Not all services are covered. Aetna does not provide care or guarantee access to health services. Providers are independent contractors and are not agents of Aetna. Provider participation may change without notice

See plan documents for a complete description of benefits, exclusions, limitations and conditions of coverage. Plan features and availability may vary by location and are subject to change.

Please refer to the plan documents (Evidence of Coverage) for a complete listing of benefits, exclusions and limitations. The following is a partial listing of exclusions and limitations under the Aetna MedicareSM Plan (PPO) and Aetna Medicare Rx[®] (PDP):

- Services that are not medically necessary or covered under the Original Medicare Program;
- Plastic or cosmetic surgery unless medically necessary;
- Custodial care;
- Experimental procedures or treatments beyond Original Medicare limits;
- Routine foot care that is not medically necessary
- Outpatient Prescription Drugs except those covered under Original Medicare Part B;

***Beginning in 2011, the Medicare Coverage Gap Discount Program will provide manufacturer discounts on brand name drugs to Part D enrollees who have reached the coverage gap and are not already receiving “Extra Help.” A 50% discount on the negotiated price (excluding the dispensing fee) will be available for those brand name drugs from manufacturers that have agreed to pay the discount.**

There are three general rules about drugs that Medicare drug plans will not cover under Part D. This plan cannot:

- cover a drug that would be covered under Medicare Part A or Part B.
- cover a drug purchased outside the United States and its territories.

PLAN DESIGN AND BENEFITS
PROVIDED BY AETNA LIFE INSURANCE COMPANY

- generally cover drugs prescribed for “off label” use, unless supported by criteria included in certain reference books (eg, American Hospital Formulary Service Drug Information, the DRUGDEX Information System and the USPDI).

Additionally, certain types of drugs or categories of drugs are not normally covered by a Medicare Prescription Drug Plan. These drugs are not considered Part D drugs and may be referred to as “exclusions” or “non-Part D drugs”. These drugs include:

- Drugs used for the treatment of weight loss, weight gain or anorexia;
- Drugs used for cosmetic purposes or to promote hair growth;
- Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations;
- Barbiturates;
- Outpatient drugs that the manufacturer seeks to require that associated tests or monitoring services be purchased exclusively from the manufacturer as a condition of sale;
- Drugs used to promote fertility;
- Drugs used for symptomatic relief of cough and colds;
- Non-prescription drugs, also called over-the counter (OTC);
- Benzodiazepines;
- Drugs when used for the treatment of sexual or erectile dysfunction.

In case of emergency, call 911 or your local emergency hotline, or go directly to an emergency care facility.

Health Benefits and Health Insurance plans are offered by Aetna Health Inc., Aetna Health of California Inc., and/or Aetna Life Insurance Company (Aetna). Coverage is provided through a Medicare Advantage organization or a Medicare prescription drug plan sponsor with a Medicare contract. Benefits, limitations, service areas and premiums are subject to change on January 1 of each year.

You must be entitled to Medicare Part A and continue to pay your Part B premium and Part A, if applicable.

Precertification, or prior approval of coverage is requested for certain services. Providers must be licensed and eligible to receive payment under the federal Medicare program.

Aetna receives rebates from drug manufacturers that may be taken into account in determining Aetna’s Preferred Drug List. Rebates do not reduce the amount a member pays the pharmacy for covered prescriptions.

PLAN DESIGN AND BENEFITS
PROVIDED BY AETNA LIFE INSURANCE COMPANY

Members must use network pharmacies to receive plan benefits except in limited, non-routine circumstances when a network pharmacy is not available, including illness while traveling within the United States but outside of the plan's service area where there is no network pharmacy. An additional cost may be incurred for drugs received at an out-of-network pharmacy.

If an individual qualifies for extra help with the Medicare prescription drug plan, premium and costs at the pharmacy may be lower. Upon enrollment in the Aetna Medicare plan, Medicare will tell us how much extra help an individual is getting. An individual can obtain information on whether they qualify for extra help by calling 1-800-Medicare (1-800-633-4227). TTY/TDD users should call 1-877-486-2048.

Health information programs provide general health information and are not a substitute for diagnosis or treatment by a physician or other health care professional. Information is believed to be accurate as of the production date; however, it is subject to change. In the event of a conflict or inconsistency between this material and plan documents, the terms of the plan document shall govern.

Discount programs provide access to discounted prices and are not insured benefits. The member is responsible for the full cost of the discounted services. Health benefits and health insurance plans contain exclusions and limitations.
