The SODO Action Agenda is a planning project being led by the City of Seattle Office of Economic Development. The goal of the Action Agenda is to support the businesses and employees that make up the SODO community by helping them to better define their priorities for transportation, freight mobility, pedestrian safety, and public safety. The Action Agenda will provide input to the City of Seattle and other agencies to identify and implement priority projects and programs which have broad community impact and support.

The City of Seattle wants to hear your ideas. Information about the project will be presented and public input will be gathered regarding issues and priorities.

A complimentary lunch will be provided.*

FREE PARKING will be available in the NORTH LOT. You MUST print and bring the attached PARKING PASS. There will be people at the West VIP area next to the parking lot on the west side of the stadium to direct you to the event. You may also park on the street.
