							Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security																	
Finance & Administrative Services	PW#2016-028	Seattle Municipal Tower Side Sewer Replacement	\$652,268	Q1 2019	Kevin Sahara 684-8094	Replacement of broken side sewer pipe.	X	X	X							X																								
Finance & Administrative Services	PW#2017-057	City Hall Lighting Upgrade Installation	\$200,000	Q1 2019	John Sheldon 684-5494	This installation will transition existing lighting in City Hall Council Chambers to Light Emitting Diode (LEDs) fixtures to improve performance and sustainability.																																		
Finance & Administrative Services	PW#2018-059	SPU DWW South Operations Center	\$23,700,000	Q1 2019	Kate Spitzer 733-9065	Site improvements and renovation to existing maintenance office and warehouse buildings in order to create a new operations facility for SPU drainage and wastewater crews and management personal and their fleet vehicles. The project constitutes a major renovation and will meet the LEED gold sustainability goals. This project utilizes a Community Workforce Agreement (CWA).					X									X																				
Finance & Administrative Services	PW#2018-069	Seattle Municipal Tower Chiller Plant Replacement	\$13,800,000	Currently Under Review Prior to Advertisement	Joan Hitchner 233-3884	Replace chilled water plant serving the Seattle Municipal Tower. This project utilizes a Community Workforce Agreement (CWA).															X																			
Finance & Administrative Services	PW#2018-082	Fire Station Ventilation - Joint Training Facility and Fire Stations 10 & 40	\$360,000	Q1 2019	Everett Spring 684-8197	Upgrade vehicle exhaust source capture systems in equipment bays at three fire stations.																X																		
Finance & Administrative Services	PW#2018-096	Seattle Municipal Tower Floor 14 Lockers, Showers and Toilets	\$495,000	Currently Under Review Prior to Advertisement	Everett Spring 684-8197	Build lockers, showers and toilets in a portion of unfinished shell space on the 14th floor of the SMT. Work includes selective demolition, minor concrete work, doors, windows, framed walls, suspended ceilings, finishes, lockers, mechanical piping & fixtures, HVAC, water heating quipment, fire suppression, electrical wiring & devices, and fire alarm.																X																		
Finance & Administrative Services	PW#2019-005	City of Seattle-SPU Haller Lake Grits Pit Cover	\$488,485	Currently Under Review Prior to Advertisement	Michael Johnson 386-1367	Provide structural steel framed, metal roof covered canopy over existing Grits Pit facility.																X																		
Finance & Administrative Services	PW#2019-007	SPU Meter Shop Improvements	\$495,112	Q2 2019	David Jackson 386-4572	Roof replacement and rooftop mechanical equipment replacement at SPU's Meter Shop.																X																		
Finance & Administrative Services	PW#2019-012	Fire Station 31 Expansion – Bunker Gear	\$415,000	Q3 2019	Kate Spitzer 733-9065	Project scope includes creation of a new bunker gear storage room, storage room and domestic laundry room within the existing basement of Fire Station 31.																X																		
Finance & Administrative Services	PW#2019-019	Charles Street 814 Tire Shop Roof Replacement	\$374,660	Q2 2019	Michael Johnson 386-1367	Remove existing roofing and provide a new roofing system on the Tire Shop facility, including installation of code compliant insulation, skylights, roof access ladder, and fall protection anchors.																X																		
Finance & Administrative Services	PW#2019-022	Flume Creek Temporary Fish Management Structure	\$310,000	Q2 2019	Harry Rich 684-3546	Install/construct temporary fish management structure (temporary barrier) into Flume Creek on SCL property parcel. Primary scopes: mobilization, brush out existing access road, in-water clearing/grading, cut/fill, install/construct steel structure (weld), install gate at access road entrance.																	X																	
Finance & Administrative Services	PW#2019-023	Seattle Municipal Tower 25 Tenant Improvements for Seattle Information Technology	\$1,448,991	Q2 2019	Thomas Jones 615-1033	Tenant Improvements to floor 25, in the Seattle Municipal Tower, in its entirety. Work includes select demolition of walls, casework, finishes, and fixtures, and modifications to existing mechanical, electrical and plumbing systems on the floor. One of the City's furniture vendors shall provide and install furniture throughout the floor.																X

