  Booklet 1 (Most City Preventive Plan)
- **Plan effective date:** January 1, 2020
- **Plan issue date:** October 19, 2020

**Third Party Administrative Services provided by Aetna Life Insurance Company**
Welcome

Thank you for choosing *Aetna*.

This is your booklet. It is one of two documents that together describe the benefits covered by your Employer’s self-funded health benefit plan for in-network and out-of-network coverage.

This booklet will tell you about your **covered benefits** – what they are and how you get them. It takes the place of all booklets describing similar coverage that were previously sent to you. The second document is the schedule of benefits. It tells you how we share expenses for **eligible health services** and tells you about limits – like when your plan covers only a certain number of visits.

Each of these documents may have amendments attached to them. They change or add to the documents they’re part of.

Where to next? Flip through the table of contents or try the *Let's get started!* section right after it. The *Let's get started!* section gives you a thumbnail sketch of how your plan works. The more you understand, the more you can get out of your plan.

Welcome to your Employer’s self-funded health benefit plan for in-network and out-of-network coverage.

Exclusions: What your plan doesn’t cover

- General exclusions
  - Additional exclusions for specific types of care
  - Preventive care and wellness
  - Physicians and other health professionals
  - Hospital and other facility care
  - Specific conditions
  - Specific therapies and tests
  - Other services
  - Outpatient prescription drugs

- Who provides the care
  - Network providers
  - Your primary care physician (PCP)
  - Out-of-network providers
  - Keeping a provider you go to now (continuity of care)

- What the plan pays and what you pay
  - The general rule
  - Important exception-when your plan pays all
  - Important exceptions-when you pay all
  - Special financial responsibility
  - Where your schedule of benefits fits in
  - Here’s how COB works
  - Determining who pays
  - How COB works with Medicare
  - Other health coverage updates - contact information
  - Right to receive and release needed information
  - Right to pay another carrier
  - Right of recovery

- When coverage ends
  - When will your coverage end?
  - When will coverage end for any dependents?
  - Why would we end you and your dependents coverage?
  - When will we send you a notice of your coverage ending?

- Special coverage options after your plan coverage ends
  - Consolidated Omnibus Budget Reconciliation Act (COBRA) Rights
  - Continuation of coverage for other reasons

- General provisions – other things you should know

Schedule of benefits Issued with your booklet-
Let’s get started!

Here are some basics. First things first – some notes on how we use words. Then we explain how your plan works so you can get the most out of your coverage. But for all the details – and this is very important – you need to read this entire booklet and the schedule of benefits. And if you need help or more information, we tell you how to reach us.

Some notes on how we use words

- When we say “you” and “your”, we mean both you and any covered dependents.
- When we say “us”, “we”, and “our”, we mean Aetna when we are describing administrative services provided by Aetna as Third Party Administrator.
- Some words appear in bold type. We define them in the Glossary section.

Sometimes we use technical medical language that is familiar to medical providers.

What your plan does – covered benefits

Your plan provides covered benefits. These are eligible health services for which your plan has the obligation to pay.

This plan provides in-network and out-of-network coverage for medical, vision and pharmacy benefits.

What your plan doesn’t do – exclusions

Your plan does not pay for benefits that are not covered under the terms of the plan. These are Exclusions and are described more in greater detail later in the document.

Many health care services and supplies are eligible for coverage under your plan in the Eligible health services under your plan section. However, some of those health care services and supplies have exclusions. For example, physician care is an eligible health service, but physician care for cosmetic surgery is never covered. This is an example of an exclusion.

The What your plan doesn’t cover - some eligible health service exclusions section of this document also provides additional information.

The Plan does not cover any payments that are prohibited by the Federal Office of Foreign Asset Control.

How your plan works – starting and stopping coverage

Your coverage under the plan has a start and an end. You start coverage after you complete the eligibility and enrollment process. To learn more see the Who the plan covers section.

Your coverage typically ends when you leave your job. Family members can lose coverage for many reasons, such as growing up and leaving home. To learn more see the When coverage ends section.

Ending coverage under the plan doesn’t necessarily mean you lose coverage with us. See the Special coverage options after your plan coverage ends section.
How your plan works while you are covered in-network

Your in-network coverage:

- Helps you get and pay for a lot of – but not all – health care services. These are called eligible health services.
- You will pay less cost share when you use a network provider.

1. Eligible health services

Doctor and hospital services are the foundation for many other services. You’ll probably find the preventive care, emergency services and urgent condition coverage especially important. But the plan won’t always cover the services you want. Sometimes it doesn’t cover health care services your doctor will want you to have.

So what are eligible health services? They are health care services that meet these three requirements:

- They are listed in the Eligible health services under your plan section.
- They are not carved out in the What your plan doesn’t cover – some eligible health service exclusions section. (We refer to this section as the “exclusions” section.)
- They are not beyond any limits in the schedule of benefits.

2. Providers

Aetna’s network of designated and non-designated doctors, hospitals and other health care providers are there to give you the care you need. You can find designated network providers and see important information about them most easily on our online provider directory. Just log into your Aetna member website at www.aetna.com. You will pay less cost share when you use a designated network provider. Non-designated network providers are available to you but the cost share will be at a higher level when these providers are used.

3. Paying for eligible health services– the general requirements

There are several general requirements for the plan to pay any part of the expense for an eligible health service. They are:

- The eligible health service is medically necessary.
- You get the eligible health service from a network or out-of-network provider.
- You or your provider precertifies the eligible health service when required.

You will find details on medical necessity and precertification requirements in the Medical necessity and precertification requirements section.

4. Paying for eligible health services– sharing the expense

Generally your plan and you will share the expense of your eligible health services when you meet the general requirements for paying.

But sometimes your plan will pay the entire expense; and sometimes you will. For more information see the What the plan pays and what you pay section, and see the schedule of benefits.

5. Disagreements

We know that people sometimes see things differently.

The plan tells you how we will work through our differences. And if we still disagree, an independent group of experts called an “external review organization” or ERO for short, will make the final decision for us.
For more information see the Claim decisions and appeals procedures section.

**How your plan works while you are covered out-of-network**

The section above told you how your plan works while you are covered in-network. You also have coverage when you want to get your care from providers who are not part of the Aetna network. It’s called out-of-network or other health care coverage.

Your out-of-network coverage:

- Means you can get care from providers who are not part of the Aetna network.
- Means you will have to pay for services at the time that they are provided. You will be required to pay the full charges and submit a claim for reimbursement to us. You are responsible for completing and submitting claim forms for reimbursement of eligible health services that you paid directly to a provider.
- Means that when you use out-of-network coverage, it is your responsibility to start the precertification process with providers.
- Means you will pay a higher cost share when you use an out-of-network provider.

You will find details on:

- Precertification requirements in the Medical necessity and precertification requirements section.
- Out-of-network providers and any exceptions in the Who provides the care section.
- Cost sharing in the What the plan pays and what you pay section, and your schedule of benefits.
- Claim information in the Claim decisions and appeals procedures section.

**How to contact us for help**

We are here to answer your questions. You can contact us by logging onto your secure member website at www.aetna.com

Register for your secure internet access to reliable health information, tools and resources. The secure member online tools will make it easier for you to make informed decisions about your health care, view claims, research care and treatment options, and access information on health and wellness.

You can also contact us by:

- Calling Aetna Member Services at the toll-free number on your ID card
- Writing us at Aetna Life Insurance Company, 151 Farmington Ave, Hartford, CT 06156

**Your member ID card**

Your member ID card tells doctors, hospitals, and other providers that you are covered by this plan. Show your ID card each time you get health care from a provider to help them bill us correctly and help us better process their claims.

Remember, only you and your covered dependents can use your member ID card. If you misuse your card we may end your coverage.

We will mail you your ID card. If you haven’t received it before you need eligible health services, or if you’ve lost it, you can print a temporary ID card. Just log into your secure member website at www.aetna.com.
Who the plan covers

You will find information in this section about:

- Who is eligible
- When you can join the plan
- Who can be on your plan (who can be your dependent)
- Adding new dependents
- Special times you and your dependents can join the plan

Who is eligible

Your Employer decides and tells us who is eligible for health care coverage.

When you can join the plan

As an employee you can enroll yourself and your dependents:

- At the end of any waiting period your Employer requires
- Once each Calendar Year during the annual enrollment period
- At other special times during the year (see the Special times you and your dependents can join the plan section below)

If you do not enroll yourself and your dependents when you first qualify for health benefits, you may have to wait until the next annual enrollment period to join.

Who can be on your plan (who can be your dependent)

You can enroll the following family members on your plan. (They are referred to in this booklet as your “dependents”.)

- Your spouse
- Your domestic partner who meets the rules set by the employer and requirements under state law
- Your dependent children – your own or those of your spouse or domestic partner
  - The children must be under 26 years of age, and they include your:
    o Biological children
    o Stepchildren
    o Legally adopted children, including any children placed with you for adoption
    o Foster children
    o Children you are responsible for under a qualified medical support order or court-order (whether or not the child resides with you)
    o Grandchildren in your court-ordered custody
    o Any other child with whom you have a parent-child relationship

You may continue coverage for a disabled child past the age limit shown above. See the Continuation of coverage for other reasons in the Special coverage options after your plan coverage ends section for more information.

Adding new dependents

You can add the following new dependents any time during the year:

- A spouse - If you marry, you can put your spouse on your plan.
  - Your Employer must receive your completed enrollment information not more than 30 days after the date of your marriage.
  - Ask your Employer when benefits for your spouse will begin. It will be:
- No later than the first day of the first calendar month after the date your Employer receives your completed enrollment information and
- Within 30 days of the date of your marriage.

• A domestic partner - If you enter a domestic partnership, you can enroll your domestic partner on your health plan.
  - Your Employer must receive your completed enrollment information not more than 30 days after the date you file a Declaration of Domestic Partnership, or not later than 30 days after you provide documentation required by your Employer.
  - Ask your Employer when benefits for your domestic partner will begin. It will be either on the date your Declaration of Domestic Partnership is filed or the first day of the month following the date your Employer receives your completed enrollment information.

• A newborn child - Your newborn child is covered on your health plan for the first 31 days after birth.
  - To keep your newborn covered, your Employer must receive your completed enrollment information within 60 days of birth.
  - You must still enroll the child within 60 days of birth even when coverage does not require payment of an additional contribution for the covered dependent.
  - If you miss this deadline, your newborn will not have health benefits after the first 31 days.

• An adopted child - A child that you, or that you and your spouse or domestic partner adopts is covered on your plan for the first 60 days after the adoption is complete.
  - To keep your adopted child covered, your Employer must receive your completed enrollment information within 60 days after the adoption.
  - Proof of placement will need to be presented to your Employer prior to the dependent enrollment;
  - If you miss this deadline, your adopted child will not have health benefits after the first 60 days.

• A stepchild - You may put a child of your spouse or domestic partner on your plan.
  - You must complete your enrollment information and send it to your Employer within 30 days after the date of your marriage or your Declaration of Domestic Partnership with your stepchild’s parent.
  - Ask your Employer when benefits for your stepchild will begin. It is either on the date of your marriage or the date your Declaration of Domestic Partnership is filed or the first day of the month following the date your Employer receives your completed enrollment information.

Notification of change in status
It is important that you notify your Employer of any changes in your benefit status. This will help your Employer effectively maintain your benefit status. Please notify your employer as soon as possible of status changes such as:
- Change of address
- Change of covered dependent status
- Enrollment in Medicare or any other group health plan of any covered dependent

Special times you and your dependents can join the plan
You can enroll in these situations:
- When you did not enroll in this plan before because:
  - You were covered by another group health plan, and now that other coverage has ended.
  - You had COBRA, and now that coverage has ended.
  - You or your dependents become eligible for State premium assistance under Medicaid or an S-CHIP plan for the payment of your contribution for coverage under this plan.
- When a court orders that you cover a current spouse or domestic partner or a minor child on your health plan.

Your Employer or the party they designate must receive your completed enrollment information from you
within 30 days of that date on which you no longer have the other coverage mentioned above.

**Effective date of coverage**
Your coverage begins on the date your employer tells us. This will be the effective date on the enrollment information sent to us to enroll you and your eligible dependents in the plan.

Claims will not be paid under any health benefits for expenses incurred in connection with any hospital stay that began before the date you or your dependents became covered.
Medical necessity and precertification requirements

The starting point for covered benefits under your plan is whether the services and supplies are eligible health services. See the Eligible health services under your plan and exclusions sections plus the schedule of benefits.

Your plan pays for its share of the expense for eligible health services only if the general requirements are met. They are:

- The eligible health service is medically necessary.
- You or your provider precertifies the eligible health service when required.

This section addresses the medical necessity and precertification requirements.

Medically necessary; medical necessity

As we said in the Let’s get started! section, medical necessity is a requirement for you to receive a covered benefit under this plan.

The medical necessity requirements are stated in the Glossary section, where we define "medically necessary, medical necessity". That is where we also explain what our medical directors or their physician designees consider when determining if an eligible health service is medically necessary.

Our clinical policy bulletins explain our policy for specific services and supplies. We use these bulletins and other resources to help guide individualized coverage decisions under our plans. You can find the bulletins and other information at https://www.aetna.com/health-care-professionals/clinical-policy-bulletins.html.

Precertification

You need pre-approval from us for some eligible health services. Pre-approval is also called precertification.

In-network

Your physician is responsible for obtaining any necessary precertification before you get the care. If your physician doesn’t get a required precertification, we won’t pay the provider who gives you the care. You won’t have to pay either if your physician fails to ask us for precertification. If your physician requests precertification and we refuse it, you can still get the care but the plan won’t pay for it. You will find details on requirements in the What the plan pays and what you pay - Important exceptions – when you pay all section.

Out-of-network

When you go to an out-of-network provider, it is your responsibility to obtain precertification from us for any services and supplies on the precertification list. If you do not precertify, your benefits may be reduced, or the plan may not pay any benefits. Refer to your schedule of benefits for this information. The list of services and supplies requiring precertification appears later in this section. Also, for any precertification benefit reduction that is applied see the schedule of benefits Precertification covered benefit reduction section.

Precertification should be secured within the timeframes specified below. For emergency services, precertification is not required, but you should notify us within the timeframes listed below.

To obtain precertification, call us at the telephone number listed on your ID card. This call must be made:

<table>
<thead>
<tr>
<th>For non-emergency admissions:</th>
<th>You, your physician or the facility will need to call and request precertification at least 14 days before the date you are scheduled to be admitted.</th>
</tr>
</thead>
<tbody>
<tr>
<td>For an emergency admission:</td>
<td>You, your physician or the facility must call within 48</td>
</tr>
</tbody>
</table>
hours or as soon as reasonably possible after you have been admitted.

For an urgent admission:
You, your physician or the facility will need to call before you are scheduled to be admitted. An urgent admission is a hospital admission by a physician due to the onset of or change in an illness, the diagnosis of an illness, or an injury.

For outpatient non-emergency medical services requiring precertification:
You or your physician must call at least 14 days before the outpatient care is provided, or the treatment or procedure is scheduled.

We will provide a written notification to you and your physician of the precertification decision, where required by state law. If your precertified services are approved, the approval is valid for 60 days as long as you remain enrolled in the plan.

When you have an inpatient admission to a facility, we will notify you, your physician and the facility about your precertified length of stay. If your physician recommends that your stay be extended, additional days will need to be precertified. You, your physician, or the facility will need to call us at the number on your ID card as soon as reasonably possible, but no later than the final authorized day. We will review and process the request for an extended stay. You and your physician will receive a notification of an approval or denial.

If precertification determines that the stay or services and supplies are not covered benefits, the notification will explain why and how our decision can be appealed. You or your provider may request a review of the precertification decision. See the Claim decisions and appeals procedures section.

What types of services require precertification?
Precertification is required for the following types of services and supplies:

<table>
<thead>
<tr>
<th>Inpatient services and supplies</th>
<th>Outpatient services and supplies</th>
</tr>
</thead>
<tbody>
<tr>
<td>Stays in a hospital</td>
<td>Cosmetic and reconstructive surgery, including gender reassignment (sex change)</td>
</tr>
<tr>
<td>Stays in a skilled nursing facility</td>
<td>Gene-based, cellular and other innovative therapies (GCIT)</td>
</tr>
<tr>
<td>Stays in a rehabilitation facility</td>
<td>Comprehensive infertility services</td>
</tr>
<tr>
<td>Stays in a hospice facility</td>
<td></td>
</tr>
<tr>
<td>Stays in a residential treatment facility for treatment of mental disorders and substance abuse</td>
<td></td>
</tr>
<tr>
<td>Bariatric surgery (obesity)</td>
<td></td>
</tr>
<tr>
<td>Gene-based, cellular and other innovative therapies (GCIT)</td>
<td></td>
</tr>
<tr>
<td>Cosmetic and reconstructive surgery, including gender reassignment (sex change) surgery</td>
<td></td>
</tr>
</tbody>
</table>

Contact us to get a list of the services that require precertification. The list may change from time to time.

Certain prescription drugs are covered under the medical plan when they are given to you by your doctor or health care facility. The following information applies to these prescription drugs:

For certain drugs, your provider needs to get approval from us before we will cover the drug. The requirement
for getting approval in advance guides appropriate use of certain drugs and makes sure they are medically necessary.

**Step therapy** is a type of ** precertification** where we require you to first try certain drugs to treat your medical condition before we will cover another drug for that condition.

Contact us or go online to get the most up-to-date ** precertification** requirements and list of ** step therapy** drugs.

Sometimes you or your ** provider** may ask for a medical exception for drugs that are not covered or for which coverage was denied. You, someone who represents you or your ** provider** can contact us. You will need to provide us with clinical documentation. Any exception granted is based upon an individual and is a case-by-case decision that will not apply to other members.
Eligible health services under your plan

The information in this section is the first step to understanding your plan's eligible health services.

Your plan covers many kinds of health care services and supplies, such as physician care and hospital stays. But sometimes those services are not covered at all or are covered only up to a limit.

For example,

- Physician care is generally covered but physician care for cosmetic surgery is never covered. This is an exception (exclusion).
- Home health care is generally covered but it is a covered benefit only up to a set number of visits a year. This is a limitation.

You can find out about these exceptions in the exceptions section, and about the limitations in the schedule of benefits.

We've grouped the health care services below to make it easier for you to find what you're looking for.

Important note:
Sex-specific eligible health services are covered when medically appropriate, regardless of identified gender.

Preventive care and wellness

This section describes the eligible health services and supplies available under your plan when you are well.

Important notes:
1. You will see references to the following recommendations and guidelines in this section:
   - Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention
   - United States Preventive Services Task Force
   - Health Resources and Services Administration
   - American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents

   These recommendations and guidelines may be updated periodically. When these are updated, they will be applied to this plan. The updates will be effective on the first day of the Calendar Year, one year after the updated recommendation or guideline is issued.

2. Diagnostic testing will not be covered under the preventive care benefit. For those tests, you will pay the cost sharing specific to eligible health services for diagnostic testing.

3. Gender- specific preventive care benefits include eligible health services described below regardless of the sex you were assigned at birth, your gender identity, or your recorded gender.

4. To learn what frequency and age limits apply to routine physical exams and routine cancer screenings, contact your physician or contact Member Services by logging on to your secure member website at www.aetna.com or at the toll-free number on your ID card. This information can also be found at the www.HealthCare.gov website.
Routine physical exams

Eligible health services include office visits to your physician or other health professional for routine physical exams. This includes routine vision and hearing screenings given as part of the exam. A routine exam is a medical exam given by a physician for a reason other than to diagnose or treat a suspected or identified illness or injury, and also includes:

- Evidence-based items that have in effect a rating of A or B in the current recommendations of the United States Preventive Services Task Force.
- Services as recommended in the American Academy of Pediatrics/Bright Futures/Health Resources and Services Administration guidelines for children and adolescents.
- Screenings and counseling services as provided for in the comprehensive guidelines recommended by the Health Resources and Services Administration. These services may include but are not limited to:
  - Screening and counseling services on topics such as:
    - Interpersonal and domestic violence
    - Sexually transmitted diseases
    - Human immune deficiency virus (HIV) infections
  - Screening for gestational diabetes for women
  - High risk human papillomavirus (HPV) DNA testing for women age 30 and older
- Radiological services, lab and other tests given in connection with the exam.
- For covered newborns, an initial hospital checkup.

Preventive care immunizations

Eligible health services include immunizations for infectious diseases recommended by the Advisory Committee on Immunization Practices of the Centers for Disease Control and Prevention.

Your plan does not cover immunizations that are not considered preventive care, such as those required due to your employment or travel.

Well woman preventive visits

Eligible health services include your routine:

- Well woman preventive exam office visit to your physician, obstetrician (OB), gynecologist (GYN) or OB/GYN. This includes pap smears. Your plan covers the exams recommended by the Health Resources and Services Administration. A routine well woman preventive exam is a medical exam given for a reason other than to diagnose or treat a suspected or identified illness or injury.
- Preventive care breast cancer (BRCA) gene blood testing by a physician and lab.
- Preventive breast cancer genetic counseling provided by a genetic counselor to interpret the test results and evaluate treatment.
- Screening for diabetes after pregnancy for women with a history of diabetes during pregnancy.
- Screening for urinary incontinence.

Preventive screening and counseling services

Eligible health services include screening and counseling by your health professional for some conditions. These are obesity, misuse of alcohol and/or drugs, use of tobacco products, sexually transmitted infection counseling and genetic risk counseling for breast and ovarian cancer. Your plan will cover the services you get in an individual or group setting. Here is more detail about those benefits.

