

# Pedestrian detour routes on Mercer St. and Dexter Ave. N

Construction Notice

Mercer Corridor Project  
Mercer West Construction

April – June 2015

As early as Monday, April 13, crews will begin working on the east side of Dexter Ave. N at Mercer St. to finalize signal improvements. The wall structure near the SR 99 bridge underpass is being reinforced. Work is expected to continue through June 2015.

## Anticipated impacts include:

- Crosswalks and sidewalks adjacent to the work zone will be temporarily closed and pedestrian traffic detoured up to two blocks around the closure.
- Please obey all closure and detour signage.
