Upcoming University Bridge Closures

As part of the Seattle Department of Transportation's (SDOT) Roosevelt Way NE Paving and Safety Project, the University Bridge will be closed to all traffic in July and August. The bridge will be closed on the following weekends, including night work:

- Friday, July 22 through Monday, July 25
- Friday, July 29 through Monday, August 1
- Friday, August 5 through Monday, August 8

SDOT is making improvements along Roosevelt Way NE between NE 65th Street and the University Bridge for people who drive, bike, walk and use transit.

CONSTRUCTION NOTICE

JULY 2016

Upcoming University Bridge Closures

Crews will close the University Bridge in July and August as part of SDOT's Roosevelt Way NE Paving and Safety Project. Closures may begin as early as 8 PM Friday evenings and continue through 5 AM Monday mornings.

The University Bridge will be closed the following weekends:

- Friday, July 22 through Monday, July 25
- Friday, July 29 through Monday, August 1
- Friday, August 5 through Monday, August 8

WHY IS THE UNIVERSITY BRIDGE CLOSING?

The University Bridge is closing so crews can safely and efficiently install and repair pavement in the approach sections of the bridge including the bike ways. Crews will also complete other maintenance activities on the University and Campus Parkway bridges.

Three weekend closures are necessary so crews can grind off the old pavement then inspect and make any repairs to the base layer of concrete and the expansion joints. Once this work is complete, crews will overlay the new pavement and allow time for it to cure.

HOW DO I GET AROUND?

Detours will direct traffic to the Montlake Bridge. Please see the map to the right for suggested detour routes. The pedestrian and bicycle detour may change due to UW construction.

King County Metro bus routes will be rerouted – visit http://metro.kingcounty.gov/alerts/ to learn more.

Link light rail service is also an alternative option - visit www.soundtransit.org/.

WHAT TO EXPECT DURING CONSTRUCTION

- University and Campus Parkway bridges will be fully closed to all traffic between 40th St NE and Fuhrman Ave E
- All traffic will be detoured to the Montlake Bridge.
- Construction activities over the third weekend closure are weather dependent and may be rescheduled to a subsequent weekend
- Cyclists and motorists should be aware of a rough pavement surface on the bridges between the first weekend closure (July 22-25) and the final weekend closure (August 5-7 or later if postponed due to weather)
- Typical impacts of construction including noise, dust, increased truck activity and lights during the night time

We will continue to work directly with residents and businesses on Roosevelt Way NE during construction, sending weekly email updates and keeping the project webpage up to date.
