

# **Seattle's Urban Blueprint for Habitat Protection and Restoration**

December 2003

Prepared by

**City of Seattle's  
Salmon Team**

700 Fifth Avenue, Suite 4900  
Seattle, WA 98104  
(206) 233-5176

## ACKNOWLEDGMENTS

The City of Seattle wishes to express our thanks and to acknowledge our extensive use of information from the *Draft Reconnaissance Assessment – Habitat Factors that Contribute to the Decline of Salmonids (2001)* by the WRIA 8 Greater Lake Washington Technical Committee (2001) and our extensive use of information from the Review Draft of the *State of the Nearshore Ecosystem: Eastern Shore of Central Puget Sound, Including Vashon and Maury Islands (WRIAs 8 and 9)* prepared for the WRIA 8 and 9 Nearshore Technical Committee (2001). Seattle respects the superior quality of the scientific information that the two Committees and their individual scientists have published in these pioneering documents. We wish to incorporate this knowledge into the City's future efforts and to build upon it.
