

Zone 4

Park / Aquarium Zone

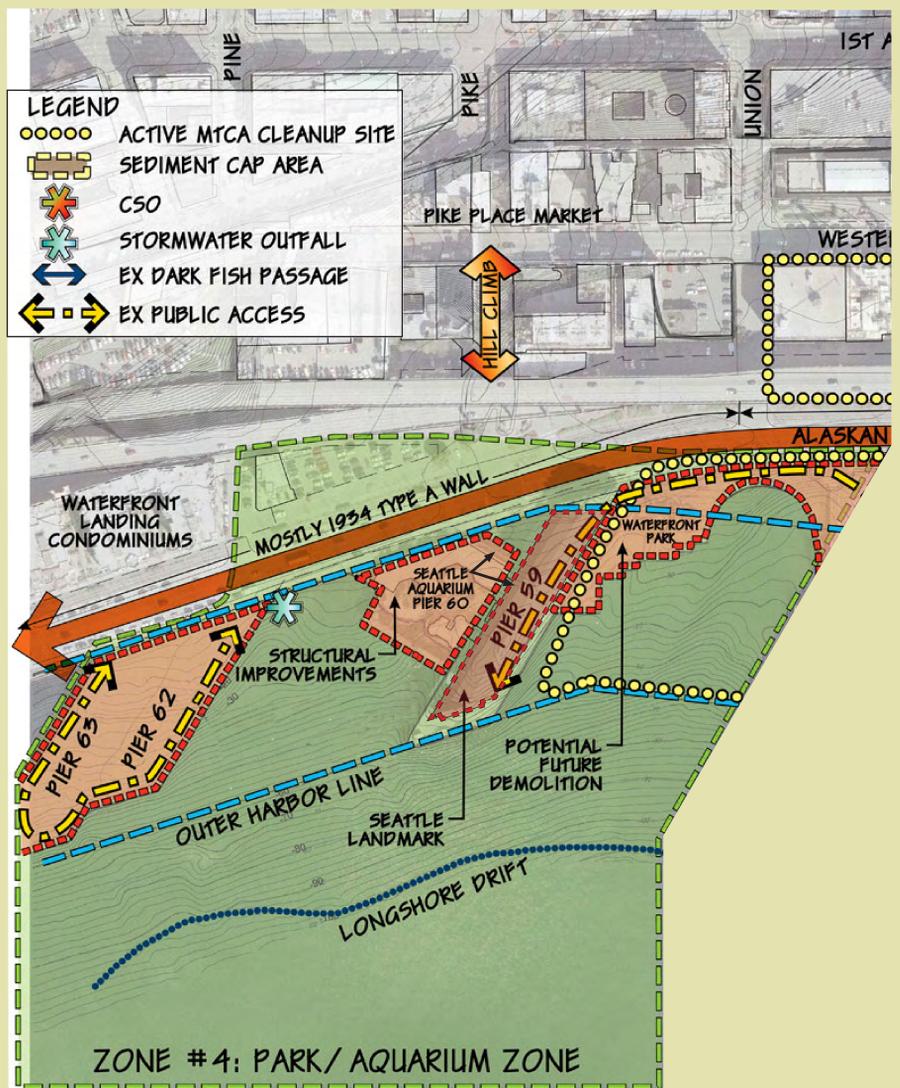

Opportunities and Challenges

Opportunities:

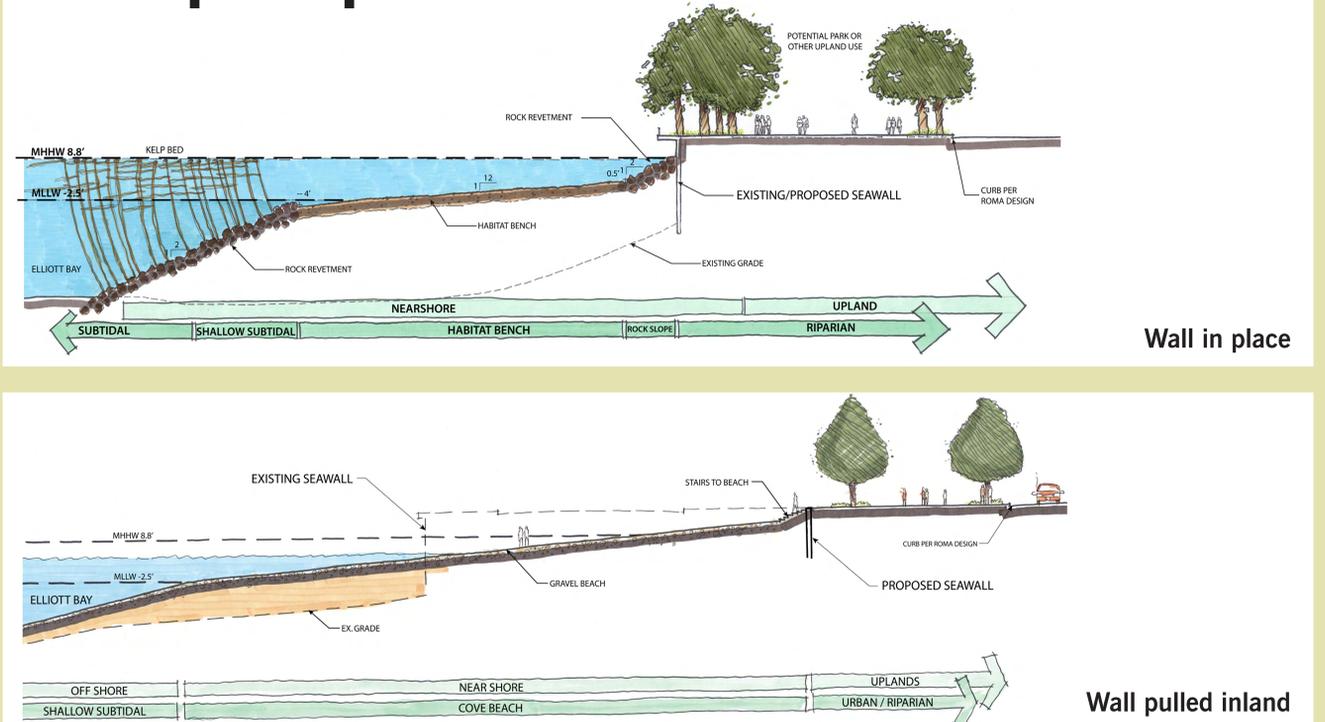

- Supports a future civic space that connects to the water
- Bring people to the water
- Provide new, water-based recreational opportunities
- Support future improved connection from Pike Place Market to the water
- Expand shallow water habitat
- Develop educational and interpretive opportunities

Potential Challenges:

- Touchpoints need to be designed to prevent public access underneath pier structures.
- Timeline for replacement of Waterfront Park and Pier 62/63 is unknown.

Example Options for Wall Placement

Possible Design Elements:
