2009 Combined Charities Campaign The City of Seattle has the “Power to Make a Difference”

You're invited to join us as we begin the 2009 Combined Charities Campaign. Our theme this year is “The Power to Make a Difference.” In eight short weeks, from September 28 to November 20, employees throughout the city will join together to support our community members in need.

We know that these are difficult times. Our families, communities and local governments have experienced firsthand the effects of the economic downturn. It is precisely at this time that our local, regional and national nonprofit organizations need help more than ever to deliver important services to many of the most vulnerable in our community.

We know that City employees will rise to the occasion and demonstrate once again our collective generosity and compassion. Together, we can meet this year's campaign targets and in the weeks ahead, we hope to set an all-time high for employee giving at the City of Seattle. We need your help to achieve our goals this year:

- Raise \$1.1 million in pledged donations
- Increase employee participation to 35 percent
- And donate more than 20,000 hours in volunteer time.

City employees last year answered the call to service, exceeding our goal of \$1 million by raising more than \$1,076,000 in contributions. In addition, a record 28 percent of employees participated in the campaign. Your contributions helped the United Way of King County and more than 1,300 charitable organizations make a significant difference in the lives of people throughout our region and beyond.

We know that many in our community still face daily challenges, especially for basic needs. That's why we're asking each one of you to consider deepening your commitment this year to the City's Combined Charities campaign. With more than 10,000 employees at the City of Seattle, our combined giving power is incredible.

United, we have the “Power to Make a Difference” in our community. Please consider making a contribution, volunteering your time and making a difference in the lives of others and our community.

Top 5 Reasons to Give

5 Combined Charities is flexible!

You decide how much and how often to give and which charities to support. You can request changes to your contribution at any time.

4 Participation is easy, confidential and secure!

You can make and manage your donations securely online through the Employee Self Service Portal at <http://selfservice/>.

3 No administrative fees!

100 percent of your donation goes directly to the charity of your choice.

#2 Combined Charities is effective!

Combined Charities is a proven, successful workplace giving campaign. In the last 20 years, City of Seattle employees have donated ten million dollars to over 800 Combined Charities.

#1 The need is greater than ever before!

The United Way has reported that more people than ever before are struggling to make ends meet. Many families in our own local community can't afford food, gas, health care and other necessary goods and services. Even a small contribution can be a big help to those in need.

Consider this:

- Over 8,400 people in King County are homeless.
- Food bank shelves are being depleted quickly.
- Winter is coming, and people need help paying their utility bills.
- Charities are understaffed and rely on volunteers to keep things running smoothly.

Disclosure

Some charities partner with larger organizations that provide them with greater resources and fundraising opportunities. These larger organizations—or federations—help charities with training staff, gathering volunteers, marketing, and collecting and processing donations, to name a few services. Most federations do take a percentage of the donations for their administrative costs. Listed below are federations and their member charities, along with the administrative fee.

Seattle Academy of Arts and Sciences Charity ID: 50055

At Seattle Academy, students benefit from a nurturing faculty, enriching academic experiences, arts, athletics, and more. Tuition alone does not cover the entire cost of a student's education, however, which is why families and friends are asked to make an annual tax-deductible contribution to support the school. Tuition revenues supply approximately 90% of the school's operating budget-the remaining 10% or \$1.2 million dollars must be supplied by voluntary donations to the school. Participation by 100% of the school community is needed to close this gap! Every gift to the Annual Fund – no matter its size – makes a difference.
