

## Business and Resident Online Survey – Key parking findings

The Seattle Department of Transportation (SDOT) conducted an online survey to better understand how parking and loads zones are used along the Westlake Corridor. While not a scientific survey, the information gives us some insight and can help us design a bike facility that works for all corridor users.

### Survey overview

Data collection dates	Feb. 11 through March 31, 2014
Postcards sent	Approx. 350
Survey respondents	525
Target audience	Business owners and residents in 1.2-mile Westlake Avenue N corridor

### Survey respondent demographics

Corridor affiliation	
Business	61%
Resident	30%
Both	9%
Business location	
East	71%
West	28%
Other	1%

## PARKING-SPECIFIC RESPONSES

### Employee parking statistics (check all that apply):

Free (City-owned)	59%
Paid (City-owned)	47%
Privately owned	38%
Other	16%
