ADDENDUM A

WARRANTY - Any part of the system, including the wiring, installed under this Agreement, which proves to be defective in material or workmanship within one year (365 days) of the date of completion of installation will be repaired or replaced at ADT's option with a new or functionally operative part. Labor and material required to repair or replace such defective components will be free of charge for a period of one-year (365 days) following the completion of the original installation.

This Warranty does not apply to the conditions listed below and in the event Customer calls ADT for service under the Warranty and upon inspection by ADT's representative it is found that one of these conditions has led to the inoperability or apparent inoperability of the system, a charge will be made for the service call of ADT's representative whether or not he actually works on the system. Should it actually be necessary to make repairs to the system due to one of the "Conditions" not covered by Warranty, a charge will be made for such work at ADT's then applicable rates for labor and material. Service will be furnished by ADT during ADT's normal working hours of 8:00 A.M. to 4:30 P.M., Monday through Friday, except holidays.

Conditions not covered by Warranty:

- A) Damage resulting from accidents, acts of God, alternation, misuse, tampering or abuse.
- B) Failure of the Customer to properly follow operating instructions provided by ADT at time of installation or at a later date.
- C) Adjustments necessitated by misalignment of CCTV cameras, improper adjustment of monitor brightness and contrast tuning dials or insufficient light on the area viewed by the camera(s).
- D) Trouble due to interruption of commercial power or to the phone service.

THE FOREGOING WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. THE PURCHASER'S EXCLUSIVE REMEDY WITH RESPECT TO ANY AND ALL LOSSES OR DAMAGES RESULTING FROM ANY CAUSE WHATSOEVER, INCLUDING ADT'S NEGLIGENCE, SHALL BE REPAIR OR REPLACEMENT AS SPECIFIED ABOVE. ADT SHALL IN NO EVENT BE LIABLE FOR ANY CONSEQUENTIAL OR INCIDENTAL DAMAGES OF ANY NATURE, INCLUDING WITHOUT LIMITATION, DAMAGES FOR PERSONAL INJURY OR DAMAGES TO PROPERTY AND HOWEVER OCCASIONED, WHETHER ALLEGED AS RESULTING FROM BREACH OF WARRANTY OR CONTRACT BY ADT OR NEGLIGENCE OF ADT OR OTHERWISE.

MAINTENANCE - ADT will, upon Customer's request, provide ordinary maintenance and repair of such system due to normal wear and tear and bear the expense thereof. The expense of all extraordinary maintenance and repair due to alterations in the Customer's premises, alternations of the system made at the request of the Customer, or made necessary by changes in the Customer's premises, damage to the premises or to the alarm system, or to any cause beyond the control of ADT, shall be borne by the Customer. The Customer agrees to furnish any necessary electric current through the Customer's meter and at the Customer's own expense with an outlet within 10 feet of the ADT Control Panel. It is mutually agreed that the work of installation and ADT's repairs of the system shall be performed between ADT's normal working hours of 8:00 A.M. to 4:30 P.M., Monday through Friday, except holidays.

If not contracted for before the expiration of the Warranty, ADT will enter into a Maintenance Service Contract only after inspecting the system and making any necessary repairs or replacements to the system at a charge to the Customer for labor and/or material at ADT's then prevailing rates.

If INVESTIGATOR RESPONSE SERVICE - is being furnished as part of this proposal, the levels available are as follows:

LEVEL I – Exterior Investigation: Upon receipt of a burglar alarm signal from the Customer's premises, ADT, in addition to notifying the Police Department, will endeavor to notify the Customer's designated representative and also endeavor to dispatch a representative to the Customer's premises. The representative will make an investigation of the exterior of the premises from his vehicle. At the conclusion of the representative's investigation, ADT will notify the Customer's designated representative of the results of the investigation.

LEVEL II – Interior Investigation: Upon receipt of a burglar alarm signal from the Customer's premises, ADT, in addition to notifying the Police Department, will endeavor to dispatch a representative. The representative will conduct an exterior investigation and then enter the Customer's premises with keys which must be provided by the Customer and make an interior investigation. However, if there is evidence of an attack, the ADT representative will terminate his investigation until the police arrive.
