# 23<sup>rd</sup> Avenue Action Plan - Visions, Goals, Strategies and Actions

# June 29 Community Open House & Workshop Result

A. A DESTINATION WITH UNIQUE IDENTITY: The Central Area is a neighborhood that requires you to believe in it. It is an inclusive multicultural fabric -- that welcomes all people, while it is also the heart of the region's African American community. It has a wealth of cultural heritage -- arts, schools, library and recreation, while it also has the neighborly feel of a village. It is authentic – a gritty urban fabric, while full of mature trees and historic architecture. It is layered – new and old; youth and elders; a single neighborhood with multiple business districts – and to those who are committed to it, its richness is revealed.

It has visual and performing arts programs; a continuum of educational facilities; and multiple business districts including some major employers. **C.** A GREAT BUSINESS COMMUNITY: The Central Area is unusual in that it has multiple discreet business districts, including 23<sup>rd</sup> Ave at Union, Cherry and Jackson. Working together they can provide a broad spectrum of the community's goods and services, including healthy foods. These districts have different characters and have the opportunity to strengthen and solidify as distinct nodes that also work together to clearly proclaim the Central Area identity.