Seattle City Light	PW#2016-003	Energy Management Systems (EMS) Replacement Project	\$100,000	Q1 2019	Ruth Meraz-Caron 684-3094	EMS Replacement at System Operation Center (SOC) and North Service Center (NSC).					X				X									
Seattle City Light	PW#2016-005	Installation of Paint Booth	\$120,000	Q1 2019	Brett Richardson 684-3872	Project location: Seattle City Light- South Service Center/ 3613 4th Ave S Seattle, WA/ Building A. Project description: Install of new paint booth in building A		X									X							
Seattle City Light	PW#2016-010	Babcock Creek Vented Ford Project	\$660,000	Q1 2019	Nancy Chin 733-9402	This Project consists of removal and storage of existing temporary panel bridge, temporary diversion of ephemeral creek during construction, new precast and cast-in-place concrete vented ford structure, apron slabs, road regrading, and miscellaneous excavation and fill to accommodate new vented ford. Project location: MP 118.5 off Highway 20, Whatcom County, WA Lat 48° 40' 17" N, Long 121° 17' 15" W		X	X	X			X							X				
Seattle City Light	PW#2016-046	SCL Technical Metering Operations Building Remodel	\$250,000	Q1 2019	Brett Richardson 684-3872	The work consists of building out Room 135 to support a technical systems laboratory for SCL's advanced metering and smart grid programs. It will include adding additional security to the room's access doors, adding racking systems for components and switches, cable trays and structural support for cables, racks and infrastructure to support lab work. Additional transformers, electrical panels and power support will be included as will employee work stations.					X				X									
Seattle City Light	PW#2016-111	University Irrigation Project	\$35,000	Q1 2019	Arnel Valmonte 615-1438	Installation of irrigation system, controllers, and meters																		
Seattle City Light	PW#2016-149	Technical Training Center	\$9,000,000	Q1 2019	Ruth Meraz-Caron 684-3094	The scope of this project includes the construction of a new Technical Training Center for Seattle City Light. The main Training Building will be 13,250 gsf, designed to meet LEED Gold requirements in accordance with LEED Version 2009 NC Rating System. Adjacent to the Training Building will be a Training Yard of approximately 1.95 acres, which will house a variety of training mock-ups and site features. This includes Substation Training, Vault Training, Commercial and Residential mock-ups, Pole Climbing, Crane Training and a Civil Construction area. This contract utilizes a Community Workforce Agreement.			X	X			X		X		X							X

Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.

Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.																			
							Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security			
Seattle City Light	PW#2016-157	Cedar Falls Dam-Parapet Restoration	\$500,000	Q1 2019	Eddie Plana 684-3520	Built in 1914, the Masonry Dam at Cedar Falls is a historic structure. The structure was modified during the addition of the spillway gates. A tube rail was installed in place of the concrete parapet. This project eliminates the tube rail and replaces it with precast concrete panels that resemble the historic parapet elsewhere on the dam. Additionally, other safety concerns will also be addressed by adding tube rail, cable rail and gates, where the historic features do not provide adequate safety protection.		X		X				X												
Seattle City Light	PW#2017-005	SCL NSC Central Lot Redevelopment	\$998,393	Q1 2019	Ruth Meraz-Caron 684-3094	Redevelop a storage into secured employee and AMP car parking.		X	X	X				X										X		X
Seattle City Light	PW#2017-019	North Mountain Substation Security Improvements	\$310,309	Q1 2019	Brett Richardson 684-3872	Remove existing chain link fence and replace with SCL standard 10' no-climb mesh. Saw cut existing curb to accommodate new pole footings. Remove existing four vehicle gates and replace with SCL standard manual cantilever gates. Remove existing pedestrian gate and replace with SCL standard manual pedestrian gate.		X	X	X				X												X
Seattle City Light	PW#2017-075	Arroyo Beach Distribution and Streetlight Project	\$4,000,000	Q1 2019	Bikas Pande 684-0502	Project consists of installing underground electrical system including civil structures and electrical equipment in the Arroyo Beach area using open trench method.	X	X	X	X					X											
Seattle City Light	PW#2018-021	Georgetown Steam Plant Access Drive Construction	\$2,000,000	Q1 2019	Timothy Croll 684-0806	Reconstruct public access to the Georgetown Steam Plant.		X	X				X	X	X									X		
Seattle City Light	PW#2018-022	Native Salmonid Conservation Facility	\$16,000,000	Q1 2019	Harry Rich 684-3546	Construct a fish hatchery and related support buildings/infrastructure. This project is located at on a 40-acre parcel of Washington Department of Fish and Wildlife (WDFW) property approximately 3.5 miles northwest of Usk, Washington 99180.			X	X	X			X			X									X
Seattle City Light	PW#2018-024	Brace Point Lid Conduit Installation	\$4,200,000	Q1 2019	Bikas Pande 684-0502	Installation of underground electrical system including vaults and street lighting.		X	X	X				X												
Seattle City Light	PW#2018-041	Environmental Learning Center Snow Guards	\$100,000	Q1 2019	Eddie Plana 684-3520	The project scope is to install owner-supplied snow guards on to buildings at the Environmental Learning Center. The contractor will lift these large steel snow guards on to the roofs of the buildings, near the eaves. Project location: Environmental Learning Center, Diablo Lake, WA																				
Seattle City Light	PW#2018-042	Diablo Lake New Fuel Dock	\$300,000	Q1 2019	Patricia Filimon 684-3058	This project will replace an existing fuel dock with a new fuel dock fitted with a fuel dispenser. The project will provide the following components: New fuel dock; New fuel dispenser and extend fuel and electrical lines; Replace existing rock bulkhead with new "open face" crib wall; New aluminum access gangway. Project location: Diablo Lake		X	X	X				X											X	

