

# 10th Avenue Hill Climb Design Commission Meeting

Project Location

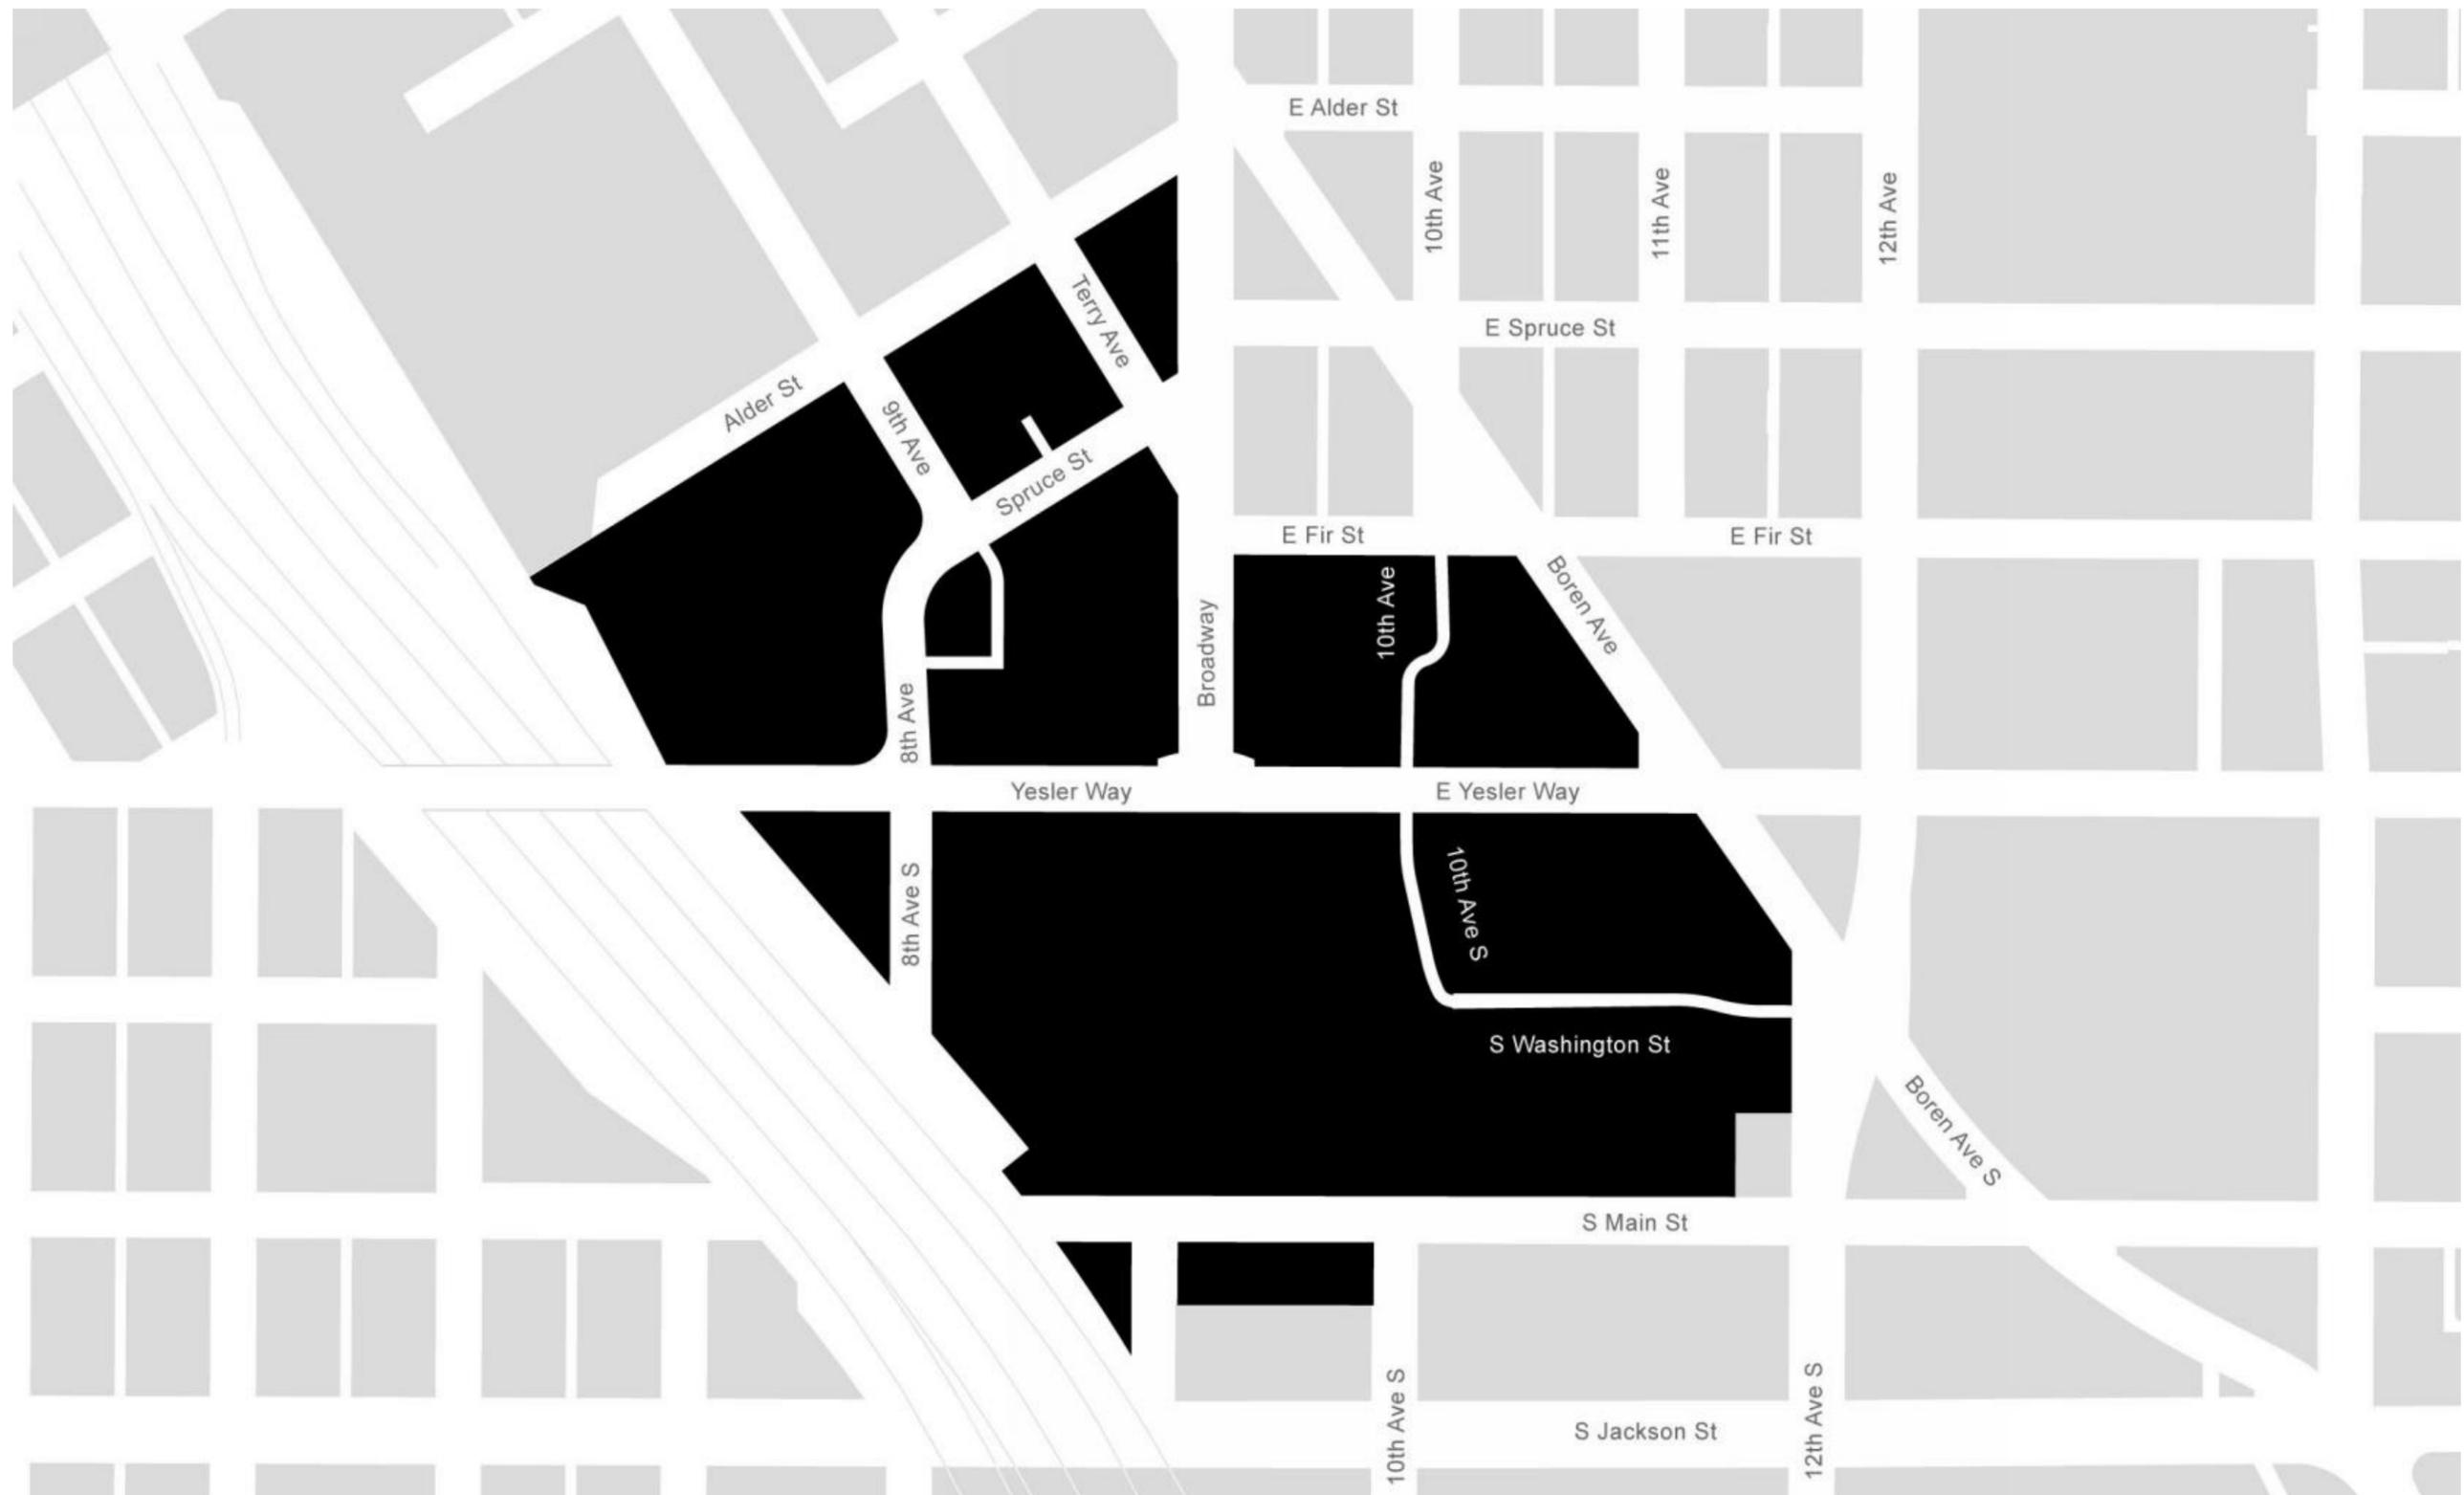

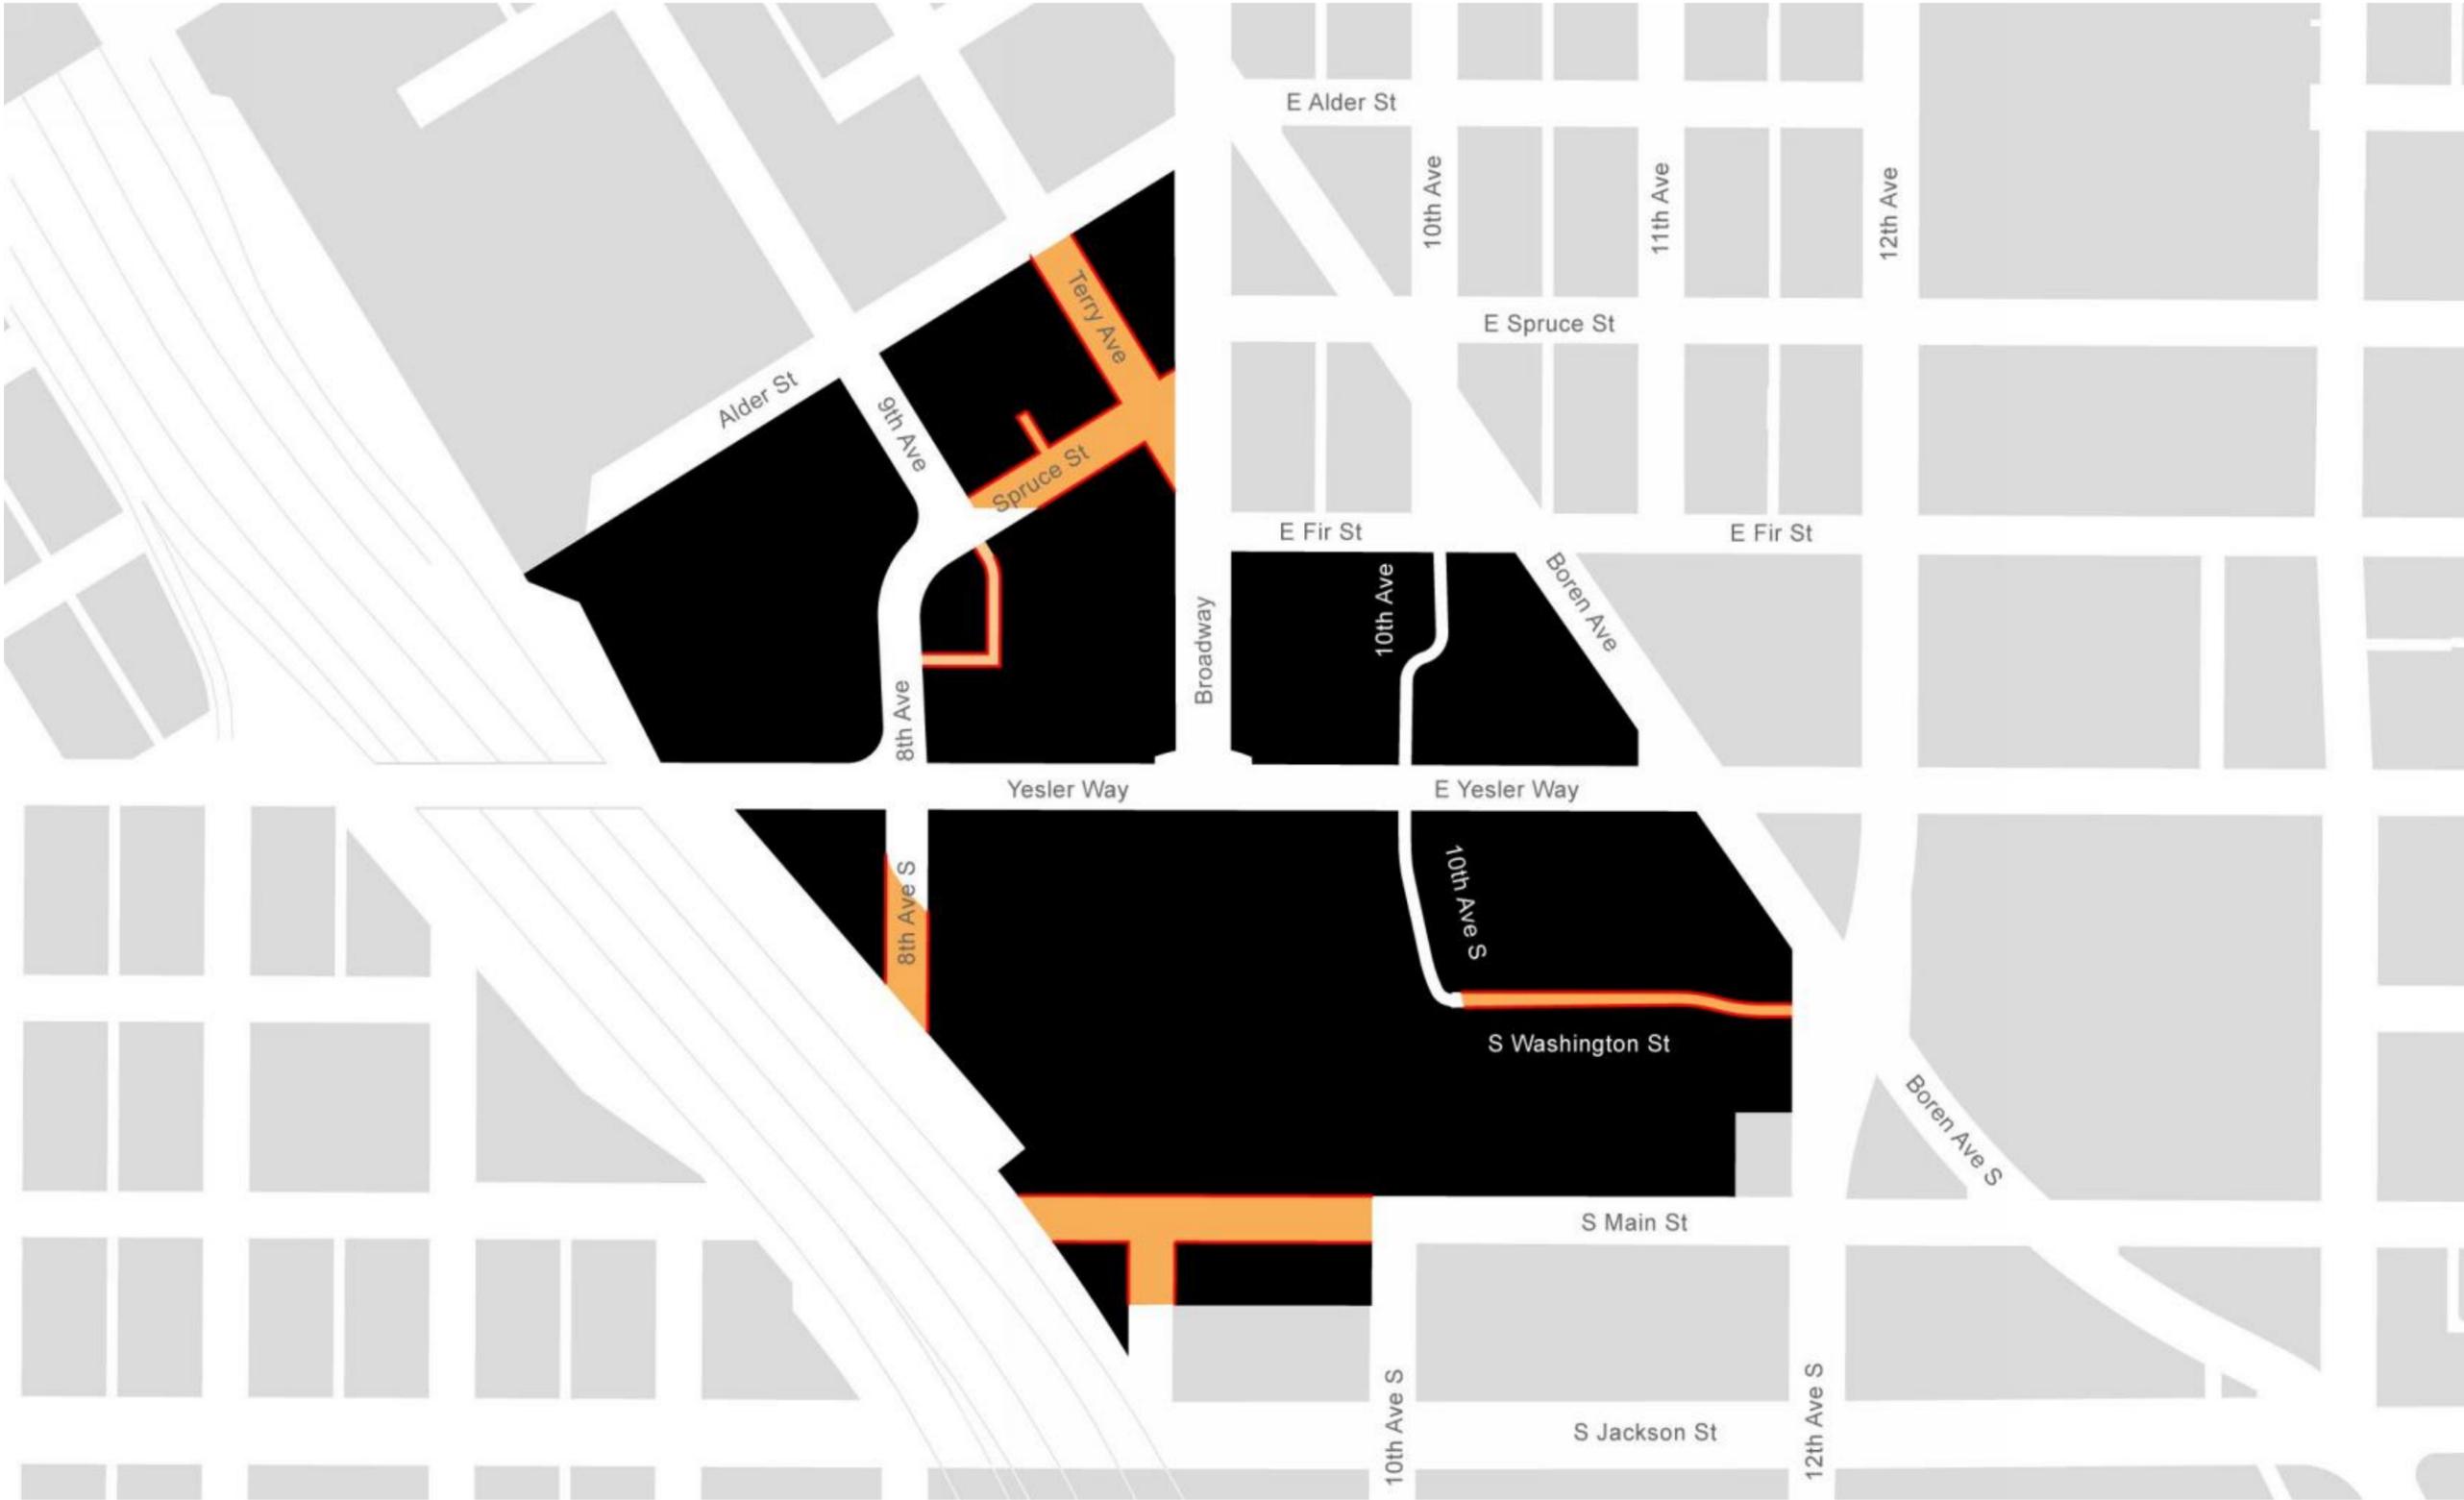

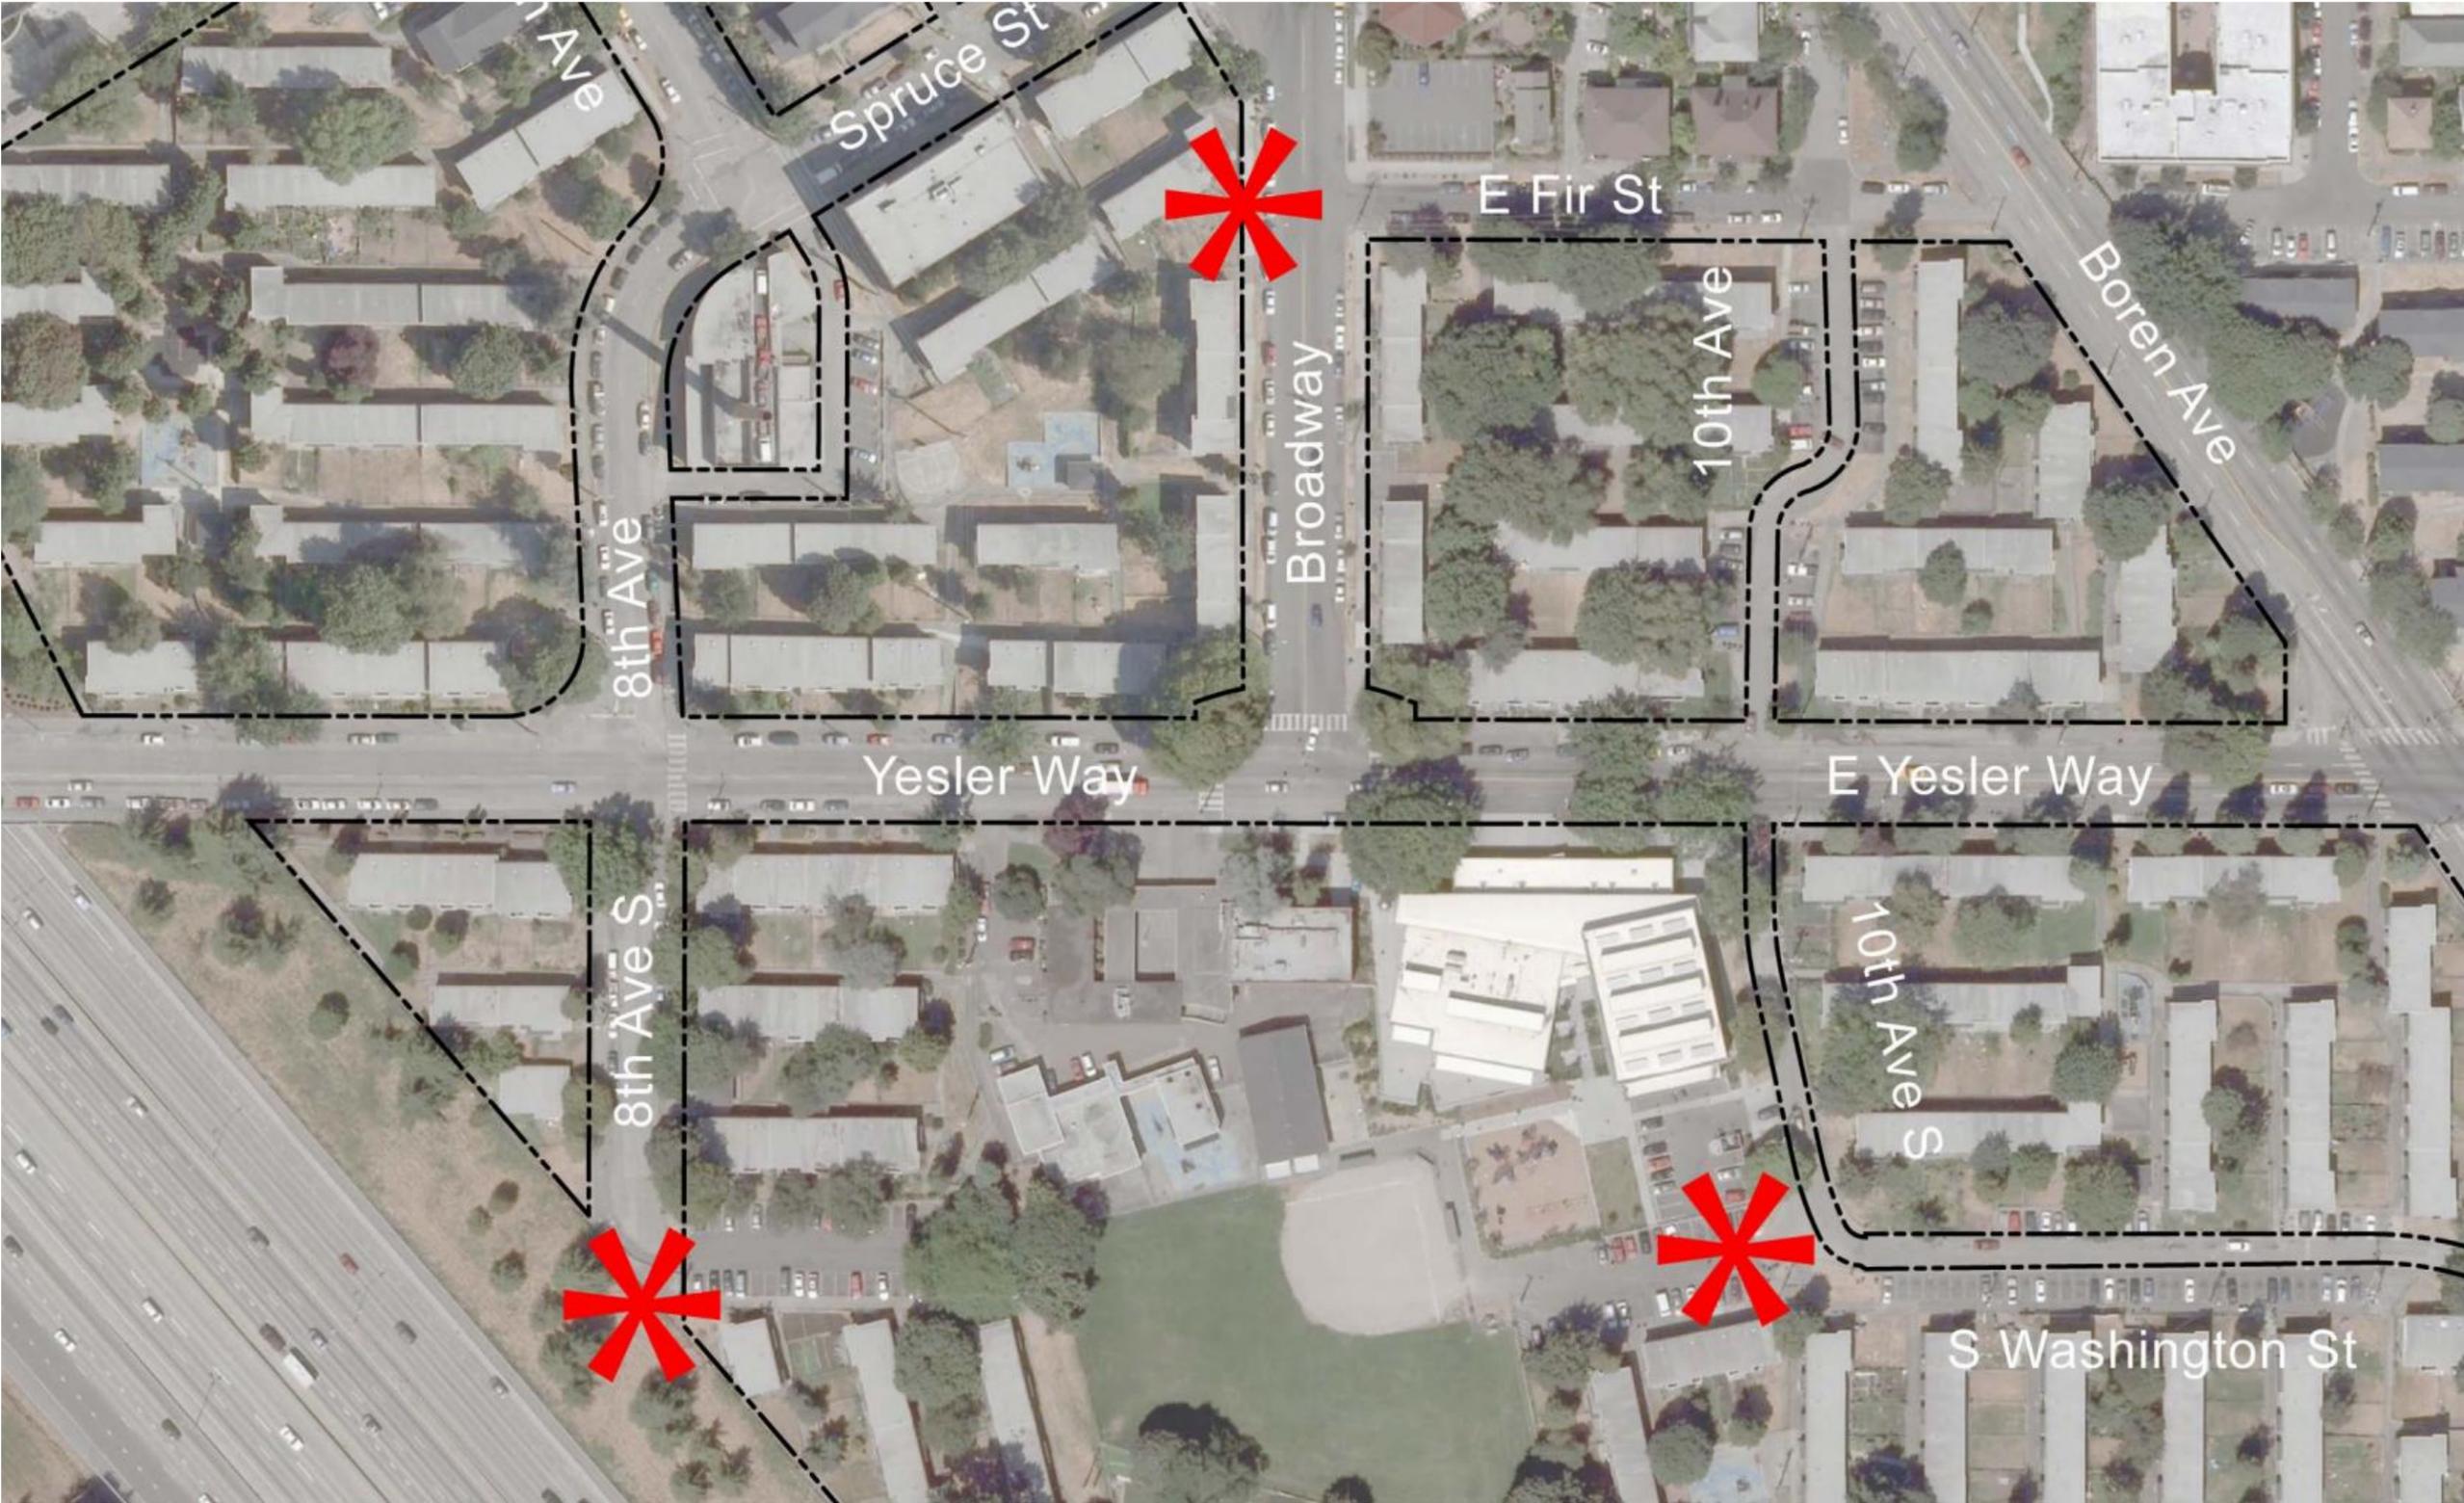

