

Construction Notice

Mercer Corridor Project Mercer East Construction

June 3, 2011

Beginning in the fall of 2010 major sewer work was underway at 9th Ave. N and Republican St.

Work was completed and the intersection re-opened in April 2011.

9th Ave. N. Construction Progress

Work to replace a nearly 100-year-old sewer line along 9th Ave. N between Aloha St. and Republican St. is now complete. The sewer bypass system at the intersection of 9th Ave. N and Aloha St. has been removed and the intersection of 9th Ave. N and Republican St. was re-opened to traffic in April.

What's Next?

- **Continued utility work:** Installation of underground electrical and communications lines as well as storm drain, water, and gas lines on 9th Ave. N between Aloha St. and Broad St. Businesses will be converted to underground power and communications. **Access to businesses will be maintained during construction.**
- **Complete roadway and sidewalk reconstruction on Westlake Ave. N north of Aloha St. and on 9th Ave. N between Aloha St. and Mercer St.:** This work includes new roadway and sidewalks, new street lights, signage, and landscaping.

Reminder: The next full weekend closure of the I-5 on- and off-ramps at Mercer St. is scheduled June 17-20; hours are expected to be Friday at 11:00 p.m. to Monday at 5:00 a.m.
