

# NE 45th Street viaduct closing

## Summer 2010

**Get ready for the closure:  
June 14 – Sept. 10**

The Seattle Department of Transportation (SDOT) will replace the west approach of the NE 45th Street viaduct this summer. The replacement work will require the full closure of the viaduct from June 14 - September 10. **During this time, you will be required to use alternate routes.** Please see the other side of this flyer to help plan your route during the closure.

The viaduct's existing 468-foot west approach is nearing the end of its structural life and needs to be replaced to maintain a safe and efficient travel corridor for vehicles, pedestrians and bicycles.