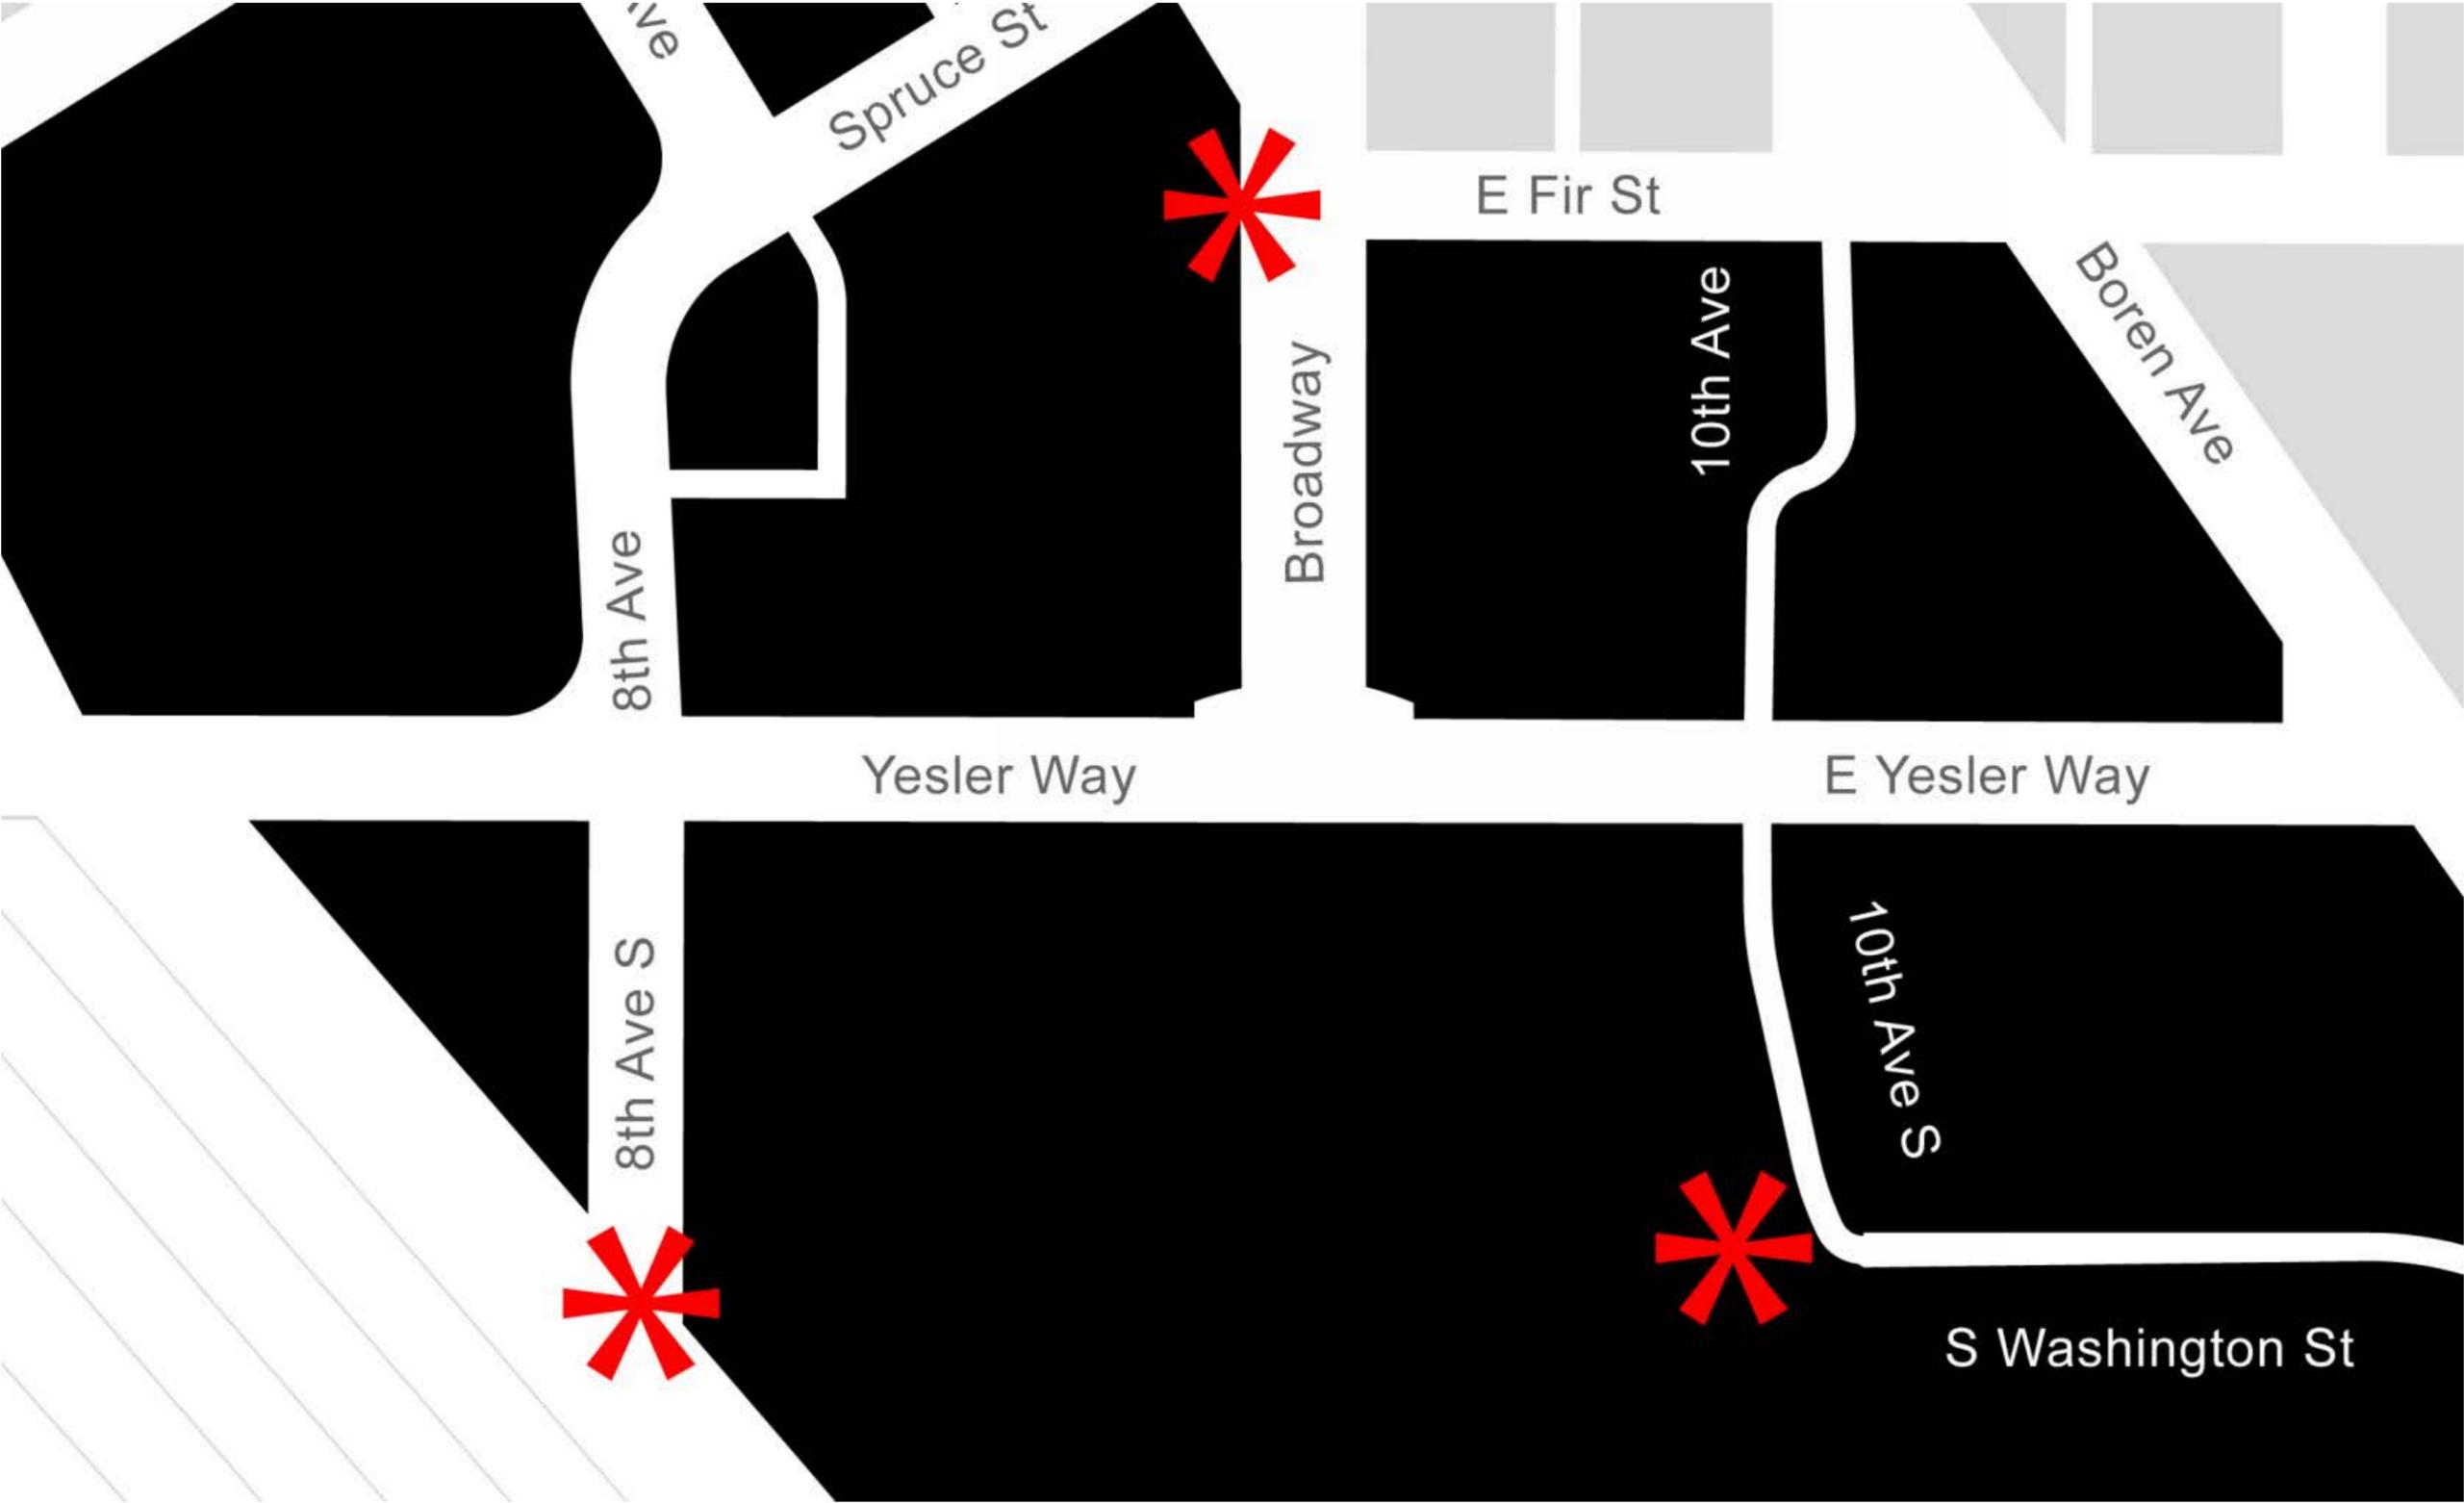

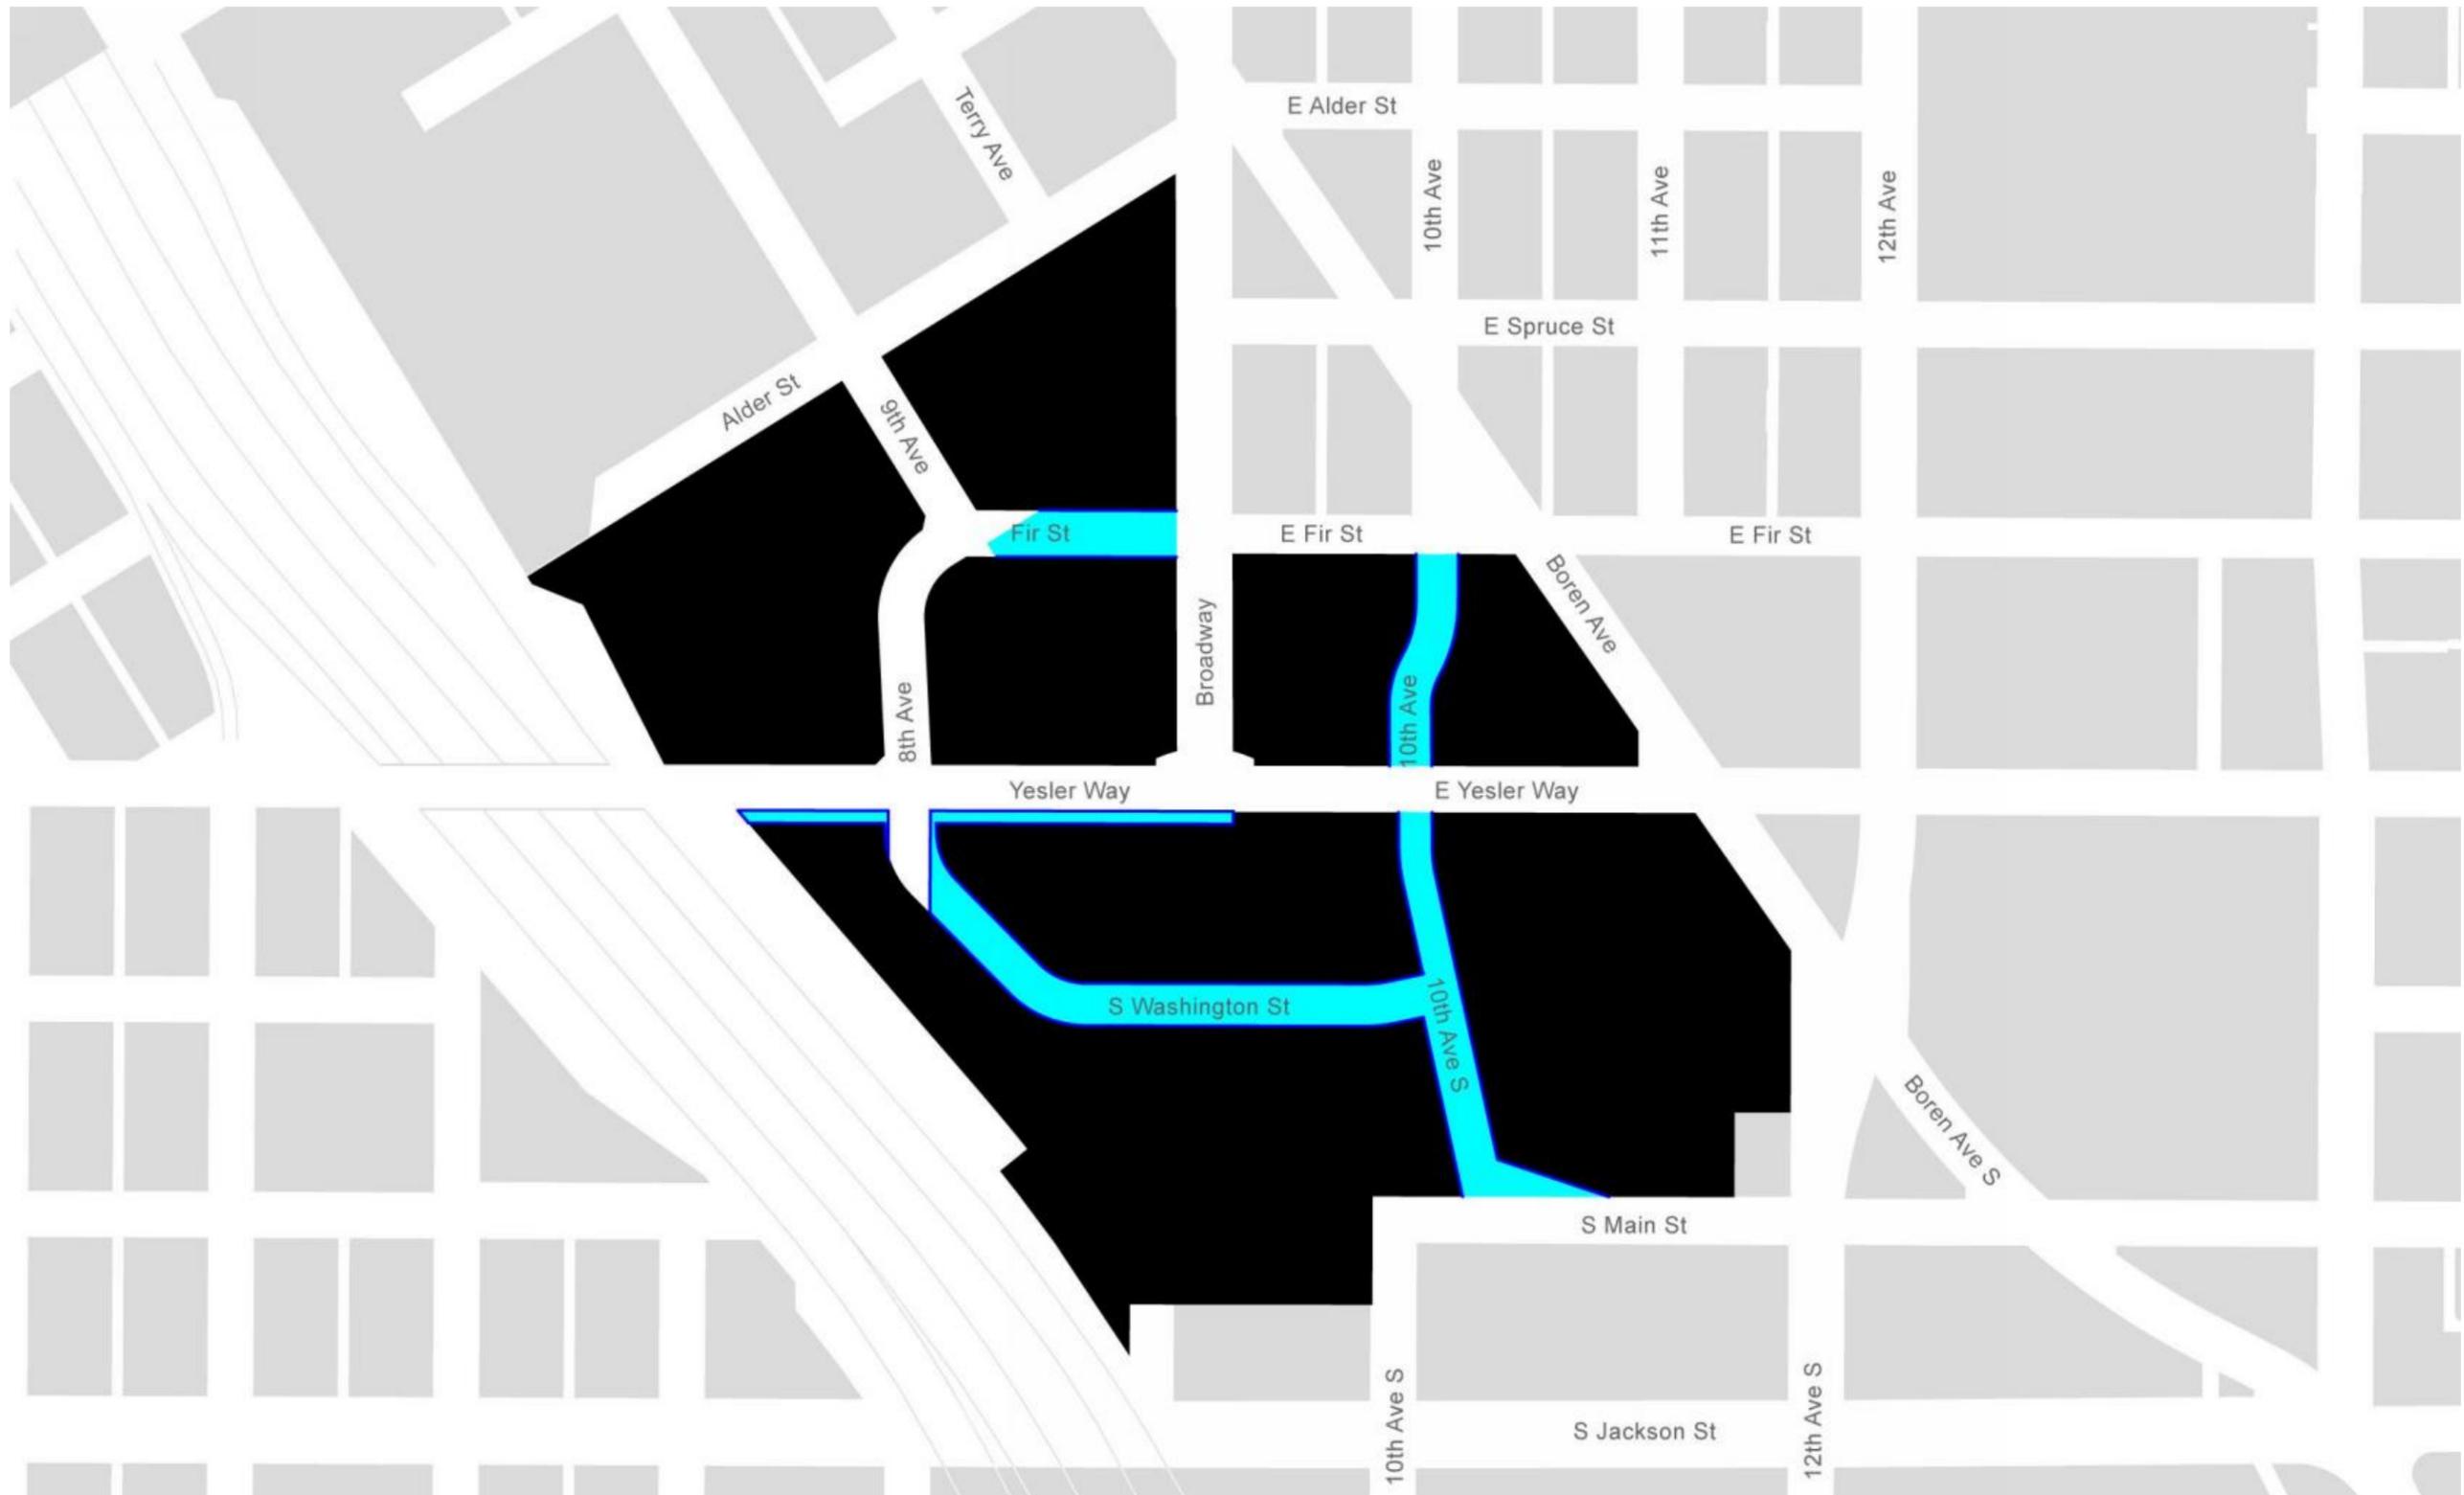

# Proposed Street Vacation

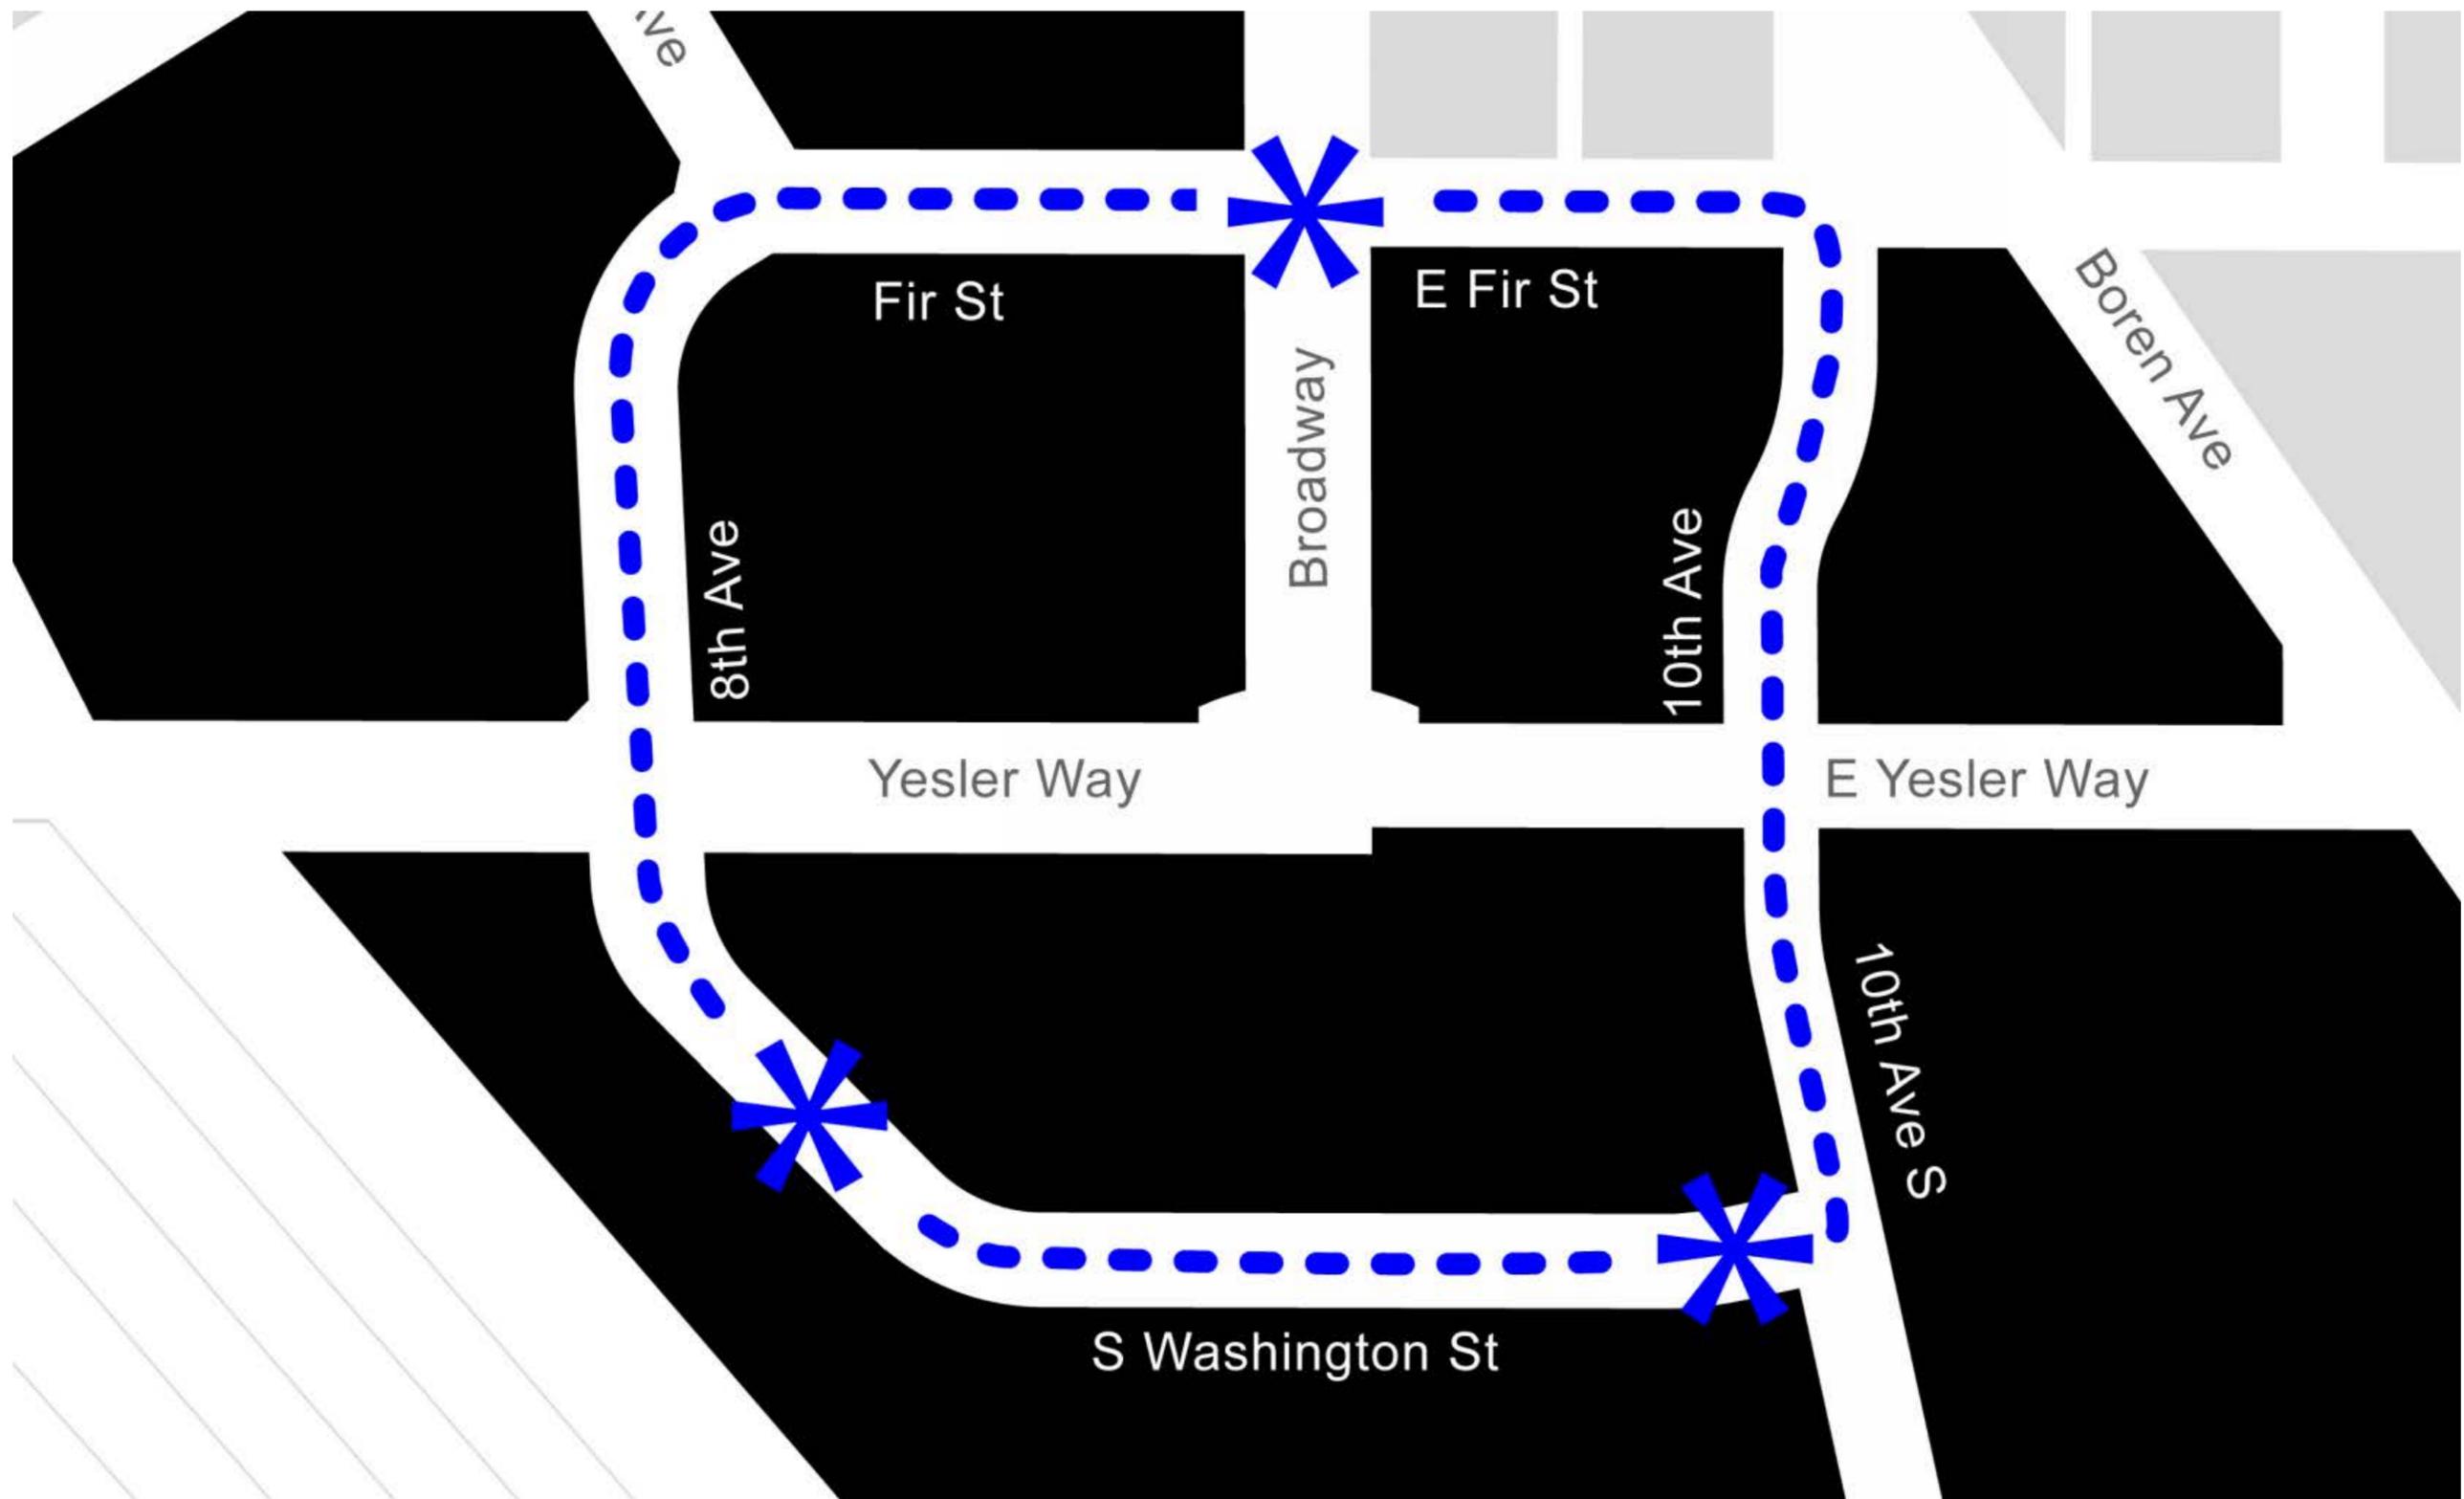

Existing Neighborhood Fabric

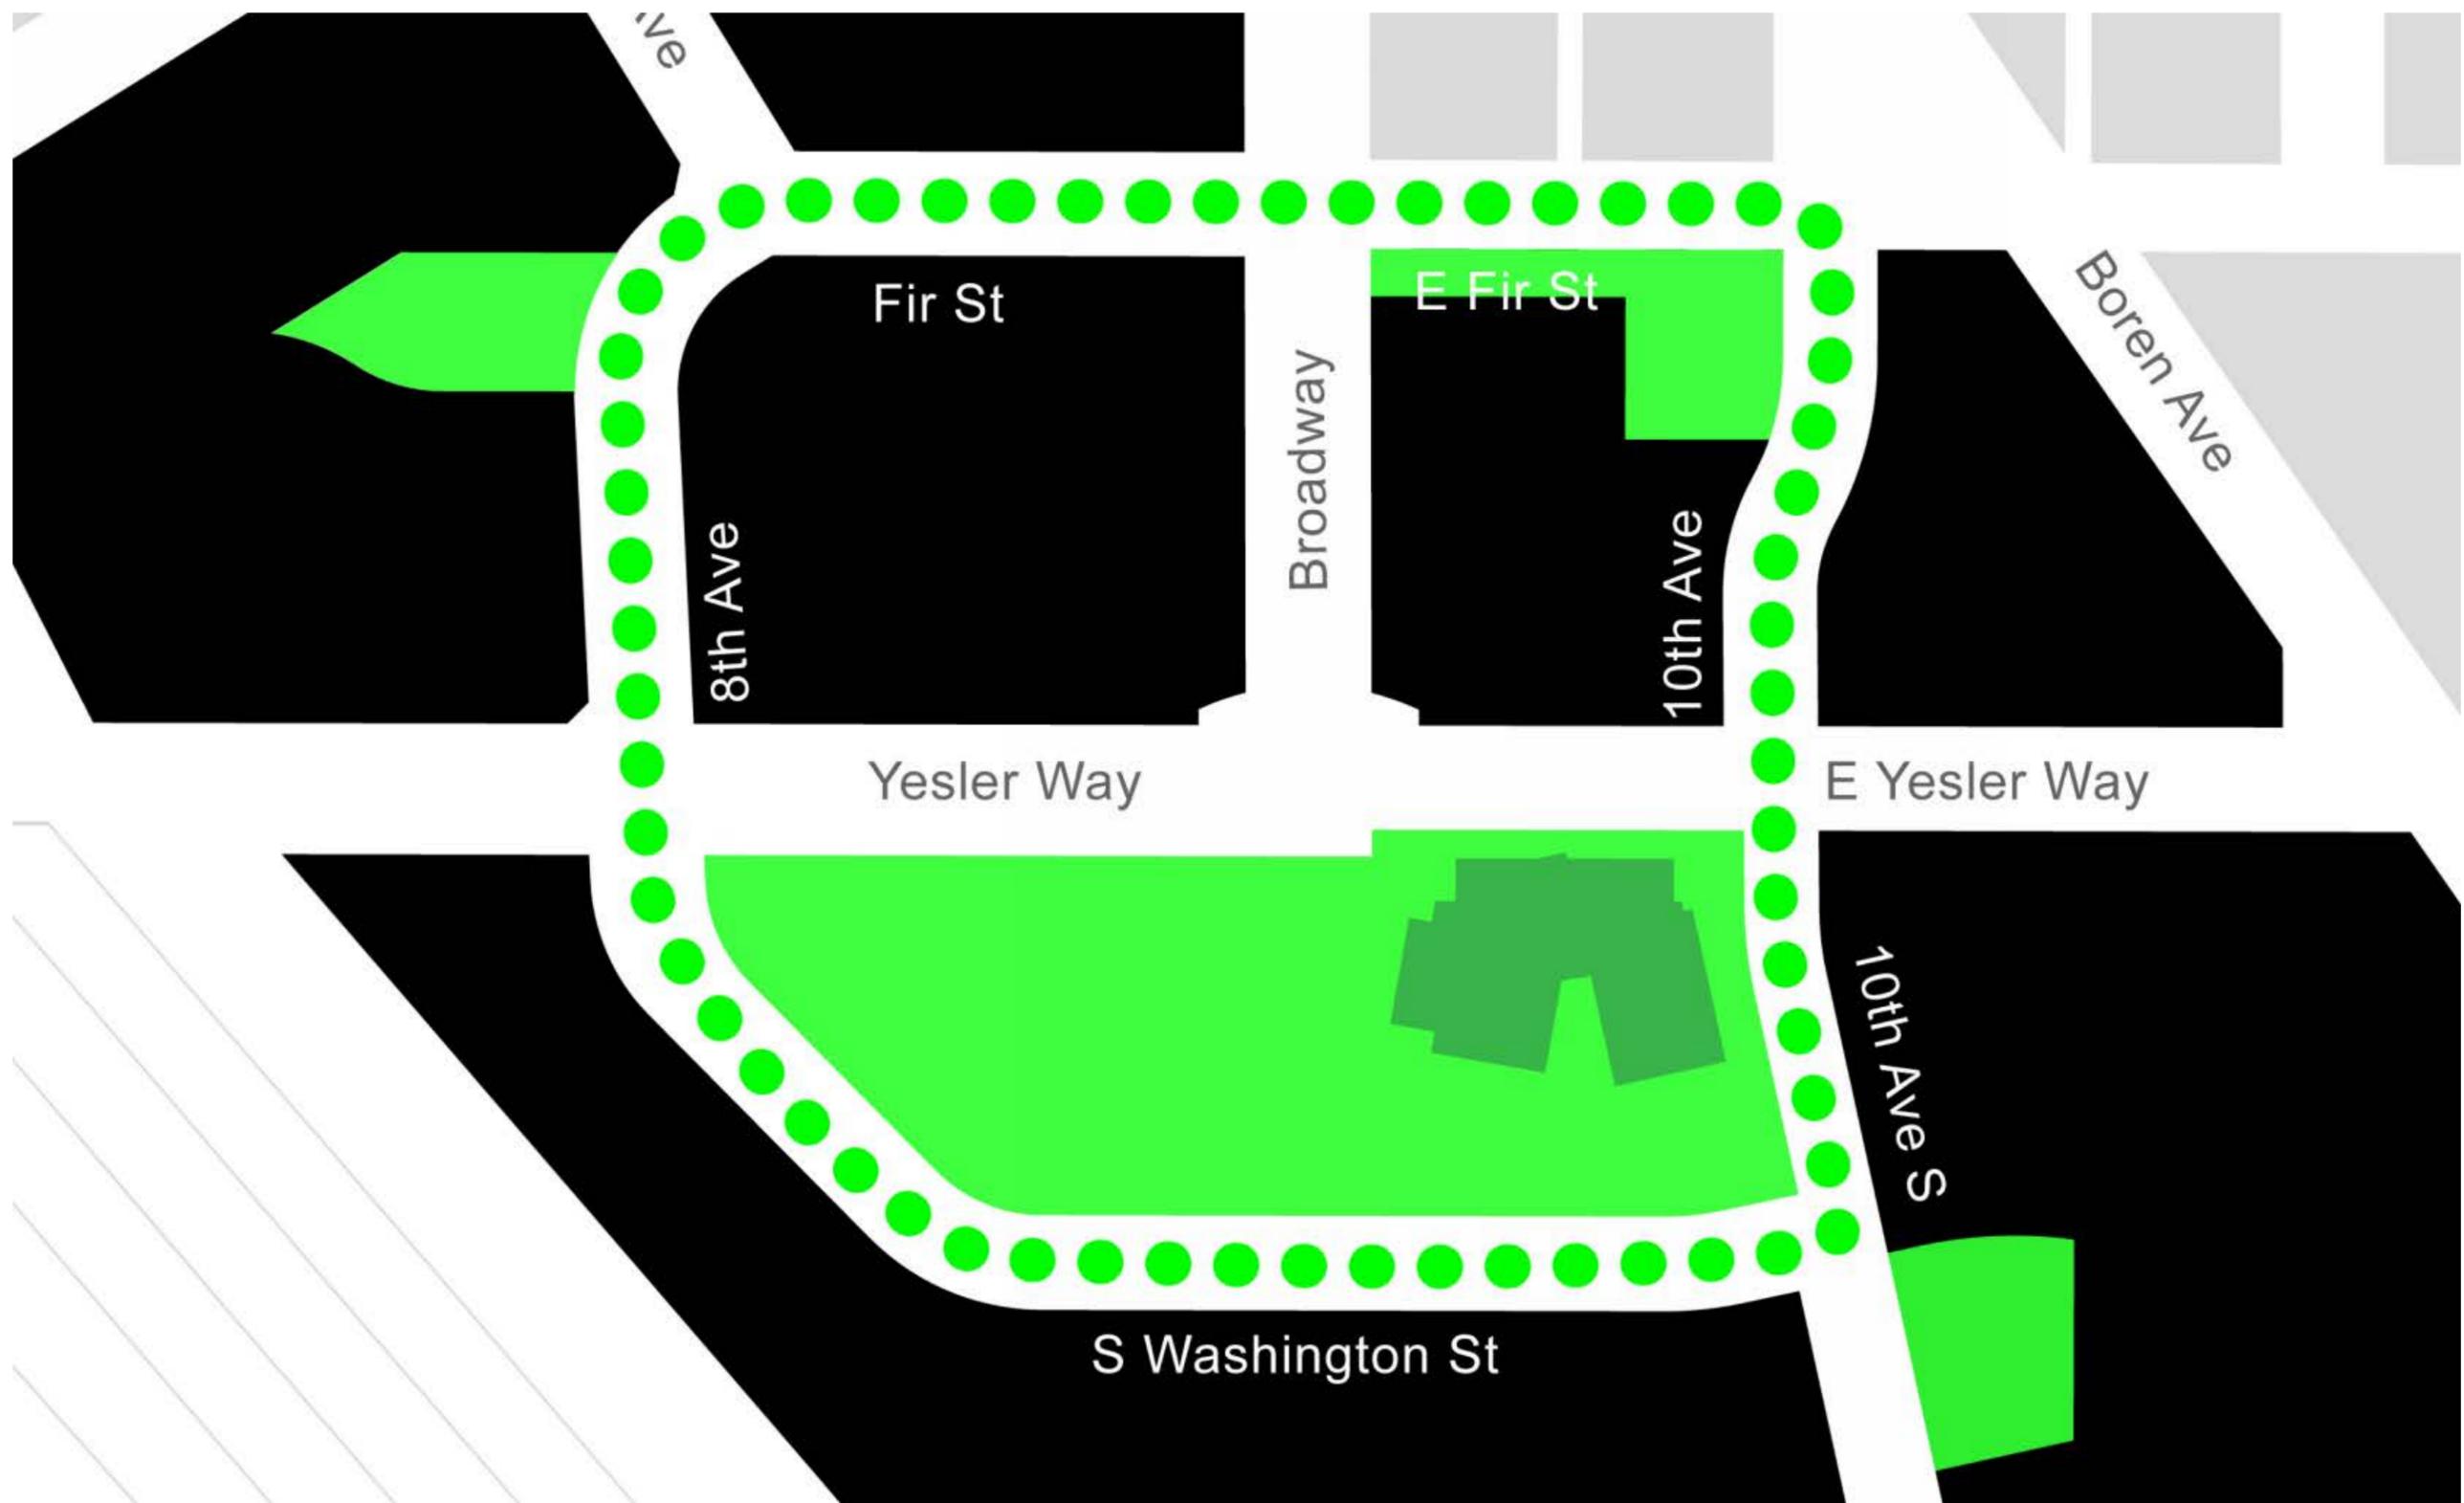

Continuous pedestrian and bike circulation on green loop; Existing dead ends and discontinuities eliminated.