- Obesity and/or healthy diet counseling
  Eligible health services include the following screening and counseling services to aid in weight
reduction due to obesity:
- Preventive counseling visits and/or risk factor reduction intervention
- Nutritional counseling
- Healthy diet counseling visits provided in connection with Hyperlipidemia (high cholesterol) and other known risk factors for cardiovascular and diet-related chronic disease

- **Misuse of alcohol and/or drugs**
  Eligible health services include the following screening and counseling services to help prevent or reduce the use of an alcohol agent or controlled substance:
  - Preventive counseling visits
  - Risk factor reduction intervention
  - A structured assessment

- **Use of tobacco products**
  Eligible health services include the following screening and counseling services to help you to stop the use of tobacco products:
  - Preventive counseling visits
  - Treatment visits
  - Class visits;
  - Tobacco cessation prescription and over-the-counter drugs
    - Eligible health services include FDA-approved prescription drugs and over-the-counter (OTC) drugs to help stop the use of tobacco products, when prescribed by a prescriber and the prescription is submitted to the pharmacist for processing.

  Tobacco product means a substance containing tobacco or nicotine such as:
  - Cigarettes
  - Cigars
  - Smoking tobacco
  - Snuff
  - Smokeless tobacco
  - Candy-like products that contain tobacco

- **Sexually transmitted infection counseling**
  Eligible health services include the counseling services to help you prevent or reduce sexually transmitted infections.

- **Genetic risk counseling for breast and ovarian cancer**
  Eligible health services include counseling and evaluation services to help you assess whether or not you are at increased risk for breast and ovarian cancer.
Routine cancer screenings

Eligible health services include the following routine cancer screenings:
- Mammograms
- Prostate specific antigen (PSA) tests
- Digital rectal exams
- Fecal occult blood tests
- Sigmoidoscopies
- Double contrast barium enemas (DCBE)
- Colonoscopies which includes removal of polyps performed during a screening procedure, and a pathology exam on any removed polyps

These benefits will be subject to any age, family history and frequency guidelines that are:
- Evidence-based items or services that have in effect a rating of A or B in the recommendations of the United States Preventive Services Task Force
- Evidence-informed items or services provided in the comprehensive guidelines supported by the Health Resources and Services Administration

If you need a routine gynecological exam performed as part of a cancer screening, you may go directly to a network provider who is an OB, GYN or OB/GYN.

Prenatal care

Eligible health services include your routine prenatal physical exams as Preventive Care, which is the initial and subsequent history and physical exam such as:
- Maternal weight
- Blood pressure
- Fetal heart rate check
- Fundal height

You can get this care at your physician's, OB's, GYN's, or OB/GYN’s office.

Important note:
You should review the benefit under Eligible health services under your plan- Maternity and related newborn care and the exclusions sections of this booklet for more information on coverage for pregnancy expenses under this plan.

Comprehensive lactation support and counseling services

Eligible health services include comprehensive lactation support (assistance and training in breast feeding) and counseling services during pregnancy or at any time following delivery for breast feeding when medically necessary. Your plan will cover this when you get it in an individual or group setting. Your plan will cover this counseling only when you get it from a certified lactation support provider.

Breast feeding durable medical equipment

Eligible health services include renting or buying durable medical equipment you need to pump and store breast milk as follows:

Breast pump
Eligible health services include:
- Renting a hospital grade electric pump while your newborn child is confined in a hospital.
- The buying of:
- An electric breast pump (non-hospital grade). Your plan will cover this cost once every three years, or
- A manual breast pump. Your plan will cover this cost once per pregnancy.

If an electric breast pump was purchased within the previous three year period, the purchase of another electric breast pump will not be covered until a three year period has elapsed since the last purchase.

**Breast pump supplies and accessories**

**Eligible health services** include breast pump supplies and accessories. These are limited to only one purchase per pregnancy in any year where a covered female would not qualify for the purchase of a new pump.

Coverage for the purchase of breast pump equipment is limited to one item of equipment, for the same or similar purpose, and the accessories and supplies needed to operate the item. You are responsible for the entire cost of any additional pieces of the same or similar equipment you purchase or rent for personal convenience or mobility.

**Family planning services – female contraceptives**

**Eligible health services** include family planning services such as:

- **Counseling services**
  - **Eligible health services** include counseling services provided by a physician, OB, GYN, or OB/GYN on contraceptive methods. These will be covered when you get them in either a group or individual setting.

- **Devices**
  - **Eligible health services** include contraceptive devices (including any related services or supplies) when they are provided by, administered or removed by a physician during an office visit.

- **Voluntary sterilization**
  - **Eligible health services** include charges billed separately by the provider for female voluntary sterilization procedures and related services and supplies. This also could include tubal ligation and sterilization implants.

**Important note:**

See the following sections for more information:

- Family planning services - other
- Maternity and related newborn care
- Outpatient prescription drugs
- Treatment of basic infertility

**Physicians and other health professionals**

**Physician services**

**Eligible health services** include services by your physician to treat an illness or injury. You can get those services:

- At the physician’s office
- In your home
- In a hospital
- From any other inpatient or outpatient facility
- By way of telemedicine
Important note:
All in-person office visits covered with a behavioral health provider are also covered if you use telemedicine instead.

Telemedicine may have different cost sharing. See the schedule of benefits for more information.

Other services and supplies that your physician may provide:
- Allergy testing and allergy injections
- Radiological supplies, services, and tests
- Immunizations that are not covered as preventive care

Physician surgical services
Eligible health services include the services of:
- The surgeon who performs your surgery
- Your surgeon who you visit before and after the surgery
- Another surgeon who you go to for a second opinion before the surgery

Alternatives to physician office visits

Walk-in clinic
Eligible health services include health care services provided in walk-in clinics for:
- Unscheduled, non-medical emergency illnesses and injuries
- The administration of immunizations administered within the scope of the clinic’s license
Hospital and other facility care

Hospital care

Eligible health services include inpatient and outpatient hospital care.

The types of hospital care services that are eligible for coverage include:

- Room and board charges up to the hospital's semi-private room rate. Your plan will cover the extra expense of a private room when appropriate because of your medical condition.
- Services of physicians employed by the hospital.
- Operating and recovery rooms.
- Intensive or special care units of a hospital.
- Administration of blood and blood derivatives, but not the expense of the blood or blood product.
- Radiation therapy.
- Cognitive rehabilitation.
- Speech therapy, physical therapy and occupational therapy.
- Oxygen and oxygen therapy.
- Radiological services, laboratory testing and diagnostic services.
- Medications.
- Intravenous (IV) preparations.
- Discharge planning.
- Services and supplies provided by the outpatient department of a hospital.

Alternatives to hospital stays

Outpatient surgery and physician surgical services

Eligible health services include services provided and supplies used in connection with outpatient surgery performed in a surgery center or a hospital's outpatient department.

Important note:
Some surgeries can be done safely in a physician’s office. For those surgeries, your plan will pay only for physician services and not for a separate fee for facilities.

Home health care

Eligible health services include home health care provided by a home health care agency in the home, but only when all of the following criteria are met:

- You are homebound.
- Your physician orders them.
- The services take the place of your needing to stay in a hospital or a skilled nursing facility, or needing to receive the same services outside your home.
- The services are a part of a home health care plan.
- The services are skilled nursing services, home health aide services or medical social services, or are short-term speech, physical or occupational therapy.
- If you are discharged from a hospital or skilled nursing facility after a stay, the intermittent requirement may be waived to allow coverage for continuous skilled nursing services. See the schedule of benefits for more information on the intermittent requirement.
- Home health aide services are provided under the supervision of a registered nurse.
- Medical social services are provided by or supervised by a physician or social worker.
Short-term physical, speech and occupational therapy provided in the home are subject to the conditions and limitations imposed on therapy provided outside the home. See the Short-term rehabilitation services and Habilitation therapy services sections and the schedule of benefits.

Home health care services do not include custodial care.

**Hospice care**

Eligible health services include inpatient and outpatient hospice care when given as part of a hospice care program.

The types of hospice care services that are eligible for coverage include:

- Room and board
- Services and supplies furnished to you on an inpatient or outpatient basis
- Services by a hospice care agency or hospice care provided in a hospital
- Bereavement counseling
- Respite care

Hospice care services provided by the providers below may be covered, even if the providers are not an employee of the hospice care agency responsible for your care:

- A physician for consultation or case management
- A physical or occupational therapist
- A home health care agency for:
  - Physical and occupational therapy
  - Medical supplies
  - Outpatient prescription drugs
  - Psychological counseling
  - Dietary counseling

**Outpatient private duty nursing**

Eligible health services include private duty nursing care provided by an R.N. or L.P.N. for non-hospitalized acute illness or injury if your condition requires skilled nursing care and visiting nursing care is not adequate.

**Skilled nursing facility**

Eligible health services include inpatient skilled nursing facility care.

The types of skilled nursing facility care services that are eligible for coverage include:

- Room and board, up to the semi-private room rate
- Services and supplies that are provided during your stay in a skilled nursing facility

**Emergency services and urgent care**

Eligible health services include services and supplies for the treatment of an emergency medical condition or an urgent condition.

As always, you can get emergency care from network providers. However, you can also get emergency care from out-of-network providers.

Your coverage for emergency services and urgent care from out-of-network providers ends when Aetna and the attending physician determine that you are medically able to travel or to be transported to a network provider if you need more care.
As it applies to in-network coverage, you are covered for follow-up care only when your **physician** provides or coordinates it. If you use an **out-of-network provider** to receive follow-up care, you are subject to a higher out-of-pocket expense.

**In case of a medical emergency**

When you experience an **emergency medical condition**, you should go to the nearest emergency room. You can also dial 911 or your local emergency response service for medical and ambulance assistance. If possible, call your **physician** but only if a delay will not harm your health.

**Non-emergency condition**

If you go to an emergency room for what is not an **emergency medical condition**, the plan may not cover your expenses. See the schedule of benefits and the **exclusion - Emergency services and urgent care and Precertification benefit reduction** sections for specific plan details.

**In case of an urgent condition**

**Urgent condition**

If you need care for an **urgent condition**, you should first seek care through your **physician**. If your **physician** is not reasonably available to provide services, you may access urgent care from an **urgent care facility**.

**Non-urgent care**

If you go to an **urgent care facility** for what is not an **urgent condition**, the plan may not cover your expenses. See the **exclusion –Emergency services and urgent care and Precertification covered benefit reduction** sections and the schedule of benefits for specific plan details.
Specific conditions

Autism spectrum disorder

Autism spectrum disorder is defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association.

Eligible health services include the services and supplies provided by a physician or behavioral health provider for the diagnosis and treatment of autism spectrum disorder. We will only cover this treatment if a physician or behavioral health provider orders it as part of a treatment plan.

We will cover certain early intensive behavioral interventions such as applied behavior analysis. Applied behavior analysis is an educational service that is the process of applying interventions:

- That systematically change behavior, and
- That is responsible for observable improvements in behavior.

**Important note:**
Applied behavior analysis requires precertification by Aetna. The network provider is responsible for obtaining precertification. You are responsible for obtaining precertification if you are using an out-of-network provider.

Birthing center

Eligible health services include prenatal and postpartum care and obstetrical services from your provider. After your child is born, eligible health services include:

- 48 hours of care in a birthing center after a vaginal delivery
- 96 hours of care in a birthing center after a cesarean delivery

A birthing center is a facility specifically licensed as a freestanding birthing center by applicable state and federal laws to provide prenatal care, delivery and immediate postpartum care.

Family planning services – other

Eligible health services include certain family planning services provided by your physician such as:

- Voluntary sterilization for males
- Abortion

Jaw joint disorder treatment

Eligible health services include the diagnosis and surgical treatment of jaw joint disorder by a provider which includes:

- The jaw joint itself, such as temporomandibular joint dysfunction (TMJ) syndrome
- Involving the relationship between the jaw joint and related muscle and nerves such as myofascial pain dysfunction (MPD)
Maternity and related newborn care

Eligible health services include prenatal and postpartum care and obstetrical services. After your child is born, eligible health services include:

- 48 hours of inpatient care in a hospital after a vaginal delivery
- 96 hours of inpatient care in a hospital after a cesarean delivery
- A shorter stay, if the attending physician, with the consent of the mother, discharges the mother or newborn earlier
- The mother could be discharged earlier. If so, the plan will pay for 1 post-delivery visit by a health care provider.

Coverage also includes the services and supplies needed for circumcision by a provider.

Mental health treatment

Eligible health services include the treatment of mental disorders provided by a hospital, psychiatric hospital, residential treatment facility, physician or behavioral health provider as follows:

- Inpatient room and board at the semi-private room rate, and other services and supplies related to your condition that are provided during your stay in a hospital, psychiatric hospital, or residential treatment facility
- Outpatient treatment received while not confined as an inpatient in a hospital, psychiatric hospital or residential treatment facility, including:
  - Office visits to a physician or behavioral health provider such as a psychiatrist, psychologist, social worker, or licensed professional counselor (includes telemedicine consultation)
  - Individual, group and family therapies for the treatment of mental health
  - Other outpatient mental health treatment such as:
    - Partial hospitalization treatment provided in a facility or program for mental health treatment provided under the direction of a physician
    - Intensive outpatient program provided in a facility or program for mental health treatment provided under the direction of a physician
    - Skilled behavioral health services provided in the home, but only when all the following criteria are met:
      o You are homebound
      o Your physician orders them
      o The services take the place of a stay in a hospital or a residential treatment facility, or you are unable to receive the same services outside your home
      o The skilled behavioral health care is appropriate for the active treatment of a condition, illness or disease to avoid placing you at risk for serious complications
    - Electro-convulsive therapy (ECT)
    - Transcranial magnetic stimulation (TMS)
    - Psychological testing
    - Neuropsychological testing
    - 23 hour observation
    - Peer counseling support by a peer support specialist
      o A peer support specialist serves as a role model, mentor, coach, and advocate. They must be certified by the state where the services are provided or a private certifying organization recognized by us. Peer support must be supervised by a behavioral health provider.
Substance related disorders treatment

Eligible health services include the treatment of substance abuse provided by a hospital, psychiatric hospital, residential treatment facility, physician or behavioral health provider as follows:

- **Inpatient room and board** at the semi-private room rate, and other services and supplies that are provided during your stay in a hospital, psychiatric hospital or residential treatment facility. Treatment of substance abuse in a general medical hospital is only covered if you are admitted to the hospital’s separate substance abuse section or unit, unless you are admitted for the treatment of medical complications of substance abuse.

As used here, “medical complications” include, but are not limited to, electrolyte imbalances, malnutrition, cirrhosis of the liver, delirium tremens and hepatitis.

- **Outpatient treatment** received while not confined as an inpatient in a hospital, psychiatric hospital or residential treatment facility, including:
  - Office visits to a physician or behavioral health provider such as a psychiatrist, psychologist, social worker, or licensed professional counselor (includes telemedicine consultation)
  - Individual, group and family therapies for the treatment of substance abuse
  - Other outpatient substance abuse treatment such as:
    - Outpatient detoxification
    - Partial hospitalization treatment provided in a facility or program for treatment of substance abuse provided under the direction of a physician
    - Intensive outpatient program provided in a facility or program for treatment of substance abuse provided under the direction of a physician
    - Ambulatory detoxification which are outpatient services that monitor withdrawal from alcohol or other substance abuse, including administration of medications
    - Treatment of withdrawal symptoms
    - 23 hour observation
    - Peer counseling support by a peer support specialist
      - A peer support specialist serves as a role model, mentor, coach, and advocate. They must be certified by the state where the services are provided or a private certifying organization recognized by us. Peer support must be supervised by a behavioral health provider.

Oral and maxillofacial treatment (mouth, jaws and teeth)

Eligible health services include the following oral and maxillofacial treatment (mouth, jaws and teeth) provided by a physician, a dentist and hospital:

- **Non-surgical treatment** of infections or diseases.
- **Surgery** needed to:
  - Treat a fracture, dislocation, or wound.
  - Cut out cysts, tumors, or other diseased tissues.
  - Cut into gums and tissues of the mouth. This is only covered when not done in connection with the removal, replacement or repair of teeth.
  - Alter the jaw, jaw joints, or bite relationships by a cutting procedure when appliance therapy alone cannot result in functional improvement.
  - Orthodontic treatment directly related to an orthognathic surgical procedure. Benefits are payable up to the Orthognathic surgery related Orthodontic treatment maximum shown in the Schedule of Benefits.
- **Hospital** services and supplies received for a stay required because of your condition.
- Dental work, surgery and orthodontic treatment needed to remove, repair, restore or reposition:
- Natural teeth damaged, lost, or removed. Your teeth must be free from decay or in good repair, and are firmly attached to your jaw bone at the time of your injury.
- Other body tissues of the mouth fractured or cut due to injury.

- Crowns, dentures, bridges, or in-mouth appliances only for:
  - The first denture or fixed bridgework to replace lost teeth.
  - The first crown needed to repair each damaged tooth.
  - An in-mouth appliance used in the first course of orthodontic treatment after an injury.

- Accidental injuries and other trauma. Oral surgery and related dental services to return sound natural teeth to their pre-trauma functional state. These services must take place no later than 12 months after the injury.
  - Sound natural teeth are teeth that were stable, functional, and free from decay and advanced periodontal disease at the time of the trauma.
  - If a child needs oral surgery as the result of accidental injury or trauma, surgery may be postponed until a certain level of growth has been achieved.

Reconstructive surgery and supplies

Eligible health services include all stages of reconstructive surgery by your provider and related supplies provided in an inpatient or outpatient setting only in the following circumstances:

- Your surgery reconstructs the breast where a necessary mastectomy was performed, such as an implant and areolar reconstruction. It also includes surgery on a healthy breast to make it symmetrical with the reconstructed breast, treatment of physical complications of all stages of the mastectomy, including lymphedema and prostheses.
- Your surgery is to implant or attach a covered prosthetic device.
- Your surgery for a penile prosthetic related to prostatectomy when medically necessary.
- Your surgery corrects a gross anatomical defect present at birth. The surgery will be covered if:
  - The defect results in severe facial disfigurement or major functional impairment of a body part.
  - The purpose of the surgery is to improve function.
- Your surgery is needed because treatment of your illness resulted in severe facial disfigurement or major functional impairment of a body part, and your surgery will improve function.

Transgender reassignment (sex change) surgery, counseling

Eligible health services include services and supplies for transgender reassignment (sometimes called sex change) surgery.

You must be at least 18 years old to be eligible for this benefit.

Eligible health services include:
- The surgical procedure
- Physician pre-operative and post-operative hospital and office visits
- Inpatient and outpatient services (including outpatient surgery)
- Skilled nursing facility care
- Administration of anesthetics
- Outpatient diagnostic testing, lab work and radiological services
- Blood transfusions and the cost of un-replaced blood and blood products as well as the collection, processing and storage of self-donated blood after the surgery has been scheduled
- Gender reassignment counseling by a behavioral health provider

Important Note
Rhinoplasty, liposuction of the waist (body contouring), and skin resurfacing, which have been used in feminization, are considered cosmetic. Similarly, chin implants, nose implants, and lip enhancement/reduction, which have been used to assist masculinization, are considered cosmetic.

**Transplant services**

**Eligible health services** include transplant services provided by a **physician** and **hospital**.

This includes the following transplant types:

- Solid organ
- Hematopoietic stem cell
- Bone marrow
- CAR-T and T-Cell receptor therapy for FDA approved treatments

**Network of transplant facilities**

The amount you will pay for covered transplant services is determined by where you get transplant services. You can get transplant services from:

- An **Institutes of Excellence™ (IOE) facility** we designate to perform the transplant you need
- A Non-IOE facility

Your cost share will be lower when you get transplant services from the IOE facility we designate to perform the transplant you need. You may also get transplant services at a non-IOE facility, but your cost share will be higher.

The National Medical Excellence Program® will coordinate all solid organ, bone marrow and CAR-T and T-Cell therapy services and other specialized care you need.

**Important note:**

If there is no **IOE facility** for your transplant type in your network, the National Medical Excellence Program® (NME) will arrange for and coordinate your care at an **IOE facility** in another one of our networks. If you don’t get your transplant services at the **IOE facility** we designate, your cost share will be higher.

Many pre and post-transplant medical services, even routine ones, are related to and may affect the success of your transplant. While your transplant care is being coordinated by the NME Program, all medical services must be managed through NME so that you receive the highest level of benefits at the appropriate facility. This is true even if the **covered service** is not directly related to your transplant.

**Institutes of Quality**

Aetna Institutes of Quality (IOQ) program is a network of facilities/clinics of publicly recognized, high-quality, high-value health care providers. These providers offer access to a quality and efficient network for specific procedures. The Institutes have met extensive quality, as well as cost-effectiveness criteria. The Institutes of Quality program applies to adult members (age 18 and over) only.

The IOQs are Aetna facilities participating under standard Aetna contracts and are **designated** through a targeted Request For Information (RFI) process. Designation is valid for two years provided that the facility maintains compliance with the IOQ program requirements.

**Institutes of Quality Bariatric**
Bariatric surgery, also known as weight loss surgery, refers to the various surgical procedures performed to treat people living with morbid or extreme obesity. It is an effective treatment for weight loss for those who have not experienced long-term weight loss success through other means.

Bariatric IOQ facilities provide the following services:

- Lap bands - device wrapped around upper part of stomach to make it smaller for less food intake
- Bypass - creation of a small pouch in stomach that is connected directly to middle part of small intestine, bypassing the remainder of stomach and upper small intestine
- Sleeve gastrectomy - removal of majority of stomach creating narrow tube to decrease amount of food eaten and decrease amount of food absorbed

Treatment of infertility

Basic infertility

Eligible health services include seeing a network provider:

- To diagnose and evaluate the underlying medical cause of infertility.
- To do surgery to treat the underlying medical cause of infertility. Examples are endometriosis surgery or, for men, varicocele surgery.

Comprehensive infertility services

Eligible health services include comprehensive infertility care. The first step to using your comprehensive infertility health care services is enrolling with our National Infertility Unit (NIU). To enroll you can reach our dedicated NIU at 1-800-575-5999.

