

Please join the City of Seattle Department of Transportation (SDOT)
Tuesday, December 9th at 6:00pm for its Second Annual
Contractor Outreach Forum

Location: Northwest African American Museum
2300 S. Massachusetts Street – Legacy Gallery Room

Come learn about upcoming construction contracting opportunities; review design plans; meet the staff who will be managing and supporting SDOT projects; and hear an update on SDOT's new Construction Management Program.

In 2009, SDOT plans to award over \$200 million in construction contracts. You can find the list of projects and a breakdown of construction categories with potential subcontracting possibilities at:
<http://www.seattle.gov/transportation/contractlist.htm>

Forum objectives include:

- Create an opportunity for construction contractors to network with subcontractors
- Introduce construction contractors to new opportunities at SDOT
- Answer questions about the City's bidding and award processes, contract specifications and plans, and the City's eBid web site
- Provide opportunity for prime contractors to solicit subcontracts with small, women and minority-owned businesses
- Provide prime contractors with "Good Faith" acknowledgment on required Outreach Plan when submitting bids

Food and refreshments will be provided by the Museum's own in-house Executive Chef, Jemil Aziz Johnson. **You do not want to miss this Event!**

Questions? Contact George Frost, Public Outreach Coordinator, SDOT Capital Projects, at (206) 615-0786 or at: george.frost@seattle.gov