Proposed Neighborhood  
Fabric Connectivity

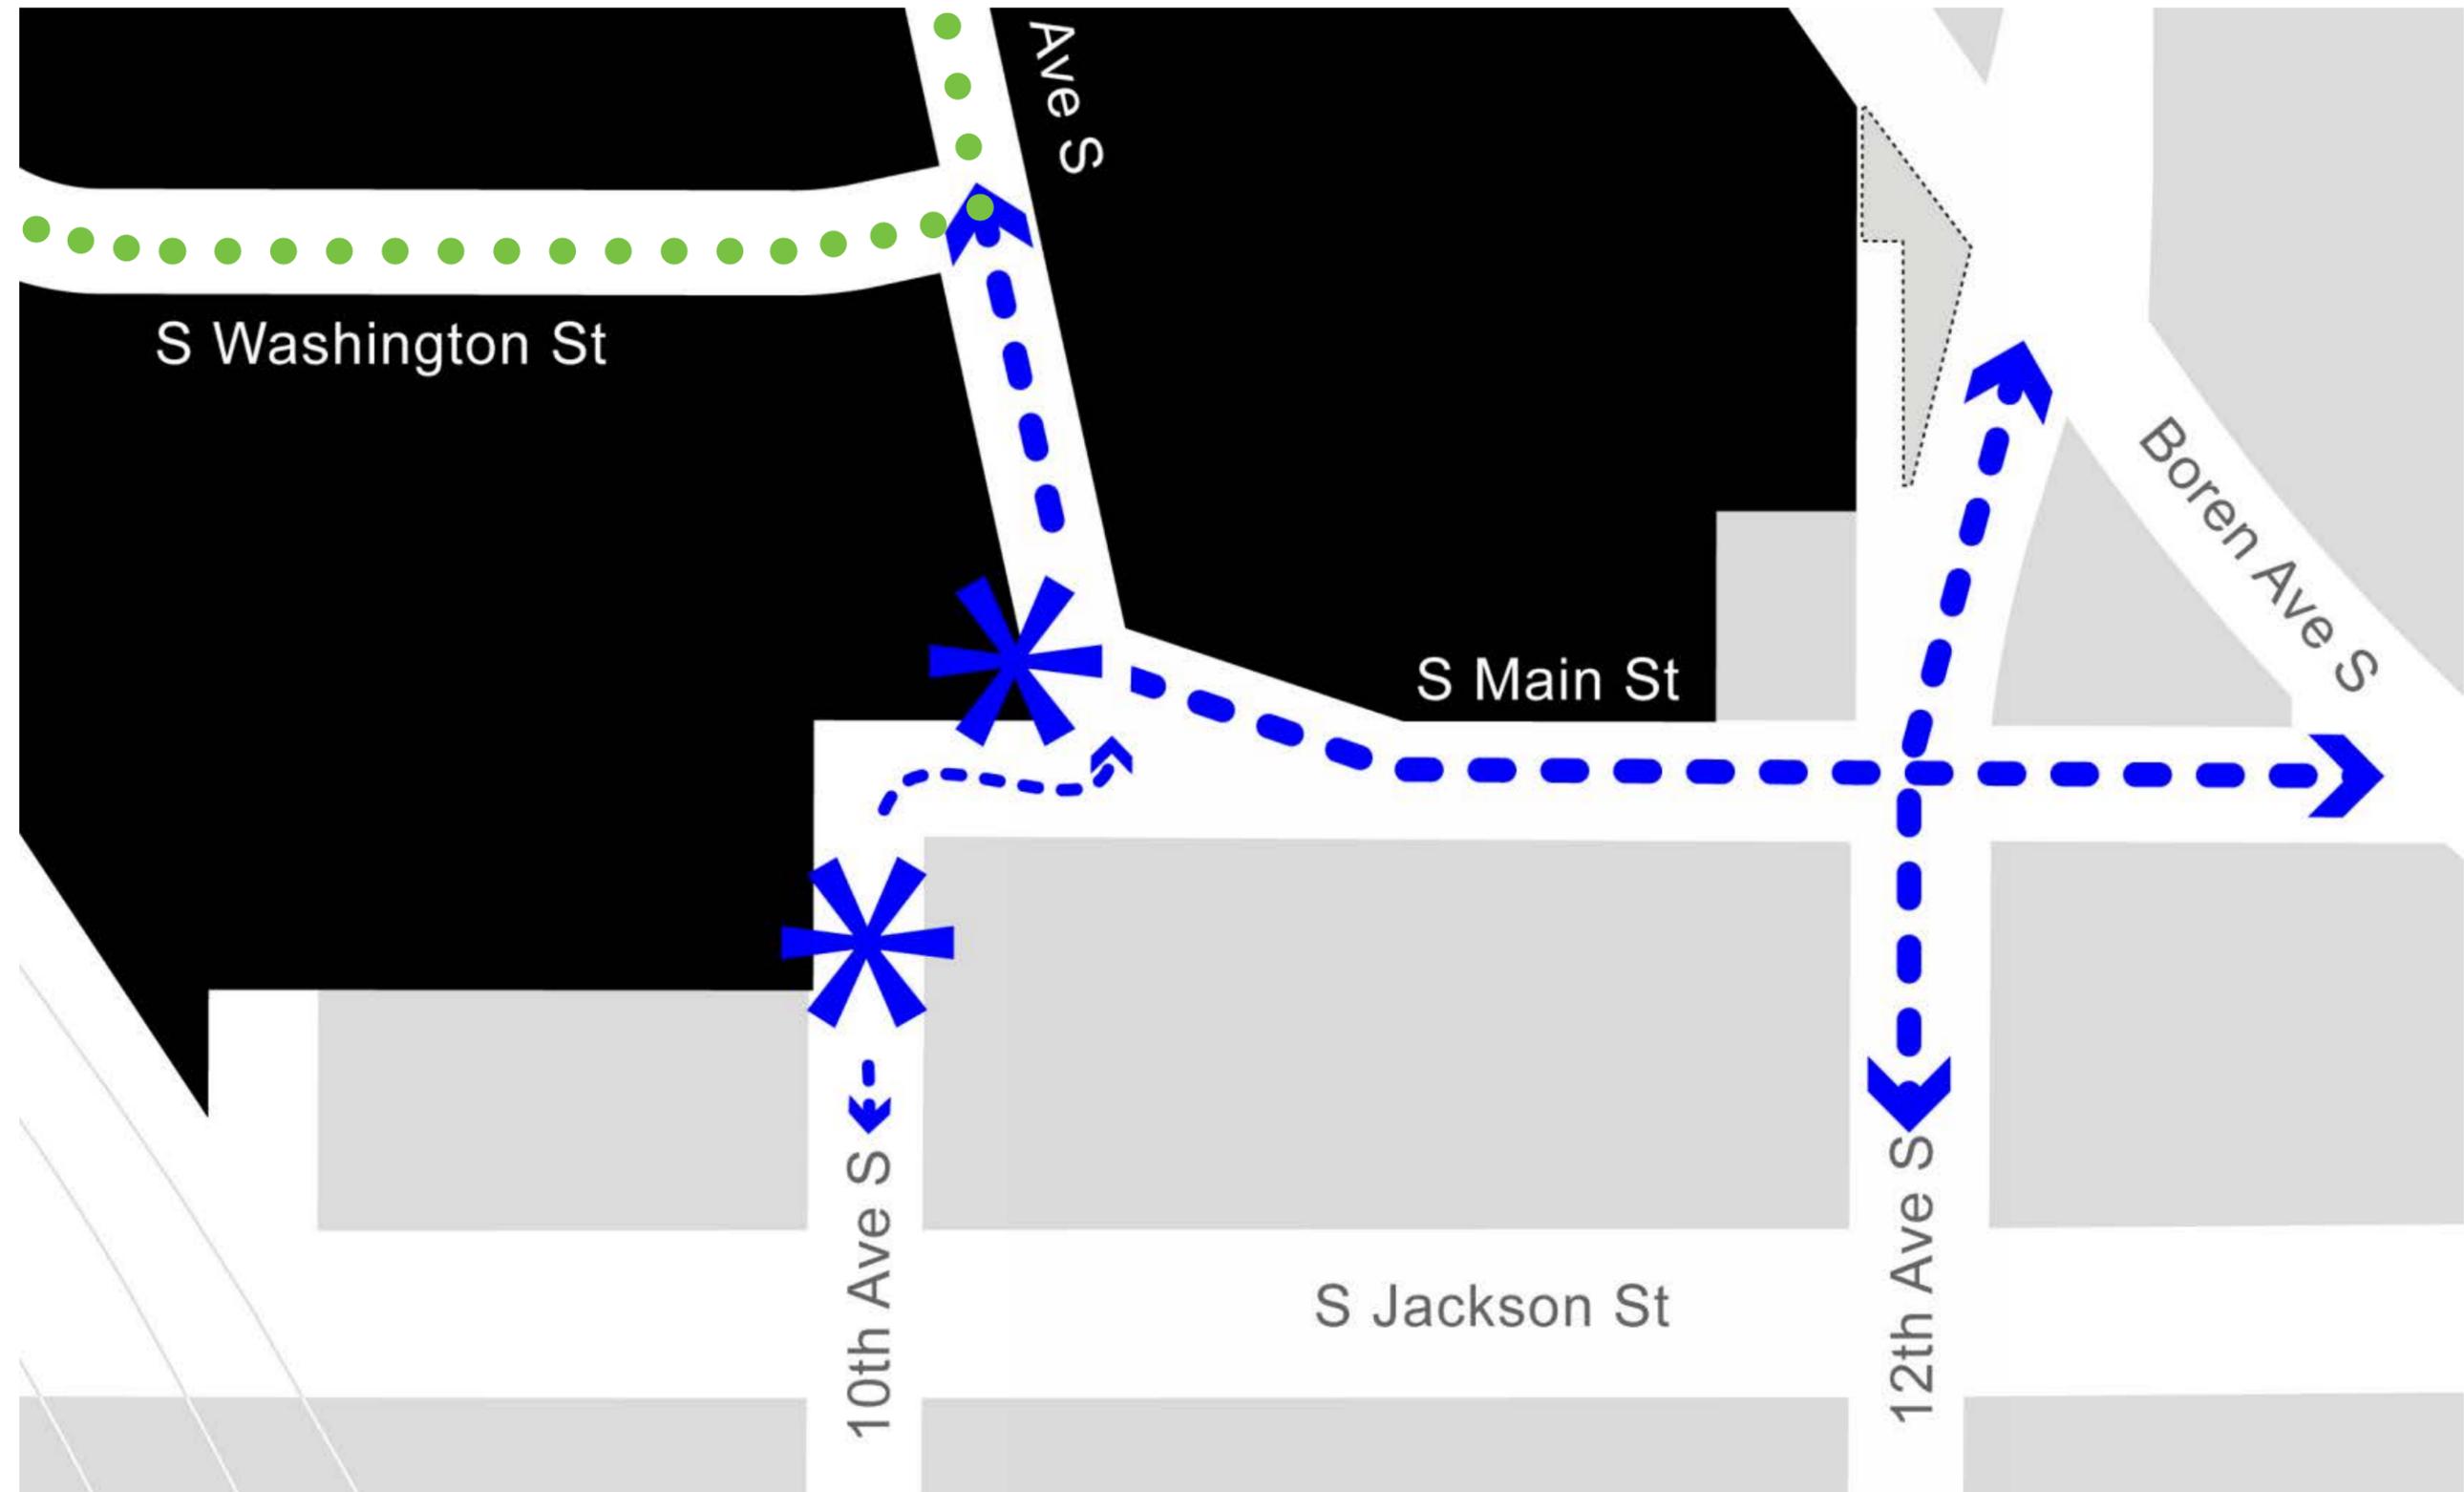

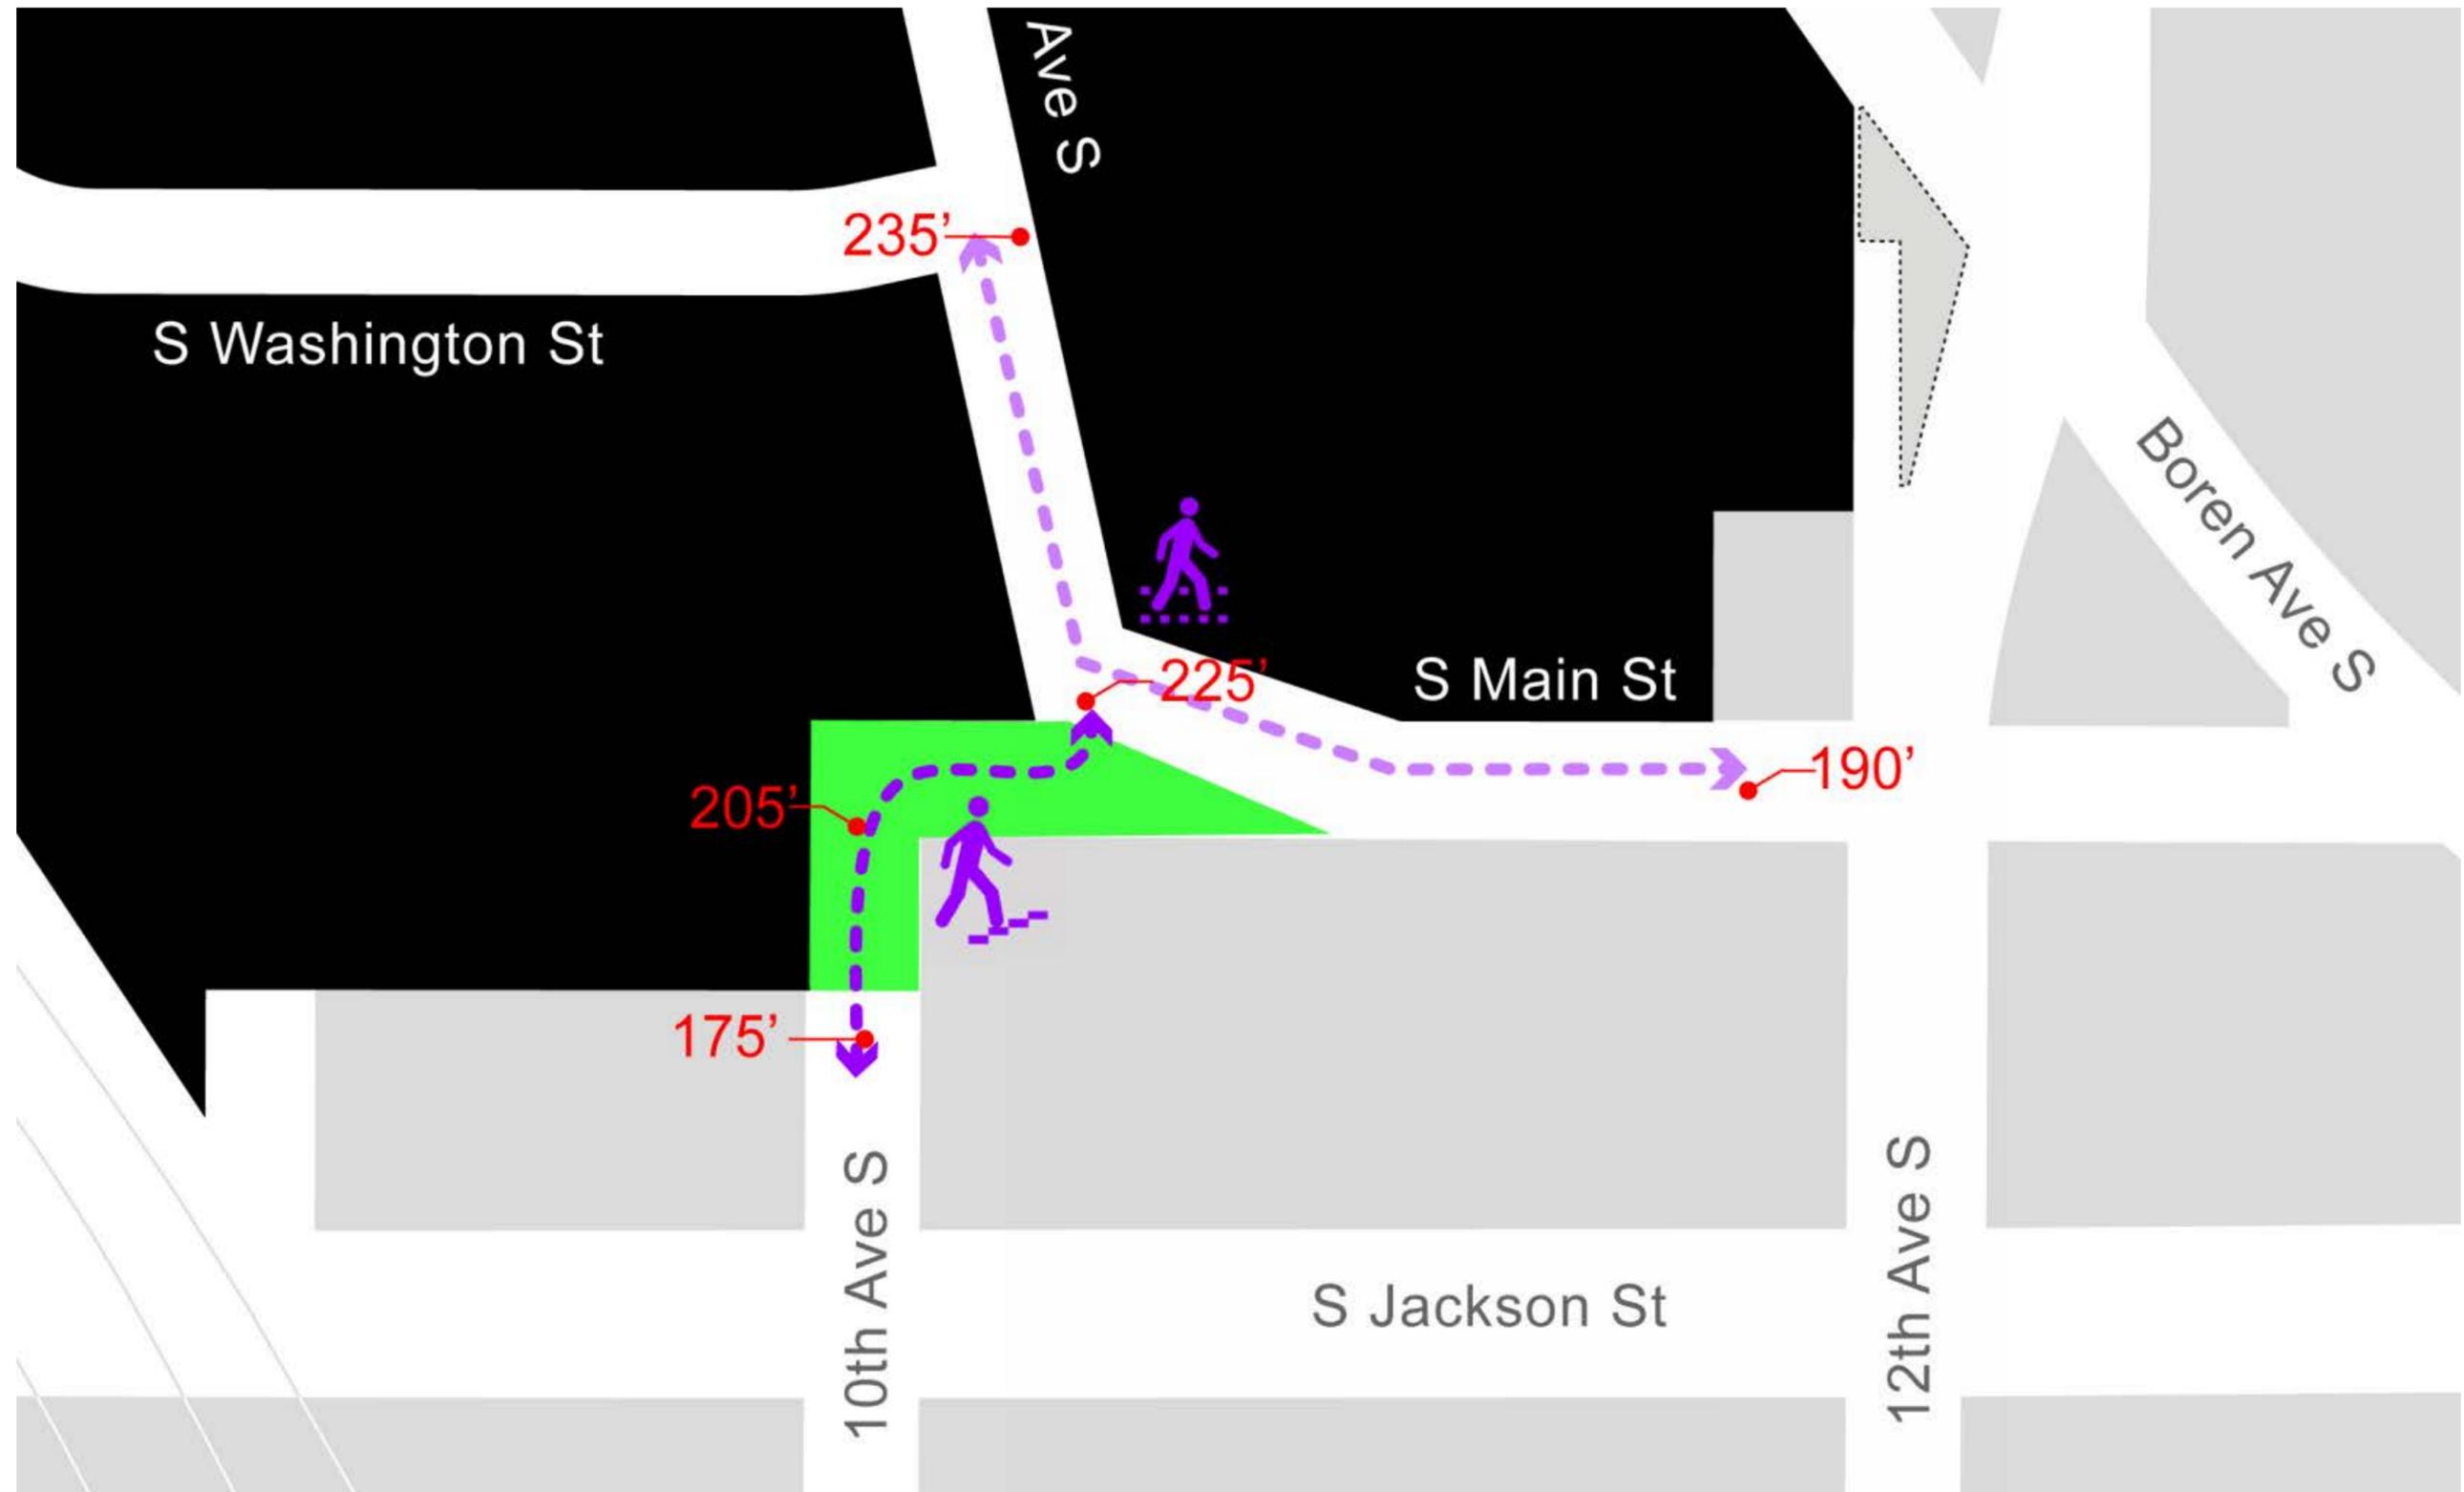

Proposed Open Space

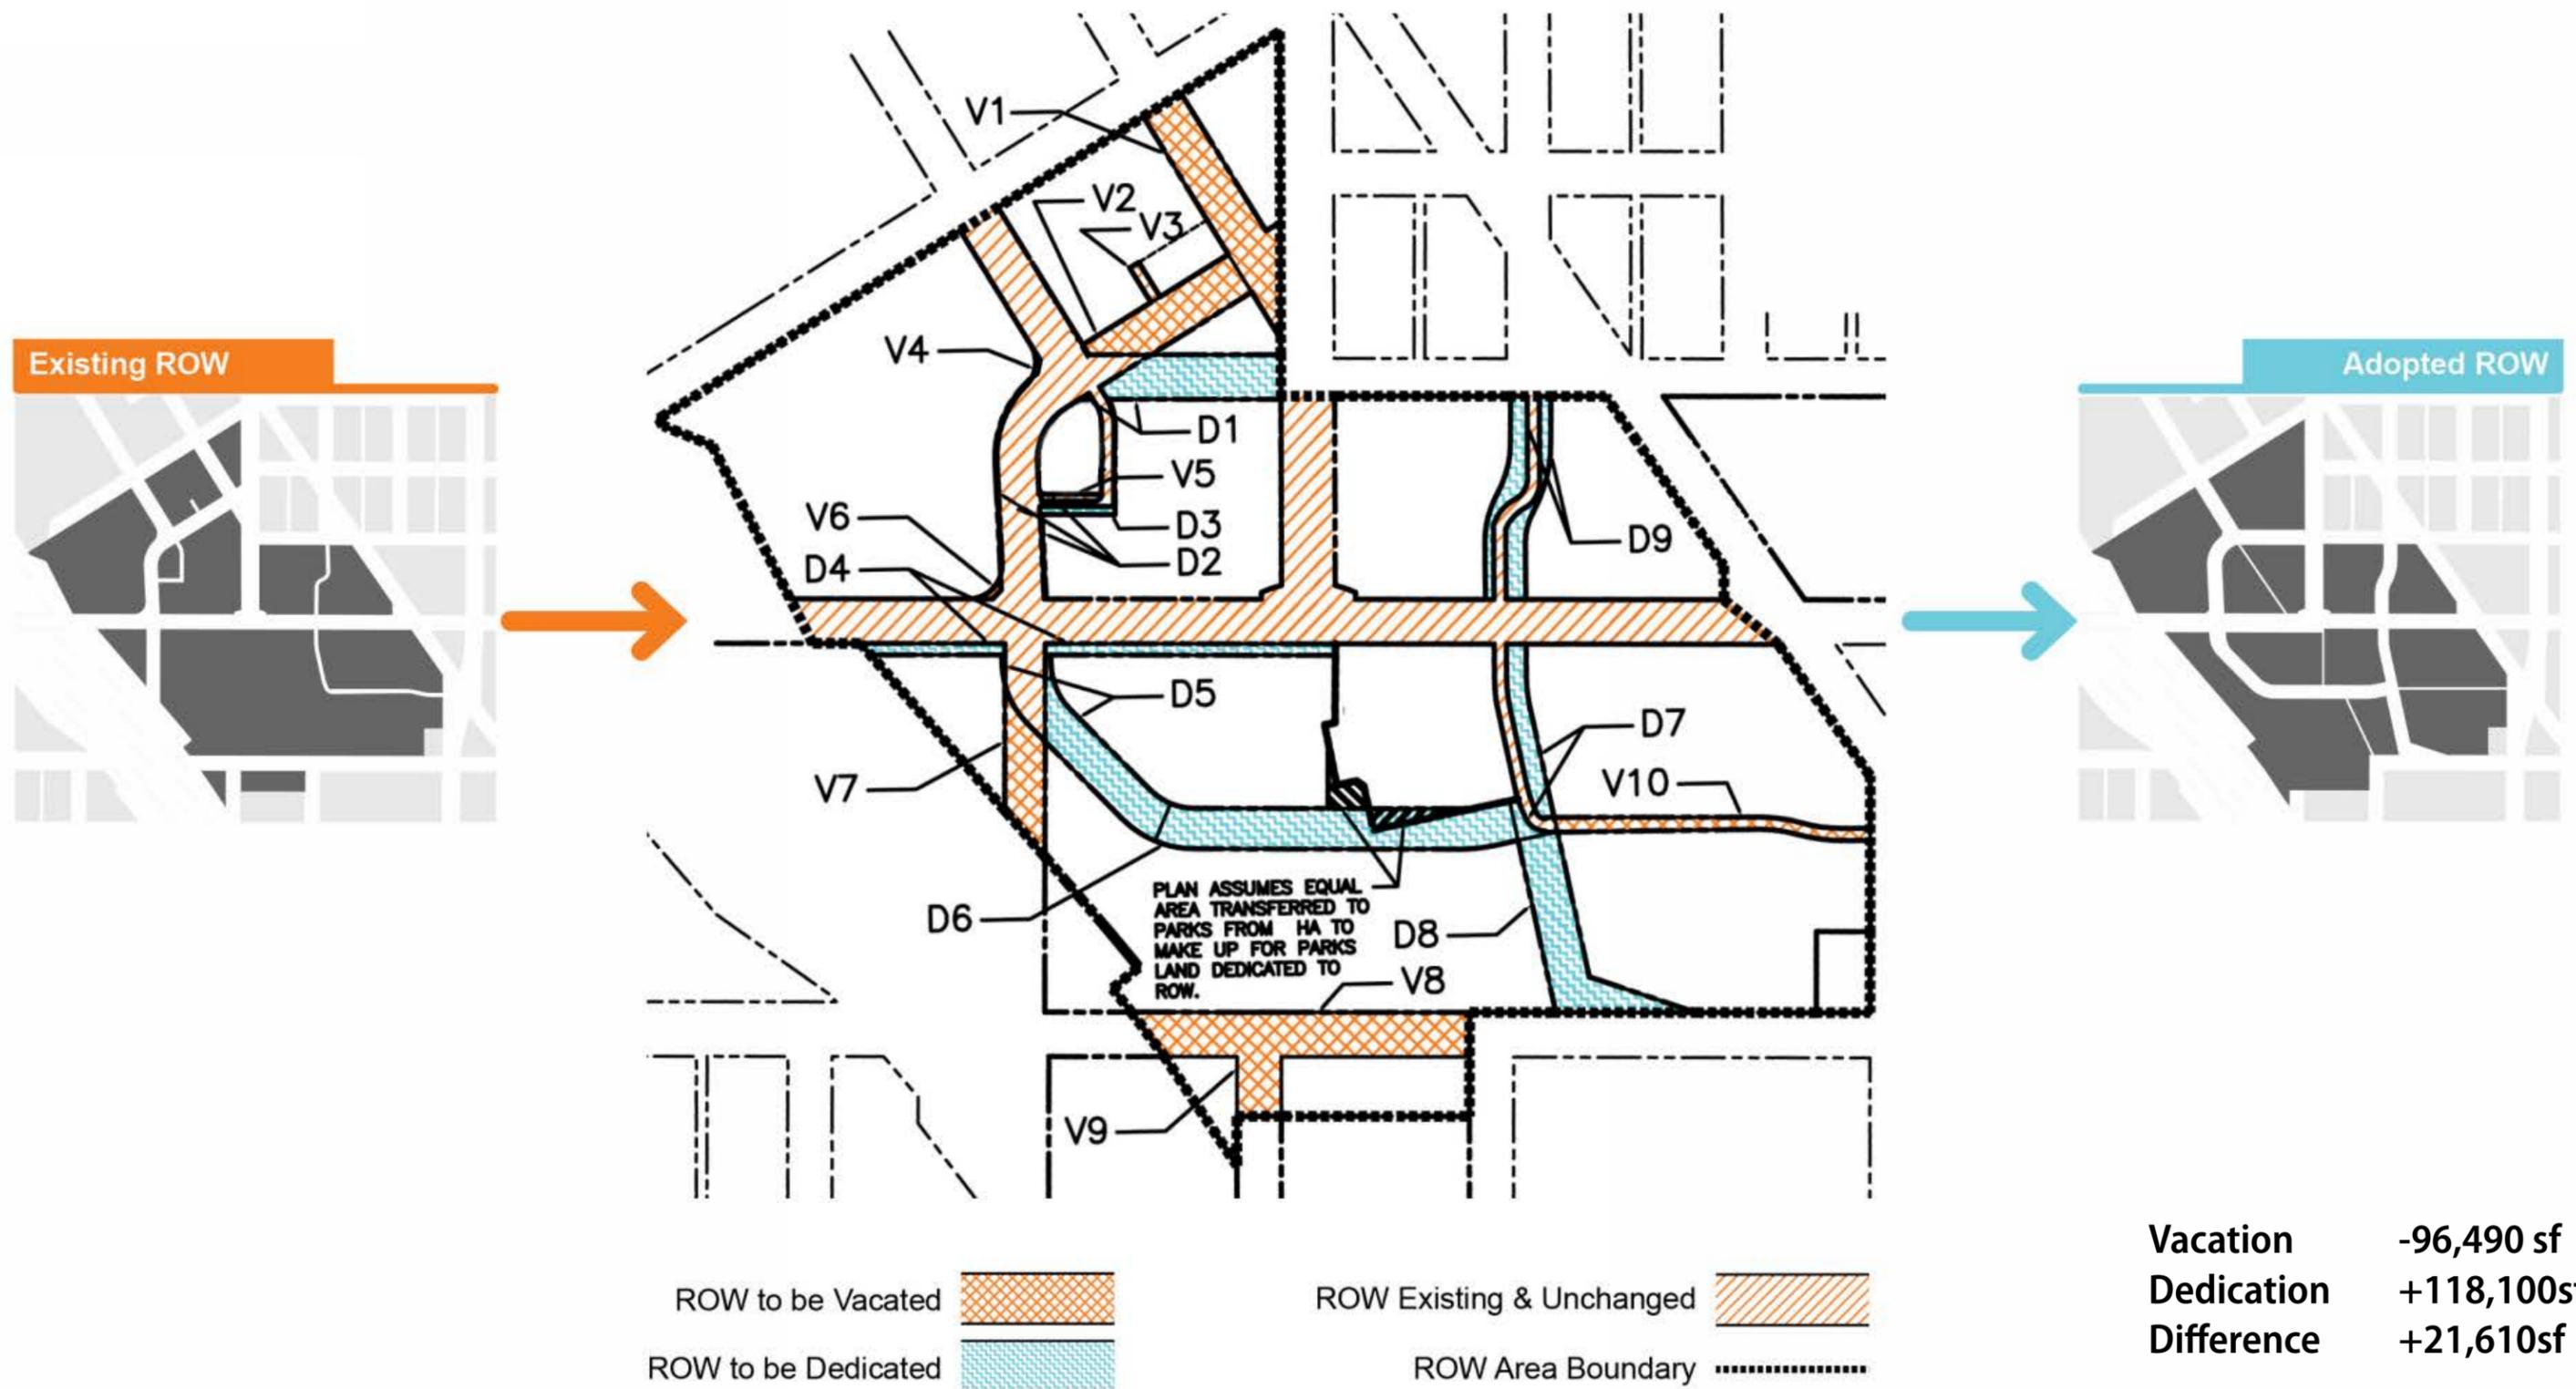

New through street from 10th Ave S to S Main St; new stairway from 10th and Main down to S Jackson St.

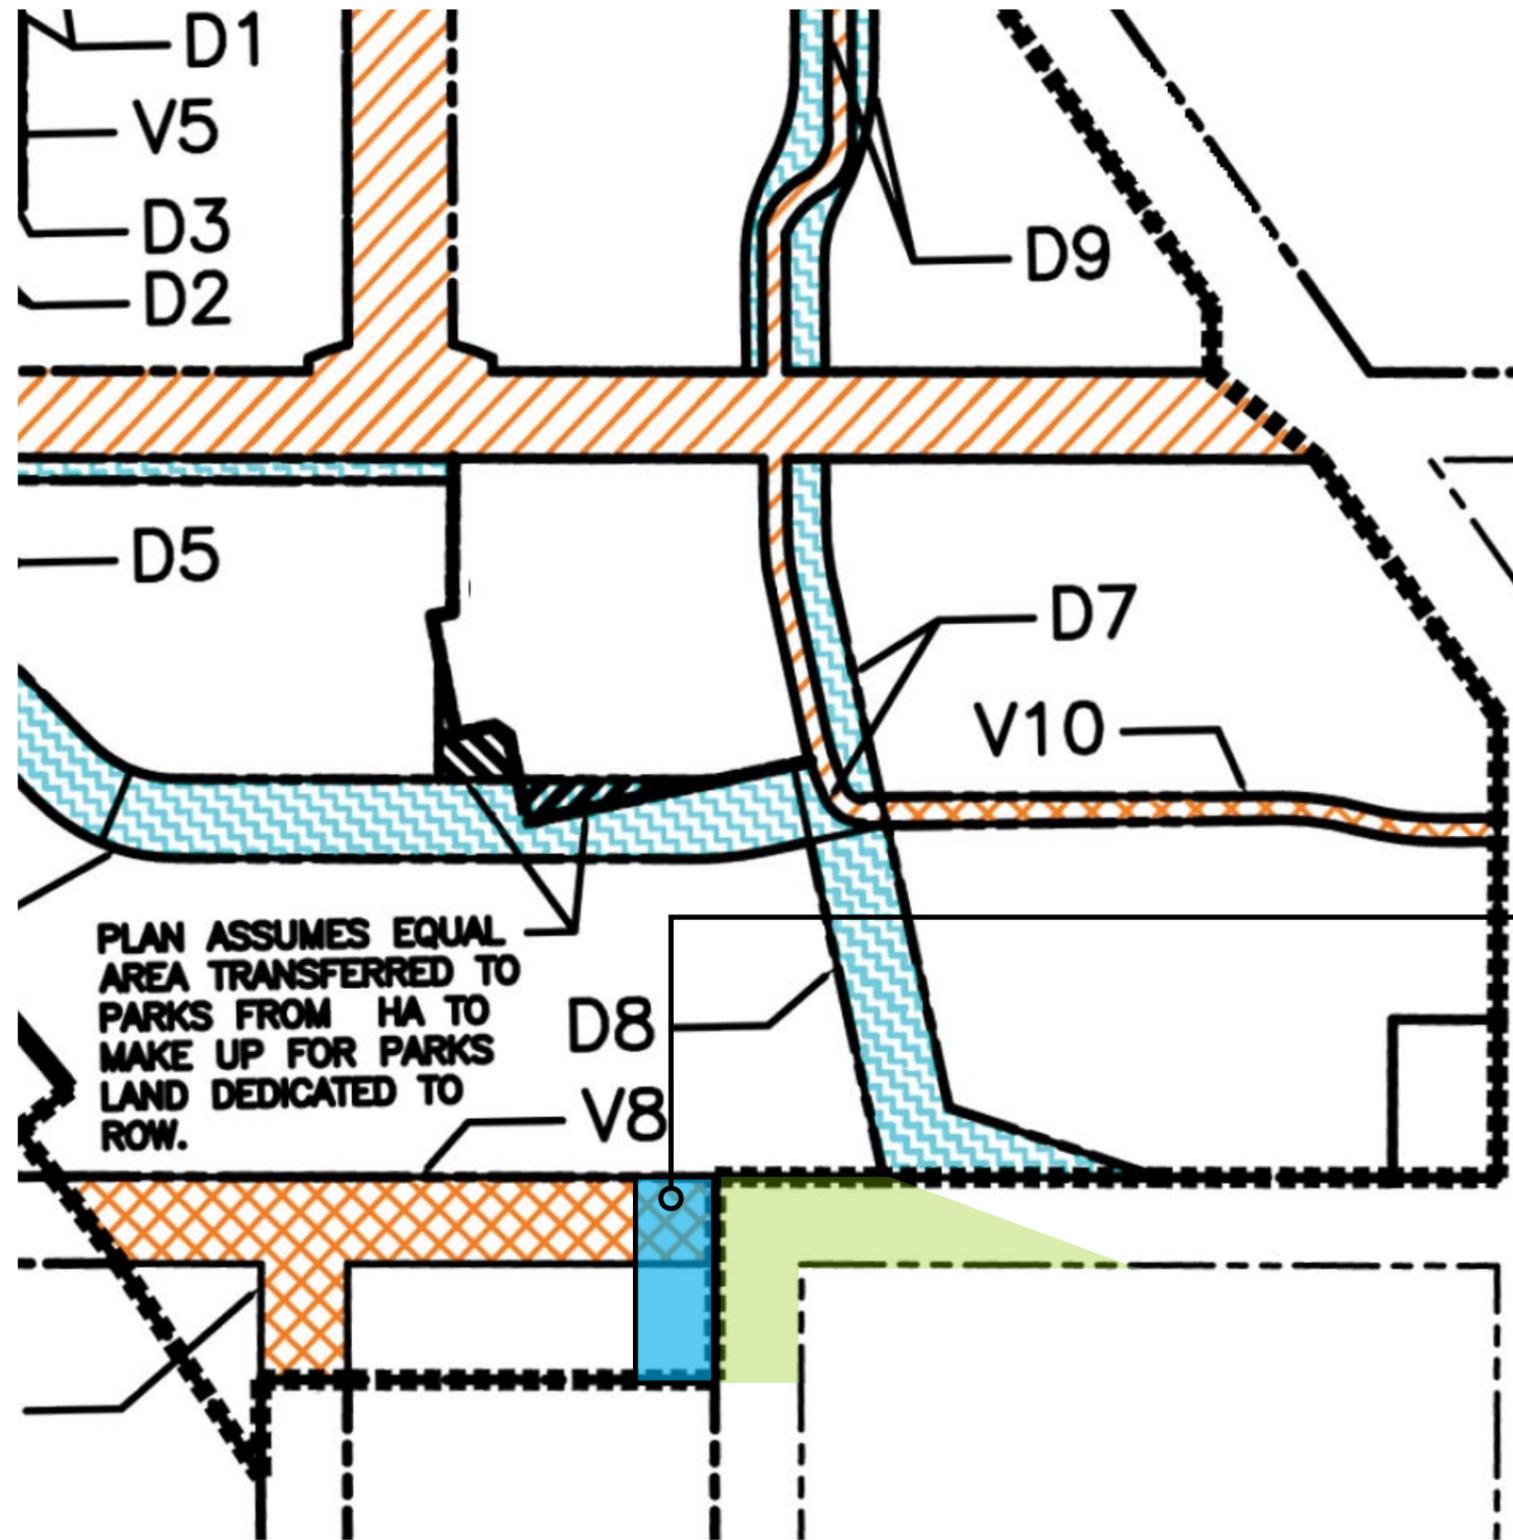

# Street Vacation Diagram

# Hill Climb | Additional Dedication

Additional Dedicated Land: 5,787 sf

Vacation	-96,490 sf
Dedication	+118,100sf
HC Added Dedication	+5,787sf
Difference	+27,397sf

# A Link between First Hill and Little Saigon

Hill Climb Phase 1 Scope  
Choice Neighborhood Grant 1 + Chase Grant

Infrastructure Phase 1 Scope  
Choice Neighborhood Grant 1

Phase B2 Scope  
Choice Neighborhood Grant 2

A safe pedestrian connection

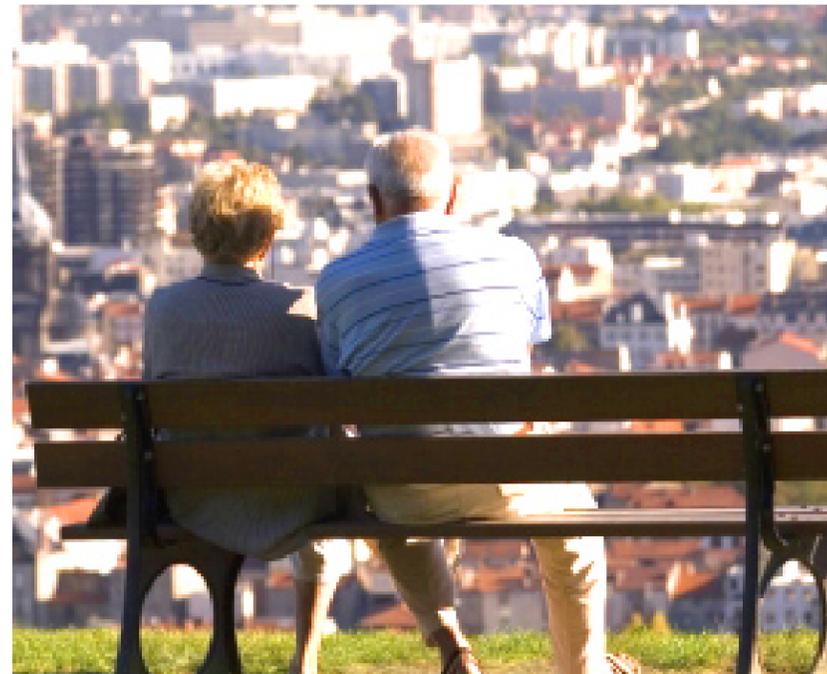

A clearly navigable link

An accessible connection

A link to Little Saigon

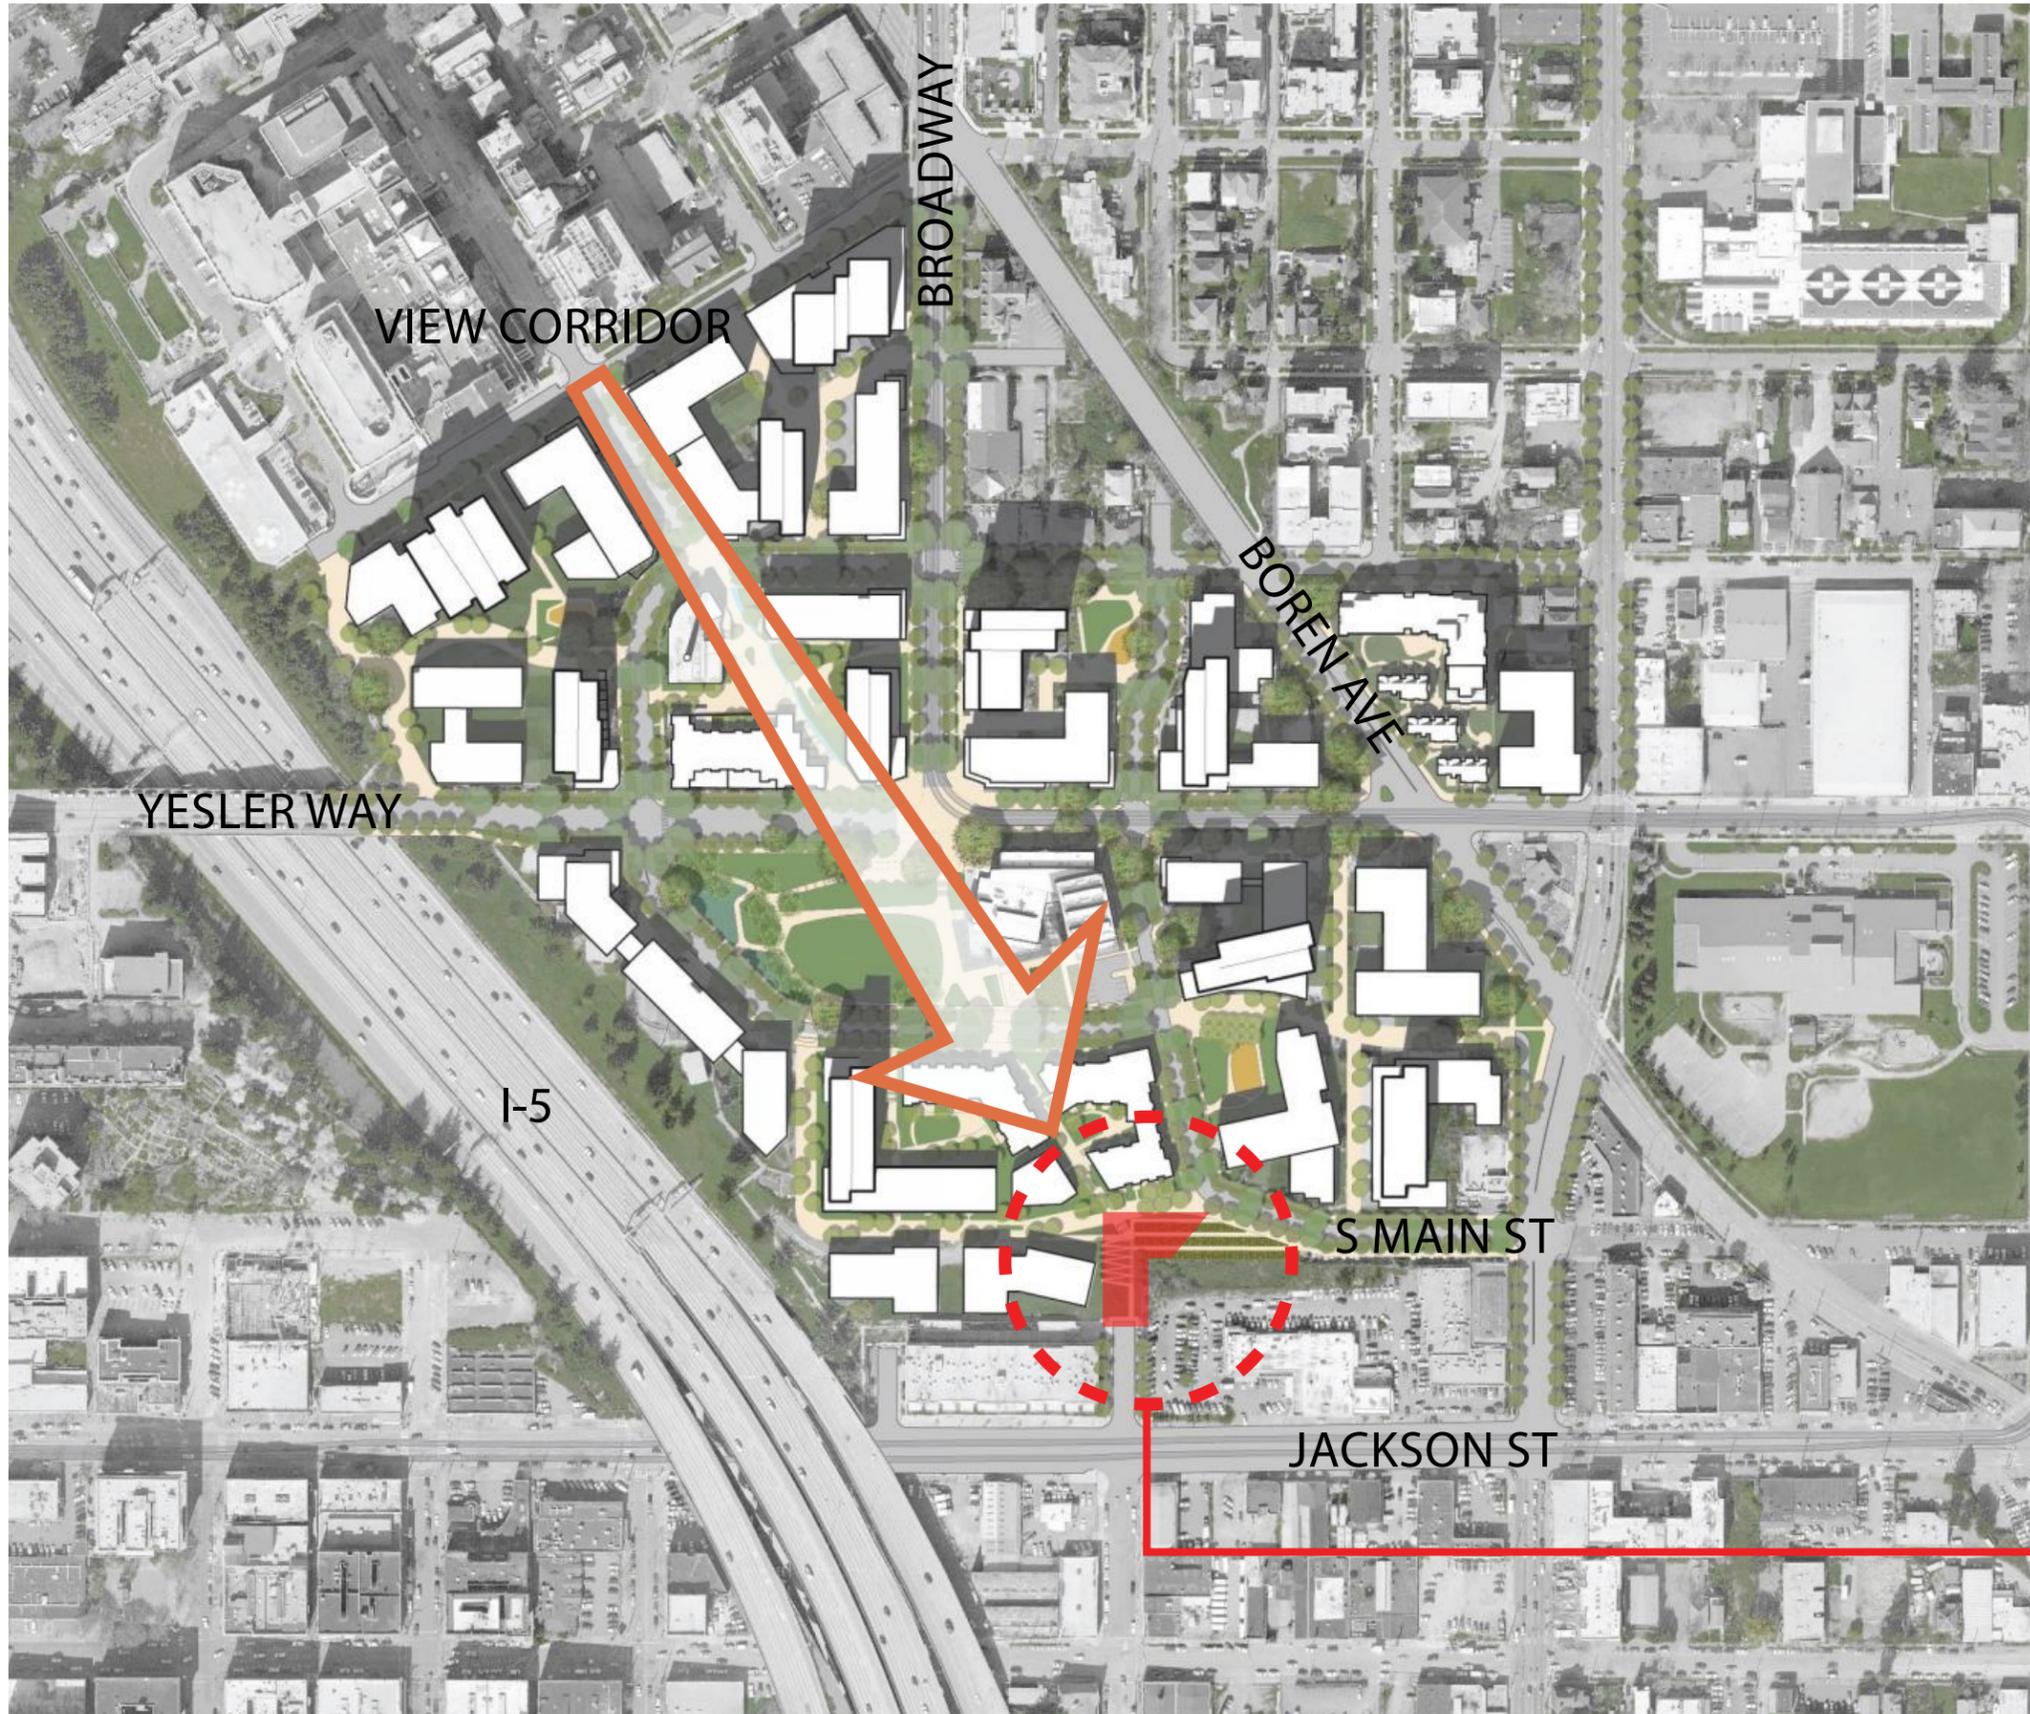

A place to pause

A space to gather

# Hill Climb | View Corridor

View of the Marine Hospital at night

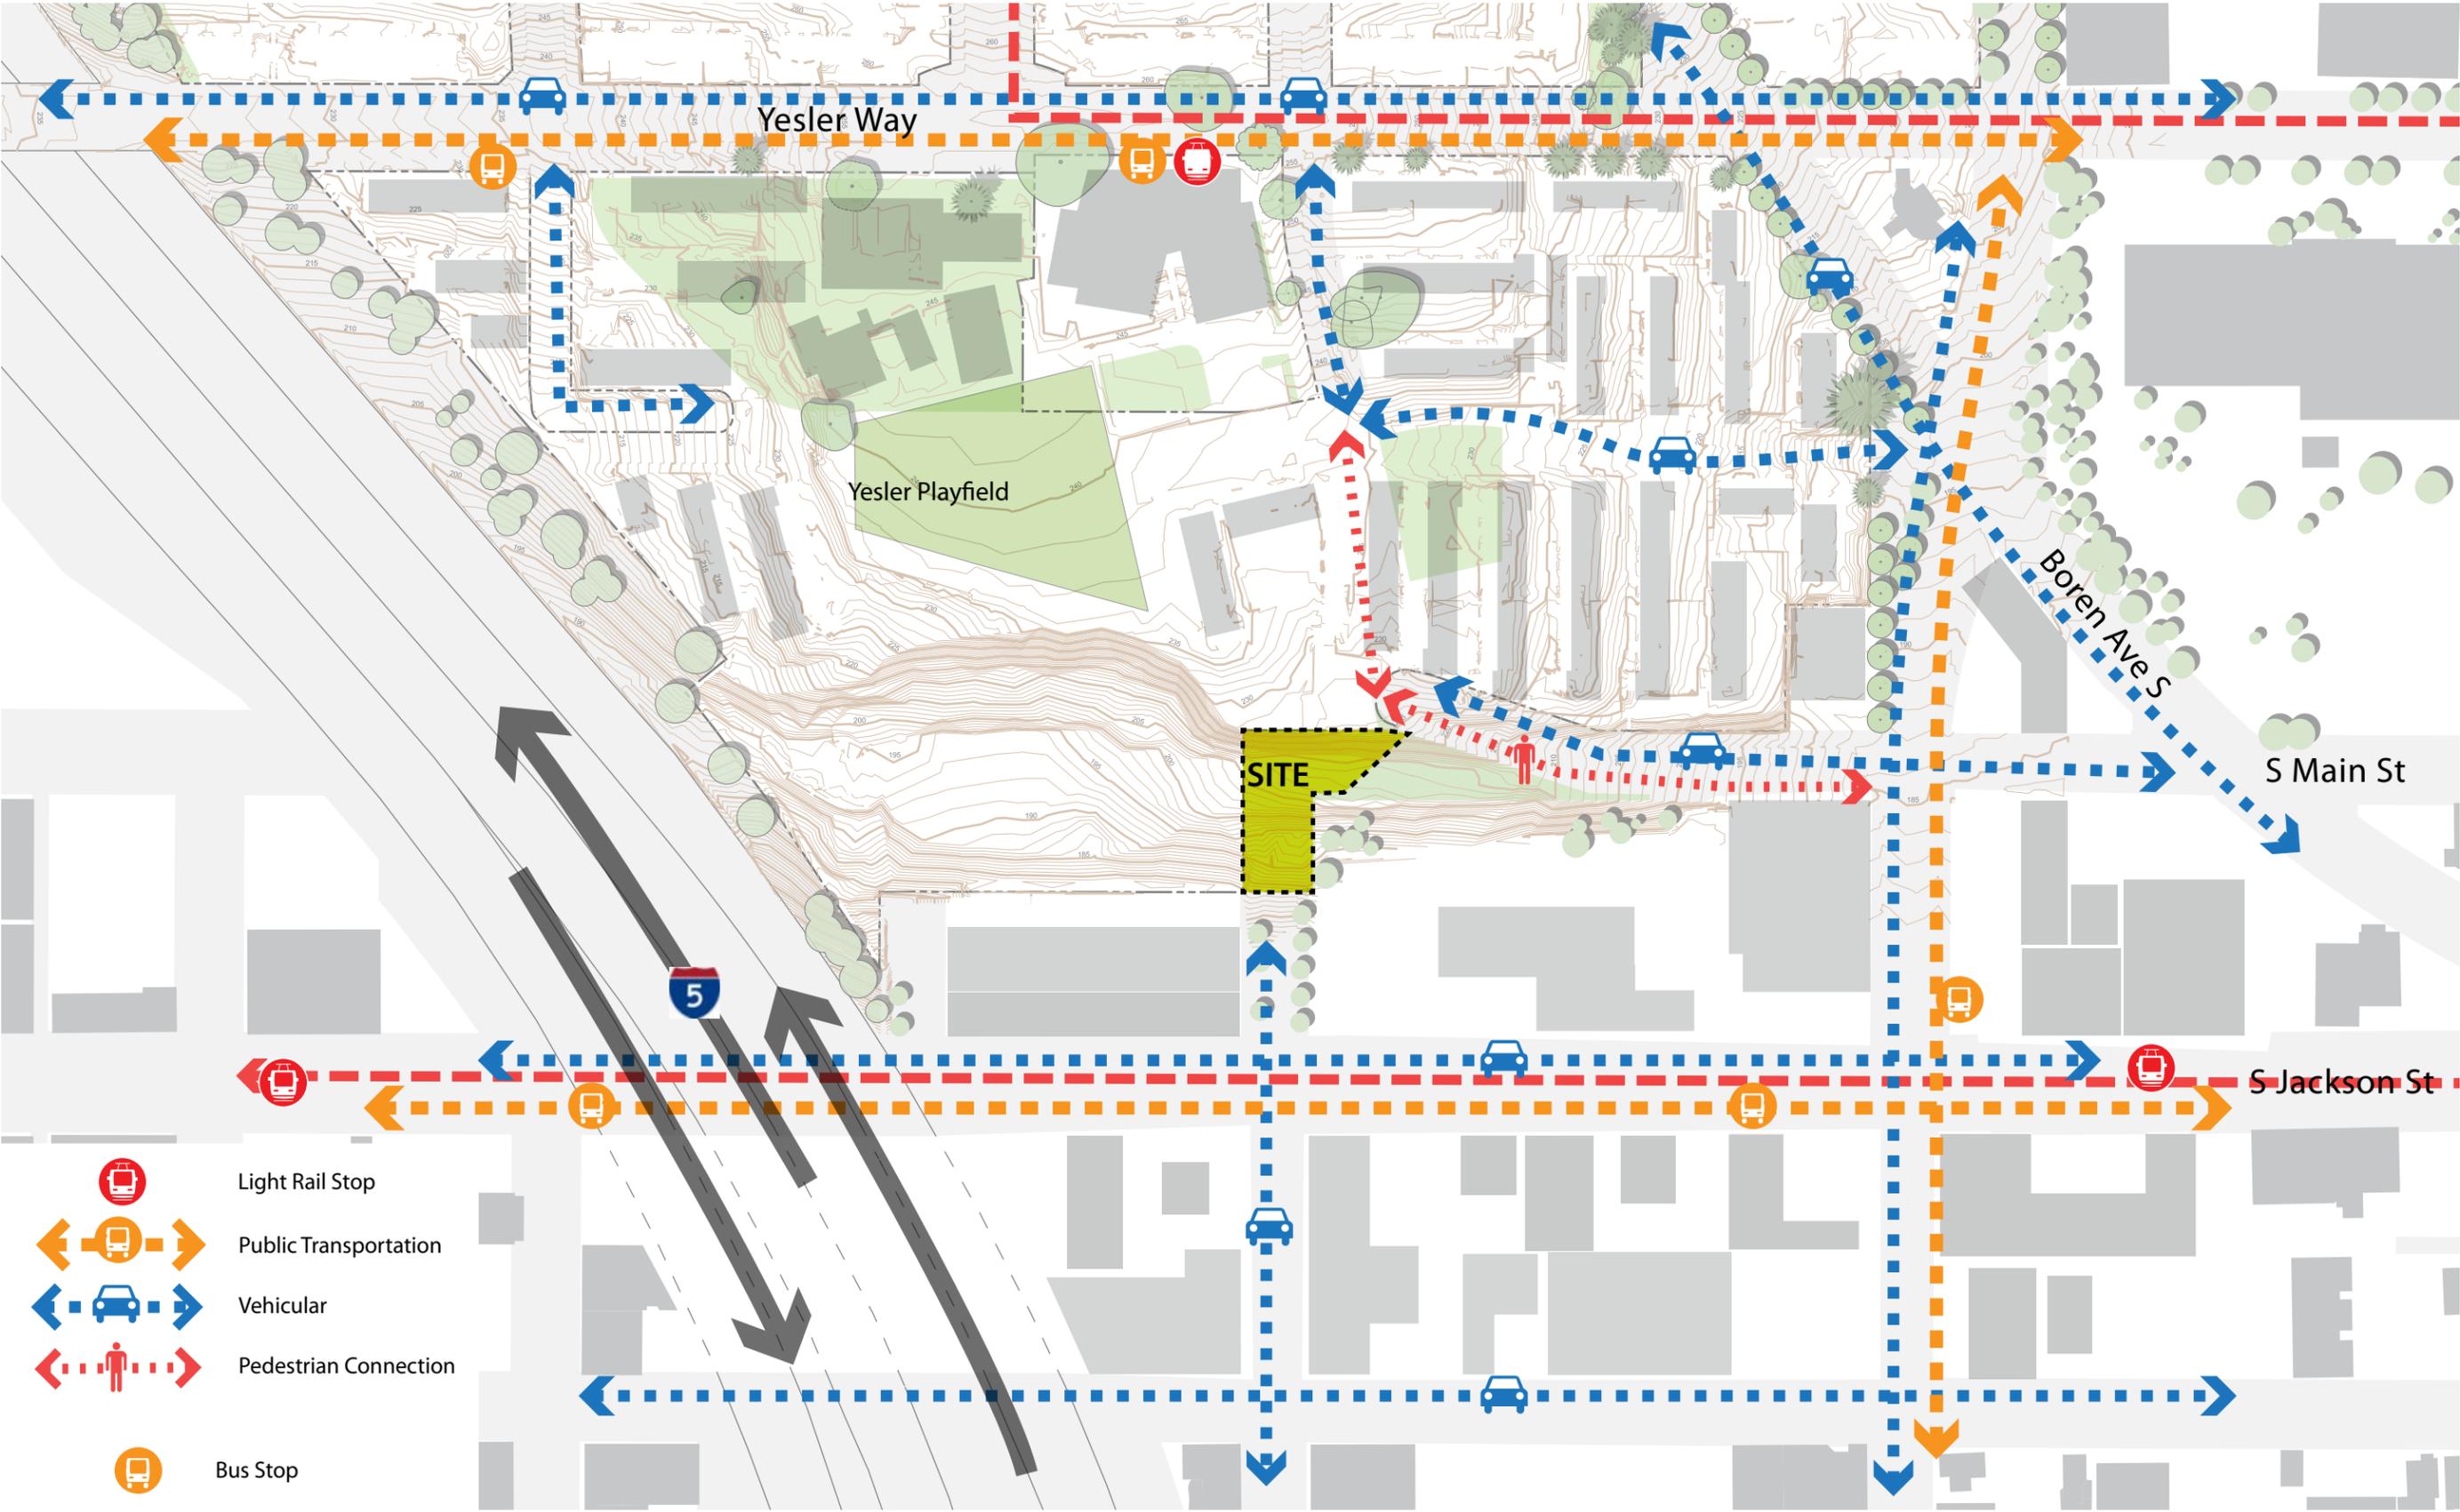

View from top of Hill Climb, looking south

Hill Climb Location

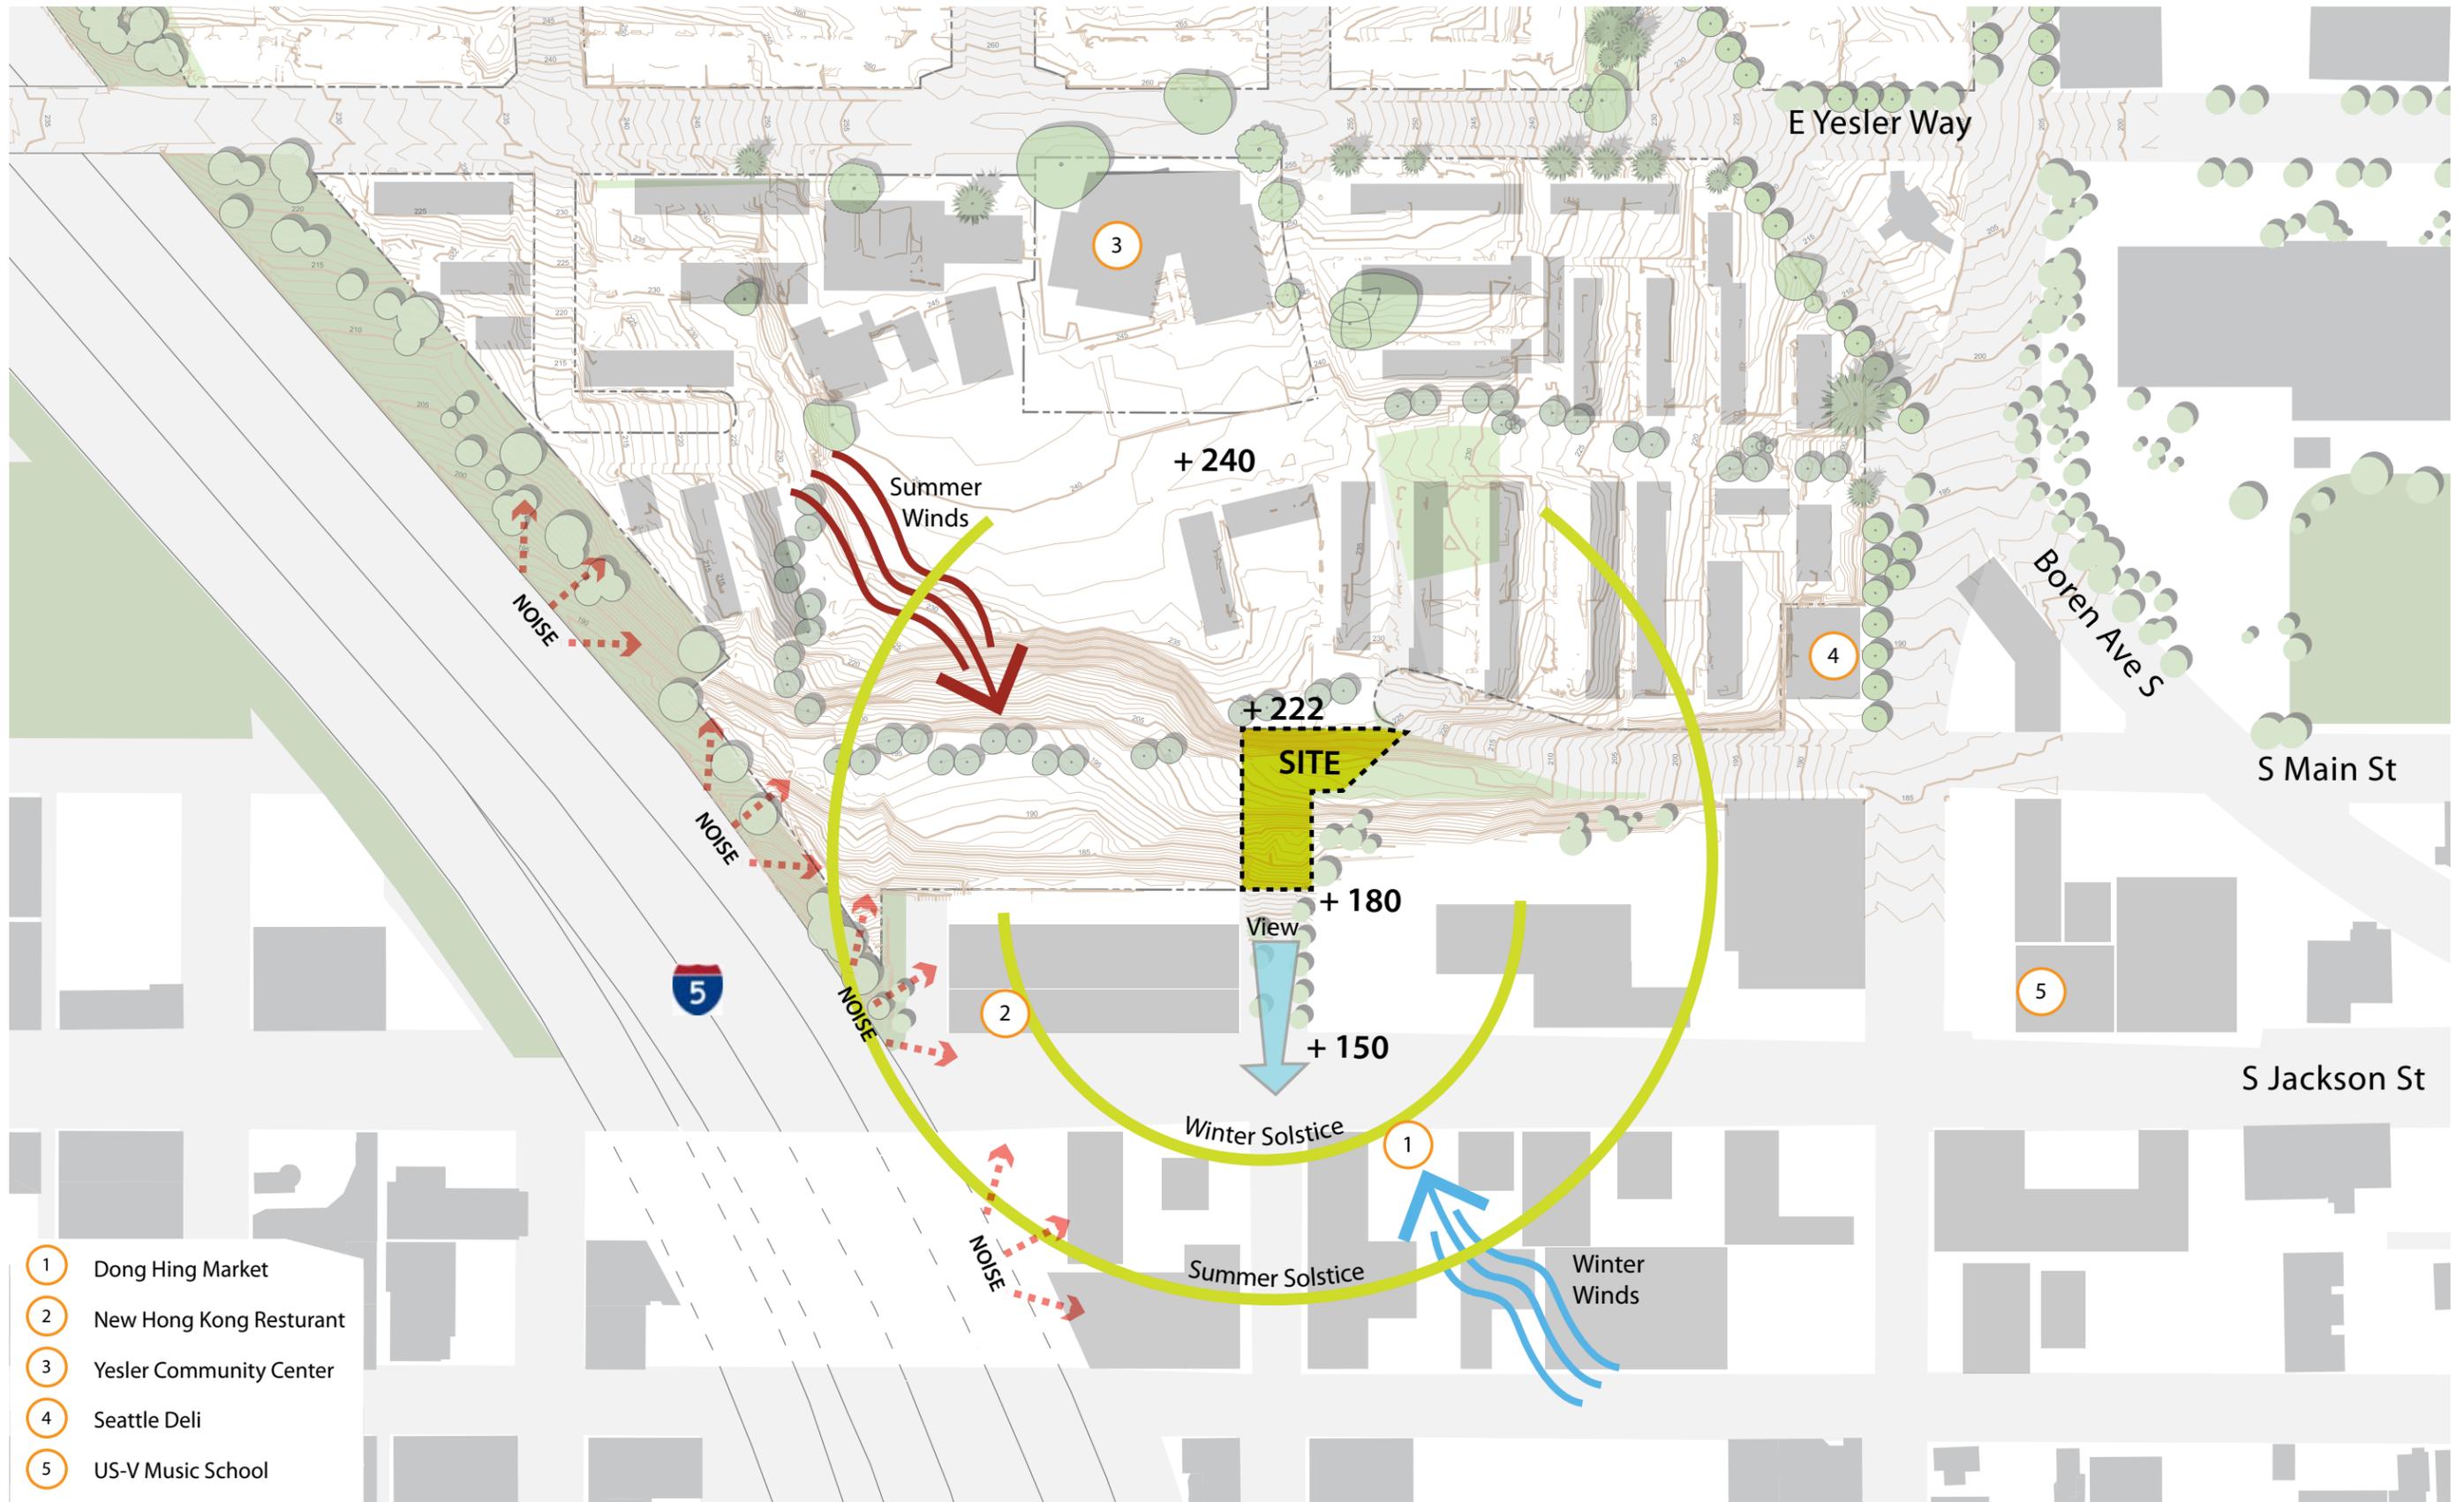

# Existing Surrounding Uses

Existing Circulation

# Existing Site Conditions

- 1 Dong Hing Market
- 2 New Hong Kong Resturant
- 3 Yesler Community Center
- 4 Seattle Deli
- 5 US-V Music School

## Preferences:

- Group activity / gathering space
- Broad steps and landings, clear sightlines
- Seating for viewing and social interaction
- Safety and lighting
- Artist-made building parts, functional art

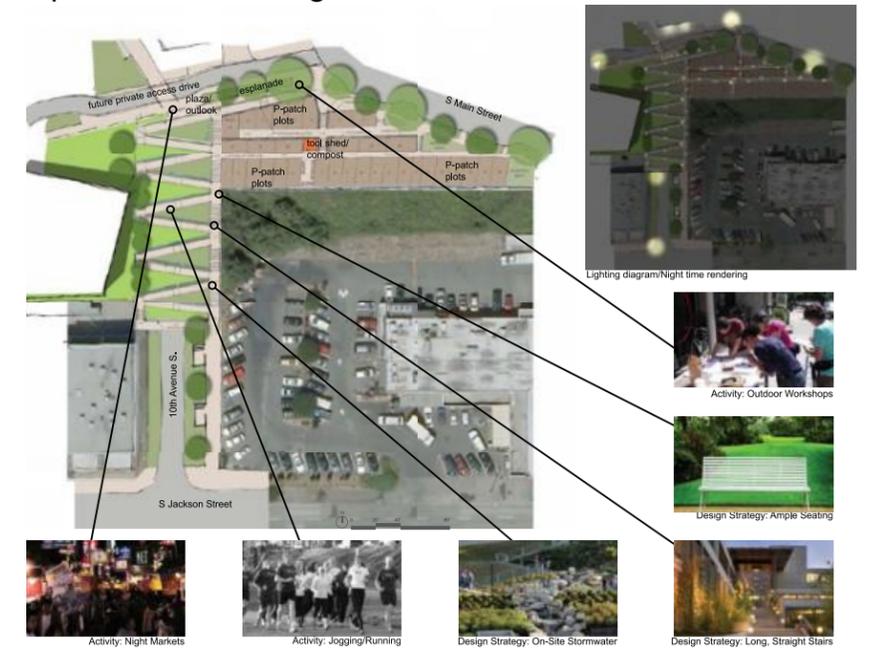

## Option A: Restful Steps

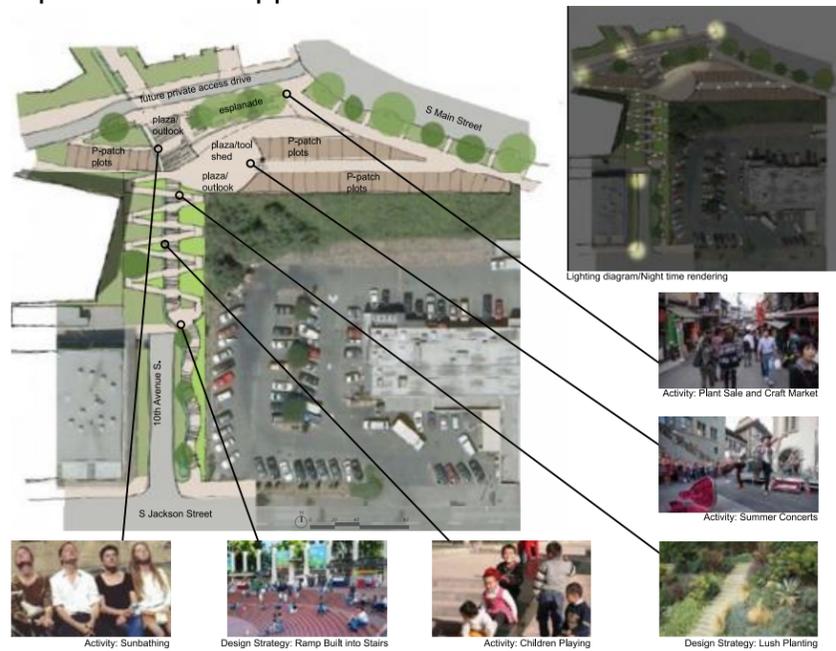