Infertility services

You are eligible for infertility services if:

- You are covered under this plan as an employee or as a covered dependent who is the employee’s legal spouse or domestic partner, referred to as “your partner”.
- There exists a condition that:
  - Is demonstrated to cause the disease of infertility.
  - Has been recognized by your physician or infertility specialist and documented in your or your partner’s medical records.
- You or your partner has not had a voluntary sterilization, with or without surgical reversal, regardless of post reversal results. This includes tubal ligation, hysterectomy and vasectomy only if obtained as a form of voluntary sterilization.
- You or your partner does not have infertility that is due to a natural physiologic process such as age related ovarian insufficiency (e.g. perimenopause, menopause).
- A successful pregnancy cannot be attained through less costly treatment for which coverage is available under this plan.
- You have met the requirement for the number of months trying to conceive through egg and sperm contact.
- Your unmedicated day 3 Follicle Stimulating Hormone (FSH) level meets the following criteria:

<table>
<thead>
<tr>
<th>You are</th>
<th>Number of months of unprotected timed sexual intercourse:</th>
<th>Number of donor artificial insemination cycles: Self paid/not paid for by plan</th>
<th>You need to have an unmedicated day 3 FSH test done within the past:</th>
<th>The results of your unmedicated day 3 FSH test:</th>
</tr>
</thead>
<tbody>
<tr>
<td>A female under</td>
<td>A. 12 months or</td>
<td>B. At least 12 cycles</td>
<td>12 months</td>
<td>Must be less than</td>
</tr>
</tbody>
</table>
35 years of age with a male partner | more or | of donor insemination | 19 mIU/mL in your most recent lab test
---|---|---|---
A female under 35 years of age without a male partner | Does not apply | At least 12 cycles of donor insemination | 12 months | Must be less than 19 mIU/mL in your most recent lab test
A female 35 years of age or older with a male partner | A. 6 months or more or | B. At least 6 cycles of donor insemination | 6 months | If you are less than age 40, must be less than 19 mIU/mL in your most recent lab test
| If you are age 40 and older, must be less than 19 mIU/mL in all prior tests performed after age 40
A female 35 years of age or older without a male partner | Does not apply | At least 6 cycles of donor insemination | 6 months | If you are less than age 40, must be less than 19 mIU/mL in your most recent lab test

A male of any age with a female partner 35 years of age or older | 6 months or more | Does not apply | Does not apply | Does not apply

Our NIU is here to help you. It is staffed by a dedicated team of registered nurses and infertility coordinators with expertise in all areas of infertility who can help:

- Enroll in the infertility program.
- Assist you with precertification of eligible health services.
- Coordinate precertification for comprehensive infertility when these services are eligible health services.
- Evaluate your medical records to determine whether comprehensive infertility services are reasonably
likely to result in success.

- Determine whether comprehensive infertility services are eligible health services.

Your provider will request approval from us in advance for your infertility services. We will cover charges made by an infertility specialist for the following infertility services:

- Ovulation induction cycle(s) with menotropins.
- Intrauterine insemination.

A “cycle” is an attempt at ovulation induction or intrauterine insemination. The cycle begins with the initiation of therapy and ends when the treatment is followed by confirmation of non-pregnancy (either a negative pregnancy test or a menstrual period). In the case of the achievement of pregnancy, a cycle is considered completed at 6 weeks following a positive pregnancy test. Each treatment type is counted as a separate cycle.

Specific therapies and tests

Outpatient diagnostic testing

Diagnostic complex imaging services

Eligible health services include complex imaging services by a provider, including:

- Computed tomography (CT) scans
- Magnetic resonance imaging (MRI) including Magnetic resonance spectroscopy (MRS), Magnetic resonance venography (MRV) and Magnetic resonance angiogram (MRA)
- Nuclear medicine imaging including Positron emission tomography (PET) scans
- Other outpatient diagnostic imaging service where the billed charge exceeds $500

Complex imaging for preoperative testing is covered under this benefit.

Diagnostic lab work and radiological services

Eligible health services include diagnostic radiological services (other than diagnostic complex imaging), lab services, and pathology and other tests, but only when you get them from a licensed radiological facility or lab.

Chemotherapy

Eligible health services for chemotherapy depends on where treatment is received. In most cases, chemotherapy is covered as outpatient care. However, your hospital benefit covers the initial dose of chemotherapy after a cancer diagnosis during a hospital stay.

Outpatient infusion therapy

Eligible health services include infusion therapy you receive in an outpatient setting including but not limited to:

- A free-standing outpatient facility
- The outpatient department of a hospital
- A physician in the office
- A home care provider in your home

Infusion therapy is the parenteral (e.g. intravenous) administration of prescribed medications or solutions.

Certain infused medications may be covered under the outpatient prescription drug coverage. You can access the list of specialty prescription drugs by contacting Member Services or by logging onto your Aetna secure member website at www.aetna.com or calling the number on your ID card to determine if coverage is under the outpatient prescription drug benefit or this booklet.
When Infusion therapy services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

**Outpatient radiation therapy**

Eligible health services include the following radiology services provided by a health professional:

- Radiological services
- Gamma ray
- Accelerated particles
- Mesons
- Neutrons
- Radium
- Radioactive isotopes

**Specialty prescription drugs**

Eligible health services include specialty prescription drugs when they are:

- Purchased by your provider, and
- Injected or infused by your provider in an outpatient setting such as:
  - A free-standing outpatient facility
  - The outpatient department of a hospital
  - A physician in the office
  - A home care provider in your home
- And, listed on our specialty prescription drug list as covered under this booklet.

You can access the list of specialty prescription drugs by contacting Member Services by logging onto your Aetna secure member website at www.aetna.com or calling the number on the back of your ID card to determine if coverage is under the outpatient prescription drug benefit or this booklet.

Certain injected and infused medications may be covered under the outpatient prescription drug coverage. You can access the list of specialty prescription drugs by contacting Member Services or by logging onto your Aetna secure member website at www.aetna.com or calling the number on your ID card to determine if coverage is under the outpatient prescription drug benefit or this booklet.

When injectable or infused services and supplies are provided in your home, they will not count toward any applicable home health care maximums.

**Short-term cardiac and pulmonary rehabilitation services**

Eligible health services include the cardiac and pulmonary rehabilitation services listed below.

**Cardiac rehabilitation**

Eligible health services include cardiac rehabilitation services you receive at a hospital, skilled nursing facility or physician’s office, but only if those services are part of a treatment plan determined by your risk level and ordered by your physician.

**Pulmonary rehabilitation**

Eligible health services include pulmonary rehabilitation services as part of your inpatient hospital stay if it is part of a treatment plan ordered by your physician.

A course of outpatient pulmonary rehabilitation may also be eligible for coverage if it is performed at a hospital, skilled nursing facility, or physician’s office, is used to treat reversible pulmonary disease states, and is part of a
treatment plan ordered by your physician.

Short-term rehabilitation services
Short-term rehabilitation services help you restore or develop skills and functioning for daily living. Eligible health services include short-term rehabilitation services your physician prescribes. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist
- A hospital, skilled nursing facility, or hospice facility
- A home health care agency
- A physician

Short-term rehabilitation services have to follow a specific treatment plan.

Outpatient cognitive rehabilitation, physical, massage, occupational, and speech therapy
Eligible health services include:

- Physical therapy, but only if it is expected to significantly improve or restore physical functions lost as a result of an acute illness, injury or surgical procedure. Massage therapy is covered for non-chronic conditions and acute illnesses and injuries, provided the therapy is medically necessary and is expected to significantly improve, develop or restore physical functions lost or impaired as a result of an acute illness, injury or surgical procedure. Services are subject to review for medical necessity and medical records may be requested at any time.
- Occupational therapy (except for vocational rehabilitation or employment counseling), but only if it is expected to:
  - Significantly improve, develop or restore physical functions you lost as a result of an acute illness, injury or surgical procedure, or
  - Relearn skills so you can significantly improve your ability to perform the activities of daily living.
- Speech therapy, but only if it is expected to:
  - Significantly improve or restore the speech function or correct a speech impairment as a result of an acute illness, injury or surgical procedure, or
  - Improve delays in speech function development caused by a gross anatomical defect present at birth.

Speech function is the ability to express thoughts, speak words and form sentences. Speech impairment is difficulty with expressing one’s thoughts with spoken words.

- Cognitive rehabilitation associated with physical rehabilitation, but only when:
  - Your cognitive deficits are caused by neurologic impairment due to trauma, stroke, or encephalopathy and
  - The therapy is coordinated with us as part of a treatment plan intended to restore previous cognitive function.

Habilitation therapy services
Habilitation therapy services are services that help you keep, learn, or improve skills and functioning for daily living (e.g. therapy for a child who isn’t walking or talking at the expected age).

Eligible health services include habilitation therapy services your physician prescribes. The services have to be performed by:

- A licensed or certified physical, occupational or speech therapist
- A hospital, skilled nursing facility, or hospice facility
- A home health care agency
- A physician
Habilitation therapy services have to follow a specific treatment plan, ordered by your **physician**.

**Outpatient physical, occupational, and speech therapy**

**Eligible health services** include:

- Physical therapy (except for services provided in an educational or training setting), if it is expected to develop any impaired function.
- Occupational therapy (except for vocational rehabilitation or employment counseling), if it is expected to develop any impaired function.
- Speech therapy (except for services provided in an educational or training setting or to teach sign language) is covered provided the therapy is expected to develop speech function as a result of delayed development.
  (Speech function is the ability to express thoughts, speak words and form sentences).
Other services

Acupuncture
The plan covers charges made for acupuncture services provided by a physician, if the service is performed:

- As a form of anesthesia in connection with a covered surgical procedure; and
- To treat an illness, injury or to alleviate chronic pain.

Important Reminder
Refer to the Schedule of Benefits for details about any applicable acupuncture benefit maximum.

Ambulance service
Eligible health services include transport by professional ground ambulance services:

- To the first hospital to provide emergency services.
- From one hospital to another hospital if the first hospital cannot provide the emergency services you need.
- From a hospital to your home or to another facility if an ambulance is the only safe way to transport you.
- From your home to a hospital if an ambulance is the only safe way to transport you. Transport is limited to 100 miles.

Your plan also covers transportation to a hospital by professional air or water ambulance when:

- Professional ground ambulance transportation is not available.
- Your condition is unstable, and requires medical supervision and rapid transport.
- You are travelling from one hospital to another and
  - The first hospital cannot provide the emergency services you need, and
  - The two conditions above are met.

Clinical trial therapies (experimental or investigational)
Eligible health services include experimental or investigational drugs, devices, treatments or procedures from a provider under an “approved clinical trial” only when you have cancer or terminal illnesses and all of the following conditions are met:

- Standard therapies have not been effective or are not appropriate.
- We determine based on published, peer-reviewed scientific evidence that you may benefit from the treatment.

An "approved clinical trial" is a clinical trial that meets all of these criteria:

- The FDA has approved the drug, device, treatment, or procedure to be investigated or has granted it investigational new drug (IND) or group c/treatment IND status. This requirement does not apply to procedures and treatments that do not require FDA approval.
- The clinical trial has been approved by an Institutional Review Board that will oversee the investigation.
- The clinical trial is sponsored by the National Cancer Institute (NCI) or similar federal organization.
- The trial conforms to standards of the NCI or other, applicable federal organization.
- The clinical trial takes place at an NCI-designated cancer center or takes place at more than one institution.
- You are treated in accordance with the protocols of that study.

Clinical trials (routine patient costs)
Eligible health services include "routine patient costs" incurred by you from a provider in connection with participation in an "approved clinical trial" as a “qualified individual” for cancer or other life-threatening disease or condition, as those terms are defined in the federal Public Health Service Act, Section 2709.

As it applies to in-network coverage, coverage is limited to benefits for routine patient services provided within the network.

**Durable medical equipment (DME)**

Eligible health services include the expense of renting or buying DME and accessories you need to operate the item from a DME supplier. Your plan will cover either buying or renting the item, depending on which we think is more cost efficient. If you purchase DME, that purchase is only eligible for coverage if you need it for long-term use.

Coverage includes:
- One item of DME for the same or similar purpose.
- Repairing DME due to normal wear and tear. It does not cover repairs needed because of misuse or abuse.
- A new DME item you need because your physical condition has changed. It also covers buying a new DME item to replace one that was damaged due to normal wear and tear, if it would be cheaper than repairing it or renting a similar item.

**Covered expenses** include charges for DME for which a claim has been submitted and paid while you are covered under the plan, which is delivered within 30 days after your coverage ends.

Your plan only covers the same type of DME that Medicare covers. But there are some DME items Medicare covers that your plan does not. We list examples of those in the exclusions section.

**Hearing aids and exams**

Eligible health services include hearing care that includes hearing exams, prescribed hearing aids and hearing aid services as described below.

Hearing aid means:
- Any wearable, non-disposable instrument or device designed to aid or make up for impaired human hearing
- Parts, attachments, or accessories

Hearing aid services are:
- Audiometric hearing exam and evaluation for a hearing aid prescription performed by:
  - A physician certified as an otolaryngologist or otologist
  - An audiologist who is legally qualified in audiology, or holds a certificate of Clinical Competence in Audiology from the American Speech and Hearing Association in the absence of any licensing requirements; and who performs the exam at the written direction of a legally qualified otolaryngologist or otologist
- Electronic hearing aids, installed in accordance with a prescription written during a covered hearing exam
- Any other related services necessary to access, select and adjust or fit a hearing aid

**Non-routine/non-preventive care hearing exams**

Eligible health services for adults and children include charges for an audiometric hearing exam for evaluation and treatment of illness, injury or hearing loss, if the exam is performed by:
• A physician certified as an otolaryngologist or otologist
• An audiologist who is legally qualified in audiology; or holds a certificate of Clinical Competence in Audiology from the American Speech and Hearing Association (in the absence of any applicable licensing requirements); and who performs the exam at the written direction of a legally qualified otolaryngologist or otologist.

**Nutritional supplements**
**Eligible health services** include formula and low protein modified food products ordered by a physician for the treatment of phenylketonuria or an inherited disease of amino and organic acids.

For purposes of this benefit, “low protein modified food product” means foods that are specifically formulated to have less than one gram of protein per serving and are intended to be used under the direction of a physician for the dietary treatment of any inherited metabolic disease. Low protein modified food products do not include foods that are naturally low in protein.

**Prosthetic devices**
**Eligible health services** include the initial provision and subsequent replacement of a prosthetic device that your physician orders and administers.

Prosthetic device means:
• A device that temporarily or permanently replaces all or part of an external body part lost or impaired as a result of illness or injury or congenital defects.

Coverage includes:
• Repairing or replacing the original device you outgrow or that is no longer appropriate because your physical condition changed
• Replacements required by ordinary wear and tear or damage
• Instruction and other services (such as attachment or insertion) so you can properly use the device

**Spinal manipulation**
**Eligible health services** include spinal manipulation to correct a muscular or skeletal problem, but only if your provider establishes or approves a treatment plan that details the treatment, and specifies frequency and duration.
Outpatient prescription drugs

What you need to know about your outpatient prescription drug plan

Read this section carefully so that you know:

- How to access network pharmacies
- Eligible health services under your plan
- What outpatient prescription drugs are covered
- Other services
- How you get an emergency prescription filled
- Where your schedule of benefits fits in
- What precertification requirements apply
- How do I request a medical exception
- What your plan doesn’t cover – some eligible health service exclusions
- How you share the cost of your outpatient prescription drugs

Some prescription drugs may not be covered or coverage may be limited. This does not keep you from getting prescription drugs that are not covered benefits. You can still fill your prescription, but you have to pay for it yourself. For more information see the Where your schedule of benefits fits in section, and see the schedule of benefits.

A pharmacy may refuse to fill a prescription order or refill when in the professional judgment of the pharmacist the prescription should not be filled.

How to access network pharmacies

How do you find a network pharmacy?

You can find a network pharmacy in two ways:

- Online: By logging onto your secure member website at www.aetna.com.
- By phone: Call the toll-free Member Services number on your member ID card. During regular business hours, a Member Services representative can assist you. Our automated telephone assistant can give you this information 24 hours a day.

You may go to any of the network pharmacies. Pharmacies include network retail, mail order and specialty pharmacies.

What if the pharmacy you have been using leaves the network?

Sometimes a pharmacy might leave the network. If this happens, you will have to get your prescriptions filled at another network pharmacy. You can use your provider directory or call the toll-free Member Services number on your member ID card to find another network pharmacy in your area.

Eligible health services under your plan

What does your outpatient prescription drug plan cover?
Any pharmacy service that meets these three requirements:
- They are listed in the Eligible health services under your plan section
- They are not carved out in the What your plan doesn’t cover - some eligible health service exceptions section
- They are not beyond any limits in the schedule of benefits

Your plan benefits are covered when you follow the plan’s general rules:
- You need a prescription from your prescriber.
- Your drug needs to be medically necessary for your illness or injury. See the Medical necessity and precertification requirements section.
- You need to show your ID card to the pharmacy when you get a prescription filled.

Your outpatient prescription drug plan includes drugs listed in the drug guide. Prescription drugs listed on the formulary exclusions list are excluded unless a medical exception is approved by us prior to the drug being picked up at the pharmacy. If it is medically necessary for you to use a prescription drug on the formulary exclusions list, you or your prescriber must request a medical exception. See the How to get a medical exception section.

Generic prescription drugs may be substituted by your pharmacist for brand-name prescription drugs. Your out-of-pocket costs may be less if you use a generic prescription drug when available.

Prescription drugs covered by this plan are subject to misuse, waste, and/or abuse utilization review by us, your provider, and/or your network pharmacy. The outcome of this review may include: limiting coverage of the applicable drug(s) to one prescribing provider and/or one network pharmacy, limiting the quantity, dosage, day supply, requiring a partial fill or denial of coverage.

What outpatient prescription drugs are covered
Your prescriber may give you a prescription in different ways, including:
- Writing out a prescription that you then take to a network pharmacy
- Calling or e-mailing a network pharmacy to order the medication
- Submitting your prescription electronically

Once you receive a prescription from your prescriber, you may fill the prescription at a network, retail, mail order or specialty pharmacy.

Retail pharmacy
Generally, retail pharmacies may be used for up to a 31 day supply of prescription drugs. You should show your ID card to the network pharmacy every time you get a prescription filled. The network pharmacy will submit your claim. You will pay any cost sharing directly to the network pharmacy.

You do not have to complete or submit claim forms. The network pharmacy will take care of claim submission.

Mail order pharmacy
Generally, the drugs available through mail order are maintenance drugs that you take on a regular basis for a chronic or long-term medical condition.

Outpatient prescription drugs are covered when dispensed by a network mail order pharmacy. Each prescription is limited to a maximum 90 day supply. Prescriptions for less than a 31 day supply or more than a 90 day supply are not eligible for coverage when dispensed by a network mail order pharmacy.
Other services

Preventive Contraceptives
For females who are able to reproduce, your outpatient prescription drug plan covers certain drugs and devices that the U.S. Food and Drug Administration (FDA) has approved to prevent pregnancy when prescribed by a prescriber and the prescription is submitted to the pharmacist for processing. Your outpatient prescription drug plan also covers related services and supplies needed to administer covered devices. At least one form of contraception in each of the methods identified by the FDA is included. You can access the list of contraceptive drugs by logging onto your secure member website at https://www.aetna.com/ or calling the number on your ID card.

We cover over-the-counter (OTC) and generic prescription drugs and devices for each of the methods identified by the FDA at no cost share. If a generic prescription drug or device is not available for a certain method, you may obtain certain brand-name prescription drug for that method at no cost share.

Important note: You may qualify for a medical exception if your provider determines that the contraceptives covered standardly as preventive are not medically appropriate. Your prescriber may request a medical exception and submit the exception to us.

Diabetic supplies
Eligible health services include but are not limited to the following diabetic supplies upon prescription by a prescriber:

- Injection devices including insulin syringes, needles and pens
- Test strips - blood glucose, ketone and urine
- Blood glucose calibration liquid
- Lancet devices and kits
- Alcohol swabs
- blood glucose meters and insulin pumps

Also see your medical plan benefits for coverage of blood glucose meters and insulin pumps.

Immunizations
Eligible health services include preventive immunizations as required by the ACA guidelines when administered at a network pharmacy. You should call the number on your ID card to find a participating network pharmacy. You should contact the pharmacy for availability, as not all pharmacies will stock all available vaccines.

Infertility drugs
Eligible health services include oral and injectable synthetic ovulation stimulant prescription drugs used primarily for the purpose of treating the underlying cause of infertility.
Off-label use
U.S. Food and Drug Administration (FDA)-approved **prescription drugs** may be covered when the off-label use of the drug has not been approved by the FDA for your condition(s). Eligibility for coverage is subject to the following:

- The drug must be accepted as safe and effective to treat your condition(s) in one of the following standard compendia:
  - American Society of Health-System Pharmacists Drug Information (AHFS Drug Information)
  - Thomson Micromedex DrugDex System (DrugDex)
  - Clinical Pharmacology (Gold Standard, Inc.)
  - The National Comprehensive Cancer Network (NCCN) Drug and Biologics Compendium; or
- Use for your condition(s) has been proven as safe and effective by at least one well-designed controlled clinical trial, (i.e., a Phase III or single center controlled trial, also known as Phase II). Such a trial must be published in a peer reviewed medical journal known throughout the U.S. and either:
  - The dosage of a drug for your condition(s) is equal to the dosage for the same condition(s) as suggested in the FDA-approved labeling or by one of the standard compendia noted above.
  - The dosage has been proven to be safe and effective for your condition(s) by one or more well-designed controlled clinical trials. Such a trial must be published in a peer reviewed medical journal.

Health care services related to off-label use of these drugs may be subject to **precertification** or other requirements or limitations.

Orally administered anti-cancer drugs, including chemotherapy drugs
**Eligible health services** include any drug prescribed for the treatment of cancer if it is recognized for treatment of that indication in a standard reference compendium or recommended in the medical literature even if the drug is not approved by the FDA for a particular indication.

Over-the-counter drugs
**Eligible health services** include over-the-counter medications, as determined by the plan in an equivalent prescription dosage strength for the appropriate member responsibility. Coverage of the selected over-the-counter medications requires a **prescription**. You can access the list by logging onto www.aetna.com.

Proton Pump Inhibitors and Non-Sedating Antihistamines
**Eligible health services** include charges for prescription strength and over-the-counter equivalent versions of proton pump inhibitors and non-sedating antihistamines, subject to the maximum shown in the **Schedule of Benefits**. A **prescription** must be provided by a **physician**.

Risk reducing breast cancer prescription drugs
**Eligible health services** include **prescription drugs** used to treat people who are at:

- Increased risk for breast cancer, and
- Low risk for adverse medication side effects

Sexual dysfunction/enhancement
**Eligible health services** include **prescription drugs** for the treatment of sexual dysfunction/enhancement. For the most up-to-date information on dosing, call the toll-free number on your ID card.
Tobacco cessation
(See the Preventive care and wellness section of this booklet-certificate for information on preventive care 
tobacco cessation covered benefits.)

Eligible health services include charges made by a network pharmacy for prescription drugs and aids, that are approved by the U. S. Food and Drug Administration, to stop the use of tobacco products. The prescription drug or aid must be prescribed by a prescriber.

Tobacco product means a substance containing tobacco or nicotine including, but not limited to:
- Cigarettes
- Cigars
- Smoking tobacco
- Snuff
- Smokeless tobacco
- Candy-like products that contain tobacco

Over-the-counter (OTC) tobacco cessation aids
Eligible health services include FDA-approved prescription drugs and over-the-counter (OTC) drugs to help stop the use of tobacco products, when prescribed by a prescriber and the prescription is submitted to the pharmacist for processing.

Limitations:
Eligible health services are limited to two, 90 day courses of treatment each Calendar Year for nicotine replacement therapy. Nicotine replacement therapy means a prescription drug or aid that is:
- Used to deliver nicotine to a person attempting to stop the use of tobacco products; and
- Prescribed by a prescriber.

How you get an emergency prescription filled
You may not have access to a network pharmacy in an emergency or urgent care situation, or you may be traveling outside of the plan’s service area. If you must fill a prescription in either situation, we will reimburse you as shown in the table below.

<table>
<thead>
<tr>
<th>Type of pharmacy</th>
<th>Your cost share</th>
</tr>
</thead>
<tbody>
<tr>
<td>Network pharmacy</td>
<td>• You pay the copayment.</td>
</tr>
<tr>
<td>Out-of-network pharmacy</td>
<td>• You pay the pharmacy directly for the cost of the prescription. Then you fill out and send a prescription drug refund form to us, including all itemized pharmacy receipts.</td>
</tr>
<tr>
<td></td>
<td>• Coverage is limited to items obtained in connection with covered emergency and out-of-area urgent care services.</td>
</tr>
<tr>
<td></td>
<td>• Submission of a claim doesn’t guarantee payment. If your claim is approved, you will be reimbursed the cost of your prescription less your copayment/payment percentage.</td>
</tr>
</tbody>
</table>

Where your schedule of benefits fits in
You are responsible for paying your part of the cost sharing. The schedule of benefits shows any benefit limitations and any out-of-pocket costs you are responsible for. Keep in mind that you are responsible for costs not covered under this plan.
Your prescription drug costs are based on:
- The type of prescription drug you’re prescribed.
- Where you fill your prescription.

The plan may, in certain circumstances, make some brand-name prescription drugs available to you at the generic prescription drug copayment level.

**How your copayment/payment percentage works**
Your copayment/payment percentage is the amount you pay for each prescription fill or refill. Your schedule of benefits shows you which copayments/payment percentage you need to pay for specific prescription fill or refill. You will pay any cost sharing directly to the network pharmacy.

**How your outpatient prescription drug maximum out-of-pocket limit works**
You will pay your outpatient prescription drug copayments/payment percentage up to the outpatient prescription drug maximum out-of-pocket limit for your plan.

Your schedule of benefits shows the outpatient prescription drug maximum out-of-pocket limits that apply to your plan. Once you reach your outpatient prescription drug maximum out-of-pocket limit, your plan will pay for outpatient prescription drug covered benefits for the remainder of that Calendar Year.

**What precertification requirements apply**
For certain drugs, you, your prescriber or your pharmacist needs to get approval from us before we will cover the drug. This is called "precertification". The requirement for getting approval in advance guides appropriate use of precertified drugs and makes sure they are medically necessary. For the most up-to-date information, call the toll-free number on your member ID card or log on to your secure member website at [https://www.aetna.com/](https://www.aetna.com/).

**How do I request a medical exception?**
Sometimes you or your prescriber may seek a medical exception to get health care services for drugs not listed on the drug guide or for which health care services are denied through precertification. You, someone who represents you or your prescriber can contact us and will need to provide us with the required clinical documentation. Any exception granted is based upon an individual, case by case decision, and will not apply to other members. If approved by us, you will receive the preferred drug or non-preferred drug benefit level.

You, someone who represents you or your prescriber may seek a quicker medical exception process to get coverage for non-covered drugs in an urgent situation. An urgent situation happens when you have a health condition that may seriously affect your life, health, or ability to get back maximum function or when you are going through a current course of treatment using a non-preferred drug. You, someone who represents you or your prescriber may submit a request for a quicker review for an urgent situation by:
- Contacting our Precertification Department at 1-855-582-2025
- Faxing the request to 1-855-330-1716
- Submitting the request in writing to CVS Health ATTN: Aetna PA, 1300 E Campbell Road Richardson, TX 75081

We will make a coverage determination within 24 hours after we receive your request and will tell you, someone who represents you and your prescriber of our decision.
**Prescribing units**

Some outpatient *prescription drugs* are subject to quantity limits. These quantity limits help your *prescriber* and pharmacist check that your outpatient *prescription drug* is used correctly and safely. We rely on medical guidelines, FDA-approved recommendations and other criteria developed by us to set these quantity limits.

Any outpatient *prescription drug* that has duration of action extending beyond one (1) month shall require the number of *copayments* per prescribing unit that is equal to the anticipated duration of the medication. For example, a single injection of a drug that is effective for three (3) months would require three (3) *copayments*. 
Exclusions: What your plan doesn’t cover

We already told you about the many health care services and supplies that are eligible for coverage under your plan in the *Eligible health services under your plan* section. And we told you there, that some of those health care services and supplies have exclusions. For example, **physician care** is an *eligible health service* but **physician care for cosmetic surgery** is never covered. This is an exclusion.

In this section we tell you about the exclusions. We’ve grouped them to make it easier for you to find what you want.

- Under "General exclusions" we’ve explained what general services and supplies are not covered under the entire plan.
- Below the general exclusions, in “Exclusions under specific types of care,” we’ve explained what services and supplies are exceptions under specific types of care or conditions.

Please look under both categories to make sure you understand what exclusions may apply in your situation.

And just a reminder, you'll find coverage limitations in the schedule of benefits.

**General exclusions**

**Cosmetic services and plastic surgery**
- Any treatment, **surgery** (cosmetic or plastic), service or supply to alter, improve or enhance the shape or appearance of the body, whether or not for psychological or emotional reasons. This cosmetic services exclusion does not apply to surgery after an accidental **injury** when performed as soon as medically feasible. **Injuries** that occur during medical treatments are not considered accidental **injuries**, even if unplanned or unexpected.

**Counseling**
- Marriage, religious, family, career, social adjustment, pastoral, or financial counseling.

**Court-ordered services and supplies**
- Includes those court-ordered services and supplies, or those required as a condition of parole, probation, release or as a result of any legal proceeding

**Custodial care**
Examples are:
- Routine patient care such as changing dressings, periodic turning and positioning in bed
- Administering oral medications
- Care of a stable tracheostomy (including intermittent suctioning)
- Care of a stable colostomy/ileostomy
- Care of stable gastrostomy/jejunoscopy/nasogastric tube (intermittent or continuous) feedings
- Care of a bladder catheter (including emptying/changing containers and clamping tubing)
- Watching or protecting you
- Respite care, adult (or child) day care, or convalescent care
- Institutional care. This includes **room and board** for rest cures, adult day care and convalescent care
- Help with walking, grooming, bathing, dressing, getting in or out of bed, toileting, eating or preparing foods
Any other services that a person without medical or paramedical training could be trained to perform
Any service that can be performed by a person without any medical or paramedical training

Dental care except as covered in the Eligible health services under your plan Oral and maxillofacial treatment section.
Dental services related to:
- The care, filling, removal or replacement of teeth and treatment of injuries to or diseases of the teeth
- Dental services related to the gums
- Apicoectomy (dental root resection)
- Orthodontics
- Root canal treatment
- Soft tissue impactions
- Bony impacted teeth
- Alveolectomy
- Augmentation and vestibuloplasty treatment of periodontal disease
- False teeth
- Prosthetic restoration of dental implants
- Dental implants

This exclusion does not include bone fractures, removal of tumors, and odontogenic cysts

Early intensive behavioral interventions
Examples of those services are:
- Early intensive behavioral interventions (Denver, LEAP, TEACCH, Rutgers, floor time, Lovaas and similar programs) and other intensive educational interventions.

Educational services
Examples of those services are:
- Any service or supply for education, training or retraining services or testing. This includes:
  - Special education
  - Remedial education
  - Wilderness treatment programs (whether or not the program is part of a residential treatment facility or otherwise licensed institution)
  - Job training
  - Job hardening programs
- Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

Examinations
Any health examinations needed:
- Because a third party requires the exam. Examples are, examinations to get or keep a job, or examinations required under a labor agreement or other contract.
- Because a law requires it.
- To buy insurance or to get or keep a license.
- To travel.
- To go to a school, camp, or sporting event, or to join in a sport or other recreational activity.

Experimental or investigational
- Experimental or investigational drugs, devices, treatments or procedures unless otherwise covered under clinical trial therapies (experimental or investigational) or covered under clinical trials (routine
patient costs). See the Eligible health services under your plan – Other services section.

Facility charges
For care, services or supplies provided in:
- Rest homes
- Assisted living facilities
- Similar institutions serving as a persons’ main residence or providing mainly custodial or rest care
- Health resorts
- Spas or sanitariums
- Infirmaries at schools, colleges, or camps

Foot care
- Services and supplies for:
  - The treatment of calluses, bunions, toenails, hammertoes, or fallen arches
  - The treatment of weak feet, chronic foot pain or conditions caused by routine activities, such as walking, running, working or wearing shoes
  - Supplies (including orthopedic shoes), foot orthotics, arch supports, shoe inserts, ankle braces, guards, protectors, creams, ointments and other equipment, devices and supplies
  - Routine pedicure services, such as routine cutting of nails, when there is no illness or injury in the nails

Growth/height care
- A treatment, device, drug, service or supply to increase or decrease height or alter the rate of growth
- Surgical procedures, devices and growth hormones to stimulate growth

Maintenance care
- Care made up of services and supplies that maintain, rather than improve, a level of physical or mental function, except for habilitation therapy services. See the Eligible health services under your plan – Habilitation therapy services section.
- Miscellaneous charges for services or supplies including:
  Annual or other charges to be in a physician's practice;
  Charges to have preferred access to a physician's services such as boutique or concierge physician practices.

Medical supplies – outpatient disposable
- Any outpatient disposable supply or device. Examples of these are:
  - Sheaths
  - Bags
  - Elastic garments
  - Support hose
  - Bandages
  - Bedpans
  - Syringes
  - Blood or urine testing supplies
  - Other home test kits
  - Splints
  - Neck braces
- Compresses
- Other devices not intended for reuse by another patient

Other primary payer
- Payment for a portion of the charge that Medicare or another party is responsible for as the primary payer.

Outpatient prescription or non-prescription drugs and medicines
- Outpatient prescription or non-prescription drugs and medicines provided by the employer or through a third party vendor contract with the employer.

Personal care, comfort or convenience items
- Any service or supply primarily for your convenience and personal comfort or that of a third party.

Pregnancy charges
- Charges in connection with pregnancy care other than for complications of pregnancy and other covered expenses as specifically described in the Eligible health services under your plan section

Routine exams
- Routine physical exams, routine eye exams, routine dental exams, routine hearing exams and other preventive services and supplies, except as specifically provided in the Eligible health services under your plan section

Services provided by a family member
- Services provided by a spouse, domestic partner, parent, child, stepchild, brother, sister, in-law or any household member

Sexual dysfunction and enhancement
- Any treatment, prescription drug, service, or supply to treat sexual dysfunction, enhance sexual performance or increase sexual desire, including:
  - Sex therapy, sex counseling, marriage counseling, or other counseling or advisory services

Strength and performance
- Services, devices and supplies such as drugs or preparations designed primarily for enhancing your:
  - Strength
  - Physical condition
  - Endurance
  - Physical performance

Telemedicine
- Services given when you are not present at the same time as the provider
- Services including:
  - Telephone calls for behavioral health services
  - Telemedicine kiosks
  - Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

Therapies and tests
- Full body CT scans
- Hair analysis
- Hypnosis and hypnotherapy
- Massage therapy, except when used as a physical therapy modality
- Sensory or auditory integration therapy

**Tobacco cessation**
- Any treatment, drug, service or supply to stop or reduce smoking or the use of other tobacco products or to treat or reduce nicotine addiction, dependence or cravings, including medications, nicotine patches and gum unless recommended by the United States Preventive Services Task Force (USPSTF). This also includes:
  - Counseling, except as specifically provided in the Eligible health services under your plan – Preventive care and wellness section
  - Hypnosis and other therapies
  - Medications, except as specifically provided in the Eligible health services under your plan – Outpatient prescription drugs section
  - Nicotine patches
  - Gum

**Treatment in a federal, state, or governmental entity**
- Any care in a hospital or other facility owned or operated by any federal, state or other governmental entity, except to the extent coverage is required by applicable laws

**Vision care**
- Vision care services and supplies, including:
  - Orthoptics (a technique of eye exercises designed to correct the visual axes of eyes not properly coordinated for binocular vision) and
  - Laser in-situ keratomileusis (LASIK), including related procedures designed to surgically correct refractive errors

**Wilderness treatment programs**
- Wilderness treatment programs (whether or not the program is part of a residential treatment facility or otherwise licensed institution)
- Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting

**Work related illness or injuries**
- Coverage available to you under worker's compensation or under a similar program under local, state or federal law for any illness or injury related to employment or self-employment.
- A source of coverage or reimbursement will be considered available to you even if you waived your right to payment from that source. You may also be covered under a workers' compensation law or similar law. If you submit proof that you are not covered for a particular illness or injury under such law, then that illness or injury will be considered “non-occupational” regardless of cause.

**Additional exclusions for specific types of care**

**Preventive care and wellness**
- Services for diagnosis or treatment of a suspected or identified illness or injury
- Exams given during your stay for medical care
- Services not given by or under a physician's direction
• Psychiatric, psychological, personality or emotional testing or exams

Family planning services
• Any contraceptive methods that are only "reviewed" by the FDA and not "approved" by the FDA
• The reversal of voluntary sterilization procedures, including any related follow-up care
• Voluntary sterilization procedures that were not billed separately by the provider or were not the primary purpose of a confinement.

Physicians and other health professionals

There are no additional exclusions specific to physicians and other health professionals.

Hospital and other facility care

Alternatives to facility stays

Outpatient surgery and physician surgical services
• The services of any other physician who helps the operating physician
• A stay in a hospital (Hospital stays are covered in the Eligible health services under your plan – Hospital and other facility care section.)
• A separate facility charge for surgery performed in a physician’s office
• Services of another physician for the administration of a local anesthetic

Home health care
• Services for infusion therapy
• Services provided outside of the home (such as in conjunction with school, vacation, work or recreational activities)
• Transportation
• Services or supplies provided to a minor or dependent adult when a family member or caregiver is not present

Hospice care
• Funeral arrangements
• Pastoral counseling
• Financial or legal counseling. This includes estate planning and the drafting of a will
• Homemaker or caretaker services. These are services which are not solely related to your care and may include:
  - Sitter or companion services for either you or other family members
  - Transportation
  - Maintenance of the house

Outpatient private duty nursing
(See home health care in the Eligible health services under your plan and Outpatient and inpatient skilled nursing care sections regarding coverage of nursing services).
Specific conditions

Behavioral health treatment
Services for the following categories (or equivalent terms as listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) of the American Psychiatric Association):

- **Stay** in a facility for treatment for dementia and amnesia without a behavioral disturbance that necessitates mental health treatment
- Sexual deviations and disorders except for gender identity disorders
- School and/or education service, including special education, remedial education, wilderness treatment programs, or any such related or similar programs.
- Services provided in conjunction with school, vocation, work or recreational activities
- Transportation

Family planning services - other

- Reversal of voluntary sterilization procedures including related follow-up care
- Family planning services received while confined as an inpatient in a hospital or other facility

Maternity and related newborn care

- Any services and supplies related to births that take place in the home or in any other place not licensed to perform deliveries.

Mental health/substance use disorders conditions
The following conditions/diagnoses (or equivalent terms as listed in the most recent edition of the Diagnostic and Statistical Manual of Mental Disorders (DSM) of the American Psychiatric Association) are not covered by the behavioral health plan:

- Paraphilia’s
- Tobacco use disorders and nicotine dependence, except as described in the Coverage and exclusions – Preventive care section
- Pathological gambling, kleptomania, pyromania
- Specific developmental disorders of scholastic skills (Learning Disorders/Learning Disabilities)
- Specific developmental disorder of motor function
- Specific developmental disorders of speech and language
- Other disorders of psychological development

Obesity (bariatric) surgery

- Weight management treatment or drugs intended to decrease or increase body weight, control weight or treat obesity, including morbid obesity except as described in the Eligible health services under your plan – Preventive care and wellness section, including preventive services for obesity screening and weight management interventions. This is regardless of the existence of other medical conditions. Examples of these are:
  - Liposuction, banding, gastric stapling, gastric by-pass and other forms of bariatric surgery
  - **Surgical procedures**, medical treatments and weight control/loss programs primarily intended to treat, or are related to the treatment of obesity, including morbid obesity
  - Drugs, stimulants, preparations, foods or diet supplements, dietary regimens and supplements, food supplements, appetite suppressants and other medications
  - Hypnosis or other forms of therapy
  - Exercise programs, exercise equipment, membership to health or fitness clubs, recreational therapy or other forms of activity or activity enhancement
Oral and maxillofacial treatment (mouth, jaws and teeth)
- Dental implants

Transplant services
- Services and supplies furnished to a donor when the recipient is not a covered person
- Harvesting and storage of organs, without intending to use them for immediate transplantation for your existing illness
- Harvesting and/or storage of bone marrow, hematopoietic stem cells or other blood cells without intending to use them for transplantation within 12 months from harvesting, for an existing illness

Treatment of infertility
- Injectable infertility medication, including but not limited to menotropins, hCG, and GnRH agonists.
- All charges associated with:
  - Surrogacy for you or the surrogate. A surrogate is a female carrying her own genetically related child where the child is conceived with the intention of turning the child over to be raised by others, including the biological father.
  - Cryopreservation (freezing) of eggs, embryos or sperm.
  - Storage of eggs, embryos, or sperm.
  - Thawing of cryopreserved (frozen) eggs, embryos or sperm.
  - The care of the donor in a donor egg cycle. This includes, but is not limited to, any payments to the donor, donor screening fees, fees for lab tests, and any charges associated with care of the donor required for donor egg retrievals or transfers.
  - The use of a gestational carrier for the female acting as the gestational carrier. A gestational carrier is a female carrying an embryo to which she is not genetically related.
  - Obtaining sperm from a person not covered under this plan.
- Home ovulation prediction kits or home pregnancy tests.
- The purchase of donor embryos, donor oocytes, or donor sperm.
- Reversal of voluntary sterilizations, including follow-up care.
- Ovulation induction with menotropins, Intrauterine insemination and any related services, products or procedures.

Specific therapies and tests

Outpatient infusion therapy
- Enteral nutrition
- Blood transfusions and blood products
- Dialysis

Specialty prescription drugs
- Specialty prescription drugs and medicines provided by your employer or through a third party vendor contract with your employer.
- Drugs that are included on the list of specialty prescription drugs as covered under your outpatient prescription drug plan.
Other services

Ambulance services
- Fixed wing air ambulance from an out-of-network provider

Clinical trial therapies (experimental or investigational)
- Your plan does not cover clinical trial therapies (experimental or investigational), except as described in the Eligible health services under your plan - Clinical trial therapies (experimental or investigational) section.

Clinical trial therapies (routine patient costs)
- Services and supplies related to data collection and record-keeping that is solely needed due to the clinical trial (i.e. protocol-induced costs)
- Services and supplies provided by the trial sponsor without charge to you
- The experimental intervention itself (except medically necessary Category B investigational devices and promising experimental and investigational interventions for terminal illnesses in certain clinical trials in accordance with Aetna’s claim policies).

Durable medical equipment (DME)
Examples of these items are:
- Whirlpools
- Portable whirlpool pumps
- Massage table
- Sauna baths
- Message devices (personal voice recorder)
- Over bed tables
- Elevators
- Communication aids
- Vision aids
- Telephone alert systems

Hearing aids and exams
The following services or supplies:
- A replacement of:
  - A hearing aid that is lost, stolen or broken
  - A hearing aid installed within the prior 12 month period
- Replacement parts or repairs for a hearing aid
- Batteries or cords
- A hearing aid that does not meet the specifications prescribed for correction of hearing loss
- Any ear or hearing exam performed by a physician who is not certified as an otolaryngologist or otologist
- Hearing exams given during a stay in a hospital or other facility, except those provided to newborns as part of the overall hospital stay
- Any tests, appliances and devices to:
  - Improve your hearing. This includes hearing aid batteries and auxiliary equipment.
  - Enhance other forms of communication to make up for hearing loss or devices that simulate speech.

Nutritional supplements
- Any food item, including infant formulas, nutritional supplements, vitamins, plus prescription
vitrains, medical foods and other nutritional items, even if it is the sole source of nutrition, except as covered in the Eligible health services under your plan – Other services section.

Prosthetic devices
- Services covered under any other benefit
- Orthopedic shoes, therapeutic shoes, or other devices to support the feet, unless required for the treatment of or to prevent complications of diabetes, or if the orthopedic shoe is an integral part of a covered leg brace
- Foot orthotics beyond the maximum shown in the Schedule of Benefits
- Trusses, corsets, and other support items
- Repair and replacement due to loss, misuse, abuse or theft

Outpatient prescription drugs

Abortion drugs

Allergy sera and extracts administered via injection

Any services related to the dispensing, injection or application of a drug

Biological sera

Cosmetic drugs
- Medications or preparations used for cosmetic purposes.

Compounded prescriptions containing bulk chemicals that have not been approved by the U.S. Food and Drug Administration (FDA)
- Including compounded bioidentical hormones

Devices, products and appliances, except those that are specially covered

Dietary supplements including medical foods

Drugs or medications
- Administered or entirely consumed at the time and place it is prescribed or dispensed
- Which do not, by federal or state law, require a prescription order (i.e. over-the-counter (OTC) drugs), even if a prescription is written except as specifically provided in the Eligible health services under your plan – Outpatient prescription drugs section
- That includes the same active ingredient or a modified version of an active ingredient as a covered prescription drug (unless a medical exception is approved)
- That is therapeutically equivalent or therapeutically alternative to a covered prescription drug including biosimilars (unless a medical exception is approved)
- Not approved by the FDA or not proven safe and effective
- Provided under your medical plan while an inpatient of a healthcare facility
- That includes vitamins and minerals unless recommended by the United States Preventive Services Task Force (USPSTF)
- For which the cost is covered by a federal, state, or government agency (for example: Medicaid or Veterans Administration)
- That are used for the purpose of weight gain or reduction, including but not limited to stimulants,
preparations, foods or diet supplements, dietary regimens and supplements, food or food supplements, appetite suppressants or other medications.

- That are drugs or growth hormones used to stimulate growth and treat idiopathic short stature, unless there is evidence that the member meets one or more clinical criteria detailed in our precertification and clinical policies

**Duplicative drug therapy (e.g. two antihistamine drugs)**

**Genetic care**
- Any treatment, device, drug, service or supply to alter the body’s genes, genetic make-up, or the expression of the body’s genes except for the correction of congenital birth defects.

**Immunizations related to travel or work**

**Immunization or immunological agents** except as specifically provided in the Eligible health services under your plan – Outpatient prescription drugs section.

**Implantable drugs and associated devices** except as specifically provided in the Eligible health services under your plan – Outpatient prescription drugs section.

**Injectables:**
- Any charges for the administration or injection of prescription drugs or injectable insulin and other injectable drugs covered by us
- Needles and syringes, except for those used for self-administration of an injectable drug
- Any drug, which due to its characteristics as determined by us must typically be administered or supervised by a qualified provider or licensed certified health professional in an outpatient setting. This exception does not apply to Depo Provera and other injectable drugs used for contraception.

**Prescription drugs:**
- Dispensed by other than a network retail, mail order and specialty pharmacies except as specifically provided in the What prescription drugs are covered section.
- Dispensed by a mail order pharmacy that is an out-of-network pharmacy, except in a medical emergency or urgent care situation except as specifically provided in the How to get an emergency prescription filled section.
- Packaged in unit dose form.
- Filled prior to the effective date or after the termination date of coverage under this plan.
- Dispensed by a mail order pharmacy that include prescription drugs that cannot be shipped by mail due to state or federal laws or regulations, or when the plan considers shipment through the mail to be unsafe. Examples of these types of drugs include, but are not limited to, narcotics, amphetamines, DEA controlled substances and anticoagulants.
- That include an active metabolite, stereoisomer, prodrug (precursor) or altered formulation of another drug and are not clinically superior to that drug as determined by the plan.
- That are considered oral dental preparations and fluoride rinses, except pediatric fluoride tablets or drops as specified on the preferred drug guide.
- That are non-preferred drugs, unless non-preferred drugs are specifically covered as described in your schedule of benefits. However, a non-preferred drug will be covered if in the judgment of the prescriber there is no equivalent prescription drug on the preferred drug guide or the product on the preferred drug guide is ineffective in treating your disease or condition or has caused or is likely to cause an adverse reaction or harm you.
• That are being used or abused in a manner that is determined to be furthering an addiction to a habit-forming substance, the use of or intended use of which would be illegal, unethical, imprudent, abusive, not medically necessary, or otherwise improper; and drugs obtained for use by anyone other than the member identified on the ID card.

Refills
• Refills dispensed more than one year from the date the latest prescription order was written.

Replacement of lost or stolen prescriptions

Test agents, except diabetic test agents

We reserve the right to exclude:
A manufacturer’s product when a same or similar drug (that is, a drug with the same active ingredient or same therapeutic effect), supply or equipment is on the preferred drug guide. Any dosage or form of a drug when the same drug (that is, a drug with the same active ingredient or same therapeutic effect) is available in a different dosage or form on our preferred drug guide.
• Plan shall exclude from coverage certain drugs that have limited clinical value and which have clinically-appropriate, lower-cost alternatives (e.g., brand name drugs that are combinations of existing generic or over-the-counter drugs, new formulations of existing drugs). Plan’s designee, Aetna, shall determine which drugs meet the criteria for exclusion.
Who provides the care

Just as the starting point for coverage under your plan is whether the services and supplies are eligible health services, the foundation for getting covered care is the network. This section tells you about network and out-of-network providers.

Network providers
We have contracted with providers to provide eligible health services to you. These providers make up the network for your plan. For you to receive the network level of benefits you must use network providers for eligible health services. There are some exceptions:

- Emergency services – refer to the description of emergency services and urgent care in the Eligible health services under your plan section
- Urgent care – refer to the description of emergency services and urgent care in the Eligible health services under your plan section
- Transplants – see the description of transplant services in the Eligible health services under your plan – specific conditions section

You may select a network provider from the directory through your Aetna secure member website at www.aetna.com. You can search our online provider search for names and locations of providers.

You will not have to submit claims for treatment received from network providers. Your network provider will take care of that for you. And we will directly pay the network provider for what the plan owes.

Your PCP
We encourage you to access eligible health services through a PCP. They will provide you with primary care.

A PCP can be any of the following providers available under your plan:

- General practitioner
- Family physician
- Internist
- Pediatrician

How do you choose your PCP?
You can choose a PCP from the list of PCPs in our directory. See the Who provides the care, Network providers section.

Each covered family member is encouraged to select their own PCP. You may each select your own PCP. You should select a PCP for your covered dependent if they are a minor or cannot choose a PCP on their own.

What will your PCP do for you?
Your PCP will coordinate your medical care or may provide treatment. They may send you to other network providers.

Your PCP can also:

- Order lab tests and radiological services.
- Prescribe medicine or therapy.
- Arrange a hospital stay or a stay in another facility.
How do I change my PCP?
You may change your PCP at any time. You can call us at the toll-free number on your ID card or log on to your Aetna secure member website at www.aetna.com to make a change.

Out-of-network providers
You also have access to out-of-network providers. This means you can receive eligible health services from an out-of-network provider. If you use an out-of-network provider to receive eligible health services, you are subject to a higher out-of-pocket expense and are responsible for:

- Paying your out-of-network deductible
- Your out-of-network payment percentage
- Any charges over our recognized charge
- Submitting your own claims and getting precertification

Keeping a provider you go to now (continuity of care)
You may have to find a new provider when:

- You join the plan and the provider you have now is not in the network.
- You are already a member of Aetna and your provider stops being in our network.

However, in some cases, you may be able to keep going to your current provider to complete a treatment or to have treatment that was already scheduled. This is called continuity of care.

<table>
<thead>
<tr>
<th>If you are a new enrollee and your provider is an out-of-network provider</th>
<th>When your provider stops participation with Aetna</th>
</tr>
</thead>
<tbody>
<tr>
<td>Request for approval</td>
<td>You need to complete a Transition Coverage Request form and send it to us. You can get this form by calling the toll-free number on your ID card.</td>
</tr>
<tr>
<td></td>
<td>You or your provider should call Aetna for approval to continue any care.</td>
</tr>
<tr>
<td>Length of transitional period</td>
<td>Care will continue during a transitional, usually 90 days, but this may vary based on your condition.</td>
</tr>
<tr>
<td></td>
<td>Care will continue during a transitional period, usually 90 days, but this may vary based on your condition. This date is based on the date the provider terminated their participation with Aetna.</td>
</tr>
</tbody>
</table>

If you are pregnant and have entered your second trimester, the transitional period will include the time required for postpartum care directly related to the delivery.

We will authorize coverage for the transitional period only if the provider agrees to our usual terms and conditions for contracting providers.

What the plan pays and what you pay

Who pays for your eligible health services – this plan, both of us, or just you? That depends. This section gives the general rule and explains these key terms:

- Your deductible
- Your copayments/payment percentage
- Your maximum out-of-pocket limit

If you are pregnant and have entered your second trimester, the transitional period will include the time required for postpartum care directly related to the delivery.

We will authorize coverage for the transitional period only if the provider agrees to our usual terms and conditions for contracting providers.
We also remind you that sometimes you will be responsible for paying the entire bill: for example, if you get care that is not an eligible health service.

The general rule
When you get eligible health services:
- You pay for the entire expense up to any deductible limit.

And then

- The plan and you share the expense. The schedule of benefits lists how much your plan pays and how much you pay for each type of health care service. Your share is called a copayment/payment percentage.

And then

- The plan pays the entire expense after you reach any maximum out-of-pocket limit.

When we say “expense” in this general rule, we mean the negotiated charge for a network provider, and the recognized charge for an out-of-network provider. See the Glossary section for what these terms mean.

Important exception – when your plan pays all
Under the in-network level of coverage, your plan pays the entire expense for all eligible health services under the preventive care and wellness benefit.

Important exceptions – when you pay all
You pay the entire expense for an eligible health service:
- When you get a health care service or supply that is not medically necessary. See the Medical necessity and precertification requirements section.
- When your plan requires precertification, your physician requested it, we refused it, and you get an eligible health service without precertification. See the Medical necessity and precertification requirements section.
- When you get an eligible health service from an out-of-network provider and the provider waives all or part of your cost share.

In all these cases, the provider may require you to pay the entire charge. Any amount you pay will not count towards your deductible or towards your maximum out-of-pocket limit.

Special financial responsibility
You are responsible for the entire expense of:
- Cancelled or missed appointments

Neither you nor we are responsible for:
- Charges for which you have no legal obligation to pay
- Charges that would not be made if you did not have coverage
- Charges, expenses, or costs in excess of the negotiated charge

Where your schedule of benefits fits in

How your deductible works
Your deductible is the amount you need to pay, after paying your copayment or payment percentage, for eligible health services per Calendar Year as listed in the schedule of benefits. Your copayment or payment percentage does not count toward your deductible.

**How your copayment/payment percentage works**
Your copayment/payment percentage is the amount you pay for eligible health services after you have paid your deductible. Your schedule of benefits shows you which copayments/payment percentage you need to pay for specific eligible health services.

**How your maximum out-of-pocket limit works**
You will pay your deductible and copayments or payment percentage up to the maximum out-of-pocket limit for your plan. Your schedule of benefits shows the maximum out-of-pocket limits that apply to your plan. Once you reach your maximum out-of-pocket limit, your plan will pay for covered benefits for the remainder of that Calendar Year.

**Important note:**
See the schedule of benefits for any deductibles, copayments/payment percentage, maximum out-of-pocket limit and maximum age, visits, days, hours, admissions that may apply.
Claim decisions and appeals procedures

In the previous section, we explained how you and the plan share responsibility for paying for your eligible health services.

When a claim comes in, you will receive a decision on how you and the plan will split the expense. We also explain what you can do if you think we got it wrong.

Claims are processed in the order in which they are received.

Claim procedures
For claims involving out-of-network providers:

<table>
<thead>
<tr>
<th>Notice</th>
<th>Requirement</th>
<th>Deadline</th>
</tr>
</thead>
<tbody>
<tr>
<td>Submit a claim</td>
<td>• You should notify and request a claim form from your employer.</td>
<td>• Within 15 working days of your request.</td>
</tr>
<tr>
<td></td>
<td>• The claim form will provide instructions on how to complete and where to</td>
<td>• If the claim form is not sent on time, we will accept a written</td>
</tr>
<tr>
<td></td>
<td>send the form(s).</td>
<td>description that is the basis of the claim as proof of loss. It must</td>
</tr>
<tr>
<td></td>
<td></td>
<td>detail the nature and extent of loss within 90 days of your loss.</td>
</tr>
<tr>
<td>Proof of loss (claim)</td>
<td>• A completed claim form and any additional information required by your employer.</td>
<td>• No later than 90 days after you have incurred expenses for covered benefits.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• We won’t void or reduce your claim if you can’t send us notice and proof of loss within the required time. But you must send us notice and proof as soon as reasonably possible.</td>
</tr>
<tr>
<td></td>
<td></td>
<td>• Proof of loss may not be given later than 15 months after the date of the loss, except if you are legally unable to notify us.</td>
</tr>
<tr>
<td>Benefit payment</td>
<td>• Written proof must be provided for all benefits.</td>
<td>• Benefits will be paid as soon as the necessary proof to support the claim is received.</td>
</tr>
<tr>
<td></td>
<td>• If any portion of a claim is contested by us, the uncontested portion of the claim will be paid promptly after the receipt of proof</td>
<td></td>
</tr>
</tbody>
</table>
Types of claims and communicating our claim decisions

You or your provider are required to send us a claim in writing. You can request a claim form from us. And we will review that claim for payment to the provider.

There are different types of claims. The amount of time that we have to tell you about our decision on a claim depends on the type of claim. The section below will tell you about the different types of claims.

Urgent care claim
An urgent claim is one for which delay in getting medical care could put your life or health at risk. Or a delay might put your ability to regain maximum function at risk. Or it could be a situation in which you need care to avoid severe pain.

If you are pregnant, an urgent claim also includes a situation that can cause serious risk to the health of your unborn baby.

Pre-service claim
A pre-service claim is a claim that involves services you have not yet received and which we will pay for only if we precertify them.

Post-service claim
A post service claim is a claim that involves health care services you have already received.

Concurrent care claim extension
A concurrent care claim extension occurs when you ask us to approve more services than we already have approved. Examples are extending a hospital stay or adding a number of visits to a provider.

Concurrent care claim reduction or termination
A concurrent care claim reduction or termination occurs when we decide to reduce or stop payment for an already approved course of treatment. We will notify you of such a determination. You will have enough time to file an appeal. Your coverage for the service or supply will continue until you receive a final appeal decision from us or an external review organization if the situation is eligible for external review.

During this continuation period, you are still responsible for your share of the costs, such as copayments/payment percentage and deductibles that apply to the service or supply. If we uphold our decision at the final internal appeal, you will be responsible for all of the expenses for the service or supply received during the continuation period.

The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

We may need to tell your physician about our decision on some types of claims, such as a concurrent care claim, or a claim when you are already receiving the health care services or are in the hospital.

<table>
<thead>
<tr>
<th>Type of notice</th>
<th>Urgent care claim</th>
<th>Pre-service claim</th>
<th>Post-service claim</th>
<th>Concurrent care claim</th>
</tr>
</thead>
<tbody>
<tr>
<td>Initial determination (us)</td>
<td>72 hours</td>
<td>15 days</td>
<td>30 days</td>
<td>24 hours for urgent request*</td>
</tr>
</tbody>
</table>
Adverse benefit determinations

We pay many claims at the full rate negotiated charge with a network provider and the recognized amount with an out-of-network provider, except for your share of the costs. But sometimes we pay only some of the claim. And sometimes we deny payment entirely. Any time we deny even part of the claim that is an “adverse benefit determination” or “adverse decision”. It is also an “adverse benefit determination” if we rescind your coverage entirely.

If we make an adverse benefit determination, we will tell you in writing.

The difference between a complaint and an appeal

A Complaint
You may not be happy about a provider or an operational issue, and you may want to complain. You can call or write Member Services. Your complaint should include a description of the issue. You should include copies of any records or documents that you think are important. We will review the information and provide you with a written response within 30 calendar days of receiving the complaint. We will let you know if we need more information to make a decision.

An Appeal
You can ask us to re-review an adverse benefit determination. This is called an appeal. You can appeal to us verbally or in writing.

Appeals of adverse benefit determinations
You can appeal our adverse benefit determination. We will assign your appeal to someone who was not involved in making the original decision. You must file an appeal within 180 calendar days from the time you receive the notice of an adverse benefit determination.

You can appeal by sending a written appeal to Member Services at the address on the notice of adverse benefit determination. Or you can call Member Services at the number on your ID card. You need to include:

- Your name
- The employer’s name
- A copy of the adverse benefit determination
- Your reasons for making the appeal
- Any other information you would like us to consider

Another person may submit an appeal for you, including a provider. That person is called an authorized representative. You need to tell us if you choose to have someone else appeal for you (even if it is your provider). You should fill out an authorized representative form telling us that you are allowing someone to appeal for you. You can get this form by contacting us. You can use an authorized representative at any level of appeal.
You can appeal two times under this plan. If you appeal a second time you must present your appeal within 60 calendar days from the date you receive the notice of the first appeal decision.

**Urgent care or pre-service claim appeals**
If your claim is an urgent claim or a pre-service claim, your provider may appeal for you without having to fill out a form.

We will provide you with any new or additional information that we used or that was developed by us to review your claim. We will provide this information at no cost to you before we give you a decision at your last available level of appeal. This decision is called the final adverse benefit determination. You can respond to this information before we tell you what our final decision is.

**Timeframes for deciding appeals**
The amount of time that we have to tell you about our decision on an appeal claim depends on the type of claim. The chart below shows a timetable view of the different types of claims and how much time we have to tell you about our decision.

<table>
<thead>
<tr>
<th>Type of notice</th>
<th>Urgent care claim</th>
<th>Pre-service claim</th>
<th>Post-service claim</th>
<th>Concurrent care claim</th>
</tr>
</thead>
<tbody>
<tr>
<td>Appeal determinations at each level (us)</td>
<td>36 hours</td>
<td>15 days</td>
<td>30 days</td>
<td>As appropriate to type of claim</td>
</tr>
<tr>
<td>Extensions</td>
<td>None</td>
<td>None</td>
<td>None</td>
<td>None</td>
</tr>
</tbody>
</table>

**Exhaustion of appeals process**
In most situations you must complete the two levels of appeal with us before you can take these other actions:
- Appeal through an external review process.
- Pursue arbitration, litigation or other type of administrative proceeding.

But sometimes you do not have to complete the two levels of appeals process before you may take other actions. These situations are:
- You have an urgent claim or a claim that involves ongoing treatment. You can have your claim reviewed internally and at the same time through the external review process.
- We did not follow all of the claim determination and appeal requirements of the Federal Department of Health and Human Services. But, you will not be able to proceed directly to external review if:
  - The rule violation was minor and not likely to influence a decision or harm you.
  - The violation was for a good cause or beyond our control.
  - The violation was part of an ongoing, good faith exchange between you and us.

Once the appeals process has been exhausted you may appeal to your employer. If the denial you received does not qualify for External Review, you may appeal to your employer after the internal appeals process is exhausted. If you appeal is eligible for External Review then you may appeal to your employer after receiving a decision from the External Review Organization.

**External review**
External review is a review done by people in an organization outside of Aetna. This is called an external review organization (ERO).

You have a right to external review only if:
- Our claim decision involved medical judgment.
• We decided the service or supply is not medically necessary or not appropriate.
• We decided the service or supply is experimental or investigational.
• You have received an adverse determination.

If our claim decision is one for which you can seek external review, we will say that in the notice of adverse benefit determination or final adverse benefit determination we send you. That notice also will describe the external review process. It will include a copy of the Request for External Review form at the final adverse determination level.

You must submit the Request for External Review Form:
• To Aetna
• Within 123 calendar days (four months) of the date you received the decision from us
• And you must include a copy of the notice from us and all other important information that supports your request

Aetna will:
• Contact the ERO that will conduct the review of your claim.
• Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review.
• Consider appropriate credible information that you sent.
• Follow our contractual documents and your plan of benefits.
• Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information.

We will stand by the decision that the ERO makes, unless we can show conflict of interest, bias or fraud.

When an appeal is not eligible for ERO or when the appeal is upheld at the ERO level, Aetna will inform the member of their right to appeal to the plan sponsor for voluntary level of review.

How long will it take to get an ERO decision?
We will tell you of the ERO decision not more than 45 calendar days after we receive your Notice of External Review Form with all the information you need to send in.

But sometimes you can get a faster external review decision. Your provider must call us or send us a Request for External Review Form.

There are two scenarios when you may be able to get a faster external review:

For initial adverse determinations
Your provider tells us that a delay in your receiving health care services would:
• Jeopardize your life, health or ability to regain maximum function, or
• Be much less effective if not started right away (in the case of experimental or investigational treatment)

For final adverse determinations
Your provider tells us that a delay in your receiving health care services would:
• Jeopardize your life, health or ability to regain maximum function
• Be much less effective if not started right away (in the case of experimental or investigational treatment), or
• The final adverse determination concerns an admission, availability of care, continued stay or health care service for which you received emergency services, but have not been discharged from a facility
If your situation qualifies for this faster review, you will receive a decision within 72 hours of us getting your request.

**Recordkeeping**
We will keep the records of all complaints and appeals for at least 10 years.

**Fees and expenses**
We do not pay any fees or expenses incurred by you in pursuing a complaint or appeal.
Coordination of benefits

Some people have health coverage under more than one health plan. If you do, we will work together with your other plan(s) to decide how much each plan pays. This is called coordination of benefits (COB).

Key terms

Here are some key terms we use in this section. These terms will help you understand this COB section.

In this section when we talk about a “plan” through which you may have other coverage for health care expenses, we mean:

- Group or non-group, blanket, or franchise health insurance policies issued by insurers, HMOs, or health care service contractors
- Labor-management trustee plans, labor organization plans, employer organization plans, or employee benefit organization plans
- An automobile insurance policy
- Medicare or other governmental benefits
- Any contract that you can obtain or maintain only because of membership in or connection with a particular organization or group

Here’s how COB works

- When this is the primary plan, we will pay your medical claims first as if the other plan does not exist.
- When this is the secondary plan, we will pay benefits after the primary plan and will reduce the benefits to the lesser of:
  - What the plan would have paid if it had been primary
  - What the plan would have paid less the primary plans payment.

