

JOIN US AT THE MORGAN JUNCTION FESTIVAL!

We need to hear from you!

Community involvement is essential in developing the new open space at 6311 California Ave. SW, adjacent to Morgan Junction Park.

The design firm, Board & Vellum, has been hard at work incorporating your input from the first open house and on-line survey to develop the three concept designs. We are excited to present them at the festival. Please stop by our booth at the festival and provide feedback.

After the festival, we will post an on-line survey to gather input from people unable to attend. Following community input from this open house and the survey, we will develop and present a preliminary preferred design at a third community meeting, yet to be scheduled. The goal of the design is to provide an accessible park for all with impervious surface of the park site limited to 15% or less to minimize the effect of water run-off.

SATURDAY, JUNE 22, 2019 10 A.M. - 4 P.M.

MORGAN JUNCTION FESTIVAL AT MORGAN JUNCTION PARK, 6413 CALIFORNIA AVE SW, SEATTLE, WA 98136
