Good afternoon Ms. Davis,

The Review Panel has a time at the beginning of each meeting for Public Comment. If you would like to come to the next meeting to present your concerns regarding Smart Meters please do so. There is generally a three minute time limit per person but we can be flexible within reason.

Meeting details follow:

Tuesday, March 28, 2017
11:00 a.m.
700 Fifth Avenue, Room 3205

If you require additional information please let us know.

Thank you.

Subject: Seattle City Light Opt-Out plan for Smart Meters

Dear Mr. Buchanan,

I am writing to ask to speak with you before the Tuesday City Light Review Panel meeting. I understand that you are the residential customer representative on that panel. There are several reasons a prudent person might object to the installation of Smart Meters—privacy, safety, health, rate increases. Seattle City Light's current opt-out plan is punitive to those who make the choice to opt-out. I have exchanged emails with the leaders of the Advanced Metering System project without any apparent influence. I would like to explain to you, briefly, both my reasons for opting out and my reluctance to be taken advantage of through the current opt-out plan.

I will make myself available to fit your schedule. Thank you for the effort you put in to protect and defend residents of Seattle.

Sincerely,

Mary Davis