Determining who pays

Reading from top to bottom the first rule that applies will determine which plan is primary and which is secondary.

A plan that does not contain a COB provision is always the primary plan.

<table>
<thead>
<tr>
<th>If you are covered as:</th>
<th>Primary plan</th>
<th>Secondary plan</th>
</tr>
</thead>
<tbody>
<tr>
<td>Non-dependent or Dependent</td>
<td>The plan covering you as an employee or retired employee.</td>
<td>The plan covering you as a dependent.</td>
</tr>
</tbody>
</table>

Exception to the rule above when you are eligible for Medicare

If you or your spouse have Medicare coverage, the rule above may be reversed. If you have any questions about this you can contact us:

- **Online**: Log on to your Aetna secure member website at [https://www.aetna.com/](https://www.aetna.com/). Select Find a Form, then select Your Other Health Plans.
- **By phone**: Call the toll-free Member Services number on your ID card.

COB rules for dependent children

Child of:

- Parents who are married or living together

that benefit to the primary plan’s benefit. If the primary plan’s benefit is equal to or more than our benefit, we don’t pay a benefit. If the primary plan’s benefit is less than our benefit, we pay the difference between the primary plan’s benefit and our benefit.

**How COB works with Medicare**

This section explains how the benefits under this plan interact with benefits available under Medicare.

Medicare, when used in this plan, means the health insurance provided by Title XVIII of the Social Security Act, as amended. It also includes Health Maintenance Organization (HMO) or similar coverage that is an authorized alternative to Parts A and B of Medicare.

You are eligible for Medicare when you are covered under it by reason of:
- Age, disability, or
- End stage renal disease

You are also eligible for Medicare even if you are not covered if you:
- Refused it
- Dropped it, or
- Did not make a proper request for it

When you are eligible for Medicare, the plan coordinates the benefits it pays with the benefits that Medicare pays. In the case of someone who is eligible but not covered, the plan may pay as if you are covered by Medicare and coordinates benefits with the benefits Medicare would have paid had you enrolled in Medicare. Sometimes, this plan is the primary plan, which means that the plan pays benefits before Medicare pays benefits. Sometimes, this plan is the secondary plan, and pays benefits after Medicare or after an amount that Medicare would have paid had you been covered.

**Who pays first?**

<table>
<thead>

</tr>
</tbody>
</table>

**Other health coverage updates – contact information**

You should contact us if you have any changes to your other coverage. We want to be sure our records are accurate so your claims are processed correctly.

- **Online:** Log on to your Aetna secure member website at [https://www.aetna.com/](https://www.aetna.com/). Select Find a Form, then select Your Other Health Plans.
- **By phone:** Call the toll-free Member Services number on your ID card.

**Right to receive and release needed information**

We have the right to release or obtain any information we need for COB purposes. That includes information we need to recover any payments from your other health plans.

**Right to pay another carrier**

Sometimes another plan pays something we would have paid under your plan. When that happens, we will pay your plan benefit to the other plan.

**Right of recovery**

If we pay more than we should have under the COB rules, we may recover the excess from:

- Any person we paid or for whom we paid, or
- Any other plan that is responsible under these COB rules.
When coverage ends

Coverage can end for a number of reasons. This section tells you how and why coverage ends. And when you may still be able to continue coverage.

When will your coverage end?

Your coverage under this plan will end if:
- This plan is discontinued.
- You voluntarily stop your coverage.
- The group contract ends.
- You are no longer eligible for coverage, including when you move out of the service area.
- Your employment ends.
- You do not make any required contributions.
- We end your coverage.
- You become covered under another medical plan offered by your employer.

When coverage may continue under the plan

Your coverage under this plan will continue if:

<table>
<thead>
<tr>
<th>Your employment ends because of illness, injury, sabbatical or other authorized leave as agreed to by your employer and us.</th>
<th>If required contributions are made for you, you may be able to continue coverage under the plan as long as your employer agrees to do so and as described below:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>• Your coverage may continue, until stopped by your employer.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Your employment ends because of a temporary lay-off, temporary leave of absence, sabbatical, or other authorized leave as agreed to by your employer.</th>
<th>If contributions are made for you, you may be able to continue coverage under the plan as long as your employer agrees to do so and as described below:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>• Your coverage will stop on the date that your employment ends.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Your employment ends because:</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Your job has been eliminated</td>
</tr>
<tr>
<td>• You have been placed on severance, or</td>
</tr>
<tr>
<td>• This plan allows former employees to continue their coverage.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Your employment ends because of a paid or unpaid medical leave of absence</th>
<th>If contributions are made for you, you may be able to continue coverage under the plan as long as your employer agrees to do so and as described below:</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>• Your coverage may continue until stopped by your employer.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Your employment ends because of a leave of absence that is not a medical leave of absence</th>
<th>If contributions are made for you, you may be able to continue coverage under the plan as long as your employer agrees to do so and as described below:</th>
</tr>
</thead>
</table>
|  | • Your coverage may continue until stopped by your employer but not beyond 1 month from the start of the
Your employment ends because of a military leave of absence. If contributions are made for you, you may be able to continue coverage under the plan as long as your employer agrees to do so and as described below:

- Your coverage may continue until stopped by your employer but not beyond 24 months from the start of the absence.

It is your employer’s responsibility to let us know when your employment ends. The limits above may be extended only if your employer agrees in writing to extend them.

**When will coverage end for any dependents?**

Coverage for your dependent will end if:

- Your dependent is no longer eligible for coverage.
- You do not make the required contribution toward the cost of dependents’ coverage.
- Your coverage ends for any of the reasons listed above other than:
  - Exhaustion of your overall maximum benefit
  - If you enroll under a group Medicare plans that we offer. However, dependent’s coverage will end if your coverage ends under the Medicare plan
- Your dependent has exhausted his or her maximum benefit under your medical plan.

In addition, coverage for your domestic partner or civil union partner will end on the earlier of:

- The date this plan no longer allows coverage for domestic partners or civil unions.
- The last calendar day of the month of termination of the domestic partnership. In that event, you should provide your Employer a completed and signed Affidavit of Termination of Domestic Partnership.

**What happens to your dependents if you die?**

Coverage for dependents may continue for some time after your death. See the *Special coverage options after your plan coverage ends* section for more information.

**Why would we end you and your dependents coverage?**

We will give you 31 days advance written notice if we end your coverage because:

- You do not cooperate or give facts that we need to administer the COB provisions.

We may immediately end your coverage if:

- You commit fraud or intentionally misrepresent yourself when you applied for or obtained coverage. You can refer to the *Additional information - Intentional deception* section for more information on rescissions.

On the date your coverage ends, we will refund your employer any prepayments for periods after the date your coverage ended.

**When will we send you a notice of your coverage ending?**

We will send you notice if your coverage is ending. This notice will tell you the date that your coverage ends. Here is how the date is determined (other than the circumstances described above in “Why we would end your coverage”).

Your coverage will end on either the date you stop active work, or the day before the first contribution due date.
that occurs after you stop active work.

Coverage will end for you and any dependents on the earlier of the date the group contract terminates or at the end of the period defined by your employer following the date on which you no longer meet the eligibility requirements.
Special coverage options after your plan coverage ends

This section explains options you may have after your coverage ends under this plan. Your individual situation will determine what options you will have.

Consolidated Omnibus Budget Reconciliation Act (COBRA) Rights

What are your COBRA rights?  
COBRA gives some people the right to keep their health coverage for 18, 29 or 36 months after a “qualifying event”. COBRA usually applies to employers of group sizes of 20 or more.

Here are the qualifying events that trigger COBRA continuation, which is eligible for continuation and how long coverage can be continued.

<table>
<thead>
<tr>
<th>Qualifying event causing loss of coverage</th>
<th>Covered persons eligible for continued coverage</th>

<td></td>
<td></td>
</tr>
<tr>
<td>You and your dependents</td>
<td>Up to 36 months</td>
<td></td>
</tr>
</tbody>
</table>
How do you enroll in COBRA?
You enroll by sending in an application and paying the premium. The employer has 30 days to send you a COBRA election notice. It will tell you how to enroll and how much it will cost. You can take 60 days from the qualifying event to decide if you want to enroll. You need to send your application and pay the premium. If this is completed on time, you have enrolled in COBRA.

When is your first premium payment due?
Your first premium payment must be made within 45 days after the date of the COBRA election.

How much will COBRA coverage cost?
For most COBRA qualifying events you and your dependents will pay 102% of the total plan costs. This additional 2% is added to cover administrative fees. If you apply for COBRA because of a disability, the total due will be 150% of the plan costs.

Can you add a dependent to your COBRA coverage?
You may add a new dependent during a period of COBRA coverage. They can be added for the rest of the COBRA coverage period if:
- They meet the definition of an eligible dependent.
- You notified the employer within 31 days of their eligibility.
- You pay the additional required premiums.

When does COBRA coverage end?
COBRA coverage ends if:
- Coverage has continued for the maximum period.
- The plan ends. If the plan is replaced, you may be continued under the new plan.
- You and your dependents fail to make the necessary payments on time.
- You or a covered dependent become covered under another group health plan that does not exclude coverage for pre-existing conditions or the pre-existing conditions exclusion does not apply.
- You or your dependents are continuing coverage during the 19th to 29th months of a disability, and the disability ends.

Continuation of coverage for other reasons
To request an extension of coverage, just call the toll-free Member Services number on your ID card.

How can you extend coverage if you are totally disabled when coverage ends?
Your coverage may be extended if you or your dependents are hospitalized when coverage ends.

You may extend coverage until the earliest of:
- When you or your dependents are discharged from the hospital
- When you become covered by another health benefits plan
- 12 months of coverage

How can you extend coverage for hearing services and supplies when coverage ends?
If your coverage ends while you are not totally disabled, your plan will cover hearing services and supplies within 30 days after your coverage ends if:
- The prescription for the hearing aid is written in the 30 days before your coverage ended.
- The hearing aid is ordered during the 30 days before the date coverage ends.
How can you extend coverage for your disabled child beyond the plan age limits?
You have the right to extend coverage for your dependent child beyond the plan age limits. If your disabled child:
- Is not able to be self-supporting because of mental or physical disability, and  
- Depends mainly (more than 50% of income) on you for support.

The right to coverage will continue only as long as a physician certifies that your child still is disabled.

We may ask you to send us proof of the disability within 90 days of the date coverage would have ended. Before we extend coverage, we may ask that your child get a physical exam. We will pay for that exam.

We may ask you to send proof that your child is disabled after coverage is extended. We won’t ask for this proof more than once a year. You must send it to us within 31 days of our request. If you don’t, we can terminate coverage for your dependent child.

How can you extend coverage for a child in college on medical leave?
You have the right to extend coverage for your dependent college student who takes a medically necessary leave of absence from school. The right to coverage will be extended until the earlier of:
- One year after the leave of absence begins, or  
- The date coverage would otherwise end.

To extend coverage the leave of absence must:
- Begin while the dependent child is suffering from a serious illness or injury,  
- Cause the dependent child to lose status as a full-time student under the plan, and  
- Be certified by the treating doctor as medically necessary due to a serious illness or injury.

The doctor treating your child will be asked to keep us informed of any changes.
General provisions – other things you should know

Administrative information
Who’s responsible to you
We are responsible to you for what our employees and other agents do.

We are not responsible for what is done by your providers. Even network providers are not our employees or agents.

Coverage and services
Your coverage can change
Your coverage is defined by the group health contract. This document may have amendments too. Under certain circumstances, we or the customer or the law may change your plan. When an emergency or epidemic is declared, we may modify or waive precertification, prescription quantity limits or your cost share if you are affected. Only Aetna may waive a requirement of your plan. No other person, including the employer or provider, can do this.

If a service cannot be provided to you
Sometimes things happen that are outside of our control. These are things such as natural disasters, epidemics, fire and riots.

We will try hard to get you access to the services you need even if these things happen. But if we can’t, we may refund you or the employer any unearned premium.

Legal action
You must complete the internal appeal process before you take any legal action against us for any expense or bill. See the Claim decisions and appeal procedures section. You cannot take any action until 60 days after we receive written submission of claim.

No legal action can be brought to recover payment under any benefit after 3 years from the deadline for filing claims.

Physical examinations and evaluations
At our expense, we have the right to have a physician of our choice examine you. This will be done at all reasonable times while certification or a claim for benefits is pending or under review.

Records of expenses
You should keep complete records of your expenses. They may be needed for a claim.

Things that would be important to keep are:
• Names of physicians, dentists and others who furnish services
• Dates expenses are incurred
• Copies of all bills and receipts

Honest mistakes and intentional deception
Honest mistakes
You or the customer may make an honest mistake when you share facts with us. When we learn of the mistake,
we may make a fair change in contributions or in your coverage. If we do, we will tell you what the mistake was. We won’t make a change if the mistake happened more than 2 years before we learned of it.

**Intentional deception**

If we learn that you defrauded us or you intentionally misrepresented material facts, we can take actions that can have serious consequences for your coverage. These serious consequences include, but are not limited to:

- Loss of coverage, starting at some time in the past. This is called rescission.
- Loss of coverage going forward.
- Denial of benefits.
- Recovery of amounts we already paid.

We also may report fraud to criminal authorities.

Rescission means you lose coverage both going forward and going backward. If we paid claims for your past coverage, we will want the money back.

You have special rights if we rescind your coverage.

- We will give you 30 days advanced written notice of any rescission of coverage.
- You have the right to an Aetna appeal.
- You have the right to a third party review conducted by an independent external review organization.

**Financial information**

**Assignment of benefits**

When you see a network provider they will usually bill us directly. When you see an out-of-network provider, we may choose to pay you or to pay the provider directly. Unless we have agreed to do so in writing and to the extent allowed by law, we will not accept an assignment to an out-of-network provider or facility under this plan. This may include:

- The benefits due
- The right to receive payments or
- Any claim you make for damages resulting from a breach, or alleged breach, of the terms of this plan.

**Financial sanctions exclusions**

If coverage provided under this booklet violates or will violate any economic or trade sanctions, the coverage will be invalid immediately. For example, we cannot pay for eligible health services if it violates a financial sanction regulation. This includes sanctions related to a person or a country under sanction by the United States, unless it is allowed under a written license from the Office of Foreign Asset Control (OFAC). You can find out more by visiting [http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx](http://www.treasury.gov/resource-center/sanctions/Pages/default.aspx).

**Recovery of overpayments**

If a benefit payment is made by the Plan, to you or on your behalf, which exceeds the benefit amount that you are entitled to receive, the Plan has the right to require the return of the overpayment. The Plan has the right to reduce by the amount of the overpayment, any future benefit payment made to or on behalf of a Participant in the Plan. Another way that overpayments are recovered is by reducing future payments to the provider by the amount of the overpayment. These future payments may involve this Plan or other health plans that are administered by the Plan’s third-party administrator - Aetna. Under this process, Aetna reduces future payments to providers by the amount of the overpayment they received, and then credit the recovered amount to the
plan that overpaid the provider. Payments to providers under this Plan are subject to this same process when Aetna recovers overpayments for other plans administered by Aetna.

This right does not affect any other right of recovery the Plan may have with respect to overpayments.

**SUBROGATION AND RIGHT OF RECOVERY**

The provisions of this section apply to all current or former plan participants and also to the parents, guardian, or other representative of a dependent child who incurs claims and is or has been covered by the plan. The plan’s right to recover (whether by subrogation or reimbursement) shall apply to the personal representative of your estate, your decedents, minors, and incompetent or disabled persons. “You” or “your” includes anyone on whose behalf the plan pays benefits. No adult Covered Person hereunder may assign any rights that it may have to recover medical expenses from any tortfeasor or other person or entity to any minor child or children of said adult covered person without the prior express written consent of the Plan.

The plan’s right of subrogation or reimbursement, as set forth below, extend to all insurance coverage available to you due to an injury, illness or condition for which the plan has paid medical claims (including, but not limited to, liability coverage, uninsured motorist coverage, underinsured motorist coverage, personal umbrella coverage, medical payments coverage, workers compensation coverage, no fault automobile coverage or any first party insurance coverage).

Your health plan is always secondary to automobile no-fault coverage, personal injury protection coverage, or medical payments coverage.

No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan’s subrogation and reimbursement interest are fully satisfied.

**Subrogation**

The right of subrogation means the plan is entitled to pursue any claims that you may have in order to recover the benefits paid by the plan. Immediately upon paying or providing any benefit under the plan, the plan shall be subrogated to (stand in the place of) all of your rights of recovery with respect to any claim or potential claim against any party, due to an injury, illness or condition to the full extent of benefits provided or to be provided by the Plan. The Plan may assert a claim or file suit in your name and take appropriate action to assert its subrogation claim, with or without your consent. The plan is not required to pay you part of any recovery it may obtain, even if it files suit in your name.

**Reimbursement**

If you receive any payment as a result of an injury, illness or condition, you agree to reimburse the plan first from such payment for all amounts the plan has paid and will pay as a result of that injury, illness or condition, up to and including the full amount of your recovery.

**Constructive Trust**

By accepting benefits (whether the payment of such benefits is made to you or made on your behalf to any provider) you agree that if you receive any payment as a result of an injury, illness or condition, you will serve as a constructive trustee over those funds. Failure to hold such funds in trust will be deemed a breach of your fiduciary duty to the plan. No disbursement of any settlement proceeds or other recovery funds from any insurance coverage or other source will be made until the health plan’s subrogation and reimbursement interest are fully satisfied.
Lien Rights

Further, the plan will automatically have a lien to the extent of benefits paid by the plan for the treatment of the illness, injury or condition upon any recovery whether by settlement, judgment or otherwise, related to treatment for any illness, injury or condition for which the plan paid benefits. The lien may be enforced against any party who possesses funds or proceeds representing the amount of benefits paid by the plan including, but not limited to, you, your representative or agent, and/or any other source that possessed or will possess funds representing the amount of benefits paid by the plan.

Assignment

In order to secure the plan’s recovery rights, you agree to assign to the plan any benefits or claims or rights of recovery you have under any automobile policy or other coverage, to the full extent of the plan’s subrogation and reimbursement claims. This assignment allows the plan to pursue any claim you may have, whether or not you choose to pursue the claim.

First-Priority Claim

By accepting benefits from the plan, you acknowledge that the plan’s recovery rights are a first priority claim and are to be repaid to the plan before you receive any recovery for your damages. The plan shall be entitled to full reimbursement on a first-dollar basis from any payments, even if such payment to the plan will result in a recovery which is insufficient to make you whole or to compensate you in part or in whole for the damages sustained. The plan is not required to participate in or pay your court costs or attorney fees to any attorney you hire to pursue your damage claim.

Applicability to All Settlements and Judgments

The terms of this entire subrogation and right of recovery provision shall apply and the plan is entitled to full recovery regardless of whether any liability for payment is admitted and regardless of whether the settlement or judgment identifies the medical benefits the plan provided or purports to allocate any portion of such settlement or judgment to payment of expenses other than medical expenses. The plan is entitled to recover from any and all settlements or judgments, even those designated as pain and suffering, non-economic damages and/or general damages only. The plan’s claim will not be reduced due to your own negligence.

Cooperation

You agree to cooperate fully with the plan’s efforts to recover benefits paid. It is your duty to notify the plan within 30 days of the date when any notice is given to any party, including an insurance company or attorney, of your intention to pursue or investigate a claim to recover damages or obtain compensation due to your injury, illness or condition. You and your agents agree to provide the plan or its representatives notice of any recovery you or your agents obtain prior to receipt of such recovery funds or within 5 days if no notice was given prior to receipt. Further, you and your agents agree to provide notice prior to any disbursement of settlement or any other recovery funds obtained. You and your agents shall provide all information requested by the plan, the Claims Administrator or its representative including, but not limited to, completing and submitting any applications or other forms or statements as the plan may reasonably request and all documents related to or filed in personal injury litigation. Failure to provide this information, failure to assist the plan in pursuit of its subrogation rights or failure to reimburse the plan from any settlement or recovery you receive may result in the denial of any future benefit payments or claim until the plan is reimbursed in full, termination of your health benefits or the institution of court proceedings against you.
You shall do nothing to prejudice the plan’s subrogation or recovery interest or prejudice the plan’s ability to enforce the terms of this plan provision. This includes, but is not limited to, refraining from making any settlement or recovery that attempts to reduce or exclude the full cost of all benefits provided by the plan or disbursement of any settlement proceeds or other recovery prior to fully satisfying the health plan’s subrogation and reimbursement interest.

You acknowledge that the plan has the right to conduct an investigation regarding the injury, illness or condition to identify potential sources of recovery. The plan reserves the right to notify all parties and his/her agents of its lien. Agents include, but are not limited to, insurance companies and attorneys.

You acknowledge that the plan has notified you that it has the right pursuant to the Health Insurance Portability & Accountability Act (“HIPAA”), 42 U.S.C. Section 1301 et seq, to share your personal health information in exercising its subrogation and reimbursement rights.

**Interpretation**

In the event that any claim is made that any part of this subrogation and right of recovery provision is ambiguous or questions arise concerning the meaning or intent of any of its terms, the Claims Administrator for the plan shall have the sole authority and discretion to resolve all disputes regarding the interpretation of this provision.

**Jurisdiction**

By accepting benefits from the Plan, you agree that any court proceeding with respect to this provision may be brought in any court of competent jurisdiction as the plan may elect. By accepting such benefits, you hereby submit to each such jurisdiction, waiving whatever rights may correspond by reason of your present or future domicile. By accepting such benefits, you also agree to pay all attorneys’ fees the plan incurs in successful attempts to recover amounts the plan is entitled to under this section.

**Effect of benefits under other plans**

**Effect of a Health Maintenance Organization plan (an HMO plan) on coverage**

If you are eligible and have chosen medical coverage under an HMO plan offered by the employer, you will be excluded from medical coverage (except vision care, if any,) on the date of your coverage under the HMO plan.

