Engineering firms sought for bridge study

SEATTLE -- The city is requesting statements of qualifications from engineering firms to perform a **Magnolia Bridge** replacement project study. The project includes civil engineering, structural engineering, community involvement, geotechnical engineering, environmental assessment and traffic engineering. The first phase of the study is expected to be between \$650,000 and \$700,000. Submission forms are available online at www.cityofseattle.net/citybid or by contacting project manager Kirk T. Jones, who can be reached at (206) 615-0862 or kirkt.jones@ci.seattle.wa.us. An advertisement for this project appears in today's Daily Journal of Commerce.