## Option B: The Grand Staircase

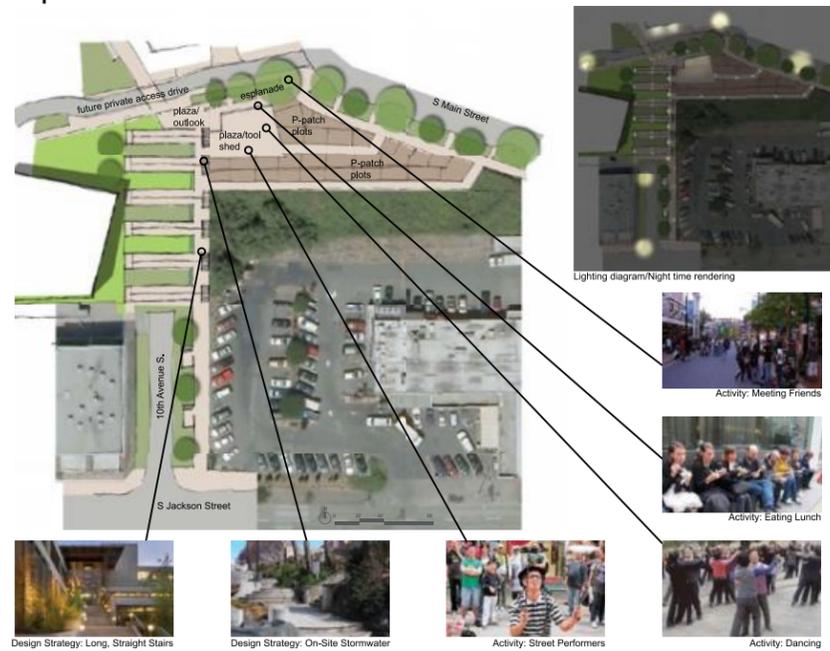

## Option C: The Straight Staircase

## Option D: The Zipper

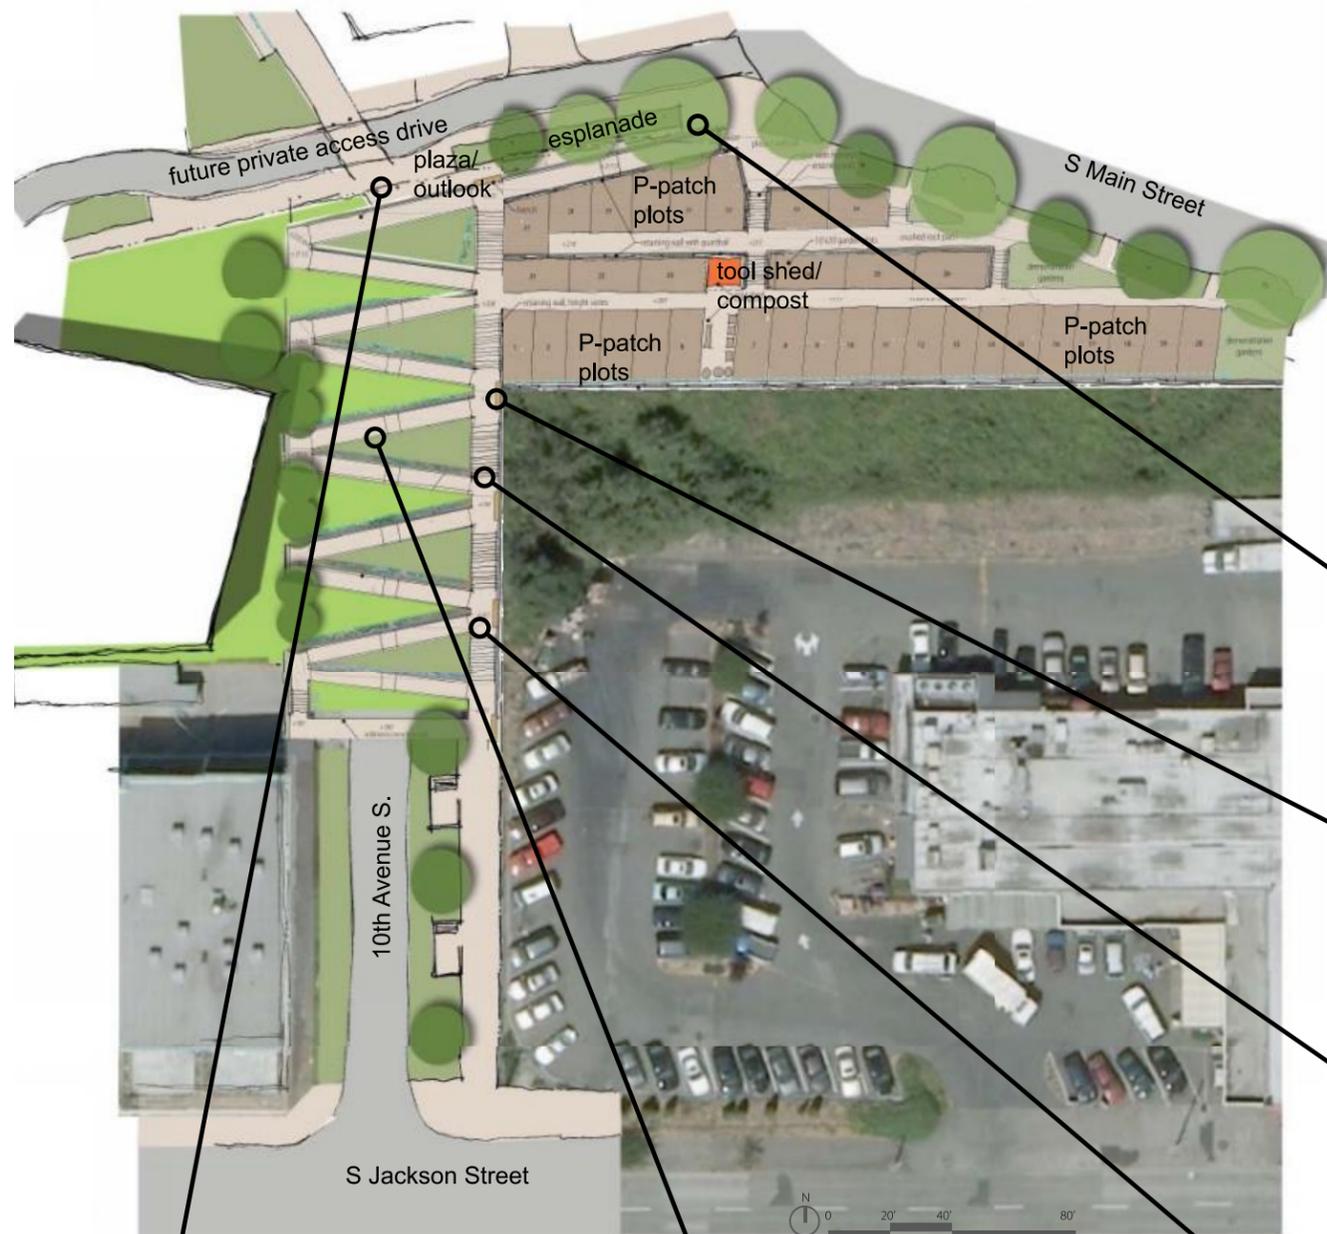

## Option E: The Terraces

# Option C: The Straight Staircase

Design Charrette 2  
Preferred Options

Activity: Outdoor Workshops

Design Strategy: Ample Seating

Activity: Night Markets

Activity: Jogging/Running

Design Strategy: On-Site Stormwater

Design Strategy: Long, Straight Stairs

# Option D: The Zipper

## Design Charrette 2 Preferred Options

Activity: Plant Sale and Craft Market

Activity: Summer Concerts

Activity: Sunbathing

Design Strategy: Ramp Built into Stairs

Activity: Children Playing

Design Strategy: Lush Planting

### Preferences:

- Wheelchair accessibility
- Shelter for resting area
- Seating – but not long benches that allow sleeping
- Large plaza for group activities
- Maximize gardening/P-Patch area
- Lush plantings surrounding the hardscape
- Long, straight staircases
- Deter skateboarders
- Adequate lighting levels

...“provide for an enhanced pedestrian connection between Yesler Terrace and the Little Saigon neighborhood.”

