**Notes:**

1. Minimum call out is 4 hours per person, except for projects over 50 miles from office where an 8-hour minimum applies. Subject to Washington State Prevailing wage rate rules for individual counties and labor categories.
2. Project support personnel, including accounting, administrative, personnel support, logistics and management, whether on site, at NRCES offices, or at support locations are billed at the above rates. All personnel are charged according to the above rates, regardless of full-time, part-time or third party labor source status, unless provided as part of a specified subcontracted service. Labor rates for remote sites and prevailing-wage projects may require additional charges.
3. Labor rate categories are not based on actual payments made to personnel in compliance with applicable wage and hour laws. Wage and hour laws will be complied with separately from and regardless of the rate charged to and paid by Customer.
4. Time charges begin with equipment and personnel mobilization activities. Time charges terminate at the conclusion of the operation, which includes transportation of equipment and personnel back to operations centers and any necessary demobilization and cleanup activities. Personnel time is charged in half-hour increments.
5. Transportation and any incidental costs for all personnel, both on site, at support locations and traveling to and from the site or support locations, are charged at cost plus 15%. Per diem charges for food in metropolitan areas are \$35.00 per person per day. Typical per diem rates for lodging, based on double occupancy, are \$75.00 per person per day.
6. Rates for premium areas, non-local areas and remote sites to be determined.
7. Additional charges may apply in non-local areas and to cover unanticipated cost increases beyond the control of NRCES, including but not limited to fuel increases, special permits and and special insurance.
8. All amounts in this price list are shown in U.S. dollars.

### EQUIPMENT

<b>TYPE</b>	<b>UNIT</b>	<b>RATE, \$</b>
-------------	-------------	-----------------

**Notes:**

1. Equipment prices do not include fuel, operator or mobilization unless otherwise stated. Non-mileage fuel charges will be charged at cost plus 15%. Vacuum truck washouts will be charged at cost plus 15%.
2. Time charges are calculated portal to portal, beginning with equipment mobilization activities from the NRCES office or operations center unless otherwise specified, including all time at the site. Time charges terminate at the conclusion of the operation, which includes transportation of equipment back to NRCES office or operations center and completion of any necessary demobilization activities, including equipment cleaning, repair, replacement and/or delivery to NRCES of restored equipment.
3. Day rates are based on 8 hours of operation. Equipment will be charged in half-day increments for additional hours over 8, up to a total of 3 days charge during a 24-hour period.
4. Minimum call out for hourly equipment is four hours per day for local projects and eight hours per day for projects over 50 miles from mobilization site. Minimum charge for daily rate equipment is daily charge per day. Customers will be charged for unused requested equipment until released and returned to service per Note 3.
5. Mileage charges are \$.50 per mile for cars, \$.65 per mile for trucks/vans and \$.85 per mile for commercial trucks. A fuel surcharge - calculated as the percentage increase above \$3.75 per gallon of diesel in the local NRCES office area at the time of service - will be applied to mileage rates under the schedule below. NRCES average and other fuel costs are available on request. Operated equipment fuel surcharges may be used per the schedule below, or job site fuel may be charged based on job site fuel consumption cost plus 15% .

6. Equipment not specified on the Price List will be charged to Customer at cost (including rental, insurance, freight, fuel, etc.) plus 15%.
7. In addition to payment of rental charges, Customer agrees to pay NRCES, in accordance with rates contained in this Price List, for any cleaning or repairs necessary to return all equipment to the same condition as at the commencement of services (with the exception of normal wear and tear). Customer is also responsible for the payment of all transportation and disposal charges for any waste generated during cleaning. Only NRCES or its subcontractors shall perform any cleaning and decontamination operations on all equipment owned, rented or subcontracted by NRCES. If NRCES determines that equipment cannot be returned to the condition it was in at the commencement of the services, Customer shall pay for all costs at cost plus 15%, including freight and other expenses incurred by NRCES to replace this equipment. All boom, whether new or used, that is damaged beyond repair shall be replaced by NRCES with new boom at Customer's expense at cost plus 15%, including freight and other expenses.
