As her last job as President, Patty will settle the arrangements with SMT management and notify the club members.

This was the last meeting for the current officers. We thanked Patty for all her work as club President.

Next meeting - Wednesday, **July 11** Central Building – Lobby Conference Room. Nancy will present another installment of the series about the Bill of Rights Amendments that have been used against people of color.

Guests AngaLee commented that having a relaxed Toastmasters meeting is fine but the casualness of the format led to more 'uhms' and other speech lapses
