

10th Avenue Hill Climb Design Commission Meeting

Project Location

Hill Climb Phase 1 Scope
Choice Neighborhood Grant 1 + Chase Grant

Infrastructure Phase 1 Scope
Choice Neighborhood Grant 1

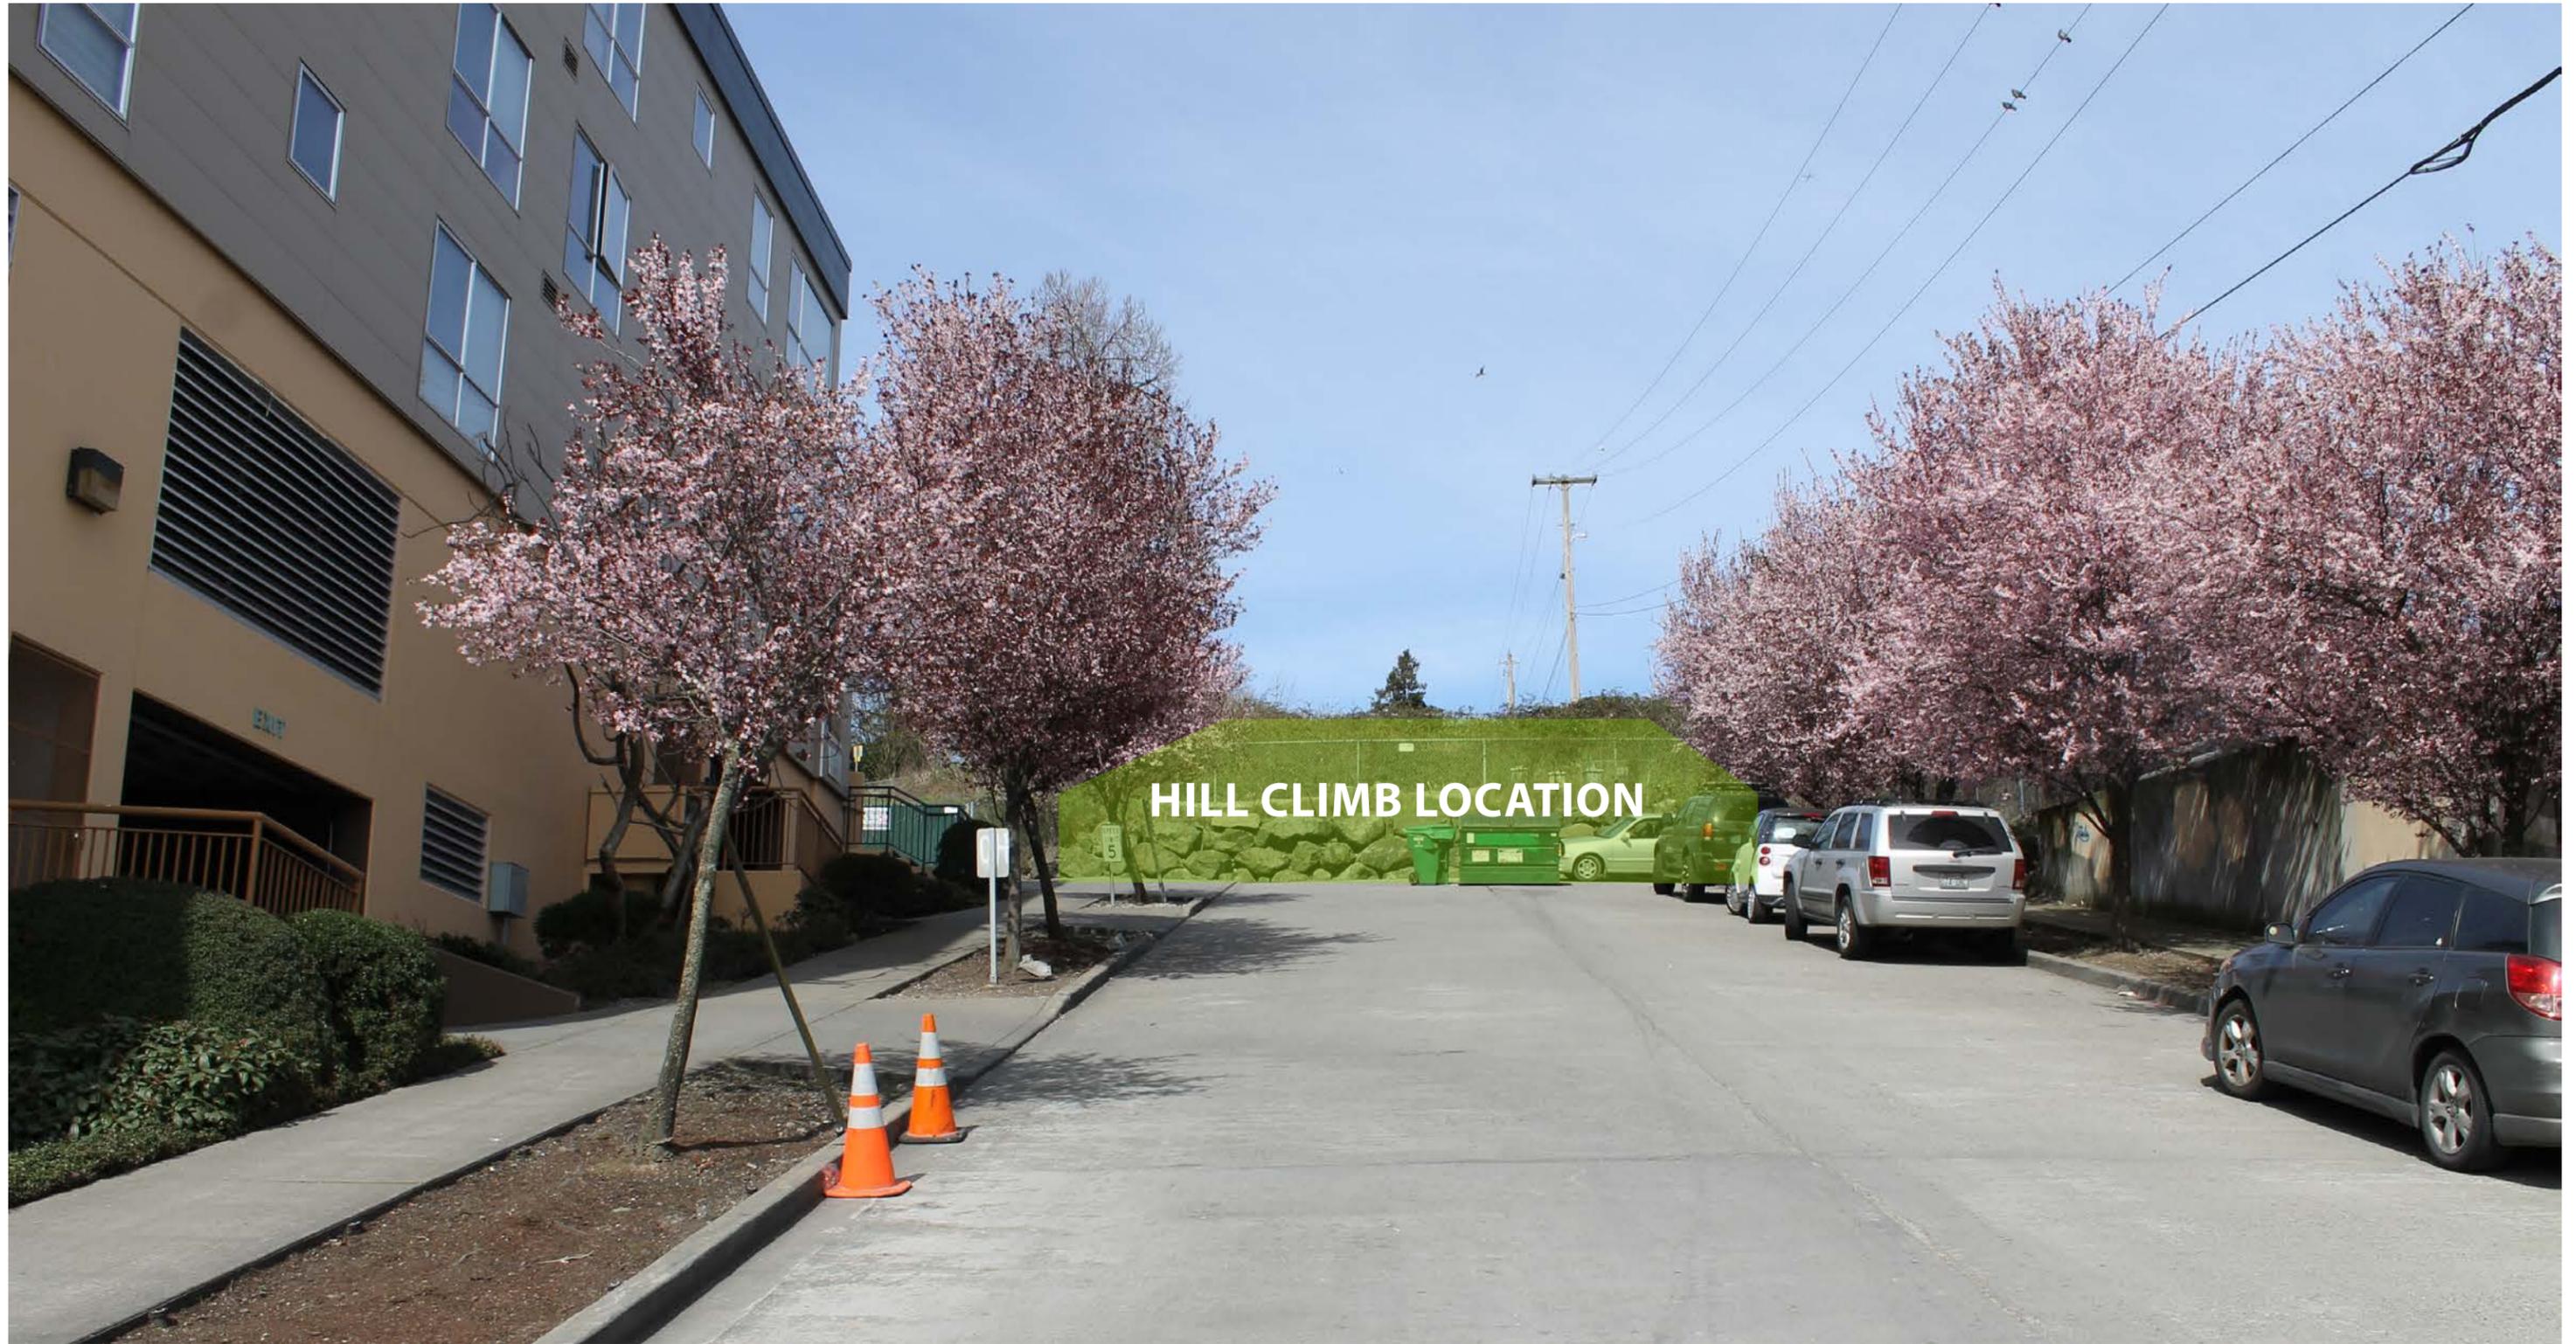

Phase 2B Scope
Choice Neighborhood Grant 2

HILL CLIMB LOCATION

HILL CLIMB LOCATION

A safe pedestrian connection

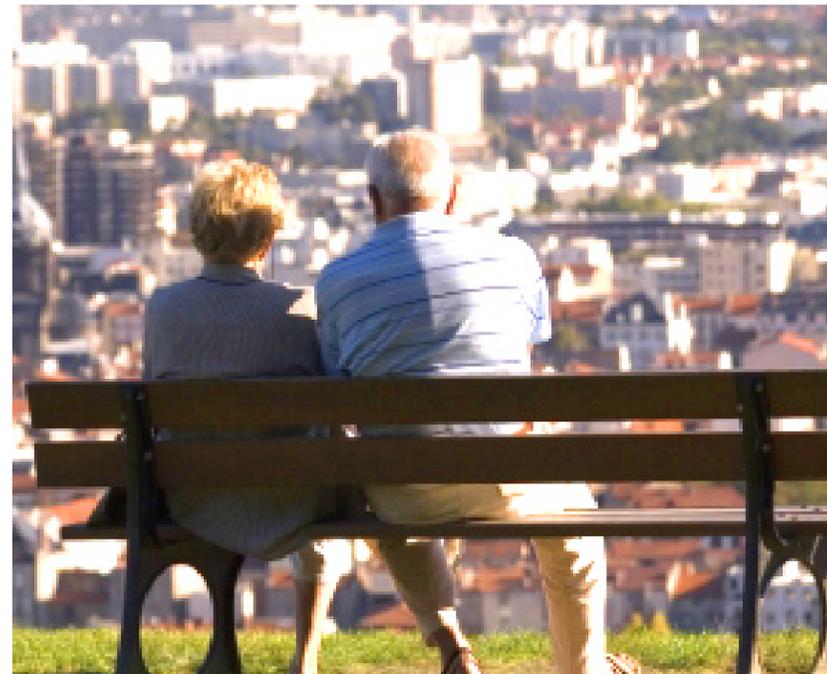

A clearly navigable link

An accessible connection

A link to Little Saigon

A place to pause

A space to gather

...*“provide for an enhanced pedestrian connection between Yesler Terrace and the Little Saigon neighborhood.”*

- A. Space for group activities and gathering
- B. Wide steps, clear sightlines
- C. Wide landings
- D. Seating for views and social interaction
- E. Safe for users
- F. Adequate lighting
- G. A balance between hardscape and vegetation
- H. Consideration for specific populations
- I. Functional public art
- J. Culturally familiar planting

Connect

Gather

Experience

Public outreach efforts - Summer 2013

May 11th Spring Clean Event, Hing Hay Park 30 attendees

Staffed information booth during registration , with interpretation

May 11-31 SCIDpda Idea Space 10 attendees

Display boards and translated brochures on display for additional feedback

May 29-30th Door-to-door business outreach 32 attendees

SCIDpda staff went to each business to explain the project, handout brochures and comment cards

