FINAL NOTICE: West Seattle Junction Parking Changes

SDOT Director of Traffic Management
CHARLES BOOKMAN,

Sincerely,

Dear West Seattle Junction residents, businesses, and property owners,
In December 2008, the Seattle Department of Transportation's (SDOT) Community Parking Program began engaging the West Seattle Junction community to improve on-street parking.
Since then, SDOT staff have attended several community meetings, conducted a parking study, developed proposed changes, and received feedback from the neighborhood.
After reviewing and considering community comments, SDOT has decided on a final parking plan to improve access to customer parking. Look inside for details and when the plan will take effect.
