

CONSTRUCTION UPDATE – Please read carefully

Microsurfacing re-scheduled for Wednesday, August 10 and Thursday, August 11.

Dear Neighbor,

August 5, 2016

Thank you for your patience and understanding as we re-scheduled microsurfacing work in your neighborhood. Our contractor will apply a microsurfacing overlay to your street or a street near you on Wednesday, August 10 or Thursday, August 11. This will require your street or one near you to be closed for up to 8 hours between 7 AM and 5 PM on the date shown on the back of this notice; the average street closure is 4 to 6 hours.

Split schedule for NE 92nd St and 42nd Ave NE residents

On Wednesday, August 10, the contractor will microsurface 42nd Ave NE between NE 89th St and 9032 42nd Ave NE. The contractor will return on Thursday, August 11 to microsurface NE 92nd St between 9032 42nd Ave NE and 45th Ave NE.

Actions for residents

- Please follow posted “No Parking” signs and detours. Cars parked within the posted work area will be towed away at the owner’s expense.
- If you wish to use your car on the day you are scheduled for microsurfacing, we recommend you move it to a street not scheduled for work before 7 AM. Crews will sequence work to maintain access to the area.
- Please remove other personal items such as flower pots or outdoor furniture from the road.
- For their own safety, please keep children and animals away from the area while work is in progress.
- If it is your normal garbage, recycling, or yard waste day, please have bins to the curb by 6 AM to ensure pick-up. We will not affect pick-up.
- Please do not wash cars or water lawns the day before or during the work. Microsurfacing is less effective on a wet road.

What to expect

- Please keep in mind that once we have microsurfaced your street, you will not be able to use the street until it reopens to traffic.
- Emergency vehicles will have access to all streets at all times.
- If we are unable to maintain our daily schedule, you will be re-notified of the new date to microsurface your street.

If you have questions, contact our project team at 206-727-3669 (voicemail) or 2016Microsurfacing@seattle.gov.

Sincerely,

Art Brochet