No benefits will be paid for any charges for services rendered or supplies received under an HMO plan.

Continuation of coverage for other reasons

Health coverage under this plan will continue uninterrupted as to your dependent college student who takes a medically necessary leave of absence from school. See the Special coverage options after your plan coverage ends – How can you extend coverage for a child in college on medical leave? section.

0538313
Glossary

Aetna

*Aetna Life Insurance Company*, an affiliate, or a third party vendor under contract with *Aetna*.

Aexcel designated network specialists

*Network providers* who have met designation criteria for thresholds of performance and effectiveness, as established by us. They will be shown in the provider *directory* and on provider search as Aexcel designated network specialists for the *specialty care* involved for the class of employees of which you are a member.

Ambulance

A vehicle staffed by medical personnel and equipped to transport an ill or injured person.

Behavioral health provider

An individual professional that is properly licensed or certified to provide diagnostic and/or therapeutic services for *mental disorders* and *substance abuse* under the laws of the jurisdiction where the individual practices.

Body mass index

This is a degree of obesity and is calculated by dividing your weight in kilograms by your height in meters squared.

Brand-name prescription drug

A U.S. Food and Drug Administration (FDA) approved *prescription drug* marketed with a specific brand-name by the company that manufactures it, usually by the company which develops and patents it.

Copay/copayments

The specific dollar amount or percentage you have to pay for a health care service listed in the schedule of benefits.

Cosmetic

Services, drugs or supplies that are primarily intended to alter, improve or enhance your appearance.

Covered benefits

*Eligible health services* that meet the requirements for coverage under the terms of this plan, including:

1. They are *medically necessary*.
2. You received *precertification* if required.

Custodial care

Services and supplies mainly intended to help meet your activities of daily living or other personal needs. Care may be *custodial care* even if it prescribed by a *physician* or given by trained medical personnel.

Deductible

The amount you pay for *eligible health services* per Calendar Year before your plan starts to pay as listed in the schedule of benefits.
Deductible carryover
This allows you to apply any cost incurred for eligible health services during the last three months of a Calendar Year that apply toward that year’s deductible to also count toward the following year’s deductible.

Designated network provider
A network provider listed in the directory under the Best results for your plan tab as a provider for your plan.

Detoxification
The process where an alcohol or drug intoxicated, or alcohol or drug dependent, person is assisted through the period of time needed to eliminate the:

- Intoxicating alcohol or drug
- Alcohol or drug-dependent factors
- Alcohol in combination with drugs

This can be done by metabolic or other means determined by a physician or a nurse practitioner working within the scope of their license. The process must keep the physiological risk to the patient at a minimum. And if it takes place in a facility, the facility must meet any applicable licensing standards established by the jurisdiction in which it is located.

Directory
The list of network providers for your plan. The most up-to-date directory for your plan appears at www.aetna.com under the provider search label. When searching provider search, you need to make sure that you are searching for providers that participate in your specific plan. Network providers may only be considered for certain plans.

Durable medical equipment (DME)
Equipment and the accessories needed to operate it, that is:

- Made to withstand prolonged use
- Mainly used in the treatment of an illness or injury
- Suited for use in the home
- Not normally used by people who do not have an illness or injury
- Not for altering air quality or temperature
- Not for exercise or training

Effective date of coverage
The date your and your dependent’s coverage begins under this booklet as noted in your employer’s records.

Eligible health services
The health care services and supplies and prescription drugs listed in the Eligible health services under your plan section and not carved out or limited in the exclusions section or in the schedule of benefits.

Emergency admission
An admission to a hospital or treatment facility ordered by a physician within 24 hours after you receive emergency services.
**Emergency medical condition**
A recent and severe medical condition that would lead a prudent layperson to reasonably believe that the condition, illness or injury is of a severe nature and that if you don’t get immediate medical care it could result in:

- Placing your health in serious danger
- Serious loss to bodily function
- Serious loss of function to a body part or organ
- Serious danger to the health of a fetus

**Emergency services**
Treatment given in a hospital’s emergency room for an emergency medical condition. This includes evaluation of, and treatment to stabilize an emergency medical condition.

**Experimental or investigational**
A drug, device, procedure, or treatment that is found to be experimental or investigational because:

- There is not enough outcome data available from controlled clinical trials published in the peer-reviewed literature to validate its safety and effectiveness for the illness or injury involved
- The needed approval by the FDA has not been given for marketing
- A national medical or dental society or regulatory agency has stated in writing that it is experimental or investigational or suitable mainly for research purposes
- It is the subject of a Phase I, Phase II or the experimental or research arm of a Phase III clinical trial. These terms have the meanings given by regulations and other official actions and publications of the FDA and Department of Health and Human Services
- Written protocols or a written consent form used by a facility provider state that it is experimental or investigational.

**Formulary exclusions list**
A list of prescription drugs not covered under the plan. This list is subject to change.

**Generic prescription drug**
A prescription drug with the same dosage, safety, strength, quality, performance and intended use as the brand name product. It is defined as therapeutically equivalent by the U.S. Food and Drug Administration (FDA) and is considered to be as effective as the brand name product.

**Health professional**
A person who is licensed, certified or otherwise authorized by law to provide health care services to the public. For example, physicians, nurses, and physical therapists.

**Home health care agency**
An agency licensed, certified or otherwise authorized by applicable state and federal laws to provide home health care services, such as skilled nursing and other therapeutic services.

**Home health care plan**
A plan of services prescribed by a physician or other health care practitioner to be provided in the home setting. These services are usually provided after your discharge from a hospital or if you are homebound.

**Hospice care**
Care designed to give supportive care to people in the final phase of a terminal illness and focus on comfort and
quality of life, rather than cure.

**Hospice care agency**
An agency or organization licensed, certified or otherwise authorized by applicable state and federal laws to provide hospice care. These services may be available in your home or inpatient setting.

**Hospice care program**
A program prescribed by a physician or other health professional to provide hospice care and supportive care to their families.

**Hospice facility**
An institution specifically licensed, certified or otherwise authorized by applicable state and federal laws to provide hospice care.

**Hospital**
An institution licensed as a hospital by applicable state and federal laws, and accredited as a hospital by The Joint Commission (TJC).

Hospital does not include a:
- Convalescent facility
- Rest facility
- Nursing facility
- Facility for the aged
- Psychiatric hospital
- Residential treatment facility for substance abuse
- Residential treatment facility for mental disorders
- Extended care facility
- Intermediate care facility
- Skilled nursing facility

**Illness**
Poor health resulting from disease of the body or mind.

**Infertile/infertility**
A disease defined by the failure to become pregnant:
- For a female with a male partner, after:
  - 1 year of frequent, unprotected heterosexual sexual intercourse if under the age of 35
  - 6 months of frequent, unprotected heterosexual sexual intercourse if age 35 or older
- For a female without a male partner, after:
  - At least 12 cycles of donor insemination if under the age of 35
  - 6 cycles of donor insemination if age 35 or older
- For a male without a female partner, after:
  - At least 2 abnormal semen analyses obtained at least 2 weeks apart

**Injury**
Physical damage done to a person or part of their body.
Institutes of Excellence™ (IOE) facility
A facility designated by Aetna in the provider directory as Institutes of Excellence network provider for specific services or procedures.

Institutes of Quality® (IOQ) (Bariatric, Orthopedic and Cardiac)
A national network of facilities publicly recognized, high-quality, high-value health care providers. These providers offer access to a quality and efficient network for specific procedures. The Institutes have met extensive quality, as well as efficiency criteria.

Bariatric surgery, also known as weight loss surgery, refers to various surgical procedures to treat people living with morbid, or extreme, obesity. IOQ Bariatric Surgery procedures include: gastric bypass, adjustable gastric band and sleeve method

IOQ Cardiac Care services include Cardiac Medical Intervention, Heart Surgery and Heart Rhythm Disorders.

IOQ Orthopedic Care services include Spine Surgeries and Total Joint Replacement.

Intensive outpatient program (IOP)
Clinical treatment provided must be no more than 5 days per week, no more than 19 hours per week and a minimum of 2 hours each treatment day of medically necessary services delivered by an appropriately licensed or credentialed practitioner. Services are designed to address a mental disorder or substance abuse issue and may include group, individual, family or multi-family group psychotherapy, psycho educational services, and adjunctive services such as medication monitoring.

Jaw joint disorder
This is:
- A temporomandibular joint (TMJ) dysfunction or any similar disorder of the jaw joint,
- A myofascial pain dysfunction (MPD) of the jaw, or
- Any similar disorder in the relationship between the jaw joint and the related muscles and nerves.

L.P.N.
A licensed practical nurse or a licensed vocational nurse.

Mail order pharmacy
A pharmacy where prescription drugs are legally dispensed by mail or other carrier.

Maximum out-of-pocket limit
The maximum out-of-pocket amount for payment of copayments and payment percentage including any deductible, to be paid by you or any covered dependents per Calendar Year for eligible health services.

Medically necessary/medical necessity
Health care services that we determine a provider exercising prudent clinical judgment, would provide to a patient for the purpose of preventing, evaluating, diagnosing or treating an illness, injury, disease or its symptoms, and that we determine are:
- In accordance with generally accepted standards of medical practice
- Clinically appropriate, in terms of type, frequency, extent, site and duration, and considered effective for the patient's illness, injury or disease
- Not primarily for the convenience of the patient, physician, or other health care provider
- Not more costly than an alternative service or sequence of services at least as likely to produce equivalent therapeutic or diagnostic results as to the diagnosis or treatment of that patient’s illness, injury or disease
Generally accepted standards of medical practice means:

- Standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community
- Following the standards set forth in our clinical policies and applying clinical judgment

**Mental disorder**

A mental disorder as defined in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association is a syndrome characterized by clinically significant disturbance in an individual’s cognition, emotion regulation, or behavior that reflects a dysfunction in the psychological, biological, or developmental processes underlying mental functioning. Mental disorders are usually associated with significant distress or disability in social, occupational, or other important activities.

**Morbid obesity/morbidly obese**

This means the body mass index is well above the normal range and severe medical conditions may also be present, such as:

- High blood pressure
- A heart or lung condition
- Sleep apnea or
- Diabetes
**Negotiated charge**

*For health coverage, this is either:*

- The amount a **network provider** has agreed to accept
- The amount we agree to pay directly to a **network provider** or third party vendor (including any administrative fee in the amount paid)

For providing services, **prescription drugs** or supplies to plan members. This does not include **prescription drug** services from a **network pharmacy**.

*For **prescription drug** services from a **network pharmacy**:*

The amount we established for each **prescription drug** obtained from a **network pharmacy** under this plan. This **negotiated charge** may reflect amounts we agreed to pay directly to the **network pharmacy** or to a third party vendor for the **prescription drug**, and may include a rebate, an additional service or risk charge set by us.

We may receive or pay additional amounts from or to third parties under price guarantees. These amounts may change the **negotiated charge** under this plan.

**Network pharmacy**

A **retail pharmacy**, **mail order pharmacy** or **specialty pharmacy** that has contracted with **Aetna**, an affiliate, or a third party vendor, to provide outpatient **prescription drugs** to you.

**Network provider**

A **provider** listed in the **directory** for your plan. However, a NAP provider listed in the NAP directory is not a **network provider**.

**Non-designated network provider**

A **network provider** listed in the **directory** under the **All other results** tab as a **provider** for your plan.

**Non-Designated Network Specialists**

These are **network providers** who have not been designated as **Aexcel Designated Network Specialists** by **Aetna**.

**Non-preferred drug**

A **prescription drug** or device that may have a higher out-of-pocket cost than a **preferred drug**.

**Other health care**

**Eligible health services** that are neither network services or supplies nor out-of-network services or supplies. **Other health care** can include care given by a **provider** who does not fall into any of the categories in the **provider directory**.

**Out-of-network pharmacy**

A **pharmacy** that is not a **network pharmacy** or a National Advantage Program (NAP) **provider** and does not appear in the **directory** for your plan.

**Out-of-network provider**

A **provider** who is not a **network provider**.
Partial hospitalization treatment
Clinical treatment provided must be no more than 5 days per week, minimum of 4 hours each treatment day. Services must be medically necessary and provided by a behavioral health provider with the appropriate license or credentials. Services are designed to address a mental disorder or substance abuse issue and may include:

- Group, individual, family or multi-family group psychotherapy
- Psycho-educational services
- Adjunctive services such as medication monitoring

Care is delivered according to accepted medical practice for the condition of the person.

Payment Percentage
The specific percentage the plan pays for a health care service listed in the schedule of benefits.

Pharmacy
An establishment where prescription drugs are legally dispensed. This includes a retail pharmacy, mail order pharmacy and specialty pharmacy.

Physician
A skilled health care professional trained and licensed to practice medicine under the laws of the state where they practice; specifically, doctors of medicine or osteopathy.

Precertification, precertify
A requirement that you or your physician contact Aetna before you receive coverage for certain services. This may include a determination by us as to whether the service is medically necessary and eligible for coverage.

Preferred drug
A prescription drug or device that may have a lower out-of-pocket cost than a non-preferred drug.

Preferred drug guide
A list of prescription drugs and devices established by Aetna or an affiliate. It does not include all prescription drugs and devices. This list can be reviewed and changed by Aetna or an affiliate. A copy of the preferred drug guide is available at your request. Or you can find it on the Aetna website at www.aetna.com/formulary.

Preferred network pharmacy
A network retail pharmacy that Aetna has identified as a preferred network pharmacy.

Prescriber
Any provider acting within the scope of his or her license, who has the legal authority to write an order for outpatient prescription drugs.

Prescription
A written order for the dispensing of a prescription drug by a prescriber. If it is a verbal order, it must promptly be put in writing by the network pharmacy.

Prescription drug
An FDA approved drug or biological which can only be dispensed by prescription.
Provider(s)
A physician, other health professional, hospital, skilled nursing facility, home health care agency or other entity or person licensed or certified under applicable state and federal law to provide health care services to you. If state law does not specifically provide for licensure or certification, the entity must meet all Medicare accreditation standards (even if it does not participate in Medicare).

Psychiatric hospital
An institution specifically licensed or certified as a psychiatric hospital by applicable state and federal laws to provide a program for the diagnosis, evaluation, and treatment of alcoholism, drug abuse, mental disorders (including substance-related disorders) or mental illnesses.

Psychiatrist
A psychiatrist generally provides evaluation and treatment of mental, emotional, or behavioral disorders.

Recognized charge
The amount of an out-of-network provider's charge that is eligible for coverage. You are responsible for all amounts above what is eligible for coverage.

The recognized charge depends on the geographic area where you receive the service or supply. The table below shows the method for calculating the recognized charge for specific services or supplies:

<table>
<thead>
<tr>
<th>Service or supply</th>
<th>Recognized charge</th>
</tr>
</thead>
<tbody>
<tr>
<td>Professional services and other services or supplies not mentioned below</td>
<td>The reasonable amount rate</td>
</tr>
<tr>
<td>Services of hospitals and other facilities</td>
<td>The reasonable amount rate</td>
</tr>
<tr>
<td>Prescription drugs</td>
<td>110% of the average wholesale price (AWP)</td>
</tr>
</tbody>
</table>

Important note: If the provider bills less than the amount calculated using the method above, the recognized charge is what the provider bills.

If your ID card displays the National Advantage Program (NAP) logo your cost may be lower when you get care from a NAP provider. NAP providers are out-of-network providers and third party vendors that have contracts with us but are not network providers.

Special terms used
- Average wholesale price (AWP) is the current average wholesale price of a prescription drug listed in the Facts and Comparisons, Medi-span weekly price updates (or any other similar publication chosen by Aetna).
- Facility charge review (FCR) rate is an amount that we determine is enough to cover the facility provider’s estimated costs for the service and leave the facility provider with a reasonable profit. For hospitals and other facilities that report costs (or cost-to-charge ratios) to CMS, the FCR rate is based on what the facilities report to CMS. For facilities that do not report costs (or cost-to-charge ratios) to CMS, the FCR rate is based on statewide averages of the facilities that do report to CMS. We may adjust the formula as needed to maintain the reasonableness of the recognized charge. For example, we may make an adjustment if we determine that in a particular state the charges of ambulatory surgery centers (or another class of facility) are much higher than charges of facilities that report costs (or cost-to-charge ratios) to CMS.
• Geographic area is normally based on the first three digits of the U.S. Postal Service zip codes. If we determine we need more data for a particular service or supply, we may base rates on a wider geographic area such as an entire state.

• Medicare allowed rates are the rates CMS establishes for services and supplies provided to Medicare enrollees. We update our systems with these revised rates within 180 days of receiving them from CMS. If Medicare does not have a rate, we use one or more of the items below to determine the rate:
  - The method CMS uses to set Medicare rates
  - What other providers charge or accept as payment
  - How much work it takes to perform a service
  - Other things as needed to decide what rate is reasonable for a particular service or supply

We may make the following exceptions:
  - For inpatient services, our rate may exclude amounts CMS allows for Operating Indirect Medical Education (IME) and Direct Graduate Medical Education (DGME).
  - Our rate may also exclude other payments that CMS may make directly to hospitals or other providers. It also may exclude any backdated adjustments made by CMS.
  - For anesthesia, our rate is 105% of the rates CMS establishes for those services or supplies.
  - For laboratory, our rate is 75% of the rates CMS establishes for those services or supplies.
  - For DME, our rate is 75% of the rates CMS establishes for those services or supplies.
  - For medications payable/covered as medical benefits rather than prescription drug benefits, our rate is 100% of the rates CMS establishes for those medications.

“Reasonable amount rate” means your plan has established a reasonable rate amount as follows:

<table>
<thead>
<tr>
<th>Service or supply</th>
<th>Reasonable amount rate</th>
</tr>
</thead>
<tbody>
<tr>
<td>Professional services</td>
<td>70th percentile value reported in a database prepared by FAIR Health, a nonprofit company. FAIR Health changes these rates periodically:</td>
</tr>
<tr>
<td></td>
<td>• We update our systems with these changes within 180 days after receiving them from FAIR Health</td>
</tr>
<tr>
<td></td>
<td>• If the FAIR Health database becomes unavailable, we have the right to substitute a different database that we believe is comparable</td>
</tr>
<tr>
<td></td>
<td>If the alternative data source does not contain a value for a particular service or supply, we will base the recognized charge on the Medicare allowed rate.</td>
</tr>
</tbody>
</table>

| Inpatient and outpatient charges of hospitals | The Facility charge rate (FCR) rate |
| Inpatient and outpatient charges of facilities other than hospitals | The Facility charge rate (FCR) rate |

Our reimbursement policies
We reserve the right to apply our reimbursement policies to all out-of-network services including involuntary services. Our reimbursement policies may affect the recognized charge.

These policies consider:
• The duration and complexity of a service
• When multiple procedures are billed at the same time, whether additional overhead is required
- Whether an assistant surgeon is necessary for the service
- If follow-up care is included
- Whether other characteristics modify or make a particular service unique
- When a charge includes more than one claim line, whether any services described by a claim line are part of or related to the primary service provided
- The educational level, licensure or length of training of the provider

Our reimbursement policies are based on our review of:
- The Centers for Medicare and Medicaid Services' (CMS) National Correct Coding Initiative (NCCI) and other external materials that say what billing and coding practices are and are not appropriate
- Generally accepted standards of medical and dental practice
- The views of physicians and dentists practicing in the relevant clinical areas

We use commercial software to administer some of these policies. The policies may be different for professional services and facility services.

### Get the most value out of your benefits

We have online tools to help decide whether to get care and if so, where. Use the “Estimate the Cost of Care” tool on Aetna member website. Aetna’s secure member website at www.aetna.com may contain additional information that can help you determine the cost of a service or supply. Log on to Aetna member website to access the “Estimate the Cost of Care” feature. Within this feature, view our “Cost of Care” and “Cost Estimator” tools.

### R.N.

A registered nurse.

### Residential treatment facility (mental disorders)

- An institution specifically licensed as a residential treatment facility by applicable state and federal laws to provide for mental health residential treatment programs. And is credentialed by Aetna or is accredited by one of the following agencies, commissions or committees for the services being provided:
  - The Joint Commission (TJC)
  - The Committee on Accreditation of Rehabilitation Facilities (CARF)
  - The American Osteopathic Association’s Healthcare Facilities Accreditation Program (HFAP)
  - The Council on Accreditation (COA)

In addition to the above requirements, an institution must meet the following for Residential Treatment Programs treating mental disorders:
- A behavioral health provider must be actively on duty 24 hours per day for 7 days a week.
- The patient must be treated by a psychiatrist at least once per week.
- The medical director must be a psychiatrist.
- Is not a wilderness treatment program (whether or not the program is part of a licensed residential treatment facility or otherwise licensed institution).
Residential treatment facility (substance abuse)

- An institution specifically licensed as a residential treatment facility by applicable state and federal laws to provide for substance abuse residential treatment programs. And is credentialed by Aetna or accredited by one of the following agencies, commissions or committees for the services being provided:
  - The Joint Commission (TJC)
  - The Committee on Accreditation of Rehabilitation Facilities (CARF)
  - The American Osteopathic Association’s Healthcare Facilities Accreditation Program (HFAP)
  - The Council on Accreditation (COA)

In addition to the above requirements, an institution must meet the following for Chemical Dependence Residential Treatment Programs:

- A behavioral health provider or an appropriately state certified professional (CADC, CAC, etc.) must be actively on duty during the day and evening therapeutic programming.
- The medical director must be a physician who is an addiction specialist.
- Is not a wilderness treatment program (whether or not the program is part of a licensed residential treatment facility or otherwise licensed institution).

In addition to the above requirements, for Chemical Dependence Detoxification Programs within a residential setting:

- An R.N. must be onsite 24 hours per day for 7 days a week within a residential setting.
- Residential care must be provided under the direct supervision of a physician.

Retail pharmacy
A community pharmacy that dispenses outpatient prescription drugs at retail prices.

Room and board
A facility’s charge for your overnight stay and other services and supplies expressed as a daily or weekly rate.

