

# Zone 1

## Pioneer Square / Washington Street Zone

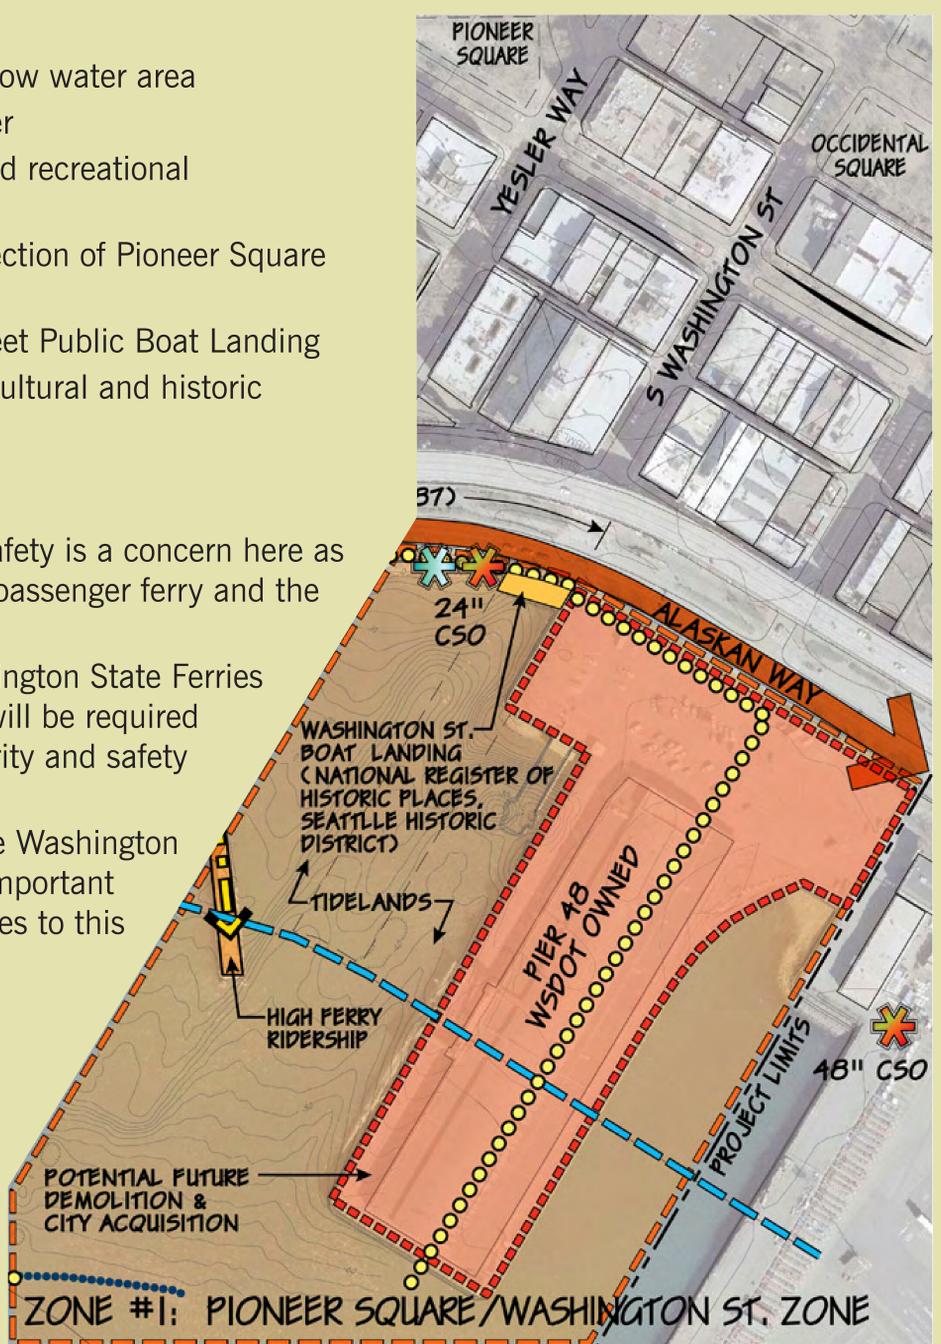

### Opportunities and Challenges

#### Opportunities:

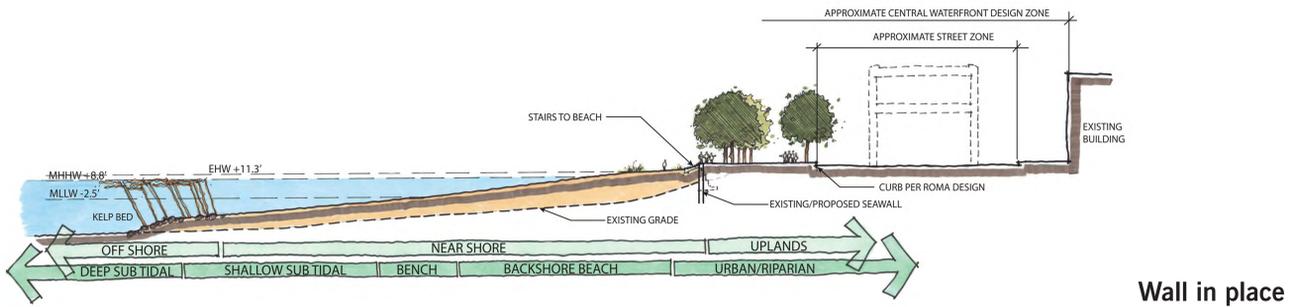

- Enhance habitat in shallow water area
- Bring people to the water
- Provide new, water-based recreational opportunities
- Support improved connection of Pioneer Square to the water
- Restore Washington Street Public Boat Landing
- Develop focal point for cultural and historic interpretation

#### Potential Challenges:

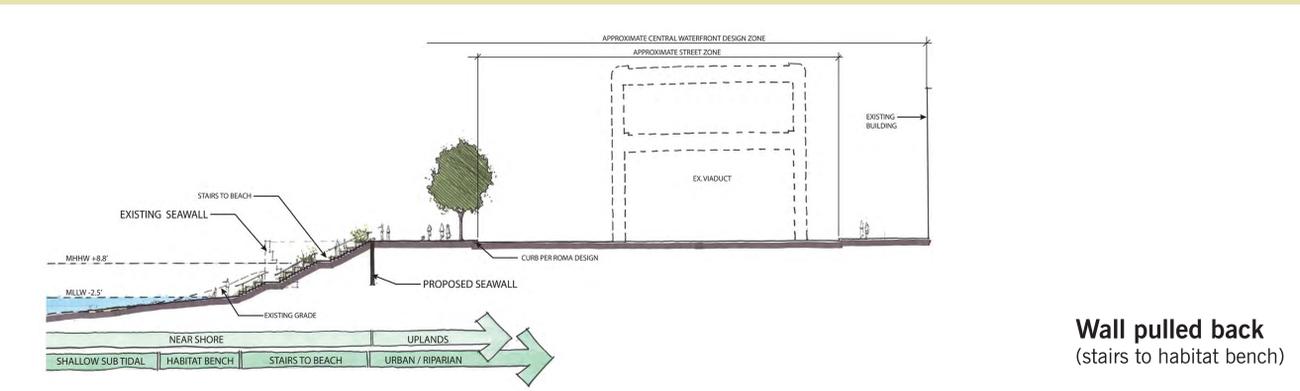

- Non-motorized boater safety is a concern here as the zone is close to the passenger ferry and the ferry terminal.
- Coordination with Washington State Ferries and the Port of Seattle will be required to assess potential security and safety concerns.
- The historic listing of the Washington Street Boat Landing is important when considering changes to this zone.

### Example Options for Wall Placement

Wall in place

Wall pulled back (stairs to habitat bench)

#### Possible Design Elements:
