

Department of Parks and Recreation

Jesús Aguirre, Superintendent

(206) 684-4075

<http://www.seattle.gov/parks/>

Department Overview

The Department of Parks and Recreation (DPR) works with all residents to be good stewards of the environment and to provide welcoming and safe opportunities to play, learn, contemplate and build community. DPR manages a 6,400-acre park system of more than 400 parks with hundreds of athletic fields, tennis courts, and play areas, extensive natural areas, 120 miles of trails, and more than 25 miles of boulevards. The system comprises about 12% of the City's land area and includes 27 community centers, eight indoor swimming pools, two outdoor (summer) swimming pools, three environmental education centers, two small craft centers, four golf courses, an outdoor stadium, specialty gardens, and much more. The Woodland Park Zoological Society operates the zoo with City financial support, and the Seattle Aquarium Society operates the City-owned Seattle Aquarium.

Department employees work hard to develop partnerships with park neighbors, volunteer groups, non-profit agencies, local businesses, and Seattle Public Schools to effectively respond to increasing requests for use of Seattle's park and recreation facilities. Perhaps the most significant partnership is with the Associated Recreation Council (ARC) which provides child care and supports recreation programs at DPR-owned facilities, including community centers and small craft centers. ARC, a non-profit organization, also supports and manages the recreation advisory councils. These advisory councils are made up of volunteer community members who advise DPR's staff on recreation programming at community centers and other facilities. This collaborative relationship with ARC enables the department to offer quality child care and a wide range of recreation programs to the public.

DPR's funding is a combination of tax dollars from the City's General Fund and revenue from a variety of other sources including user fees, rental charges and payments from capital funds for the time staff spend working on capital projects. Funding for new parks and facilities has historically come from voter-approved levies, grants and City real estate excise tax revenue. In 2014, Seattle voters approved the formation of a metropolitan park district. The Seattle Park District provides for a new taxing district and revenue source to fund increased parks and recreation services and capital projects.

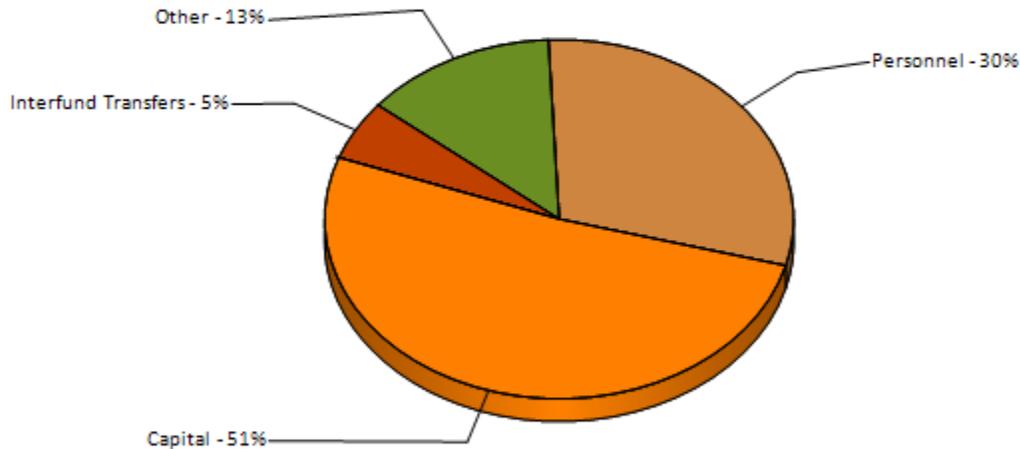

Department of Parks and Recreation

Budget Snapshot

| Department Support | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------|----------------------|----------------------|----------------------|----------------------|
| General Fund Support | \$100,368,274 | \$103,265,524 | \$106,794,464 | \$107,162,960 |
| Other Funding - Operating | \$53,865,122 | \$59,936,165 | \$61,186,511 | \$62,239,338 |
| Total Operations | \$154,233,396 | \$163,201,689 | \$167,980,975 | \$169,402,298 |
| Other funding - Capital | \$45,027,338 | \$79,405,000 | \$84,379,675 | \$92,339,000 |
| Total Appropriations | \$199,260,734 | \$242,606,689 | \$252,360,650 | \$261,741,298 |
| Full-time Equivalent Total* | 916.68 | 913.01 | 912.51 | 922.24 |

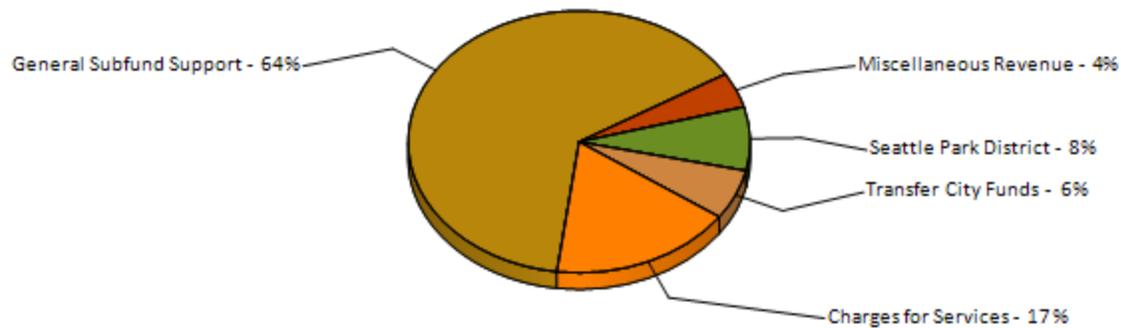

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

2018 Adopted Budget - Expenditure by Category

Department of Parks and Recreation

2018 Adopted Budget - Revenue by Category

Budget Overview

In August 2014, the voters of Seattle passed a ballot measure creating the Seattle Park District. The goal of the Park District is to provide long-term, stable funding to support recreation programming, parks projects and the critical needs for investment in major and ongoing maintenance. Park District funding has enabled the Department of Parks and Recreation (DPR) to begin addressing the major maintenance backlog it had previously incurred and allowed DPR to pursue projects that increase recreation opportunities throughout the City. Further, this funding has enabled DPR to invest in performance measurement and strategic management to increase accountability and adaptability. Since the Park District went into full effect in 2016, DPR has accomplished a range of important projects, including renovating and restoring buildings and other facilities, increasing athletic field capacity and quality, conducting preventive maintenance activities, and many others.

The 2018 Adopted Budget allocates slightly over \$2 million in support of a sustained and integrated Citywide response for individuals living unsheltered. In particular, DPR's allocations will help reduce the effect of living unsheltered on individuals and the surrounding environment. As part of this effort, DPR will reassign the department's seven-member Special Maintenance crew and three Park Ranger positions to support the Navigation Team three days per week. This budget change is a program component of a Citywide response to homelessness. Please see the 2018 Adopted Budget Executive Summary in the Introduction section of the adopted budget for more information. The adopted budget also continues funding for the use of showers at four community centers for individuals experiencing homelessness; the 2017 Adopted Budget included one-time funding to pilot this service.

The adopted budget also adds staff and funding to operate a more robust and responsive set of recreation programming at the Lake City Community Center. Since 1965, DPR has contracted with outside organizations to operate the facility. The most recent partner, the Lake City Chamber of Commerce, notified DPR that it would not continue operating the facility after 2017. As a result, in 2018, DPR will take over running the facility and providing

Department of Parks and Recreation

programming. It will be a satellite of the Meadowbrook Community Center and offer public access and programming.

The 2018 Adopted Budget also redirects ongoing funding in DPR to continue the My Brother's Keeper (MBK) program based on the 2016-2017 pilot program. President Obama launched the MBK initiative to address persistent opportunity gaps faced by boys and young men of color and ensure that all young people can reach their full potential.

The adopted budget also continues DPR's work to increase access to and improve quality of Seattle's parks and facilities. In 2018, DPR will add funding for operations and maintenance at newly opened or renovated parks across Seattle, support a new community initiated off-leash area, extend hours for the Meadowbrook Pool, add two existing picnic shelters to the list of shelters that can be reserved, and fund new maintenance costs associated with the development of new parks.

DPR will also make some basic infrastructure improvements to the land-banked South Park Plaza site which will allow DPR to temporarily open and activate the space (currently an empty parking lot) earlier than planned. The final development of the park will not be completed until 2020. DPR will also dedicate resources to enhance the South Park Community Center park space to help reduce air and noise pollution impacts.

The 2018 Adopted Budget also includes several measures to reduce DPR's General Fund need, help the department provide better customer service, and operate more efficiently. The adopted budget re-prioritizes vacant positions and reorganizes several additional positions to focus on timely operational staffing needs. The adopted budget also includes one-time funding from the 2014 King County Parks Levy to address an estimated shortfall in golf revenue.

Finally, the 2018 Capital Improvement Program (CIP) includes funding to improve the Magnuson Community Center, design and construction of new recreation spaces at Lake City Community Center, expansion at the Aquarium, and a seating and enhanced landscape area at Cal Anderson Park, in coordination with the Office of Arts & Culture, which will be in conjunction with the Seattle AIDS Legacy Memorial. In addition, the CIP includes funds to create a new off-leash area at a to-be-determined location.

City Council Changes to the Proposed Budget

The Council made several changes to the proposed budget, many of which were one-time additions funded with DPR's existing resources. These include resources to support community planning efforts to identify potential improvements at Hubbard Homestead Park, funding staff, supplies, and utilities costs associated with operating seven of DPR's wading pools, increasing staffing at Magnuson Park Community Center, and purchasing and installing 12 emergency preparedness boxes in City parks. The Council also made several changes to the CIP, including transferring funds for capital improvements at the Magnuson Park and Lake City community centers from a general project to their own individual projects to increase transparency. The Council also removed funding set aside to design and build out space for the P-Patch Program to move from the Department of Neighborhoods to DPR. More details on Council changes to the CIP can be found in the "Capital Improvements Program Highlights" section.

As part of a larger effort to fund services related to homelessness and low-income housing, the Council also made several one-time reductions in DPR's General Fund appropriations, and captured savings from a vacant position. These reductions are supporting two new positions in the Human Services Department and a variety of human service programs in 2018.

Council also redirected existing General Fund resources that previously supported a Manager 3 position to fund My Brother's Keeper in order to free up Sweetened Beverage Tax (SBT) funds, and shifted the SBT resources to the Human Services Department to support food banks.

Department of Parks and Recreation

Budget Performance Measures

DPR participated in the Budget Performance Measures pilot. This pilot explores use of the annual budget book to discuss and display performance measures and related financial information for City departments. A more in-depth description of this pilot and its objectives can be found in the Budget Performance Measures section in the 2018 Adopted Budget introduction.

As part of this project, DPR worked with the City Budget Office to:

1. identify and present service area workload performance measures;
2. present actual and estimated achievements for each measure; and
3. present specific budgetary appropriations and position authorities associated with each measure, as appropriate.

The Budget Performance Measures section in the 2018 Adopted Budget introduction contains detailed descriptions of DPR's performance measures, including:

- Engage the community through meaningful volunteer opportunities
- Teach our community to swim
- Maintain assets for continued public use and enjoyment
- Provide a high-quality, financially sustainable golf operation
- Maintain assets for continued public use and enjoyment

Incremental Budget Changes

Department of Parks and Recreation

| | 2018 | |

| 2018 Adopted Budget | \$ 169,402,298 | 922.24 |

Descriptions of Incremental Budget Changes

Baseline Changes

Citywide Adjustments for Standard Cost Changes - \$184,261

Citywide technical adjustments made in the baseline phase reflect changes to internal services costs, health care, and industrial insurance charges for the department. These adjustments reflect initial assumptions about these costs and inflators early in the budget process.

Proposed Changes

Sustained and Integrated Citywide Response for Individuals Living Unsheltered - \$2,012,074/5.73 FTE

To address concerns from human service advocates and individuals experiencing homelessness, business districts, and neighborhoods, the City convened the Task Force on Unsanctioned Encampment Protocols in late 2016 to evaluate the City's response to the growing number of individuals living unsheltered. The task force made a series of recommendations to modify how departments engage with individuals living in encampments. In February 2017, the City opened the Emergency Operations Center and convened City departments to speed implementation of these recommendations and create a focused, integrated and sustainable Citywide response.

Department of Parks and Recreation

The 2018 Adopted Budget provides funding for this response in several City departments, focused around three key areas:

1. creating safer places for individuals living unsheltered;
2. connecting individuals living unsheltered with services; and
3. reducing the impact of living unsheltered on individuals and the surrounding environment.

As part of this coordinated response, the budget adds resources to DPR for a dedicated, consistent response that will be part of a unified citywide structure to address public safety and public health risks for the community and to minimize safety risks for individuals living in encampments. This adjustment adds \$578,000 of ongoing funds for site remediation including increasing part-time Laborer and Truck Driver positions to fulltime; a full-time Radio Dispatcher; a Health and Safety Specialist; and a Manager 2 to oversee these efforts and coordinate with the Navigation Team. This adjustment also includes ongoing funds of \$277,000 for supply, safety and equipment costs and \$452,000 for disposal fees. One-time funding of \$704,000 is included to purchase dump trucks, a track hoe, utility vehicles, and a crew cab. In addition, as part of this effort, DPR will reassign the department's 7-member Special Maintenance crew and three Park Ranger positions three days per week to support the Navigation Team.

Additional funding in the 2018 Adopted Budget related to this Citywide response is part of a single program implemented by multiple departments. For additional information, see the 2018 Adopted Budget Executive Summary in the Introduction section of this adopted budget.

Continue Funding Use of Showers for Homeless - \$112,933/.50 FTE

This item continues funding to provide restroom and shower facilities at designated community centers free-of-charge for people experiencing homelessness. The 2017 Adopted Budget included one-time funding to pilot a free shower program at four community centers. This item provides ongoing funding for the program and includes funding for a temporary recreation leader and a part-time custodian position as well as operating supplies.

Fund Lake City Community Center Operations - \$269,999/2.75 FTE

This item adds \$229,299 in funding for new staffing including a Recreation Program Specialist; Recreation Leader; Recreation Attendant to lead customer service, front-desk operations, and rentals; Utility Laborer to provide custodial services; and \$40,700 in non-personnel expenses to allow DPR to operate a more robust and responsive set of recreation programming at the Lake City Community Center. Since 1965, DPR has contracted with outside organizations to operate the facility. The most recent partner, the Lake City Chamber of Commerce, notified DPR that it would not continue operating the facility after 2017. As a result, DPR will take over running the facility and providing programming. It will be a satellite of the Meadowbrook Community Center and will provide approximately 25 hours of access and programming a week.

My Brother's Keeper - \$153,750

The Council altered this proposal in the adopted budget. Refer to the Council Phase Changes section below. The proposed budget description follows:

President Obama launched the My Brother's Keeper (MBK) initiative to address persistent opportunity gaps faced by boys and young men of color and ensure that all young people can reach their full potential. The 2017 Adopted Budget provided one-time funds to support a pilot of this program which, during the 2016-17 school year, served 150 youth at five community learning centers (Aki Kurose, Denny, Mercer, McClure, and Washington). This item provides ongoing funding for this program; it is supported by funds from the Sweetened Beverage Tax. For additional information about the City's use of the Sweetened Beverage Tax ([Ordinance 125324](#)), see the 2018 Adopted Budget Executive Summary in the Introduction section of the budget.

Department of Parks and Recreation

Add Funding to Operate New Parks - \$251,417

This adjustment adds funding for operations and maintenance at newly-opened or renovated parks. These new parks include Bhy Kracke Park, Ernst Park, Greenwood Park, Julia Lee Park, Kiwanis Ravine, Marra Desimone Park, and the new trails at the Washington Park Arboretum.

Fund New Off-Leash Area - \$40,000

This item funds the on-going maintenance and potential lease costs for a new off-leash area anticipated to open in 2018. The CIP has \$100,000 of one-time REET to create a new off-leash area at a to-be-determined location. The People, Dogs & Parks Plan published by DPR in 2017 lays out the process through which a community can petition DPR for a new off leash area. It is anticipated that one or more communities is interested in petitioning DPR, and these funds are being set aside to support one of those efforts.

Additional Sunday Hours to Meadowbrook Pool - \$20,000

This item adds an anticipated \$25,000 in new revenue from fee-based programs and \$20,000 in expenses for temporary staff to add a seventh day of operation to the Meadowbrook Pool. The additional Sunday hours will allow DPR to meet unmet demand for swim lessons and provide additional swimming opportunities for the community. The Sunday swim lessons will be pre-registered to ensure lesson fees cover the cost for the additional temporary salaries. The additional net revenue will reduce DPR's General Fund needs and is reflected on the revenue side of the budget.

Operational Efficiencies and New Revenue Sources - (\$194,695)/(1.75) FTE

This item includes several relatively small operational efficiencies and new revenues that reduces DPR's General Fund need. Each year, as part of its internal budget process, DPR calls on its staff to develop ideas and proposals that will help the department provide better customer service and operate more efficiently. This item includes the following: consolidates shelter house scheduling into one division; recognizes non-personnel budget savings in the Regional Parks and Strategic Outreach division; consolidates recycling and compost services at Magnuson Park; removes appropriation no longer needed to support employees previously-transitioned to the Seattle Aquarium; recognizes staff reductions for Seattle Public Schools field scheduling that is no longer necessary; recognizes revenues generated from two new picnic shelters; and increases the revenue expectation from the capital budget for use of operating personnel support in the Facilities Division. The additional net revenues from these changes will reduce DPR's General Fund needs and are reflected on the revenue side of the budget.

South Park Plaza Activation - \$25,000

The Duwamish Action Team worked with DPR to recommend early activation of a South Park land-banked site. This funding will provide temporary recreation staffing support and grounds maintenance to help activate the site. In addition, DPR will add some basic infrastructure improvements (before the park is fully-developed in 2020) to open and activate the space and create a sense of place in this neighborhood and support community gatherings. The one-time infrastructure adds will be paid for by the Park District; there is a corresponding change in the CIP. Please see the Duwamish Valley Program description in the Office of Sustainability and Environment Budget Overview for additional information on this work.

Offset General Fund with Park Fund Balance

DPR has a history of efficiently managing costs and has been able to accumulate fund balance. In 2018, DPR will use \$570,000 of fund balance to reduce its reliance on the General Fund. This \$570,000 in one-time savings is in addition to the assumed \$800,000 savings in the 2018 Endorsed Budget. This use of one-time fund balance will reduce DPR's General Fund needs and is reflected on the revenue side of the budget.

Department of Parks and Recreation

Realign Park Maintenance Units

This budget-neutral item realigns park maintenance crews to reflect a revised management approach. Specific changes include reconfiguring general custodial maintenance duties at developed parks from nine geographic areas to six, creating a new crew to perform and oversee evening and weekend custodial duties, and establishing a special maintenance crew to support those teams by performing certain maintenance activities regularly or seasonally (e.g. ballfield, wading pool and spray park preparation in the spring). One Crew Chief position will be reallocated to oversee best management practice updates and training, the park inspection program, graffiti abatement, and interagency maintenance projects. Finally, two vacant Park Ranger positions (1.5 FTE) will be reallocated to Radio Dispatcher positions to work with crews in fully implementing the Asset Management/Work Order System through the creation and updating of work orders and performing quality assurance on time entry.

Facility Lead Workers

This budget-neutral item increases two part-time Facility Lead Worker positions to full-time to create supervisory capacity for the custodial and maintenance crews. The increase will support efficient coordination of facility maintenance resources and services. This item is funded by a reduction in temporary labor and the elimination of a vacant Maintenance Laborer position.

Skilled Trades (Shops) Changes-Signs - (\$22,000)

This item reflects the transition from in-house production of signs to using outside vendors with the intention of seeking women- and minority-owned businesses for future sign needs or using other City departments with this function such as SDOT. This change will reduce General Fund needs by shifting out of this line of business and reassigning the one related staff position to other painter duties.

Use AmeriCorps for Youth Employment Service Learning - (\$40,000)

This item reflects \$40,000 in General Fund savings by hiring AmeriCorps members in lieu of temporary recreation staff to lead the Youth Employment and Service Learning (YESL) program. The YESL program provides youth employment opportunities and pre-employment training for nearly 200 youth annually. Currently, the unit hires several temporary staff to support YESL, which are roughly three times as expensive as an AmeriCorps service member. Replacing temporary recreation staff with four AmeriCorps members will allow DPR to save costs while retaining a staffing ratio that will ensure program safety and quality.

Reduce Funding Support to Partner Organizations - (\$60,000)

This item reduces \$60,000 in General Fund support provided to the Seattle Parks Foundation. This on-going reduction eliminates all direct City operating support to the Foundation as the Foundation now has the resources to be self-sufficient.

Community Engagement/1.00 FTE

This budget-neutral item reclassifies an existing Executive II position to a lower level Strategic Advisor I and then uses the salary savings to fund the addition of a new Administrative Specialist. The Strategic Advisor position will support community engagement and outreach efforts as part of the Superintendent's Communication team. The administrative position will serve as the primary web content manager to ensure high-traffic webpages are updated. The DPR website had over 5 million visitors in 2016, and is expecting to have closer to 6 million visitors in 2017 after redesigning the website in mid-2016. As one of the most highly-used department websites, this is an important role currently missing in DPR.

Department of Parks and Recreation

Golf Operations Support - (\$1,102,135)

This item addresses the estimated shortfall in golf revenues in 2018 of approximately \$900,000 by using unappropriated 2014 King County Parks Levy funding. This adjustment also includes about \$155,000 of technical changes done annually to adjust the golf budget to match updated projections. To address longer term financial issues with golf, the department is proposing to hire a consultant in late 2017 to undertake a comprehensive review of the program. The goal is to develop options to close the structural shortfall starting in 2019. These options, which could require difficult policy decisions and significant changes to the golf program, will be discussed as part of the 2019-2020 budget process.

Park District Related Changes - (\$440,879)

This item adjusts funding in DPR's operating budget to align with changes related to the Adopted 2018 Park District budget. The Park District financial plan assumed that six of the 14 landbank sites would come online in 2018. However, only two of these sites will open in 2018: Greenwood and Lake City. The remaining four sites (Fremont, North Rainier, Greenwood Park addition, and Smith Cove) will open in 2019. As a result, this adjustment transfers funds for the operation of these four parks to the capital side of the budget where it will help offset increased park development construction costs.

Proposed Technical Changes

Technical Adjustments - \$262,495/1.00 FTE

Technical adjustments include departmental adjustments that do not represent fundamental changes in DPR's service delivery. DPR adjusts revenue and expenses budgets between or within budget control levels to better reflect actual spending patterns. These technical adjustments make the following changes:

- combines performance, policy, and business intelligence staff with the finance team;
- properly aligns the facilities maintenance division director and shifts custodians from individual community centers to this new division director with an increased focus on preventive maintenance;
- better aligns environmental learning centers;
- cleans up negative budget amounts in aquatics that cross account categories;
- cleans up revenues and expenditure categories to reflect new Out of School Time contracts; and
- transfers funds from Seattle IT to support telephone coordination.

Council Changes

Plan for Hubbard Homestead Park - \$35,000

The Council added one-time funds to support community planning efforts to identify potential improvements at Hubbard Homestead Park. Capital funds and potential matching fund opportunities for such improvements would be identified after the community planning process is completed.

Fund Operation of Wading Pools - \$69,000

The Council added one-time funds to support staff, supplies, and utilities costs associated with operating seven of DPR's wading pools, two days a week for eight weeks. These wading pools include View Ridge, Ravenna, Gilman, Sandel, Peppi's, Beacon Hill, and Powell Barnett. Five of these wading pools were re-opened on a part-time basis in 2017 as a result of a 1st Quarter Supplemental Budget Ordinance addition. This addition of funds will ensure that all of the Department's 22 wading pools are open in the summer of 2018.

Department of Parks and Recreation

Increasing Staffing at Magnuson Community Center - \$138,353/1.50 FTE

The Council added funding for three new part-time positions to increase staffing at Magnuson Park Community Center. These additions include a 0.5 FTE Assistant Recreation Coordinator to plan and coordinate recreation programs and community outreach at Magnuson, and a 0.5 FTE Recreation Leader and a 0.5 FTE Recreation Attendant to increase support of existing programming and to monitor and supervise the larger number of youth at the Community Center.

Purchase Emergency Caches - \$21,600

The Council added one-time funds to purchase and install 12 emergency preparedness boxes in City parks. The City is increasing the number of groups who have accepted a role as a hub for community information in response to a disaster. These emergency preparedness boxes include a canopy, chairs, white boards, signs, office supplies and other items that can be used by community members to establish a hub.

Reduce General Fund Resources - (\$314,850)/(1.00) FTE

The Council cut \$1,275,850 of General Fund from DPR's budget to help fund a suite of activities related to homelessness, affordable housing, and human services. These cuts included \$961,000 in one-time cuts and \$314,850 in ongoing salary savings from two vacant positions. One of these positions was cut (a Strategic Advisor 3 in the Policy Direction and Leadership BCL which was slated to work on DPR's Healthy Environment strategy) and the other was defunded. Council used the General Fund from the defunded position (a Manager 3 in the Natural Resources Management BCL, which was the head of the Natural Resources Unit) to fund the My Brother's Keeper program, and redirected \$153,750 of General Fund revenue from the Sweetened Beverage Tax to the Human Services Department to fund food banks. The remaining General Fund cuts were used to support adds in other departments including the development of a homeless youth/and or young adult opportunity center and housing project, to fund two positions in the Human Services Department, a prescriber for a Public Health facility and a nurse to serve unsheltered homeless, and to support other services.

City Council Provisos

There are no Council provisos.

Department of Parks and Recreation

Expenditure Overview

Department of Parks and Recreation

Appropriations By Budget Control Level (BCL) and Program

Environmental Learning and Programs Budget Control Level

The purpose of the Environmental Learning and Programs Budget Control Level is to deliver and manage environmental stewardship programs and the City's environmental education centers at Discovery Park, Carkeek Park, Seward Park, and Camp Long. The programs are designed to encourage Seattle residents to take actions that respect the rights of all living things and environments, and to contribute to healthy and livable communities.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-------------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Environmental Learning and Programs | 1,149,783 | 1,253,577 | 1,289,938 | 1,188,626 |
| Total | 1,149,783 | 1,253,577 | 1,289,938 | 1,188,626 |
| Full-time Equivalents Total* | 11.10 | 11.85 | 11.85 | 10.85 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Facility and Structure Maintenance Budget Control Level

The purpose of the Facility and Structure Maintenance Budget Control Level is to repair and maintain park buildings and infrastructure so that park users can have safe, structurally sound, and attractive parks and recreational facilities.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Facility and Structure Maintenance | 17,568,990 | 17,702,836 | 18,156,585 | 20,904,248 |
| Total | 17,568,990 | 17,702,836 | 18,156,585 | 20,904,248 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Judgment and Claims Budget Control Level

The Judgment and Claims Budget Control Level pays for judgments, settlements, claims, and other eligible expenses associated with legal claims and suits against the City. Premiums are based on average percentage of Judgment/Claims expenses incurred by the Department over the previous five years.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Judgment and Claims | 710,693 | 667,792 | 579,733 | 579,733 |
| Total | 710,693 | 667,792 | 579,733 | 579,733 |

Natural Resources Management Budget Control Level

The purpose of the Natural Resources Management Budget Control Level is to provide centralized management for the living assets of the Department of Parks and Recreation. Direct management responsibilities include greenhouses, nurseries, the Volunteer Park Conservatory, landscape and urban forest restoration programs, sport field turf management, water conservation programs, pesticide reduction and wildlife management, and heavy equipment support for departmental operations and capital projects.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Natural Resources Management | 9,506,251 | 9,527,985 | 9,791,809 | 9,537,902 |
| Total | 9,506,251 | 9,527,985 | 9,791,809 | 9,537,902 |
| Full-time Equivalents Total* | 74.24 | 75.24 | 75.24 | 74.24 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Department of Parks and Recreation

Park Cleaning, Landscaping, and Restoration Budget Control Level

The purpose of the Park Cleaning, Landscaping, and Restoration Budget Control Level is to provide custodial, landscape, and forest maintenance and restoration services.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|---|-------------------------|-------------------------|--------------------------|-------------------------|
| Park Cleaning, Landscaping, and Restoration | 32,176,942 | 34,338,013 | 35,641,545 | 39,210,124 |
| Total | 32,176,942 | 34,338,013 | 35,641,545 | 39,210,124 |
| Full-time Equivalents Total* | 243.77 | 243.10 | 243.10 | 256.63 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Planning, Development, and Acquisition Budget Control Level

