment of unscheduled;
- non-emergency **illnesses**; and
- **Injuries**; and
- the administration of certain immunizations.

It is not an alternative for emergency room services or the ongoing care provided by a **physician**. Neither an emergency room, nor the outpatient department of a **hospital**, shall be considered a **Walk-in Clinic**.
**Statement of Rights under the Newborns' and Mothers' Health Protection Act**

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.
**Notice Regarding Women's Health and Cancer Rights Act**

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

1. all stages of reconstruction of the breast on which a mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. prostheses; and
4. treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be determined by your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request FMLA leave, you must agree to make any contributions required by your Employer to continue coverage.

If any coverage your Employer allows you to continue has reduction rules applicable by reason of age or retirement, the coverage will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.

If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If this Plan provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under this Plan will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 30 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 30 days, coverage will again be effective under this Plan only if and when this Plan gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
Amendment to Plan of Benefits

For Employees of: The City Of Seattle
Master Services Agreement No.: 100290

Effective January 1, 2018, the following changes have been made to your Booklets.

1) The following section entitled "Treatment of Mental Disorders" replaces the section by the same name currently appearing in your Booklets.

Treatment of Mental Disorders
Covered expenses include charges made for the treatment of mental disorders by behavioral health providers.

Important Note
Your plan covers behavioral health telemedicine when you get your internet-based consult through an authorized vendor or provider who conducts behavioral health telemedicine consultations. DocFind® tells you those authorized vendors and providers contracted with Aetna Behavioral Health. Telemedicine may have different cost sharing. See the schedule of benefits for specific plan details.

Not all types of services are covered. For example, educational services and certain types of therapies are not covered. See Medical Plan Exclusions for more information.

Benefits are payable for charges incurred in a hospital, psychiatric hospital, residential treatment facility or behavioral health provider's office for the treatment of mental disorders as follows:

Inpatient Treatment
Covered expenses include charges for room and board at the semi-private room rate, and other services and supplies provided during your stay in a hospital, psychiatric hospital or residential treatment facility. Inpatient benefits are payable only if your condition requires services that are only available in an inpatient setting.

Important Reminder
Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

Partial Confinement Treatment
Covered expenses include charges made for partial confinement treatment provided in a facility or program for the intermediate short-term or medically-directed intensive treatment of a mental disorder. Such benefits are payable if your condition requires services that are only available in a partial confinement treatment setting.

Important Reminder
Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

Outpatient Treatment
Covered expenses include charges for treatment received while not confined as a full-time inpatient in a hospital, psychiatric hospital or residential treatment facility.

The plan covers partial hospitalization services (more than 4 hours, but less than 24 hours per day) provided in a facility or program for the intermediate short-term or medically-directed intensive treatment. The partial hospitalization will only be covered if you would need inpatient care if you were not admitted to this type of facility.
Outpatient mental health treatment also includes:
- Electro-convulsive therapy (ECT); and
- Substance use disorder injectables.

**Important Reminder**
- Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to *How the Plan Works* for more information about precertification.
- Please refer to the Schedule of Benefits for any copayments/deductibles, maximums, payment limits or maximum out of pocket limits that may apply to your mental disorders benefits.

2) The following section entitled "Treatment of Substance Abuse" replaces the section by the same name currently appearing in your Booklets.

**Treatment of Substance Abuse**
Covered expenses include charges made for the treatment of substance abuse by behavioral health providers.

**Important Note**
Your plan covers behavioral health telemedicine when you get your internet-based consult through an authorized vendor or provider who conducts behavioral health telemedicine consultations. DocFind® tells you those authorized vendors and providers contracted with Aetna Behavioral Health. Telemedicine may have different cost sharing. See the schedule of benefits for specific plan details.

Not all types of services are covered. For example, educational services and certain types of therapies are not covered. See *Medical Plan Exclusions* for more information.

**Substance Abuse**
Please refer to the Schedule of Benefits for any substance abuse deductibles, maximums and payment limits or maximum out-of-pocket limits that may apply to your substance abuse benefits.

**Inpatient Treatment**
This Plan covers room and board at the semi-private room rate and other services and supplies provided during your stay in a psychiatric hospital or residential treatment facility, appropriately licensed by the state Department of Health or its equivalent.

Coverage includes:
- Treatment in a hospital for the medical complications of substance abuse.
- “Medical complications” include detoxification, electrolyte imbalances, malnutrition, cirrhosis of the liver, delirium tremens and hepatitis.
- Treatment in a hospital is covered only when the hospital does not have a separate treatment facility section.

**Important Reminder**
Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to *How the Plan Works* for more information about precertification.

**Outpatient Treatment**
Outpatient treatment includes charges for treatment received for substance abuse while not confined as a full-time inpatient in a hospital, psychiatric hospital or residential treatment facility.

This Plan covers partial hospitalization services (more than 4 hours, but less than 24 hours per day) provided in a facility or program for the intermediate short-term or medically-directed intensive treatment of alcohol or drug abuse. The partial hospitalization will only be covered if you would need inpatient treatment if you were not admitted to this type of facility.
Important Reminder
Inpatient treatment, partial-hospitalization care and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.

Partial Confinement Treatment
Covered expenses include charges made for partial confinement treatment provided in a facility or program for the intermediate short-term or medically-directed intensive treatment of substance abuse.

Such benefits are payable if your condition requires services that are only available in a partial confinement treatment setting.

Important Reminders:

- Inpatient care, partial hospitalizations and outpatient treatment must be precertified by Aetna. Refer to How the Plan Works for more information about precertification.
- Please refer to the Schedule of Benefits for any copayments/deductibles, maximums, payment limits or maximum out-of-pocket limits that may apply to your substance abuse benefits.

3) The following section entitled "Precertification" replaces the section by the same name currently appearing in your Booklets.

Precertification
Precertification is required for certain outpatient prescription drugs. Prescribers must contact Aetna to request and obtain coverage for such prescription drugs. The list of drugs requiring precertification is subject to periodic review and change by Aetna. For the most up to date information, call the toll-free number on your member ID card or log on to your Aetna Navigator secure member website at www.aetna.com.

Benefits will be reduced or denied if Aetna does not precertify your prescription drug. So ask your prescriber or pharmacist if your prescription drug needs to be precertified.

(589N.S.13-095-01 CT)

How to Obtain Precertification
If an outpatient prescription drug requires precertification and you use a network pharmacy the prescriber is required to obtain precertification for you.

Aetna will let your prescriber know if the prescription drug is precertified.

If precertification is denied Aetna will notify you how the decision can be appealed.