June 6th Project Briefing, Pacific Rim Condo Ass. 10 attendees

Presentation followed by Q & A and site visit with Condo Association members

June 14th Juneteenth Celebration, YT Comm. Ctr 20 attendees

Staffed information booth during celebration events

July 16th Review with Community Police Team Officers, on-site

Meeting with SPD staff to review design, focus on crime and safety

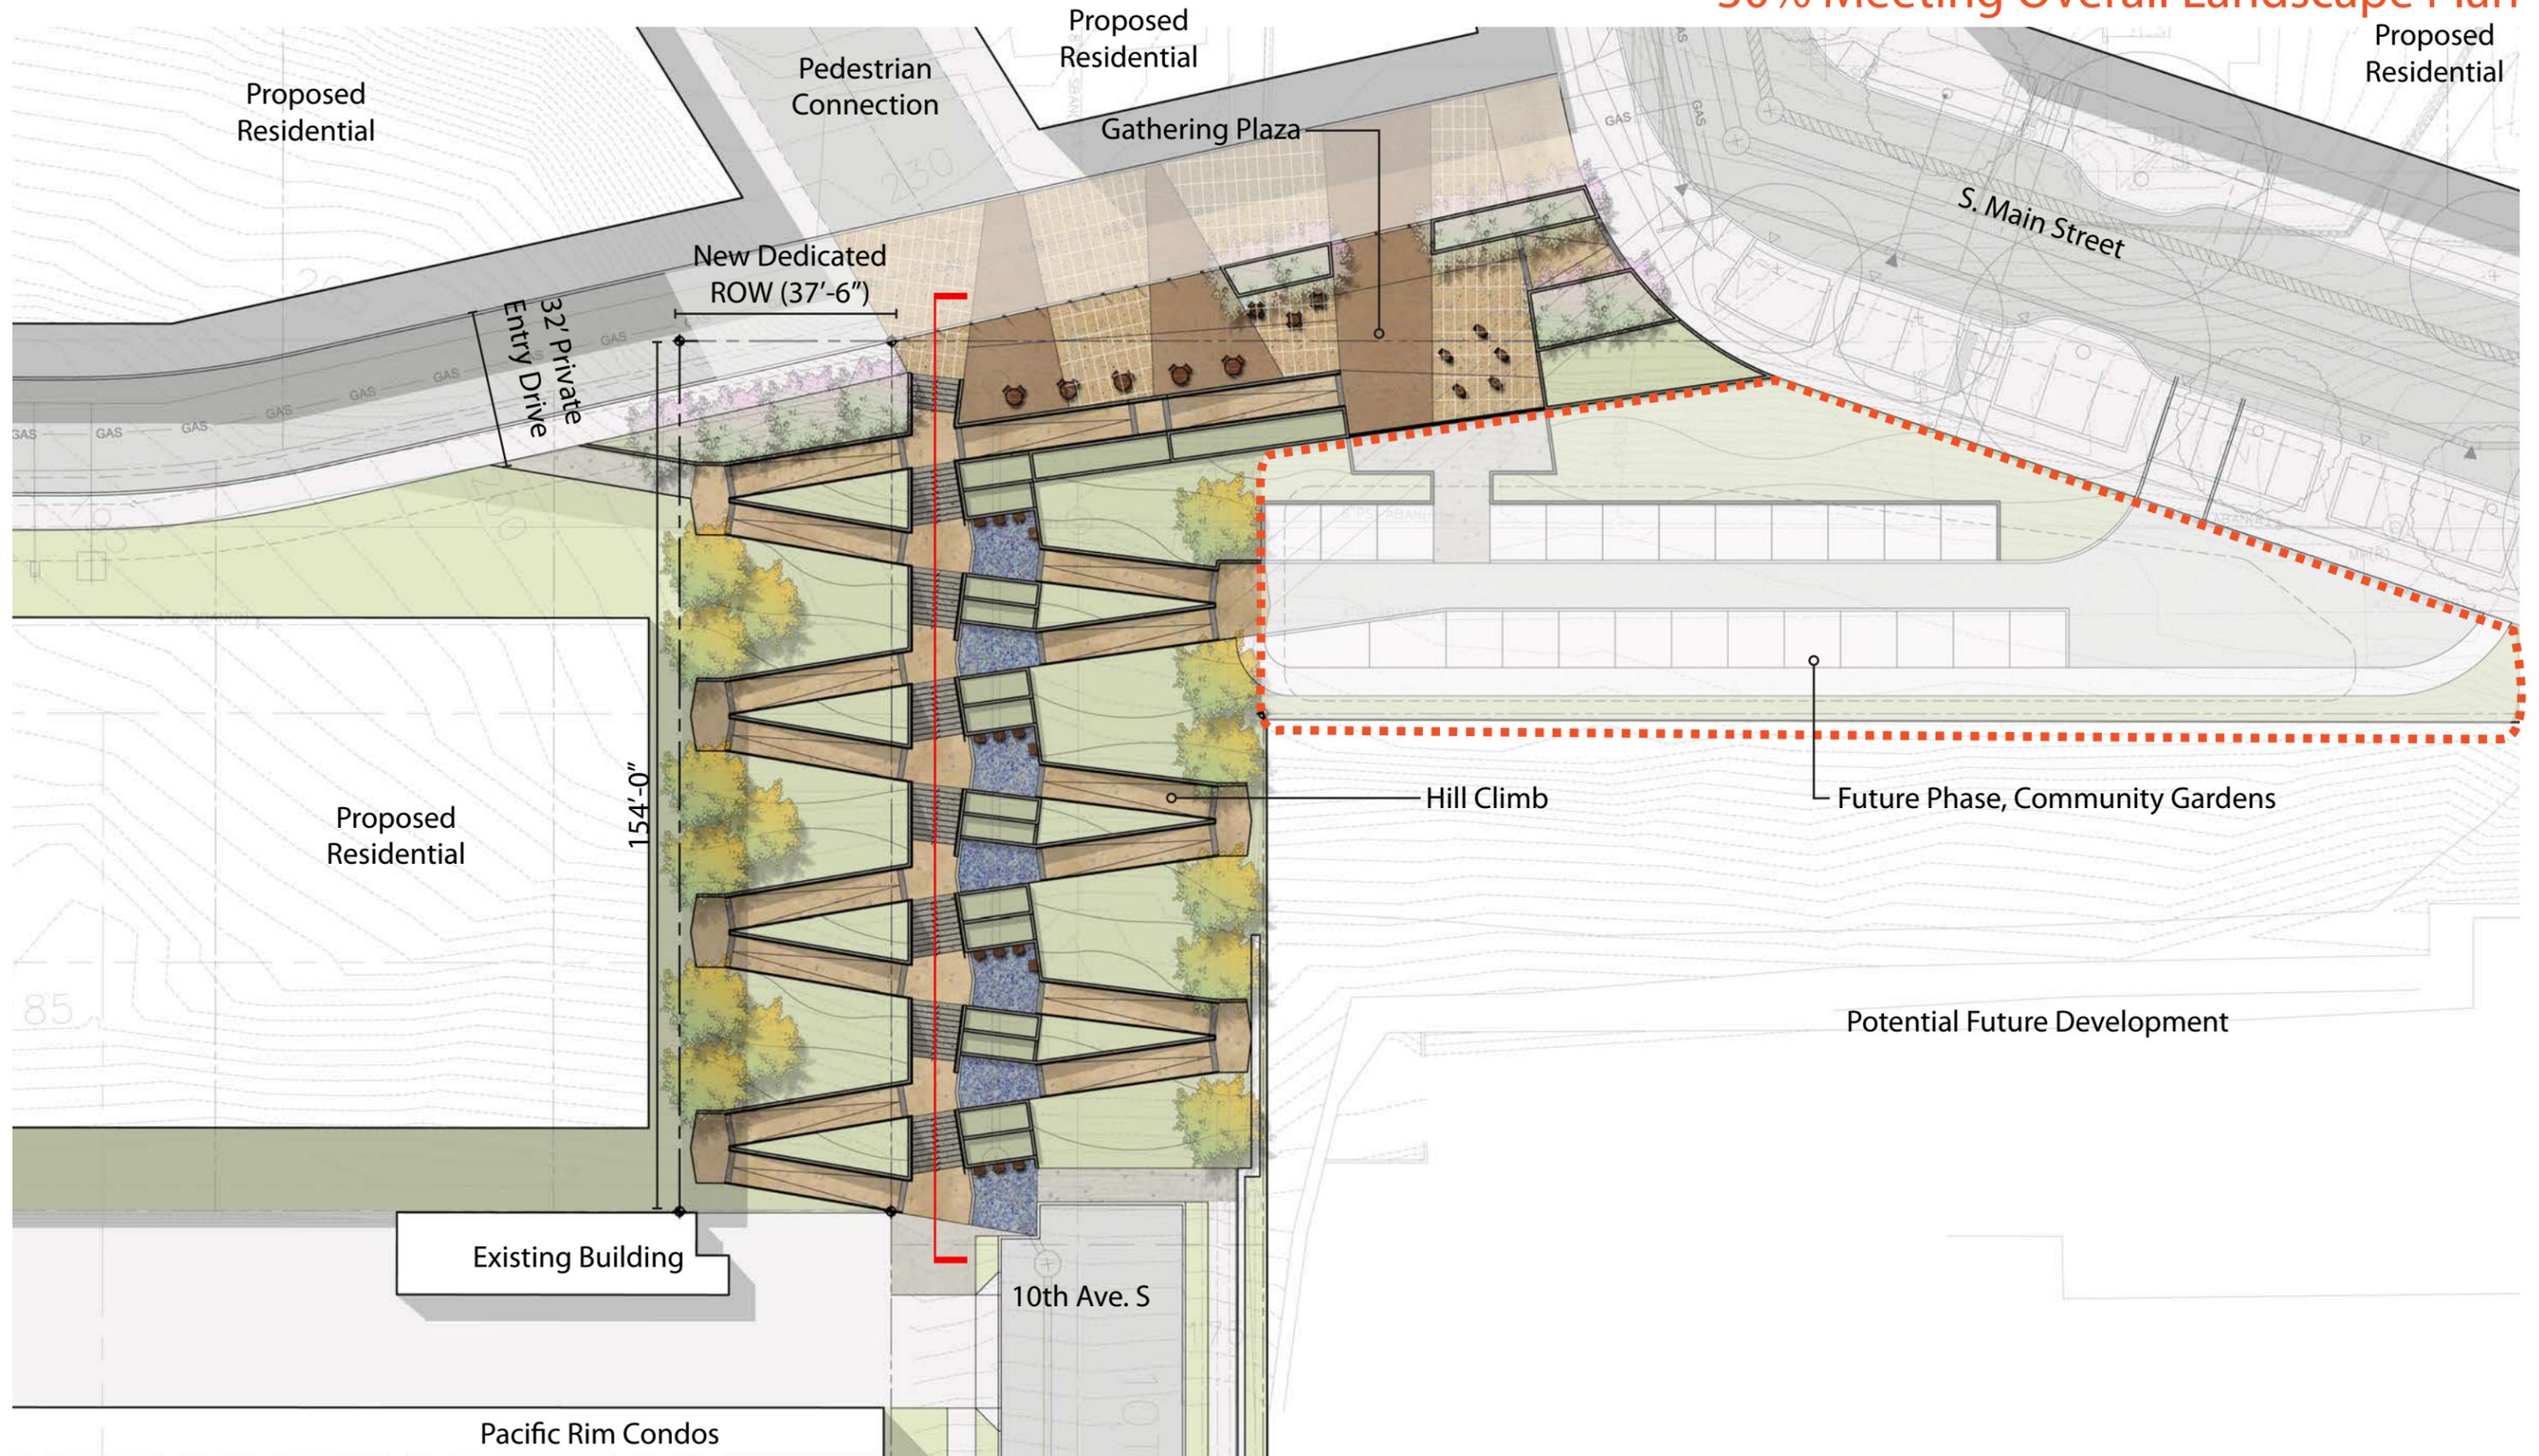

Recommendations:

- 1. Create a flow into and out of the Hill Climb, with emphasis on the top and bottom terminuses*
- 2. Further develop the gathering space paying mind to the needs of various user groups*
- 3. Consider how 85' height adjacent development could shade p-patch*
- 4. Think comprehensively about bike use and facilities, and universal user needs*
- 5. Consider the lighting in conjunction with the art*
- 6. Integrate the art, use the art as placemaking, avoid disparate interventions*
- 7. Consider aging and maintenance of materials, planting and blank walls. Be aware of environmental impacts and lifecycle of colors / dyes that are selected.*

Beyond Scope of Public Benefit:

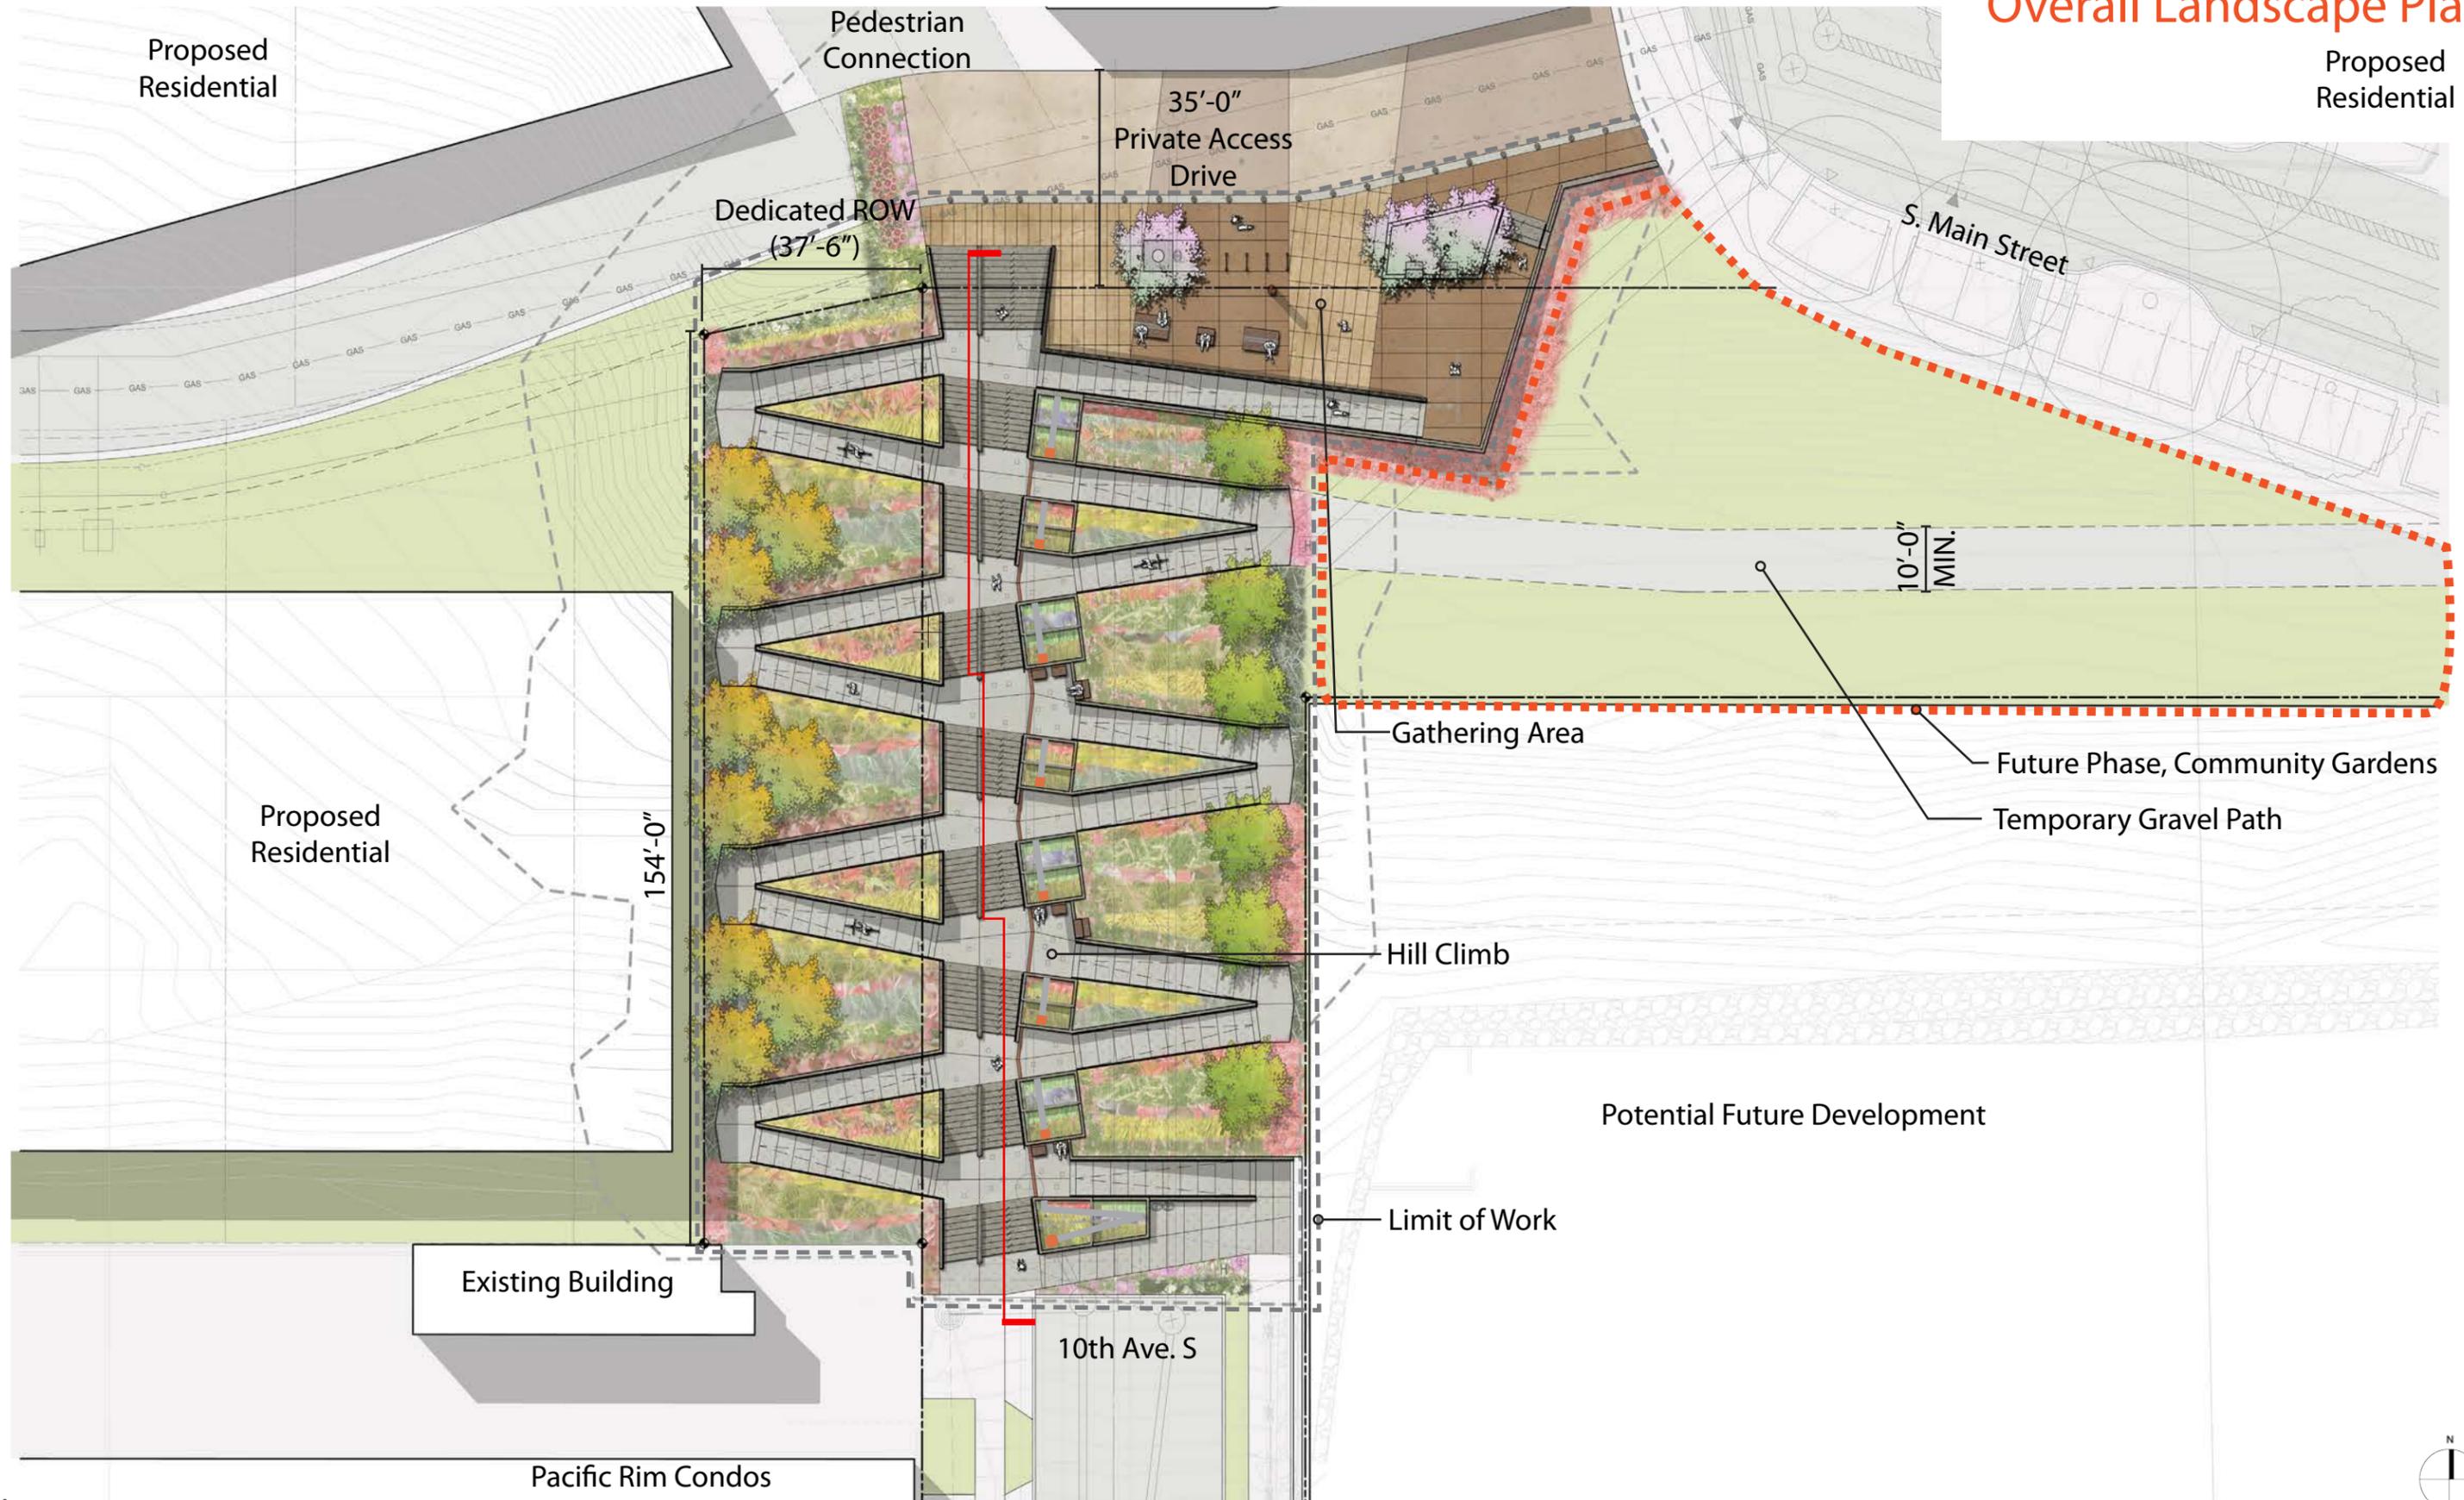

- 8. Work with SDOT and City to connect improvements to Jackson st.*

Informal Solicitation No. 4523

10th Ave S Hillclimb Artwork

Important Information:

- Solicitation Issued: Day / Date: **Monday / 08/19/2013**
- Deadline for Questions: Day / Date: **Thursday / 08/29/2013** Time: **4:00 p.m.**
- Submittals/Proposals Due: Date: **09/06/2013** Time: **2:00 p.m.**
