

Construction Notice

Linden Avenue North Complete Street Project

April 19, 2013

Final Paving April 22-24

Weather Dependent

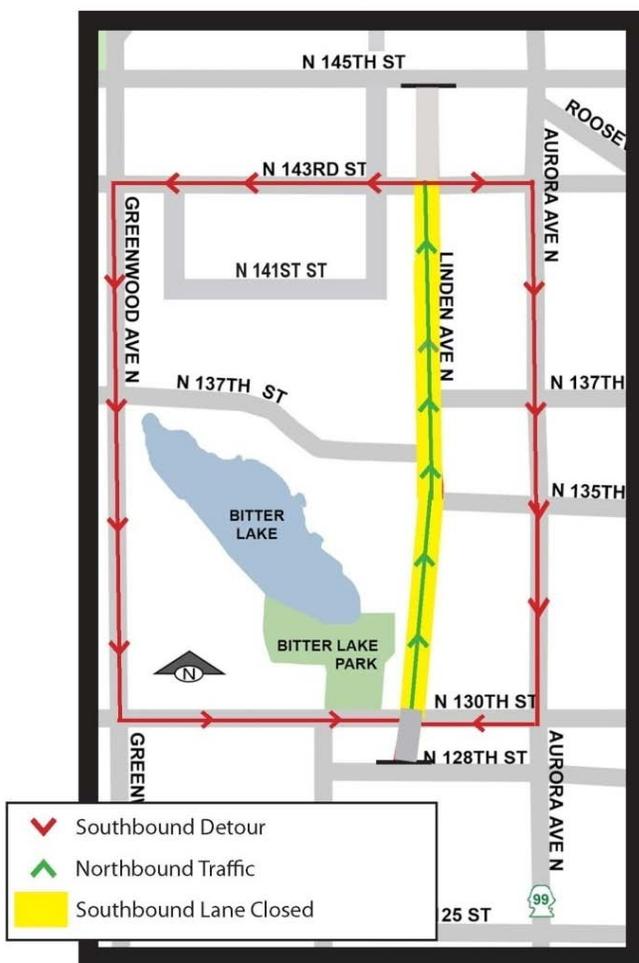

Final pavement overlay between N 130th and N 141st streets is scheduled for April 22-24. This work is weather permitting. The surface will then be inspected and allowed to solidify, followed by striping. This will require the detour to remain in place through April 26. Southbound traffic will be detoured at N 130th and N 143rd Street via Aurora Avenue North and Greenwood Avenue N (see map at left).

Other ongoing work

Over the next two and a half months crews will complete remaining sidewalk and landscaping work, as well as the cycle track. Parking restrictions will be in place along the corridor as needed.

Crews recently completed most of the sidewalks, curbs and gutters. Driveway paving between N 130th and N 143rd streets is now done plus pedestrian hand rails and new benches are installed. Seattle City Light (SCL) is also working on the 57 street lights the projects calls for.

The Seattle Department of Transportation (SDOT) is redeveloping Linden Avenue N between N 128th and N 145th streets into a neighborhood-friendly roadway that is safer for all users. Construction began June 18, 2012 and is complete between N 128th and N 130th and between N 143rd and N 145th streets. ***The entire project is expected to be complete by the end of June.***

What to Expect During Paving:

All travelers are advised to use caution while traveling through the work and should expect:

- Construction noise and dust
- Pedestrian detours
- Brief delayed driveway access (up to 15 minutes)
- Bicyclists merging with northbound traffic to share lanes with vehicles, or using sidewalks (must yield to pedestrians)
- Increased truck activity
- On-street parking restrictions 24 hours a day until paving and striping is complete

Work hours are 7 a.m. to 6 p.m., on weekdays
