Department	Project No.	Project Name	Engineer's Estimate	Target Bid Date	Contact Name	Project Description	Flagging, Traffic Control	Demolition, Remediation	Excavation, Grading, Site Work	Trucking	Carpentry	Finishes	Landscaping	Concrete	Concrete - Roadway	Electrical - Facilities	Electrical - Utilities	Mechanical, HVAC, Plumbing	Park Development	Shoring, Dewatering	Channelization, Signage, Wayfinding	Shoreline, Marine Construction	Fencing, Site Security	
Parks and Recreation	PW#2020-071	Green Lake Community Boathouse	\$6,500,000	Currently Under Review Prior to Advertisement	Garrett Farrell 233-7921	Demolition of existing shellhouse and construction of a new facility	X	X	X	X	X	X	X		X		X		X	X			X	X
Parks and Recreation	PW#2020-077	Kubota Garden Restrooms	\$905,535	Q3 2021	Katie Bang 684-9286	New gender neutral restroom building with storage and appurtenances, ADA accessible pathways, ADA accessible picnic area, maintenance road access upgrade. Work will include clearing and grubbing, excavation, sewer, storm, power, retaining wall installation and site restoration.			X	X	X	X	X		X		X		X		X			X
Parks and Recreation	PW#2020-099	North Rainier Landbanked Site	\$2,300,000	Q2 2021	Mike Schwindeller 615-1165	Project will include a variety of public recreational amenities including a large central natural grass gathering area, a play area, adult exercise equipment, a half-court basketball court, a walking loop with pedestrian scaled lighting and two picnic and barbecue areas with seating and planting throughout the park. The parcel for this new park development is 38,700 square feet. Street frontage improvements include new sidewalks, curb and gutter, new curb bulbs for traffic calming and safety, drainage infrastructure, curb ramps and street parking at 3656 34th St S in Seattle.	X		X	X			X	X	X	X	X	X				X		X
Parks and Recreation	PW#2020-100	Madrona Ravine Demo and Thornton Creek Demo	\$200,000	Q1 2021	Kent Scott 386-4388	Removal of all built elements from both sites - foundations, structures, built site appurtenances and selected vegetation. Work at Thornton Creek excludes certain elements and vegetation directly adjacent to the stream.		X	X	X			X				X	X						X
Parks and Recreation	PW#2020-103	Amy Yee Tennis Center Roof Insulation and Re-Cover	\$2,486,279	Q2 2021	Mike Schwindeller 615-1165	Install new fully adhered single-ply PVC roofing assembly over existing pre-engineered metal roofing panels at 2000 Martin Luther King Jr Way S. Demo and replace all edge metals and install new gutters. Install metal building insulation assembly to underneath side of the pre-engineered metal roofing panels. Install new fall-protection anchors and lifeline assembly as well as new electrical panel for mechanical equipment. Install (4) High Volume Low Speed (HVLS) fans and provide electrical connections to control panels for High Volume Low Speed (HVLS) fans.		X										X						X
Parks and Recreation	PW#2020-104	Lowman Beach Park Shoreline Restoration	\$860,000	Q1 2021	Janice Liang 507-3058	This project at 7017 Beach Drive SW will remove the existing failing seawall and restore to natural beach with native materials including demolition of existing seawall, retaining wall and tennis court; a new seawall return segment to protect the neighbor's seawall to the north; regrade and restore the backshore beach with native materials and install native shoreline planting; daylight Pelly Creek			X	X		X											X	X
Parks and Recreation	PW#2020-105	Little Saigon Park Development	\$1,281,466	Q3 2021	Katie Bang 684-9286	New park development in an existing gravel parking lot at 1222 S King Street, includes CIP concrete walls, paving, stairs, ramps, planting, irrigation, drainage, lighting, play area equipment and surfacing, site furnishings, guardrails, tree protection, bio planters.	X		X	X			X	X		X	X	X				X		X
Parks and Recreation	PW#2020-106	Jefferson Community Center Interior Improvements	\$1,665,017	Q1 2021	Kelly Goold	Renovate portions of interior spaces for accessibility upgrades. Conduct selective demolition of exterior concrete walkways, interior walls, and interior floors. Construct new ADA compliant restrooms, install ADA lift, new interior finishes, and new exterior concrete walkway per plan. New interior rooms include mechanical and electrical work.		X	X	X	X	X		X		X		X						
