### About Mark Fenton

Mark Fenton is an entertaining, persuasive, and knowledgeable walking advocate, and one of the nation's foremost experts on its favorite exercise. He was host of the PBS television series "America's Walking" and is a contributing editor to *Health* magazine. Mark worked as manager of research engineering at Reebok, and he has a number of books and publications related to exercise science, human performance, as well as physical activity promotion and the design of pedestrian- and bicycle-friendly settings.
