 U.S. Department of Homeland Security

All Hazards Disaster Recovery Workshop

Best Practices, Policies and Planning for the Local Level

AGENDA

Planning for long-term, holistic disaster recovery is gaining increasing attention at all levels of government. While new national-level guidance is being prepared, challenging questions confront the local level.

This event will center on presentations and discussions aimed to educate, inspire and offer experience-based guidance with the goal of helping jurisdictions and partner agencies take the next step towards developing recovery plans.

7:30 - 8:30 a.m.	Registration	
	Presentation	Speakers
8:30 - 8:45 a.m.	Welcome & Introductions	Barb Graff , Director Seattle Office of Emergency Management Room 607
8:45 - 10:00 a.m.	Advance Planning for Recovery What forms of leadership are necessary to help communities to “Act in Time” in the face of large-scale risks? What areas of advance planning and effort tend to be most underrepresented in most communities – and what forms of leadership are needed to rebalance efforts and generate a better-designed portfolio? This session will focus on the general challenges of acting in time, with special emphasis on the importance of “advance recovery” – efforts that can be undertaken in advance of an event that will accelerate recovery after the event.	Keynote Speaker Professor Dutch Leonard Harvard University, Kennedy School of Government Room 607
10:00 - 10:15 a.m.	Break	
10:15 - 11:00 a.m.	Disaster Recovery - Facilitated Discussion Participants will be led through a guided discussion on three core questions in disaster recovery that will serve as the theme for the rest of the Workshop.	Facilitator: Bill Lokey James Lee Witt Associates Room 607
11:00 - 11:15 a.m.	Break	

	Presentation	Speakers
11:15 - 12:30 p.m.	<p>Lessons Learned in All Hazard Recovery</p> <p>This session will focus on lessons learned in recovery from past area-wide disasters including the 1989 Loma Prieta Earthquake, the 2008 Iowa Floods, Gulf Coast Hurricanes, as well as observations on the recent BP oil spill.</p> <p>The panel includes experts from around the country representing perspectives of emergency management, city planning and policy, healthcare, etc. We will reprise the themes from the earlier facilitated discussion.</p>	<p>Expert Panel:</p> <p>Charlie Eadie Hamilton Swift & Associates Santa Cruz, CA</p> <p>Heather Hilliard State of Louisiana, Department of Health and Hospitals, Office of Public Health</p> <p>David Miller, Iowa Homeland Security and Emergency Management Division</p> <p>Room 607</p>
12:30 - 2:00 p.m.	<p>Lunch Whole of Community Planning for Catastrophic Events</p> <p>Planning and preparing for catastrophic events requires strong partnerships between Federal, State and local governments, the private sector and non-governmental organizations. The threats and hazards facing governments, businesses, families and individuals demand a holistic approach that is inclusive of the needs of all community members. Aligning preparedness efforts through Federal, State and local governments, the private sector entities and non-governmental organizations is critical for building stronger, more resilient communities.</p>	<p>Keynote Speaker: Tim Manning, FEMA Deputy Administrator for Protection and National Preparedness</p> <p>Room 4A</p>
2:00 - 4:15 p.m.	<p>World Café: Building Partnerships for Disaster Recovery</p> <p>Facilitators will lead participants through a series of dynamic small group conversation designed to inspire new ideas, connections and insights aimed at strengthening partnerships and networks that contribute to successful community-wide disaster recovery.</p>	<p>Facilitated by:</p> <p>Susan Partnow and Andrea Cohen</p> <p>Room 607</p>
4:15 - 4:30 p.m.	Break	
4:30 - 5:30 p.m.	<p>Tools and Models for Recovery Planning</p> <p>What resources are available in support of recovery planning at the local level? This session will highlight a technology tool (PATH/AWARE) and its application to recovery decision support, as well as Federal planning guidance such the National Disaster Recovery Framework.</p>	<p>Lynn Yang, Sandia National Laboratories Jean Chaney, FEMA Region X</p> <p>Room 607</p>
5:30 - 5:45 p.m.	Closing Remarks	
6:00 - 8:00 p.m.	IBRD Social Event