Projected scopes of work listed below are informational estimates only and do not represent an exhaustive or final list.

Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security
Seattle City Light	PW#2018-043	Broad Street Substation Inductor Project	\$3,500,000	Q1 2019	Bikas Pande 684-0502	To improve the reliability of the regional electric transmission grid in the Puget Sound Area and Northern Intertie (PSANI), which includes Pre-Design, Equipment specification, permitting, street vacation, community outreach, final design and installation of series inductor and other necessary equipment on the existing Massachusetts-Union-Broad (MA-US-BR) 115kV Transmission Line near Broad Street Substation.											X						
Seattle City Light	PW#2018-052	Boundary Building F Roof Replacement	\$375,000	Currently Under Review Prior to Advertisement	Eddie Plana 684-3520	This project proposes to replace the roof, roof insulation, damaged purlin(s), repair all building penetrations in Building F and strengthen roof joists. This project will also add snow guards and fall protection anchors. These improvements will eliminate the water leaks, any potential weather related damages and extend the life of the building. Project location: Boundary Hydro Project, Near Metaline Falls, Pend Oreille County. 1198 Boundary Dam Access Rd., Metaline, WA 99152		X			X												
Seattle City Light	PW#2018-055U	SCL South Service Center Building B Roof Replacement	\$1,250,000	Q1 2019	Molly Rathe 684-3351	Removal and replacement of the roof on Building B at the City Light South Service Center.		X		X	X	X											
Seattle City Light	PW#2018-079A	Cedar Falls 115-26 kV Substation (Design-Build)	\$13,500,000	Q1 2019	Eddie Plana 684-3520	New substation at Cedar Falls that will connect the powerhouse to the utility grid. This also includes increase service for the new buildings at the SPU Cedar Falls Camp as well as the Chester Morse Pumping Plant. The reason for the project is held by combined interests from SPU and SCL. SCL needs to upgrade its existing substation to meet our current standards and improve reliability. SPU needs the substation because the new buildings associated within their campus will have a greater load than the existing, and the existing substation cannot provide that service. Project location: Cedar Falls, North Bend, WA		X	X	X	X	X	X		X		X						X
Seattle City Light	PW#2018-092	Seismic Upgrade to Systems Operations Center	\$4,300,000	Q1 2019	Ruth Meraz-Caron 684-3094	Seismic upgrade of an existing two-story, approximately 28,000 square feet system operation center building.		X		X	X	X						X					
Seattle City Light	PW#2018-101T	City Light - Street Light Engineering Task Order Unit Price Contract	\$800,000	Q1 2019	Patrick Donohue 386-1654	Make strategic repairs or full system replacement to select street light systems which have problematic/failing infrastructure as identified in the City Light Horizon Plan and/or from repair work orders.	X	X	X	X				X	X		X						
Seattle City Light	PW#2019-020	Sullivan Creek Phase 2	\$288,000	Q1 2019	Andrew Haas 684-8544	This Project consists of the following elements of Work: harvest trees using selective methods, tip trees to collect habitat trees with intact rootwads, stockpile trees on site, perform road work in harvest area, provide ground support for helicopter log placement operations, construct racking bundles, install log chain lashings and perform fuels mitigation and compliance work.			X	X
