NOTICE OF RULEMAKING

Under authority of Seattle Municipal Codes 22.800-22.808, 21.16, 21.04, 23.76.022.C, and 3.32.020, notice is hereby given for a proposed Director's Rule of Seattle Public Utilities (SPU). The SPU Director proposes to adopt Director's Rule ENG-430.1 "Utility Main Extension Dispute Process" and requests public review and comment.

SPU establishes the utility main extension requirement during building and land use permitting. Extensions apply to water and drainage and wastewater, which includes the public sanitary sewer, public combined sewer, and public storm drain systems. The rule will establish and outline the procedure when an applicant disputes a utility main extension requirement.
