

Pedestrian detour routes on Mercer St. and Dexter Ave. N

Construction Notice

Mercer Corridor Project Mercer West Construction

February - May 2015

As early as February 16 crews will work to reinforce the wall structure near the SR 99 bridge underpass and complete sidewalk improvements on Mercer St. and Dexter Ave. N. Work is expected to continue through spring 2015.

Anticipated impacts include:

- Crosswalks and sidewalks adjacent to the work zone will be temporarily closed and pedestrian traffic detoured up to two blocks around the closure. Please obey all closure and detour signage.
- Local access to businesses on the west side of Dexter Ave. N will be maintained from Roy St. and Republican St.
