

Mercer Corridor Project Stage 2 traffic switch to new Mercer St. lanes scheduled for January 9, 2012

Beginning January 9, 2012, eastbound traffic on Mercer St. will shift onto the new lanes of Mercer St. north of the existing lanes while crews rebuild the existing roadway. Three lanes of traffic will continue eastbound on Mercer St. with access to the I-5 on-ramps and Fairview Ave. N. Please note this work is weather dependant, further notification will be provided as the Stage 2 traffic switch date is confirmed.

Purpose: Allow reconstruction of underground utilities (water, sewer, gas, storm drainage, etc.), install new electrical and communications systems, reconstruct street and sidewalk, install new signals, signage, lighting, irrigation, landscaping, and urban design elements in preparation for two-way Mercer St.

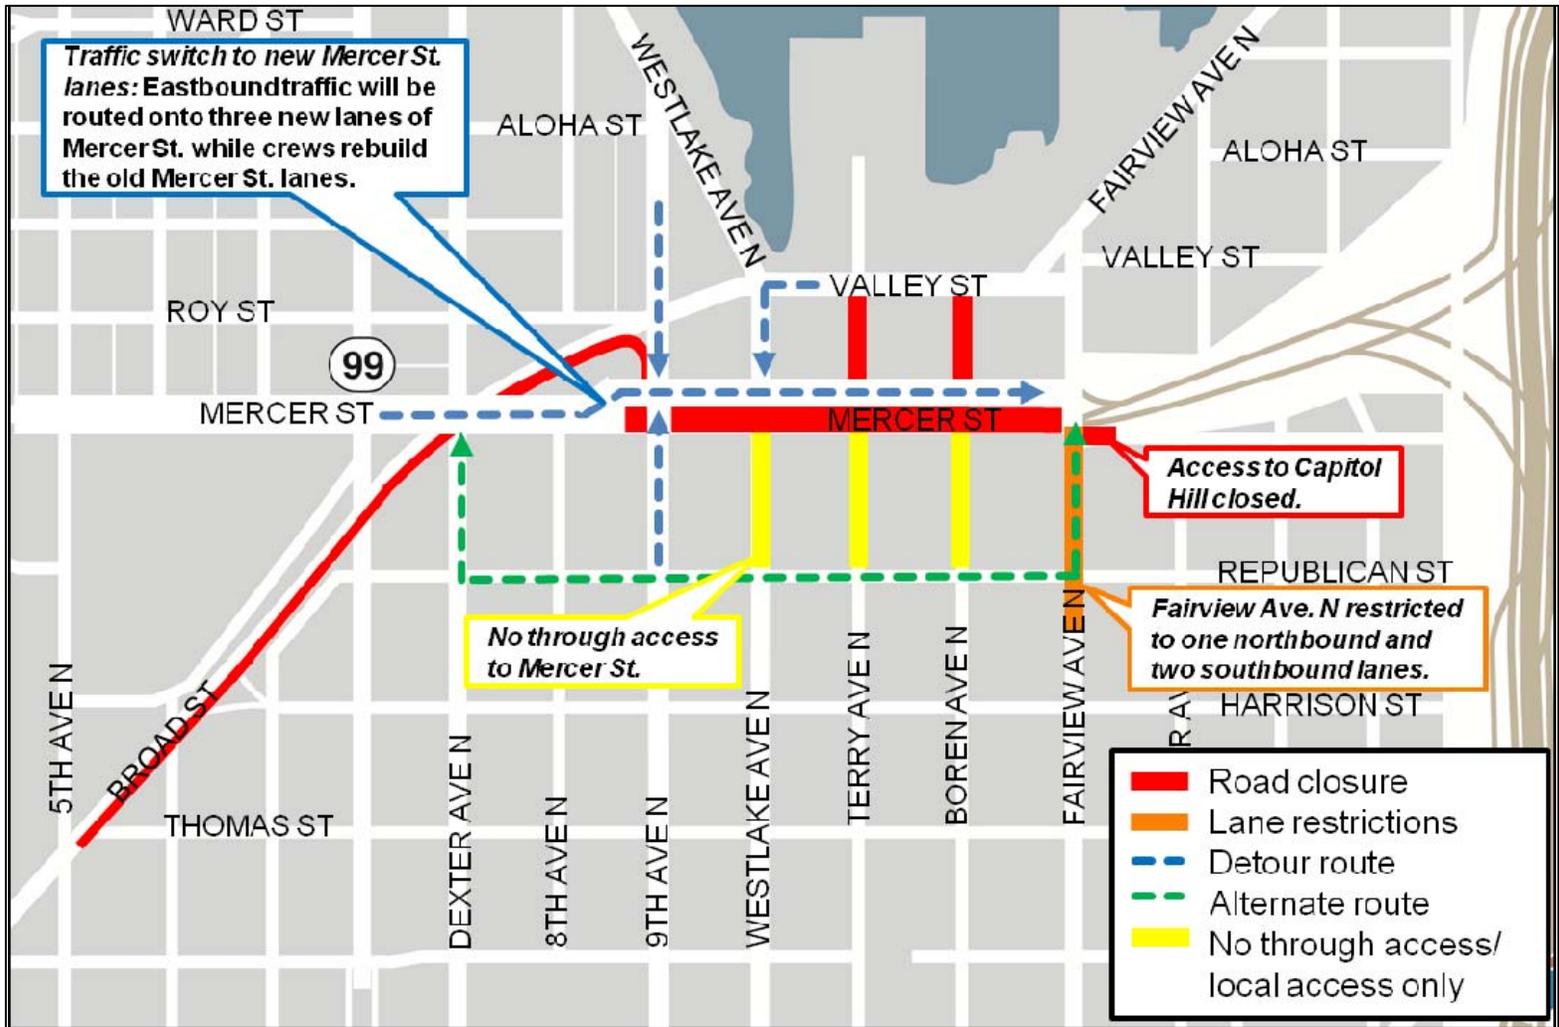

Duration: Through the fall of 2012.

Traffic Routing: Eastbound Mercer St. traffic will shift north to the new Mercer St. lanes and continue to the I-5 on-ramps and Fairview Ave. N. Westlake Ave. N, Terry Ave. N and Boren Ave. N will be local access only between Republican St. and Mercer St. **Access to businesses and residences with direct driveway or alley access onto Mercer St. will be maintained or otherwise coordinated directly with property owners and managers.**
