

Construction Notice

Linden Avenue North Complete Street Project

North 128th to North 145th streets

August 29, 2012

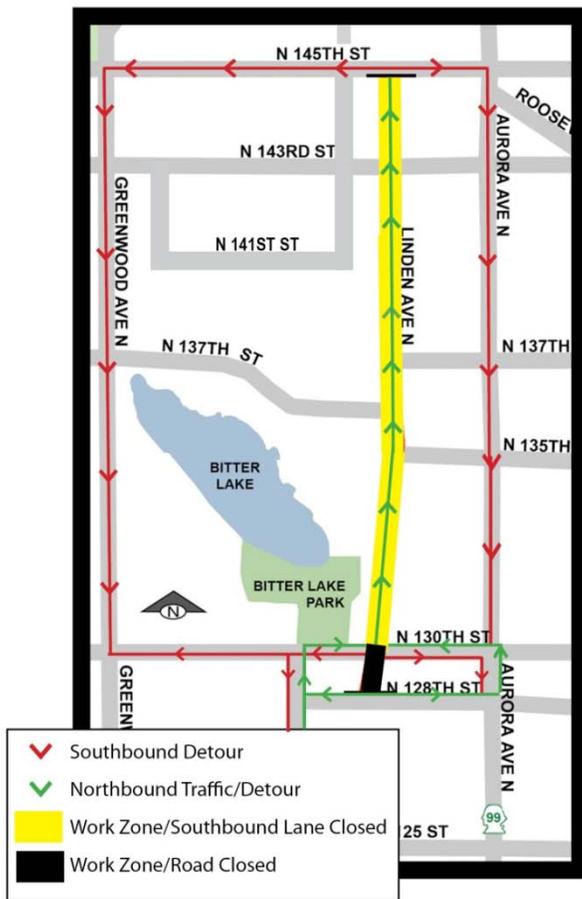

Construction between N 130th and N 135th begins Sept. 5

Linden Avenue N will be closed to southbound traffic between N 130th and N 135th streets starting Wednesday, September 5, for approximately six months. Crews will install a new storm drainage system and construct new roadway, curbs, gutters and sidewalks as part of the redevelopment of Linden Avenue North. Linden Avenue will remain open to northbound traffic.

The road will remain closed intermittently to all traffic between N 128th and N 130th streets as crews complete installation of the storm drainage system in the center of the roadway, construct sidewalks and complete grinding, paving and landscaping. The closures will continue until late September/early October, followed by one lane of northbound travel through mid-November to complete sidewalks and landscaping.

What to expect during construction:

- Southbound traffic will be detoured onto Aurora or Greenwood avenues via N 145th Street.

What to Expect During Construction:

All travelers are advised to use caution while traveling through the work zones and expect:

- Full and partial lane closures, detours and traffic delays
- Gravel roadways, grooved pavement and loose asphalt
- Raised utility castings and man holes in the street
- Increased construction truck traffic
- On-street parking restrictions 24 hours a day, seven (7) days a week
- Bicycle and pedestrian detour routes

Project Work Hours and Schedule

Normal work hours will be 7 a.m. to 6 p.m., Monday through Friday with occasional weekend work 9 a.m. to 6 p.m. Saturdays and Sundays.

Construction, southbound detours continue between N 135th and N 145th streets

For the next three months SDOT crews will continue working at the north end of the project area, between N 135th and N 145th streets, to complete paving, construction of sidewalks, curbs and bioswales. Southbound traffic will remain detoured (see detour map above left). The stretch of roadway between N 135th and N 141st streets will reopen to southbound traffic when crews are not working in that area.
