

Closure of westbound West Mercer Street begins Monday, January 6, for approximately five days

Beginning as early as Monday, January 6, crews will complete deep drainage work on West Mercer Street between 4th Avenue W and 5th Avenue W as part of the Mercer Corridor Project.

Westbound West Mercer Street between 4th Avenue W and 5th Avenue W will be fully closed beginning the morning of Monday, January 6, through the morning of Friday, January 10.

Anticipated impacts include:

- Westbound traffic on West Mercer Street will be detoured south on 3rd Avenue W and then westbound on Harrison Street to reconnect to Elliot Avenue W.
- Eastbound traffic on West Mercer Street will be maintained at all times.
- Travelers heading toward the Elliott Avenue W and 15th Avenue W corridor from I-5 should utilize Denny Way or 9th/Westlake Avenue N and Nickerson Street as alternate routes.

Westbound West Mercer Street closed between 4th Avenue W and 5th Avenue W