The purpose of the Planning, Development, and Acquisition Budget Control Level (BCL) is to acquire, plan, design, and develop new park facilities, and make improvements to existing park facilities to benefit the public. This effort includes providing engineering and other technical services to solve maintenance and operational problems. This BCL also preserves open spaces through a combination of direct purchases, transfers, and consolidations of City-owned lands and resolution of property encroachment issues.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|--|-------------------------|-------------------------|--------------------------|-------------------------|
| Planning, Development, and Acquisition | 7,619,049 | 7,574,518 | 7,770,800 | 7,969,884 |
| Total | 7,619,049 | 7,574,518 | 7,770,800 | 7,969,884 |
| Full-time Equivalents Total* | 48.85 | 47.35 | 47.35 | 48.35 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Policy Direction and Leadership Budget Control Level

The purpose of the Policy Direction and Leadership Budget Control Level is to provide policy guidance within the Department and outreach to the community on policies that have the goal of enabling the Department to offer outstanding parks and recreation opportunities to Seattle residents and our guests. It also provides leadership in establishing new partnerships or strengthening existing ones in order expand recreation services.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|---------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Policy Direction and Leadership | 4,714,238 | 4,796,567 | 4,928,627 | 3,640,415 |
| Total | 4,714,238 | 4,796,567 | 4,928,627 | 3,640,415 |
| Full-time Equivalents Total* | 31.50 | 32.50 | 32.50 | 26.75 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Department of Parks and Recreation

Recreation Facilities and Programs Budget Control Level

The purpose of the Recreation Facilities and Programs Budget Control Level is to manage and staff the City's neighborhood community centers and Citywide recreation facilities and programs, which allow Seattle residents to enjoy a variety of social, athletic, cultural, and recreational activities.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Recreation Facilities and Programs | 29,098,908 | 30,184,520 | 30,798,678 | 28,716,114 |
| Total | 29,098,908 | 30,184,520 | 30,798,678 | 28,716,114 |
| Full-time Equivalents Total* | 208.82 | 218.57 | 218.07 | 187.32 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Regional Parks and Strategic Outreach Budget Control Level

The purpose of the Regional Parks and Strategic Outreach Division Budget Control Level (BCL) is to provide centralized management for Seattle Parks and Recreation's regional parks such as Magnuson, Discovery, Gas Works, Lincoln, Seward, Green Lake, Alki, and Myrtle Edwards and major partners such as the golf program operator, Woodland Park Zoological Society, Seattle Aquarium Society, Seattle Public Schools, Friends of the Waterfront, and the Olympic Sculpture Park.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|---------------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Regional Parks and Strategic Outreach | 5,762,081 | 6,479,638 | 6,608,472 | 7,195,496 |
| Total | 5,762,081 | 6,479,638 | 6,608,472 | 7,195,496 |
| Full-time Equivalents Total* | 23.50 | 23.50 | 23.50 | 25.75 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Seattle Aquarium Budget Control Level

The purpose of the Seattle Aquarium Budget Control Level is to provide exhibits and environmental educational opportunities with the goal of expanding knowledge of, inspiring interest in, and encouraging stewardship of the aquatic wildlife and habitats of Puget Sound and the Pacific Northwest.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|-----------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Seattle Aquarium | 1,079,482 | 0 | 0 | 0 |
| Total | 1,079,482 | 0 | 0 | 0 |

Department of Parks and Recreation

Seattle Conservation Corps Budget Control Level

The purpose of the Seattle Conservation Corps Budget Control Level is to provide training, counseling, and employment to homeless and unemployed people with the goal that they acquire skills and experience leading to long-term employment and stability.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Seattle Conservation Corps | 4,974,927 | 4,708,169 | 4,829,724 | 4,830,835 |
| Total | 4,974,927 | 4,708,169 | 4,829,724 | 4,830,835 |
| Full-time Equivalents Total* | 19.05 | 19.05 | 19.05 | 19.05 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Swimming, Boating, and Aquatics Budget Control Level

The purpose of the Swimming, Boating, and Aquatics Budget Control Level is to provide a variety of structured and unstructured water-related programs and classes so participants can enjoy and develop skills in a range of aquatic activities.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |
|---------------------------------|-------------------------|-------------------------|--------------------------|-------------------------|
| Swimming, Boating, and Aquatics | 10,250,954 | 10,039,609 | 10,329,530 | 8,873,153 |
| Total | 10,250,954 | 10,039,609 | 10,329,530 | 8,873,153 |
| Full-time Equivalents Total* | 60.55 | 60.55 | 60.55 | 48.05 |

** FTE totals are provided for information purposes only. Changes in FTEs resulting from City Council or Personnel Director actions outside of the budget process may not be detailed here.*

Woodland Park Zoo Budget Control Level

The purpose of the Woodland Park Zoo Budget Control Level is to provide funds to contract with the non-profit Woodland Park Zoological Society to operate and manage the Woodland Park Zoo. This BCL includes the City's support for Zoo operations. The purpose of the Zoo is to provide care for animals and offer exhibits, educational programs, and visitor amenities so Seattle residents and visitors have the opportunity to enjoy and learn about animals and wildlife conservation.