- SHA's Contact: Name: **Kathlyn Paananen**
- E-Mail Address: **kpaananen@seattlehousing.org**

The Seattle Housing Authority (SHA) is soliciting Qualifications from artists interested in performing the following:

Overall Project Description:

SHA is seeking an artist to design and possibly fabricate and install artwork to make the experience of moving up and down the 10th Ave S Hillclimb in Seattle, Washington an enjoyable experience for pedestrians.

The 10th Ave S Hillclimb will better connect Yesler Terrace and Little Saigon/International District communities with a pedestrian pathway on 10th Avenue S, from S Main Street to S Jackson Street. The Hillclimb will include stairs, sidewalks, accessible ramps, and plantings. Future additional design features may include spaces for community gathering and gardening activities.

The Hillclimb Project is located on 10th Ave S (north of Jackson), currently a half block dead-end street. It functions only as an entrance/exit for an adjacent garage on its west side. North of the dead-end is an undeveloped property owned by SDOT (Seattle Department of Transportation) that is fenced off from public access. This area is currently underused and has tremendous potential to improve the pedestrian environment. The Hillclimb will be an extension of 10th Ave S, connecting S Jackson Street to S Main Street, and will remain a public right-of-way under SDOT's ownership.

Budget: The Seattle Housing Authority is developing the Hillclimb with various types of funding. Of this funding, \$30,000 of a JPMorgan Chase Foundation grant will be used for this artwork project. The \$30,000 project budget is inclusive of artist's fees, permits (if applicable), materials, fabrication, on-site installation, travel or per diem costs, and any applicable City of Seattle licensing costs and/or Washington State sales/use tax costs. Fabrication and installation must be paid at prevailing wage rates for the appropriate work/skills classifications.

Scope of Work:

The Scope of Work for this 10th Avenue South Hillclimb Artwork project is as follows:

Solicitation No. 4523