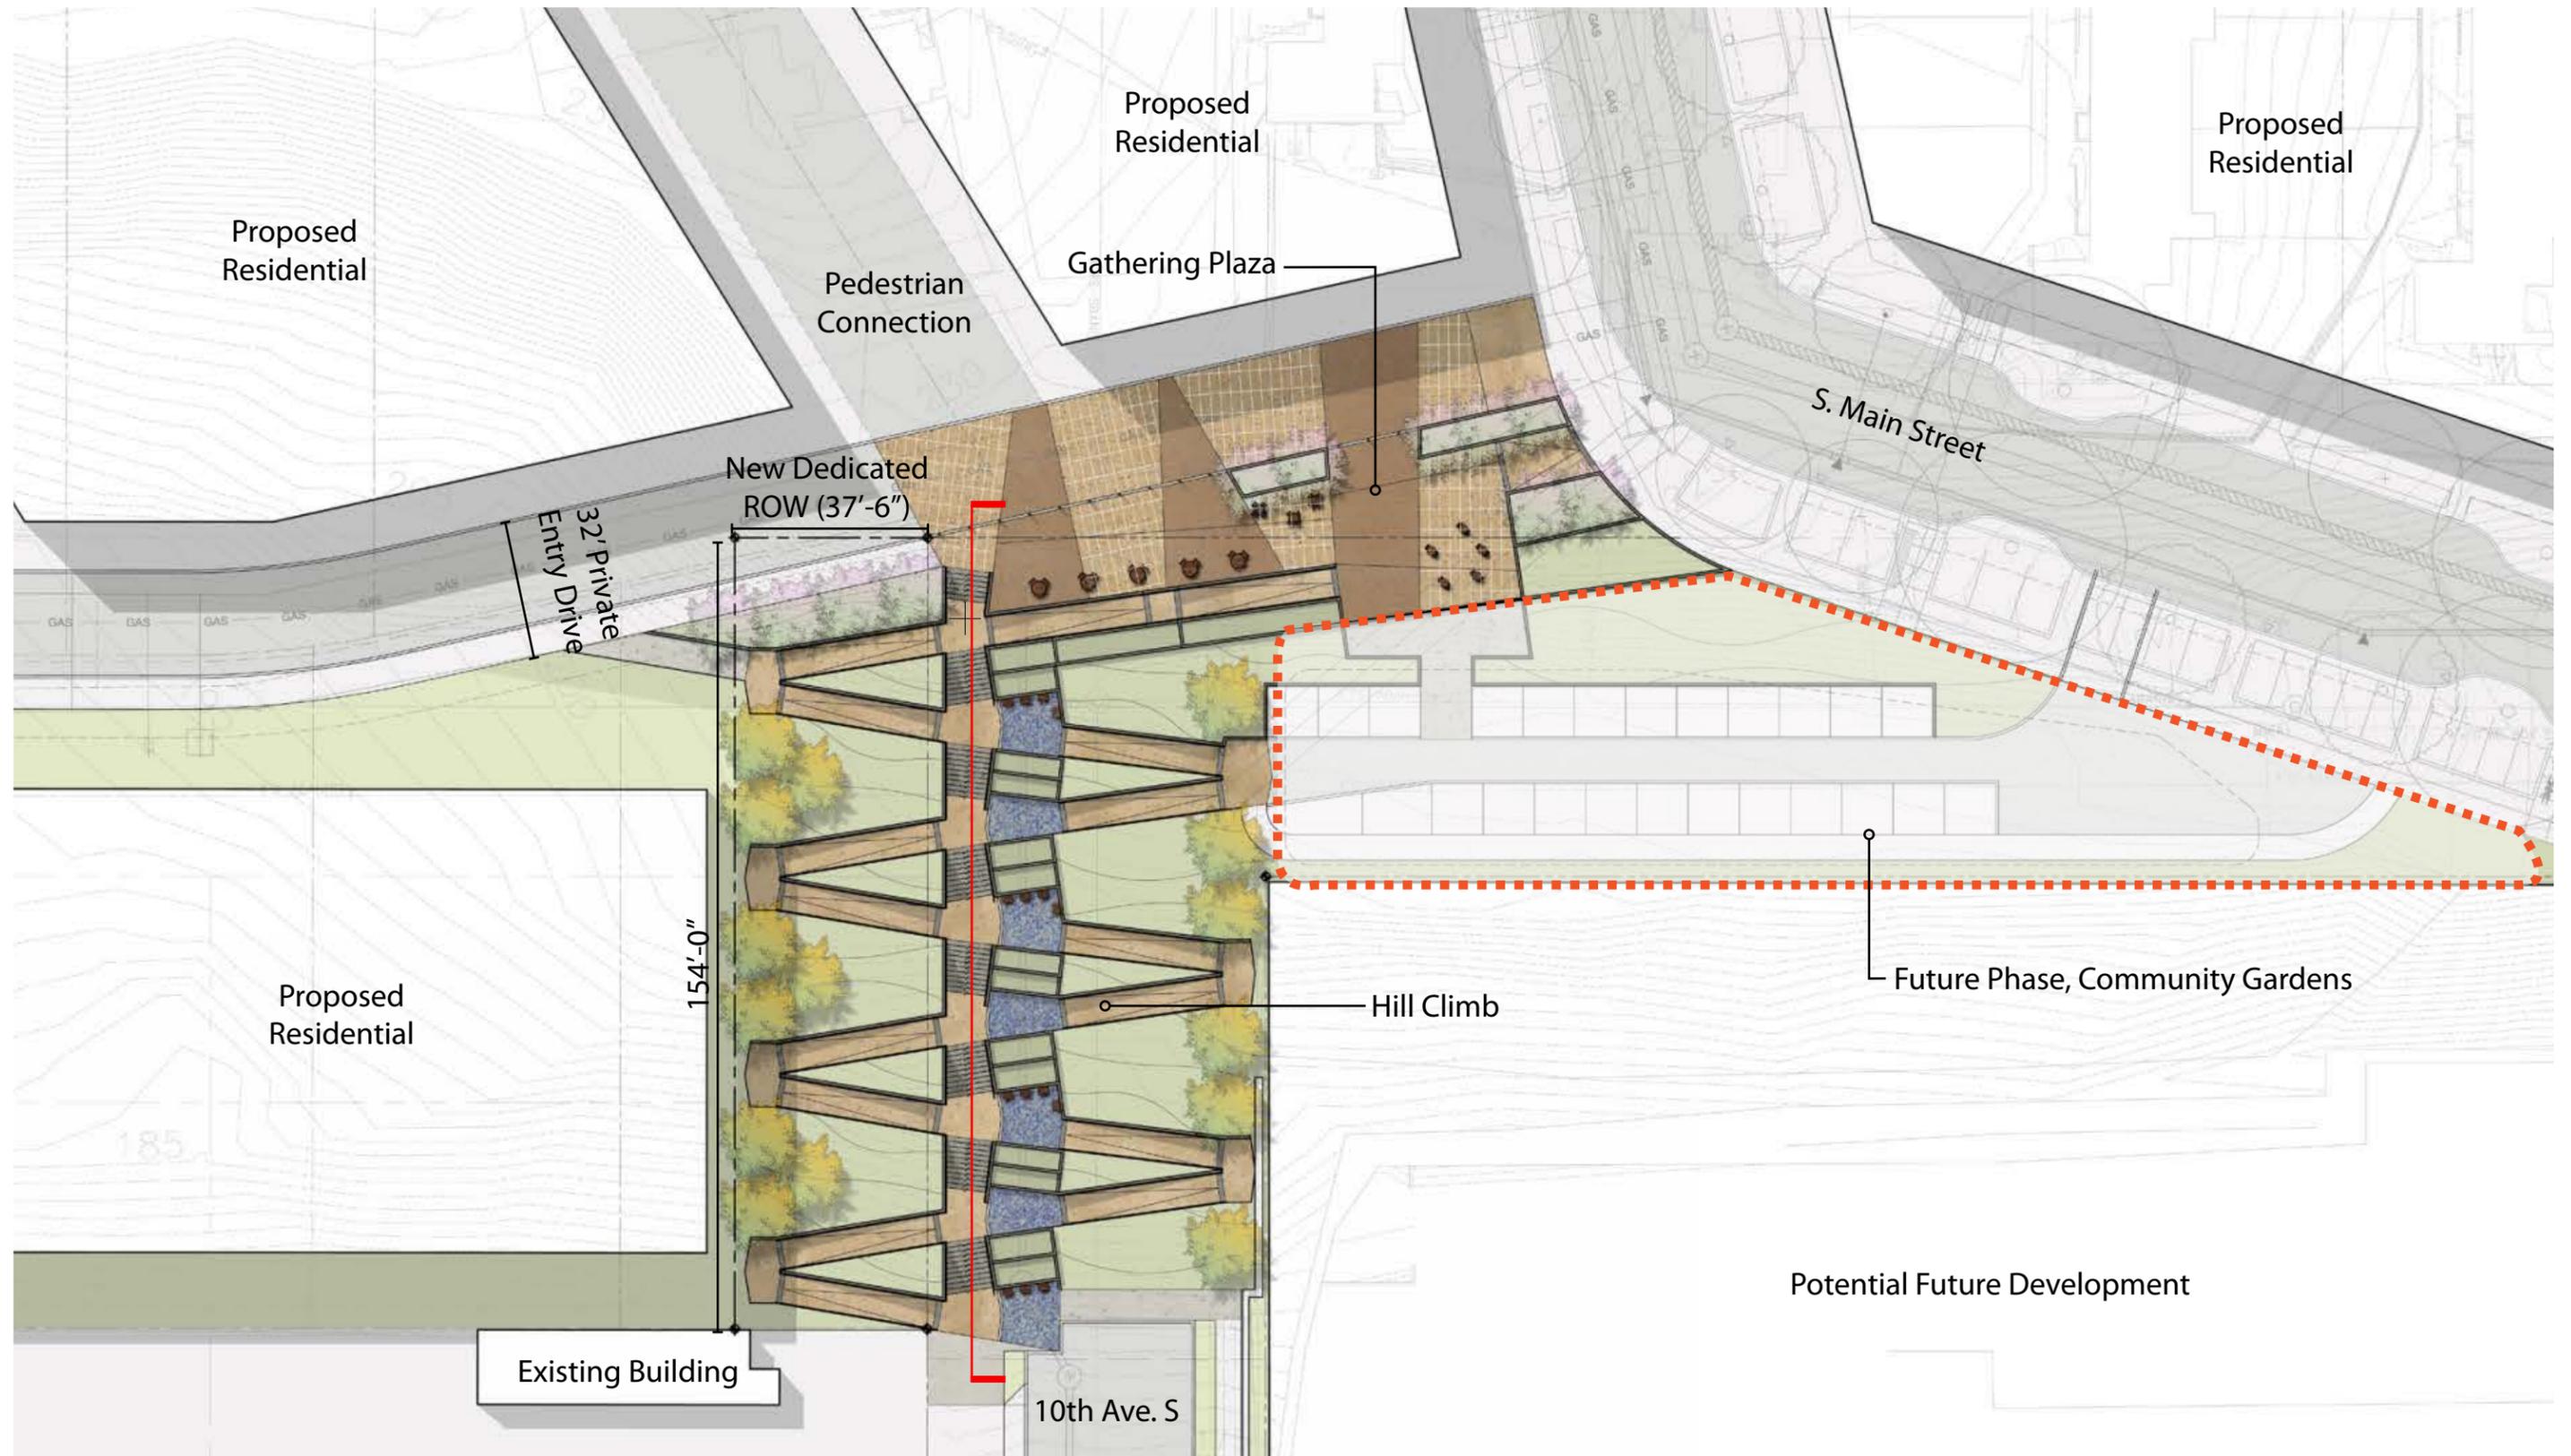

- A. Space for group activities and gathering
- B. Wide steps, clear sightlines
- C. Wide landings
- D. Seating for views and social interaction
- E. Safe for users
- F. Adequate lighting
- G. A balance between hardscape and vegetation
- H. Consideration for specific populations
- I. Functional public art
- J. Culturally familiar planting

**Notes**

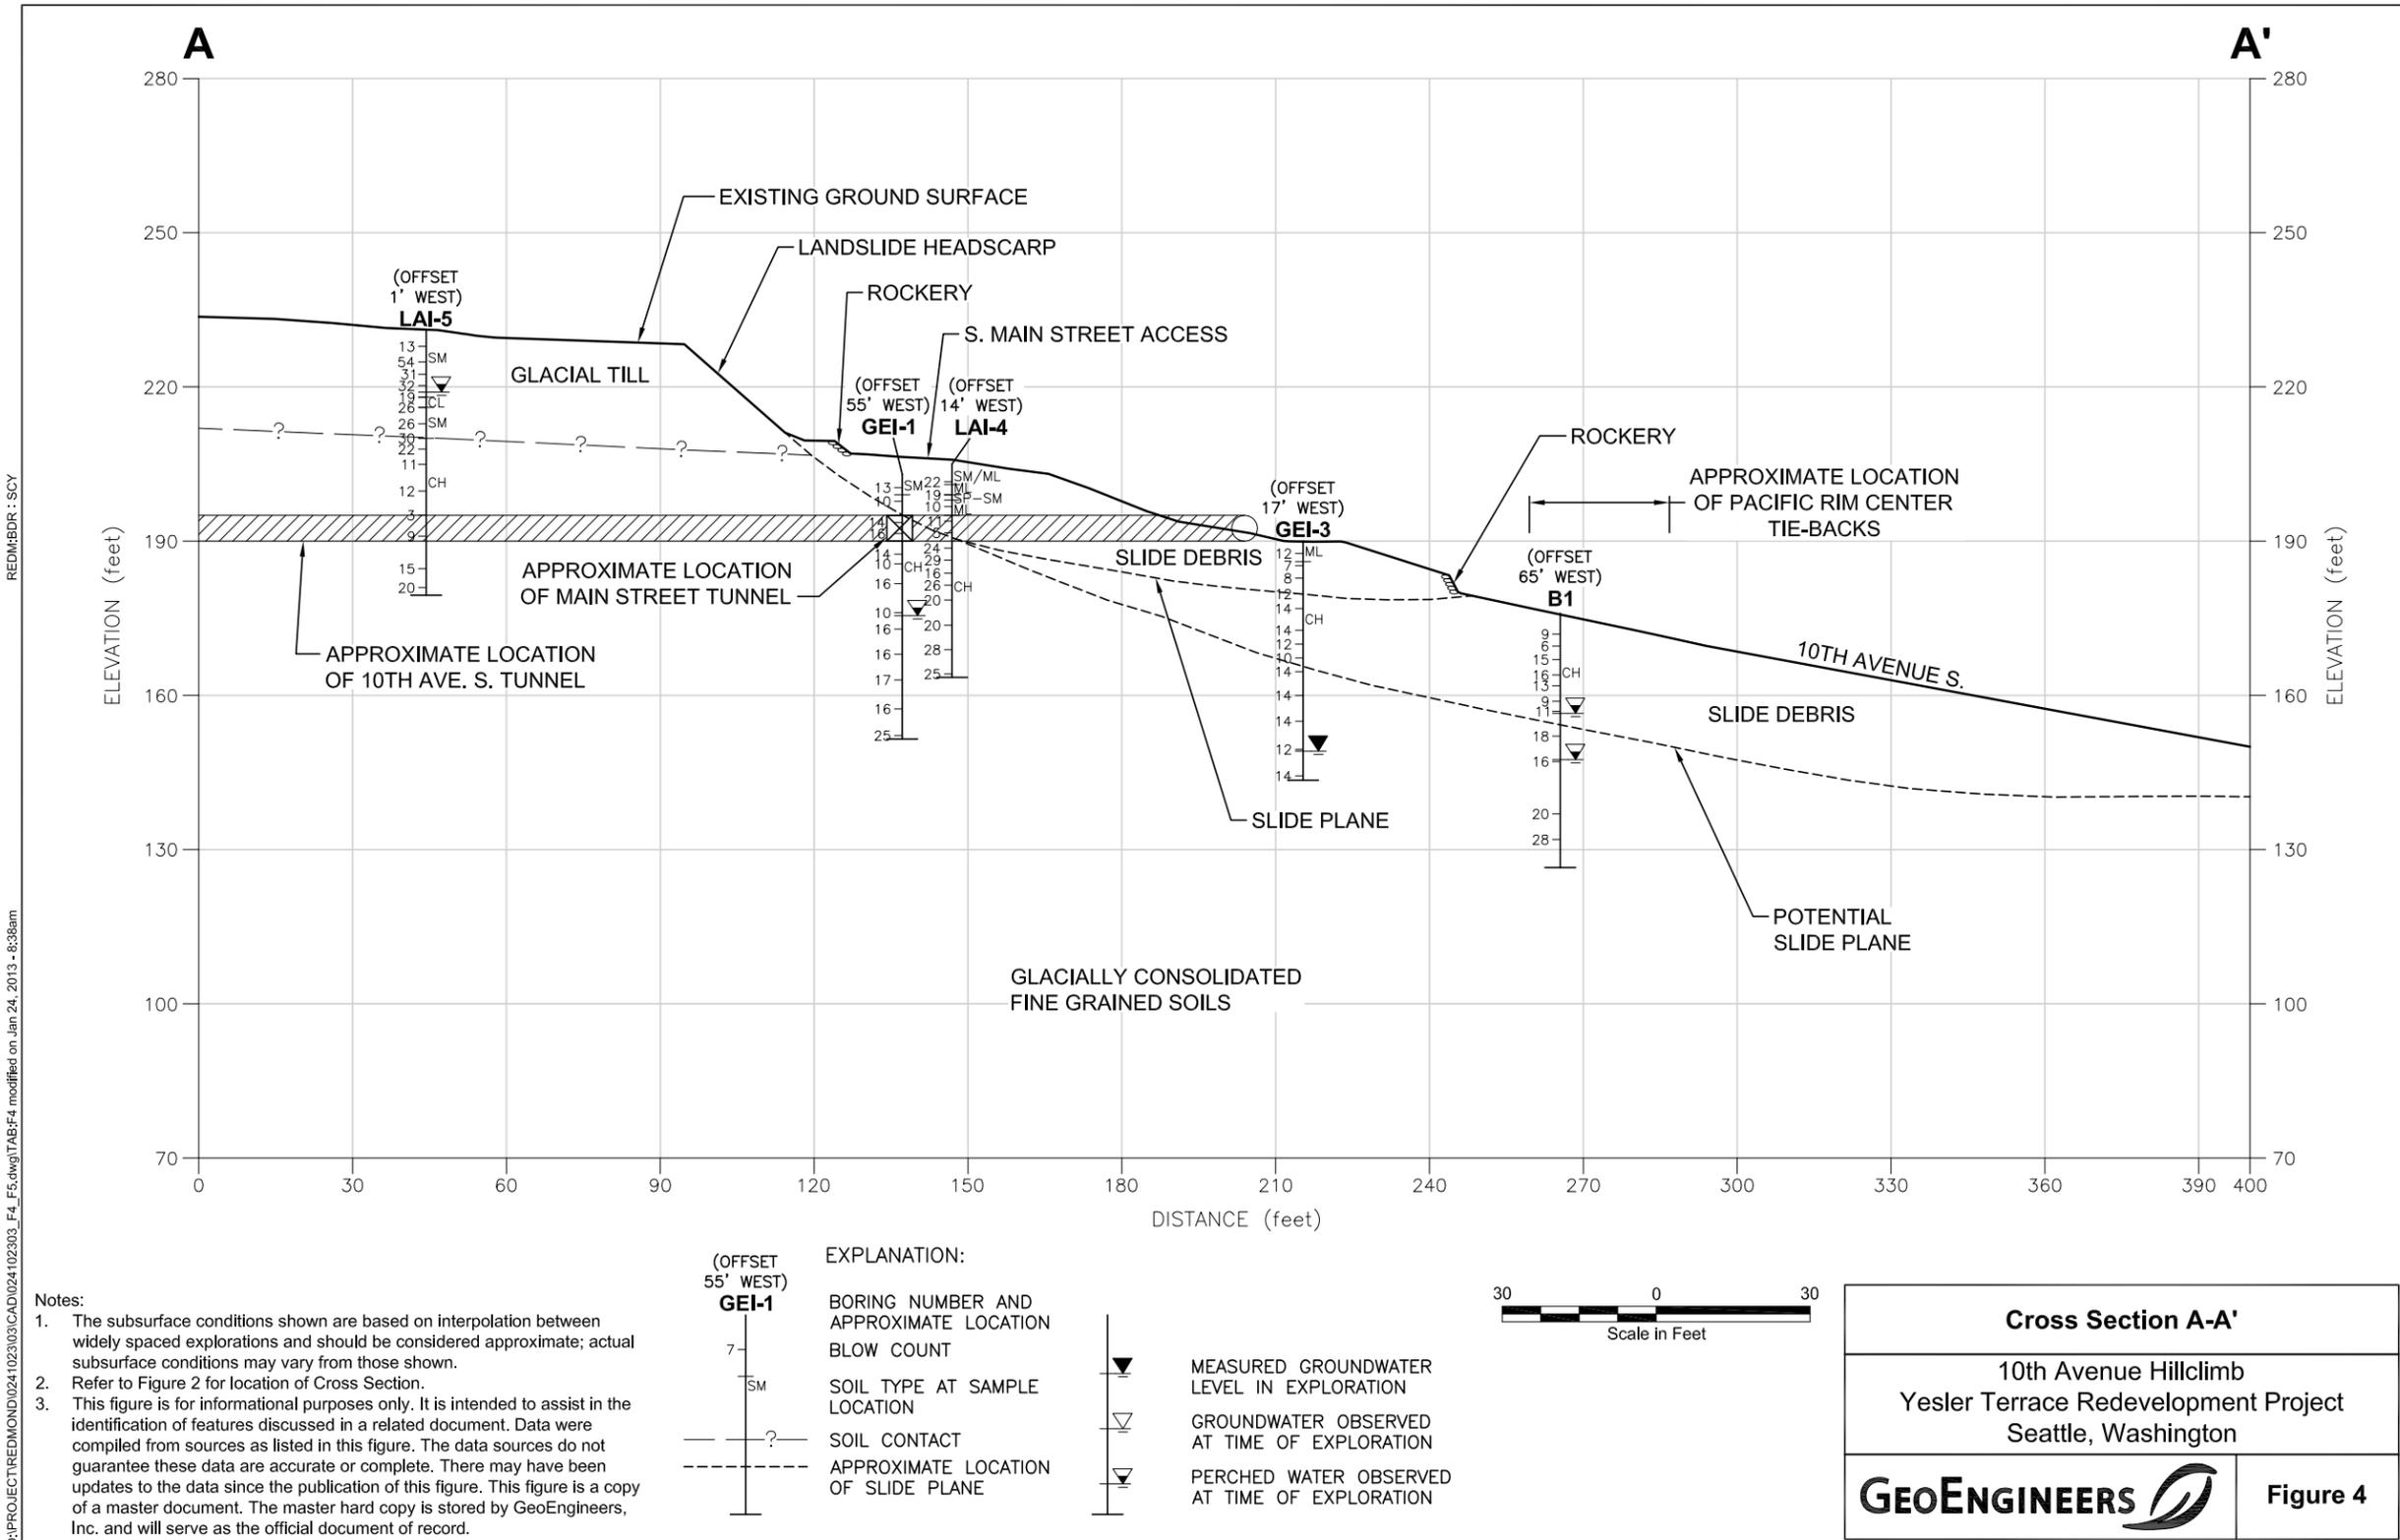

1. The locations of all features shown are approximate.
2. This drawing is for information purposes. It is intended to assist in showing features discussed in an attached document. GeoEngineers, Inc. can not guarantee the accuracy and content of electronic files. The master file is stored by GeoEngineers, Inc. and will serve as the official record of this communication.
3. Tunnel locations are approximate. Dimensions and locations were estimated from 1934 drawings.
4. Tiebacks locations were estimated from the 1998 PAC Rim Construction drawings developed by Civil Tech Corporation.

Reference: Survey CAD file provided by BRN Inc., on 7/27/2011. Building locations and rockeries estimated from tape measuring in the field.

**Legend**

	Boring Location by GeoEngineers		Cross section location and designation
	Boring Location by Landau Associates (2010)		Approximate project boundary
	Boring Location by Shannon & Wilson (1987)		Approximate location of drainage tunnels
	Boring Location by City of Seattle (1936)		Approximate location of tile drains
	Major Contour (10' Interval)		
	Minor Contour (2' Interval)
