

FIRST HILL PARKING STUDY FINDINGS – SWEDISH HOSPITAL AREA

**First Hill Community Parking Project
Swedish Area Average Utilization**

Parking Utilization

- 0 - 25%
- 26 - 50%
- 51 - 75%
- 76 - 100+%

SUMMARY TABLE

Parking type for survey area	# of spaces studied	Average utilization (8AM-6PM)	Peak utilization & time	Compliance with posted time limit
1-hr time limit sign	4	93%	125% 9AM	31%
2-hr time limit sign	25	83%	92% 5AM	44%
2-hr meter	5	24%	80% 5PM	64%
2-hr pay station	39	62%	69% multiple times	75%
Unrestricted	70	92%	94% multiple times	n/a (no time limit)
TOTAL	143			

Restricted Parking Zone (RPZ) Findings

# of spaces	Parked @ 5AM			Parked between 8AM-6PM		
	# parked	# RPZ permits	Compliance Rate	# parked	# RPZ permits	Compliance Rate
25	22	11 (50%)	88%	28	1 (3%)	44%

- People park in unrestricted spaces for about 3 hours, on average
- Time limited and unrestricted spaces are full throughout the day
- Paid parking spaces are moderately used and have the highest compliance
- RPZ spaces are mainly used by non-residents during the day

Data collected April 2009 (weekdays); counts taken at 5AM, and hourly between 8am and 6pm
