

Waterfront Seattle Project

DRAFT Design Meeting Schedule over the next 6 months:

25th January, 2011

DO = Design Oversight Sub-Committee

EC = Central Waterfront Executive Committee

PM = Public Meeting

CWS = Central Waterfront Stakeholders Group

CWC = Central Waterfront Committee

January 27th **CWC** + **CWS**: Site Issues and Use Patterns;

February 17th: **PM** First Public Event, Site Issues and Use Patterns, and Goals, Objectives and Aspirations;

Late-February (TBD): **DO**: Framework Plan Concepts and Identity Concepts;

March 21-25 (TBD): **DO** + **CWS**: Public Realm Concepts, Programming Concepts & Art Plan Concepts;

Mid-April (TBD): **DO** + **CWS** + **EC** + **CWC**: Public Realm Integrated with Street and Seawall Design Concepts;

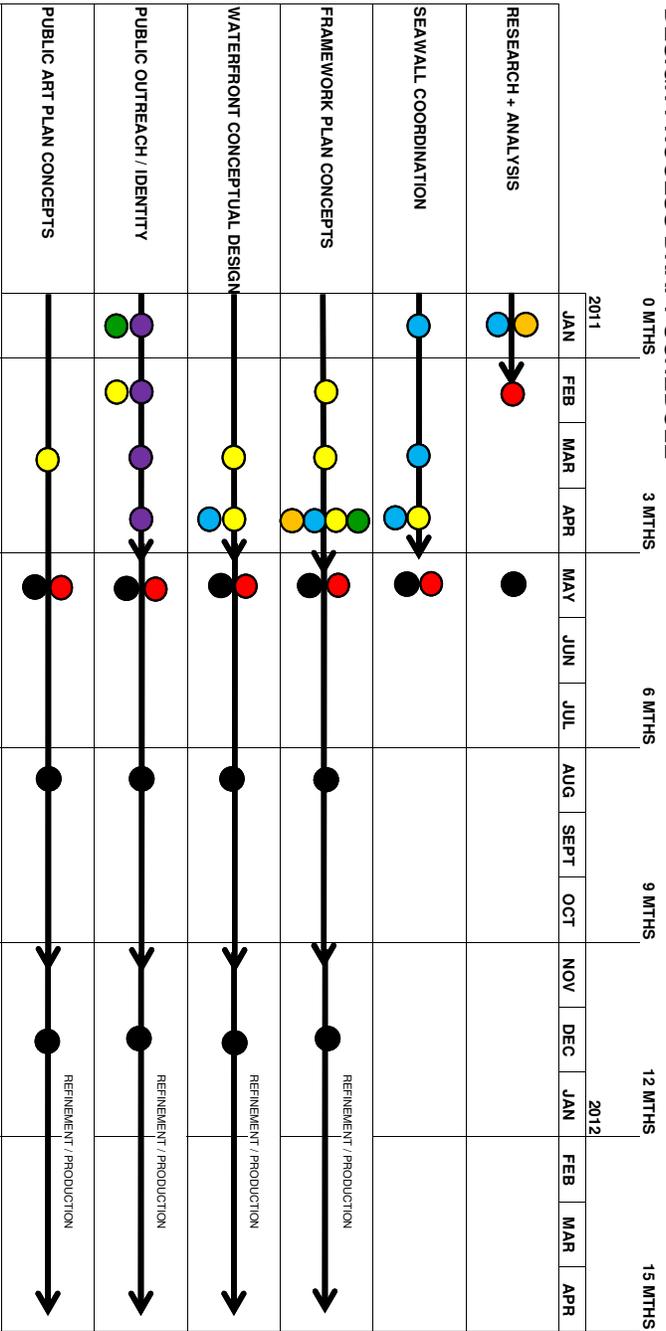

Late-May (TBD): **PM**: Framework Plan and Public Realm Design Concepts;

The aim is that by the end of April we have developed:

- Analytic Review of Site Conditions, Use Patterns and Collation of Data – all graphically summarized through maps, plans, diagrams and photographs;
- First Iteration of Framework Concepts, including primary structural elements, connective linkages, nodes, and overall design approach to the waterfront and relationship to the city and neighborhoods;
- First iteration of Concept Design, including the vision, the big ideas, key physical features, key places, linkages, programming and preliminary street design concepts;
- A large-scale, physical working model for the site;
- Integrated coordination with the seawall team and design recommendations;
- Preliminary Art Plan concepts;
- Identity and Communication Design;
- Two public meetings;
- Scope and process specifics for subsequent work necessary over the following 12-months to complete the Framework and Concept Design;

Following this first stage through April 2011, we would anticipate continuing to meet with the **DO** monthly to continue a dialogue on design studies and development of concepts. We would anticipate meetings with the **EC** and **CWC** every 3 months, or quarterly.