| Program Expenditures | 2016 Actuals | 2017 Adopted | 2018 Endorsed | 2018 Adopted |

Capital Improvement Program Highlights

The 2018 Capital Improvement Program (CIP) reflects a wide range of projects. The primary funding source is the Park District which provides \$39.6 million for capital projects in 2018. Additionally, the Cumulative Reserve Subfund (CRS) provides approximately \$44.5 million, through a combination of \$40.8 million in REET I and REET II, and \$3.7 million in CRS-Unrestricted. The majority of the remaining \$7.9 million in the CIP comes from a federal Community Development Block Grant (CDBG), the Central Waterfront Improvement Fund, the Alaskan Way Seawall Construction Fund, and King County.

DPR's 2018 CIP maintains a strong commitment to asset preservation. As such, the projects funded by REET are prioritized consistent with DPR's Asset Management Plan. Ongoing major maintenance projects address basic infrastructure needs across the system, such as environmental remediation, landscape and forest restoration, irrigation system repair, pavement restoration, and replacing major roof and HVAC systems. The 2018 CIP also provides REET for capital maintenance at the Seattle Asian Art Museum (\$5 million), Parks Central Waterfront Piers Rehabilitation (\$10.15 million), Victor Steinbrueck Park (\$3 million), Loyal Heights Community Center (\$1.7 million), and the Loyal Heights Playfield (\$2.4 million).

REET funding will also be used to support improvements at the Magnuson Community Center (\$1.15 million), design and partial construction of new recreation spaces at Lake City Community Center (\$3 million), expansion at the Aquarium (\$2.4 million), and a seating/enhanced landscape area at Cal Anderson Park in coordination with the Office of Arts & Culture (\$200,000) which will be part of the Seattle AIDS Legacy Memorial. DPR will also use \$100,000 of REET for enhancements to the South Park Community Center park space to help reduce air and noise pollution impacts; this funding is in addition to the already approved \$700,000 for the play area renovation.

Department of Parks and Recreation

The Park District capital funding for 2018 totals \$39.6 million. Significant Park District investments for 2018 include:

- working to address the major maintenance backlog (\$18.8 million);
- community center rehabilitation projects (\$3.5 million);
- making progress on the Green Seattle Partnership goal of restoring 2,500 acres of urban forestland by 2025 (\$2.3 million); and
- developing new parks at land-banked sites (\$4.8 million). This includes a transfer of \$440,000 of Park District funds from the operating budget to the CIP in recognition that four of the land bank parks that were planned to open in 2018 will instead open in 2019. As a result, less funding is needed for park maintenance and can be used to address increased construction costs.

DPR will also use \$110,000 of Park District funds to make some basic infrastructure improvements to the land banked South Park Plaza site which will allow DPR to temporarily open and activate the space (currently an empty parking lot) earlier than planned. The final development of the park will not be completed until 2020. Please see the Duwamish Valley Program description in the Office of Sustainability and Environment Budget Overview for additional information on this work.

DPR will continue to use CDBG funds for the Seattle Conservation Corps in 2018. The Seattle Conservation Corps (SCC) executes park improvement projects in low- to moderate-income neighborhoods while at the same time providing training and employment for formerly homeless adults. In 2018, \$808,000 will be used to fund the SCC to improve parks through the Parks Upgrade Program.

City Council Changes

The City Council made two adjustments to existing capital projects:

- The Council rearranged funding for community center enhancements to increase visibility into the DPR CIP. The Council transferred \$1.15 million of one-time REET II funding and \$1 million of one-time King County grant resources in 2018 from a combined community center rehabilitation CIP project to an existing standalone CIP project for the Lake City Community Center. Similarly, the Council transferred \$3 million in one-time REET II funding in 2018 and \$2 million in 2019 from the combined project to a new Magnuson Park Community Center CIP project.
- The Council cut \$150,000 of REET I that was included in the 2018 Proposed CIP to design and build out space for the P-Patch Community Gardening Program to move from the Department of Neighborhoods to DPR. The Council also issued a Statement of Legislative intent directing the Department of Neighborhoods to prepare a comprehensive analysis which includes a program, staffing, and financial assessment of the P-Patch Program. The outcomes of this report will inform future decision-making about the P-Patch Program. For more information about this SLI, please see the Department of Neighborhoods section of the budget.

Capital Improvement Program Appropriation

| Budget Control Level | 2018 Endorsed | 2018 Adopted |
|---|------------------|------------------|
| 2008 Parks Levy- Cultural Facilities: K720021 | | |
| Cumulative Reserve Subfund - REET I Subaccount (00163) | 3,250,000 | 5,000,000 |
| Cumulative Reserve Subfund - REET II Subaccount (00161) | 1,750,000 | 0 |
| Subtotal | 5,000,000 | 5,000,000 |
