GREENWAYS
Y U DISTRICT

12TH AVENUE NE SAFETY IMPROVEMENTS

The Seattle Department of Transportation (SDOT) is seeking input about a proposed neighborhood greenway in the U District and creating a connection for people who walk or ride bikes between Ravenna Boulevard and the Burke-Gilman Trail. Initial review of data, including the 2013 *U District Urban Design Framework* report and visits to the neighborhood suggest 12th Avenue NE would work well, and we want to hear your thoughts. Improvements being considered include:

- Crossing improvements at NE 50th, 47th, 45th, and 43rd streets
- Traffic calming with speed humps (about one per block) and 20 mph speed signs
- New stops signs to control east-west residential street traffic crossing the greenway
- Sidewalk and pavement repair

Proposed Greenway Route and Improvements

NEIGHBORHOOD GREENWAYS

Residential streets made safer and more comfortable for people of all ages and abilities to walk and ride bikes.

Greenways can include a combination of the following elements:

- Signs and bicycle sharrow markings
- Sidewalk and pavement repairs
- Traffic signal improvements
- Bicycle parking
- Speed humps
- Curb ramps