Semi-private room rate
An institution’s room and board charge for most beds in rooms with 2 or more beds. If there are no such rooms, Aetna will calculate the rate based on the rate most commonly charged by similar institutions in the same geographic area.

Skilled nursing facility
A facility specifically licensed as a skilled nursing facility by applicable state and federal laws to provide skilled nursing care.

Skilled nursing facilities also include rehabilitation hospitals, and portions of a rehabilitation hospital and a hospital designated for skilled or rehabilitation services.

Skilled nursing facility does not include institutions that provide only:
- Minimal care
- Custodial care services
- Ambulatory care
- Part-time care services

It does not include institutions that primarily provide for the care and treatment of mental disorders or substance abuse.
Skilled nursing services
Services provided by an R.N. or L.P.N. within the scope of their license.

Specialist
A physician who practices in any generally accepted medical or surgical sub-specialty.

Specialty prescription drugs
These are prescription drugs that include typically high-cost drugs that require special handling, special storage or monitoring and may include things such as oral, topical, inhaled and injected routes of administration.

You can access the list of these specialty prescription drugs by calling the toll-free number on your ID card or by logging on to your Aetna's secure member website at www.aetna.com.

Specialty pharmacy
This is a pharmacy designated by Aetna as a network pharmacy to fill prescriptions for specialty prescription drugs.

Stay
A full-time inpatient confinement for which a room and board charge is made.

Substance abuse
This is a physical or psychological dependency, or both, on a controlled substance or alcohol agent. These are defined in the Diagnostic and Statistical Manual of Mental Disorders (DSM) published by the American Psychiatric Association. This term does not include conditions you cannot attribute to a mental disorder that are a focus of attention or treatment or an addiction to nicotine products, food or caffeine intoxication.

Surgery center
A facility specifically licensed as a freestanding ambulatory surgical facility by applicable state and federal laws to provide outpatient surgery services. If state law does not specifically provide for licensure as an ambulatory surgical facility, the facility must meet all Medicare accreditation standards (even if it does not participate in Medicare).

Surgery or surgical procedures
The diagnosis and treatment of injury, deformity and disease by manual and instrumental means, such as cutting, abrading, suturing, destruction, ablation, removal, lasering, introduction of a catheter (e.g., heart or bladder catheterization) or scope (e.g., colonoscopy or other types of endoscopy), correction of fracture, reduction of dislocation, application of plaster casts, injection into a joint, injection of sclerosing solution, or otherwise physically changing body tissues and organs.

Telemedicine
A consultation between you and a provider who is performing a clinical medical or behavioral health service.

Services can be provided by:
- Two-way audiovisual teleconferencing;
- Telephone calls, except for behavioral health services
- Any other method required by state law
Terminal illness
A medical prognosis that you are not likely to live more than 12 months.

Therapeutic drug class
A group of drugs or medications that have a similar or identical mode of action. Or are used for the treatment of the same or similar disease or injury.

Urgent care facility
A facility licensed as a freestanding medical facility by applicable state and federal laws to treat an urgent condition.

Urgent condition
An illness or injury that requires prompt medical attention but is not an emergency medical condition.

Walk-in clinic
A freestanding health care facility. Neither of the following should be considered a walk-in clinic:
- An emergency room
- The outpatient department of a hospital
Aetna Life Insurance Company

Amendment

Amendment effective date: January 1, 2020

Your group coverage has changed. This amendment to your booklet and schedule of benefits reflect the changes. It is effective on the date shown above and it replaces any other medical amendment you have received before.

The following language is revised in the *Medical necessity, referral and precertification requirements* section of your booklet:

**What types of services require precertification?**

*Precertification* is required for the following types of services and supplies:

<table>
<thead>
<tr>
<th>Inpatient services and supplies</th>
<th>Outpatient services and supplies</th>
</tr>
</thead>
<tbody>
<tr>
<td><em>Stays</em> in a hospital</td>
<td><em>Cosmetic and reconstructive surgery</em></td>
</tr>
<tr>
<td><em>Stays</em> in a skilled nursing facility</td>
<td></td>
</tr>
<tr>
<td><em>Stays</em> in a rehabilitation facility</td>
<td></td>
</tr>
<tr>
<td><em>Stays</em> in a hospice facility</td>
<td></td>
</tr>
<tr>
<td><em>Stays</em> in a residential treatment facility for</td>
<td></td>
</tr>
<tr>
<td>treatment of <em>mental disorders</em> and <em>substance abuse</em></td>
<td></td>
</tr>
<tr>
<td><em>Bariatric surgery</em> (obesity)</td>
<td></td>
</tr>
</tbody>
</table>

You can contact us to get a list of the services that require *precertification*. The list may change from time to time.

Sometimes you or your *provider* may want us to review a service that doesn't require *precertification* before you get care. This is called a predetermination, and it is different from *precertification*. Predetermination means that you or your *provider* requests the pre-service clinical review of a service that does not require *precertification*.

The following language is revised in the *Eligible health services under your plan-Physicians and other health professionals* section of your booklet:

**Physician services**

*Eligible health services* include services by your *physician* to treat an *illness* or *injury*. You can get those services:

- At the *physician’s* office
- In your home
- In a *hospital*
- From any other inpatient or outpatient facility
- By way of *telem medicine*
Important note:
Other than for behavioral health, your plan covers telemedicine only when you get your consult through a provider that has contracted with Aetna to offer these services.

For behavioral health services, all in-person office visits covered, by either network or out-of-network providers, with a behavioral health provider are also covered if you use telemedicine instead.

Telemedicine may have different cost sharing. See the schedule of benefits for more information.

The following language is revised in the Eligible health services under your plan - Physicians and other health professionals section of your booklet:

Alternatives to physician office visits

Walk-in clinic

Eligible health services include, but are not limited to, health care services provided at walk-in clinic for:
- Scheduled and unscheduled visits for illnesses and injuries that are not emergency medical conditions
- Preventive care immunizations administered within the scope of the clinic’s license

The following Important note is removed from the Applied behavior analysis provision within the Eligible health services under your plan - Specific conditions section of your booklet:

Important note:
Applied behavior analysis requires precertification by Aetna. The network provider is responsible for obtaining precertification. You are responsible for obtaining precertification if you are using an out-of-network provider.

The following inpatient language is added within the Mental health treatment provision and the Substance related disorders treatment provision within the Eligible health services under your plan - Specific conditions section of your booklet:

Your plan will cover the extra expense of a private room when appropriate because of your medical condition.

The following language is added within the Eligible health services under your plan - Specific therapies and tests section of your booklet:

Short-term rehabilitation services

Short-term physical, speech and occupational therapy services provided in an outpatient setting are subject to the same conditions and limitations for outpatient short-term rehabilitation services. See the Short-term rehabilitation services section in the schedule of benefits.

The following language is removed within the Eligible health services under your plan - Outpatient prescription drugs section of your booklet:

Partial fill dispensing program
Our program allows only a partial fill of your **prescription**. Your out of pocket expenses will be prorated accordingly. You can access the list of these **prescription drugs** by calling the toll-free number on your ID card or log on to your secure member website at [www.aetna.com](http://www.aetna.com).

The following language is removed from the *What your plan doesn’t cover – some eligible health service exceptions* section of your booklet:

**Counseling**
- Marriage, religious, family, career, social adjustment, pastoral, or financial counseling

The following language is revised in the *What your plan doesn’t cover – some eligible health service exceptions* section of your booklet:

**Court-ordered services and supplies**
This includes those court-ordered services and supplies, or those required as a condition of parole, probation, release or because of any legal proceeding, unless they are a **covered benefit** under your plan.

The following language is removed from the *What your plan doesn’t cover – some eligible health service exceptions* section of your booklet:

**Early intensive behavioral interventions**
Examples of those services are:
- Early intensive behavioral interventions (Denver, LEAP, TEACCH, Rutgers, floor time, Lovaas and similar programs) and other intensive educational interventions

The following language is revised in the *What your plan doesn’t cover – some eligible health service exceptions* section of your booklet:

**Educational services**
Examples of those services are:
- Any service or supply for education, training or retraining services or testing, except where described in the *Eligible health services under your plan – Diabetic equipment, supplies and education*. This includes:
  - Special education
  - Remedial education
  - Wilderness treatment programs (whether or not the program is part of a **residential treatment facility** or otherwise licensed institution)
  - Job training
  - Job hardening programs
Educational services, schooling or any such related or similar program, including therapeutic programs within a school setting.

The following language is revised in the *What your plan doesn’t cover – some eligible health service exceptions* section of your booklet:

**Telemedicine**
- Services, other than behavioral health services, given by **providers** that are not contracted with Aetna as **telemedicine providers**; behavioral health services are covered when provided by either **network** or **out-of-network providers**
- Services given when you are not present at the same time as the **provider**
- Services including:
  - Telephone calls
– Telemedicine kiosks
– Electronic vital signs monitoring or exchanges, (e.g. Tele-ICU, Tele-stroke)

The following language is revised in the *What your plan doesn’t cover – some eligible health service exceptions* section of your booklet:

**Wilderness treatment programs**
See Educational services within this section

The following provision is added to the *What your plan doesn’t cover - some eligible health services exceptions-General Exclusions* section of your booklet.

**Behavioral health treatment**
Services for the following categories (or equivalent terms as listed in the most recent version of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association):

- **Stay** in a facility for treatment for dementias and amnesia without a behavioral disturbance that necessitates mental health treatment
- School and/or education service, including special education, remedial education, wilderness treatment programs, or any such related or similar programs.
- Services provided in conjunction with school, vocation, work or recreational activities
- Transportation

The following language replaces the Mental health treatment exclusion in the *Additional exceptions for specific types of care- Specific conditions* section of your booklet:

**Mental health and substance related disorders treatment**
The following conditions/diagnoses (or equivalent terms as listed in the most recent edition of the *Diagnostic and Statistical Manual of Mental Disorders* (DSM) of the American Psychiatric Association) are not covered by the behavioral health plan:

- Sexual deviations and disorders except for gender identity disorders
- Tobacco use disorders and nicotine dependence except as described in the *Eligible health services - Preventive care* section
- Pathological gambling, kleptomania, and pyromania
- Specific developmental disorders of scholastic skills (Learning Disorders/Learning Disabilities)
- Specific developmental disorder of motor functions
- Specific developmental disorders of speech and language
- Other disorders of psychological development

The following language is revised in the *Who provides the care-Your PCP* section of your booklet:

**Your PCP**
We encourage you to access *eligible health services* through a **PCP**. They will provide you with primary care.

A **PCP** can be any of the following **providers** available under your plan:

- General practitioner
- Family **physician**
- Internist
- Pediatrician
- OB, GYN, and OB/GYN
- Medical group (primary care office)
The following language is revised within the External review provision in the *When you disagree-claim decisions and appeal procedures-External review* section of your booklet:

You must submit the Request for External Review Form:

- **To Aetna**
- Within 4 months of the date you received the decision from us
- And you must include a copy of the notice from us and all other important information that supports your request

You will pay for any information that you send and want reviewed by the ERO. We will pay for information we send to the ERO plus the cost of the review.

**Aetna** will contact the ERO that will conduct the review of your claim.

The ERO will:

- Assign the appeal to one or more independent clinical reviewers that have the proper expertise to do the review
- Consider appropriate credible information that you sent
- Follow our contractual documents and your plan of benefits
- Send notification of the decision within 45 calendar days of the date we receive your request form and all the necessary information

We will stand by the decision that the ERO makes, unless we can show conflict of interest, bias or fraud.

The following language is revised in the *Glossary* section of your booklet:

**Mental disorder**

A **mental disorder** is in general, a set of symptoms or behavior associated with distress and interference with personal function. A complete definition of **mental disorder** is in the most recent edition of The International Classification of Diseases, Tenth Edition (ICD-10).

The following term is revised in the *Glossary* section of your booklet:

**Negotiated charge**

*For health coverage, this is either:*

- The amount a **network provider** has agreed to accept
- The amount we agree to pay directly to a **network provider** or third-party vendor (including any administrative fee in the amount paid) for providing services, **prescription drugs** or supplies to plan members. This does not include **prescription drug** services from a **network pharmacy**.

We may enter into arrangements with **network providers** or others related to:

- The coordination of care for members
- Improving clinical outcomes and efficiencies

Some of these arrangements are called:

- Value-based contracting
- Risk sharing
- Accountable care arrangements
These arrangements will not change the **negotiated charge** under this plan.

*For prescription drug services from a network pharmacy:*  
The amount we established for each **prescription drug** obtained from a **network pharmacy** under this plan. This **negotiated charge** may reflect amounts we agreed to pay directly to the **network pharmacy** or to a third-party vendor for the **prescription drug**, and may include a rebate, an additional service or risk charge set by us.

We may receive or pay additional amounts from or to third parties under price guarantees. These amounts may not change the **negotiated charge** under this plan.

The following language is added in the Glossary section, within the Recognized charge-Special terms used, in your booklet if your plan is based on a percentage of the Medicare recognized charge:

When the recognized charge is based on a percentage of the Medicare allowed rate, it is not affected by adjustments or incentives given to providers under Medicare programs.

The following language is revised in the Glossary section of your booklet-certificate:

**Telemedicine**  
A consultation between you and a **provider** who is performing a clinical medical or behavioral health service.

Services can be provided by:
- Two-way audiovisual teleconferencing;
- Telephone calls
- Any other method required by state law

The following language is revised in the **Glossary** section of your booklet:

**Walk-in clinic**  
A health care facility that provides limited medical care on a scheduled and unscheduled basis. A **walk-in clinic** may be located in, near, or within a:
- Drug store
- **Pharmacy**
- Retail store
- Supermarket

The following are not considered a **walk-in clinic**:
- Ambulatory surgical center
- Emergency room
- **Hospital**
- Outpatient department of a **hospital**
- **Physician’s office**
- **Urgent care facility**
The following language has been revised in the Eligible health services-Specific conditions Mental health treatment and Substance related disorders treatment-outpatient benefits in your schedule of benefits:

<table>
<thead>
<tr>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Outpatient office visit to a physician or behavioral health provider</td>
</tr>
<tr>
<td>Includes telemedicine consultation</td>
</tr>
</tbody>
</table>

The telemedicine cognitive behavioral therapy consultations language in the Outpatient office visit to a physician or behavioral health provider benefit in the Eligible health services-Specific conditions Mental health treatment and Substance related disorders treatment benefits in your schedule of benefits has been replaced with the following:

<table>
<thead>
<tr>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Outpatient mental health telemedicine cognitive therapy consultations by a physician or behavioral health provider</td>
</tr>
</tbody>
</table>

The following language is revised in the Other outpatient services category in the Eligible health services, Specific conditions-Mental health treatment and Substance related disorders-outpatient sections of your schedule of benefits:

<table>
<thead>
<tr>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Other outpatient services including:</td>
</tr>
<tr>
<td>• Behavioral health services in the home</td>
</tr>
<tr>
<td>• Partial hospitalization treatment</td>
</tr>
<tr>
<td>• Intensive outpatient program</td>
</tr>
<tr>
<td>The cost share doesn’t apply to in-network peer counseling support services</td>
</tr>
</tbody>
</table>

The Transplant services facility and non-facility provision in the Eligible health services-Specific conditions Transplant services section of your schedule of benefits is replaced with the following:

<table>
<thead>
<tr>
<th>Eligible health services</th>
<th>IOE Facility</th>
<th>Non-IOE Facility and Out-of-network</th>
</tr>
</thead>
<tbody>
<tr>
<td>Transplant services facility and non-facility</td>
<td>Transplant services and supplies</td>
<td>Covered according to the type of benefit and the place where the service is received</td>
</tr>
</tbody>
</table>
Any **Partial fill dispensing** provision is removed from the **Eligible Health Services-Outpatient prescription drugs** section of your schedule of benefits.

This amendment makes no other changes to the booklet and schedule of benefits.

Karen S. Lynch  
President  
Aetna Life Insurance Company  
(A Stock Company)

Amendment  
Issue Date March 30, 2020
Statement of Rights under the Newborns' and Mothers' Health Protection Act

Under federal law, group health plans and health insurance issuers offering group health insurance coverage generally may not restrict benefits for any hospital length of stay in connection with childbirth for the mother or newborn child to less than 48 hours following a vaginal delivery, or less than 96 hours following a delivery by cesarean section. However, the plan or issuer may pay for a shorter stay if the attending provider (e.g., your physician, nurse midwife, or physician assistant), after consultation with the mother, discharges the mother or newborn earlier.

Also, under federal law, plans and issuers may not set the level of benefits or out-of-pocket costs so that any later portion of the 48-hour (or 96-hour) stay is treated in a manner less favorable to the mother or newborn than any earlier portion of the stay.

In addition, a plan or issuer may not, under federal law, require that you, your physician, or other health care provider obtain authorization for prescribing a length of stay of up to 48 hours (or 96 hours). However, you may be required to obtain precertification for any days of confinement that exceed 48 hours (or 96 hours). For information on precertification, contact your plan administrator.

Notice Regarding Women's Health and Cancer Rights Act

Under this health plan, as required by the Women's Health and Cancer Rights Act of 1998, coverage will be provided to a person who is receiving benefits in connection with a mastectomy and who elects breast reconstruction in connection with the mastectomy for:

1. all stages of reconstruction of the breast on which a mastectomy has been performed;
2. surgery and reconstruction of the other breast to produce a symmetrical appearance;
3. prostheses; and
4. treatment of physical complications of all stages of mastectomy, including lymphedemas.

This coverage will be provided in consultation with the attending physician and the patient, and will be provided in accordance with the plan design, limitations, copays, deductibles, and referral requirements, if any, as outlined in your plan documents.

If you have any questions about our coverage of mastectomies and reconstructive surgery, please contact the Member Services number on your ID card.

IMPORTANT HEALTH CARE REFORM NOTICES

CHOICE OF PROVIDER

If your Aetna plan generally requires or allows the designation of a primary care provider, you have the right to designate any primary care provider who participates in our network and who is available to accept you or your family members. If the plan or health insurance coverage designates a primary care provider automatically, then until you make this designation, Aetna designates one for you. For information on how to select a primary care provider, and for a list of the participating primary care providers, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

If your Aetna plan allows for the designation of a primary care provider for a child, you may designate a pediatrician as the primary care provider.

If your Aetna plan provides coverage for obstetric or gynecological care and requires the designation of a primary care provider then you do not need prior authorization from Aetna or from any other person (including a primary care provider) in order to obtain access to obstetrical or gynecological care from a health care professional in our network who specializes in obstetrics or gynecology. The health care professional, however, may be required to comply with certain procedures, including obtaining prior authorization for certain services, following a pre-approved treatment plan, or procedures for making referrals. For a list of participating health care professionals who specialize in obstetrics or gynecology, contact your Employer or, if you are a current member, your Aetna contact number on the back of your ID card.

Continuation of Coverage During an Approved Leave of Absence Granted to Comply With Federal Law

This continuation of coverage section applies only for the period of any approved family or medical leave (approved FMLA leave) required by Family and Medical Leave Act of 1993 (FMLA). If your Employer grants you an approved FMLA leave for a period in excess of the period required by FMLA, any continuation of coverage during that excess period will be subject to prior written agreement between Aetna and your Employer.

If your Employer grants you an approved FMLA leave in accordance with FMLA, you may, during the continuance of such approved FMLA leave, continue Health Expense Benefits for you and your eligible dependents.

At the time you request the leave, you must agree to make any contributions required by your Employer to continue coverage. Your Employer must continue to make premium payments.

If Health Expense Benefits has reduction rules applicable by reason of age or retirement, Health Expense Benefits will be subject to such rules while you are on FMLA leave.

Coverage will not be continued beyond the first to occur of:

- The date you are required to make any contribution and you fail to do so.
- The date your Employer determines your approved FMLA leave is terminated.
- The date the coverage involved discontinues as to your eligible class. However, coverage for health expenses may be available to you under another plan sponsored by your Employer.

Any coverage being continued for a dependent will not be continued beyond the date it would otherwise terminate.
If Health Expense Benefits terminate because your approved FMLA leave is deemed terminated by your Employer, you may, on the date of such termination, be eligible for Continuation Under Federal Law on the same terms as though your employment terminated, other than for gross misconduct, on such date. If the group contract provides any other continuation of coverage (for example, upon termination of employment, death, divorce or ceasing to be a defined dependent), you (or your eligible dependents) may be eligible for such continuation on the date your Employer determines your approved FMLA leave is terminated or the date of the event for which the continuation is available.

If you acquire a new dependent while your coverage is continued during an approved FMLA leave, the dependent will be eligible for the continued coverage on the same terms as would be applicable if you were actively at work, not on an approved FMLA leave.

If you return to work for your Employer following the date your Employer determines the approved FMLA leave is terminated, your coverage under the group contract will be in force as though you had continued in active employment rather than going on an approved FMLA leave provided you make request for such coverage within 31 days of the date your Employer determines the approved FMLA leave to be terminated. If you do not make such request within 31 days, coverage will again be effective under the group contract only if and when Aetna gives its written consent.

If any coverage being continued terminates because your Employer determines the approved FMLA leave is terminated, any Conversion Privilege will be available on the same terms as though your employment had terminated on the date your Employer determines the approved FMLA leave is terminated.
Amendment to Plan of Benefits

For Employees of: The City of Seattle
Administrative Services Agreement No.: 100290

Effective January 1, 2021, the following changes have been made to your Booklet.

1) The following section entitled “Habilitation therapy services” replaces the section under the same title in your Schedule of Benefits.

<table>
<thead>
<tr>
<th>Habilitation therapy services</th>
<th>100% (of the negotiated charge) per visit</th>
<th>60% (of the recognized charge) per visit</th>
<th>90% (of the recognized charge) per visit</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>No deductible applies</td>
<td>No deductible applies</td>
<td>No deductible applies</td>
</tr>
</tbody>
</table>

Aexcel Plus Open Choice (PPO Medical) - Most City Preventive Plan- Amendment for Habilitation therapy services
Amend: 1
Issue Date: February 18, 2021
