

# Sidewalk restoration on the south side of Mercer St.

## Construction Notice

### Mercer Corridor Project Mercer West Construction

March - April 2015

Sidewalk along the south side of Mercer St. between 3rd Ave. N and 4th Ave. N will be closed for restoration starting March 23 for approximately two weeks. For your safety, please follow detour routes and cross the roadway at designated crossings.

#### Anticipated conditions:

- The sidewalk on the south side of Mercer St. will be fully closed from 3rd Ave. N to just past the stairs in front of Marion Oliver McCaw Hall. The stairs will also be closed and fenced during the work.
- Pedestrian access to McCaw Hall will be maintained from 4th Ave. N via the McCaw Hall elevator, from 3rd Ave. N via the Phelps Center ramp, and from the Mercer Garage via the overhead walkway on level C. If you park in the Mercer Garage, use the overpass to access McCaw Hall. This is the most direct route.
- The load/unload zone will remain open to the west of 3rd Ave. N. The east half of the load/unload zone (east of 3rd Ave. N) will be closed.
