SDOT is working in Columbia City to improve parking in and around the business district along Rainier Avenue. Your comments on this survey will help us understand more about current parking and transportation. There will be additional ways to share your ideas throughout 2016. For more information, see the project website.

In addition to the survey, SDOT staff will be holding a parking and access drop-in session at the multipurpose room at PCC (3610 S Edmunds St.) on **Saturday, February 20th from 9:30 AM – 11:30 AM**. Come join us and share your questions and comments in person. To request interpretation or accommodations, please contact us by February 15.
