Mr C.H. Birney
115 W Olympic Pl.
Seattle Wash 98119
Oct 24 1964
NOV 25 1964

The Hon. Mayor
City of Seattle.

Sir after much thought, I am compelled to write in protest your appointment of a negro as judge in Seattle. I base my objection solely on the basis of Race, for the simple reason, I personally do not believe any negro is worthy or qualified to judge members of the white Race. Much as we hear about open housing and white people opposition on the grounds of decline in property values, their real opposition is in the fact they want to keep themselves and their children removed from negro influence, even though they hesitate to say so publicly. A good part of your vote for Mayor came by your stand against open housing. You will notice that having negro Block voting districts, no negro can get elected to

...office, in these United States,
if they get a public office, it
generally through the back door
by appointment. The last election
should convince the integrationists
beyond doubt, that white people
by a large majority reject integration
(15) (California prop 13) (Akron
Ohio) (Detroit) (Seattle)
(Tacoma) any where it has been
on the ballot, it has been defeated
except in Maryland, where the Negro
pushed it through, and in despite
of die warnings, threats, etc from
church, press, and other media.
I therefore respectfully submit
this letter to you, in protest
against the appointment of a
Negro judge in the City of Seattle.

Yours truly
C.H. Birney

Oct. 24, 1964

The Hon. Mayor, City of Seattle:

Sir,

After much thought, I am compelled to write in protest [sic] your appointment of a Negro as Judge in Seattle. I base my objection solely on the basis of race for the simple reason I personally do not believe any Negro is worthy or qualified to judge members of the white race. Much as we hear about open housing and white people's opposition on the grounds of a decline in property values, the real opposition is in the fact they want to keep themselves and their children removed from negro influence, even though they hesitate to say so publicly. A good part of your vote for mayor came by your stand against open housing. You will notice that barring Negro Bloc voting districts, no negro can get elected to any office in these United States. If they get a public office it's generally through the back door, by appointment. The last election should convince the integrationists beyond doubt, that white people by a large majority reject integration. (IE) (California Prop 14) (Akron Ohio) (Detroit) (Seattle) (Tacoma). Anywhere it has been on the ballot, it has been defeated except in Maryland where the Negro pushed it through, and in despite of dire warnings, threats, etc. from church, press and other media.

I therefore respectfully submit this letter to you in protest against the appointment of a negro judge in the City of Seattle.

Yours truly,
C.H. Birney
