

Seattle Department of Transportation is organizing a street tree-planting project for the planting strip adjacent to your home. We invite you to participate,

AT NO COST TO YOU!

Please review the **THREE OPTIONS** listed on the back and contact us if you have a preference of tree.

**Please respond by
MARCH 5TH**

If we do not receive a response, we will plant a tree of our selection.

Number of trees proposed _____

CALL: (206) 684-TREE

EMAIL: seattle.trees@seattle.gov

MAIL: Seattle Municipal Tower

PO Box 34996

Seattle, WA 98124-4996

Site preparation and planting will take place during the months of March and April.

 City of Seattle

 **SDOT**
Seattle Department of Transportation

These beautiful trees are selected from the approved city tree list to provide the optimum amount of canopy coverage. They are small growing trees, so won't interfere with overhead wires.

Let us know your choice in the order of preference. They are as follows:

Prairiefire Crabapple -

Habit: Deciduous **Growth Rate:** Moderate
Site Requirements: Sun; tolerates a range of soil types but prefers moist well drained soil
Texture: Medium **Height:** 15 to 25'
Form: Upright, spreading, rounded
Leaf: Purple, becoming reddish green in summer - red fall color
Flower/Fruit: Red flowers in spring;
Red, 3/8" inch diameter fruit, persistent into the winter

Eastern Redbud -

Habit: Deciduous **Growth Rate:** Moderate
Site Requirements: Sun to partial shade; prefers moist, well drained soil but will tolerate a range of soil types
Texture: Medium to coarse **Height:** 20 to 30'
Form: Dense; flat topped to rounded crown; often multistemmed; zig zag horizontal branches
Leaf: 3 to 5" alternate, simple, heart shaped leaf; yellow green fall color
Flower/Fruit: Reddish purple buds; rosy pink pea-like flowers in clusters early spring before leaves emerge

Summer Charm Tree Lilac -

Habit: Deciduous **Growth Rate:** Moderate
Site Requirements: Sun; range of soil types including clay
Texture: Medium **Height:** 20 to 30'
Form: Upright with stiff habit; spreading branches; oval to rounded crown
Leaf: 2 to 6" opposite, simple leaves; nonshowy fall color

Flower/Fruit: Creamy white flowers in loose 12" panicles in mid-summer; fragrant; gold capsules in clusters last until midwinter

These trees will be planted and maintained by SDOT Crews, but we welcome your assistance in watering the trees for their first two years of establishment.