Seattle Center	PW#2019-059	Armory Elevator Renovation	\$369,200	Q1 2021	Hope Gibson 615-0887	Project includes renovation of the Armory elevator located at the food court.					X	X				X		X						
Seattle Center	PW#2020-087	Seattle Center Monorail Station Improvements Phase 1	\$1,000,000	Q1 2021	Stephen Levensgood 684-7234	Construct improvements to the Seattle Center Monorail Platform Station fare gates and platform gates, including structural and ADA upgrades, that will enable the system to handle anticipated increased passenger volumes from events at the new Climate Pledge Arena						X			X		X				X			X

Seattle Center	PW#2021-004	Seattle Children's Theatre Roof & Cornish Playhouse Smoke Vent Replacement	\$1,800,000	Q1 2021	Donna Golden 615-0887	Seattle Children's Theatre scope includes removal and replacement of existing insulation and roof membrane on six roof areas. The new insulation to have minimum thickness to meet component performance alternative at all areas of work. Scopes to include demolition, roofing, waterproofing, sheet metal, mechanical, electrical, plumbing, fall protection, and carpentry. Cornish Playhouse scope includes demolition, carpentry, sheet metal flashing, roofing membrane patch back, PMMA waterproofing, and some electrical work.		X			X					X		X					X	
Seattle City Light	PW#2018-021	Georgetown Steam Plant Access Drive Construction	\$2,000,000	Q1 2021	Timothy Croll 684-0806	Reconstruct public access to the Georgetown Steam Plant.		X	X				X	X	X		X	X				X		
Seattle City Light	PW#2018-042	Diablo Lake New Fuel Dock	\$300,000	Q1 2021	Patricia Filimon 684-3058	This project will replace an existing fuel dock with a new fuel dock fitted with a fuel dispenser. The project will provide the following components: New fuel dock; New fuel dispenser and extend fuel and electrical lines; Replace existing rock bulkhead with new "open face" crib wall; New aluminum access gangway. Project location: Diablo Lake		X	X	X				X									X	
Seattle City Light	PW#2018-043	Broad Street Substation Inductor Project	\$3,500,000	Q1 2021	Bikas Pande 684-0502	To improve the reliability of the regional electric transmission grid in the Puget Sound Area and Northern Intertie (PSANI), which includes Pre-Design, Equipment specification, permitting, street vacation, community outreach, final design and installation of series inductor and other necessary equipment on the existing Massachusetts-Union-Broad (MA-US-BR) 115kV Transmission Line near Broad Street Substation.											X							
Seattle City Light	PW#2020-004	Spillway No. 1 TDG Modifications Removal	\$500,000	Currently Under Review Prior to Advertisement	Ryan Simmons 256-5525	The scope of work will include removing the ramps and REs embedded in the spillway concrete and decommissioning the PT anchors located below each RE. Work includes controlled demolition and removal of concrete around and inside the ramps and REs as well as in areas damaged by cavitation, removal of stainless-steel ramps and REs, installation of dowel anchors and placement of a reinforced concrete infill to match pre-TDG modifications spillway surface and providing spill containment and other environmental controls during construction																	X	
Seattle City Light	PW#2020-010	Boundary Signage Fabrication and Installation	\$300,000	Q1 2021	Lloyd Dixon 386-9854	Fabrication and installation of new identification and wayfinding signage as required by the 2013 FERC Operating License for Boundary Hydroelectric Facility. Work will include metal fabrication and powder coating, wiring, concrete sign base construction, carpentry								X		X								X
Seattle City Light	PW#2020-026	Brace Point Lid Conduit Installation	\$5,470,006	Currently Under Review Prior to Advertisement	Bikas Pande 684-0502	This project consists of roadway demolition, utility trenching for conduit duct banks and electrical vaults, street lighting and pavement restoration (including curb, sidewalk, curb ramps and driveways).	X		X	X				X	X		X							X
Seattle City Light	PW#2020-040T	Pole Replacement Program Task Order Unit Price Contract (TOUP)	\$375,000	Q1 2021	Steve Byers 684-3637	Owner desires to replace 1,200 poles per year through Task Order Unit Price contracts. These poles will be the least impactful with respect to the public and existing hardscape. 250 poles located throughout City Light service territory are to be replaced under this first contract.	X		X								X
