

130th & 145th Station Area Planning

What is Station Area Planning?

Light rail and bus rapid transit are coming to North Seattle. Over the next year the City will engage the community and agencies in 130th & 145th Station Area Planning. This planning process will consider options for future development and investment to create a vision for the area within a 10-minute walk of a station. Major topics to be explored include:

- **Thoughtful Growth** – what types of housing, retail and other uses are best for the station area?
- **Getting Around** – how will people of all ages and abilities get to/from the station easily and safely?
- **Livable Community** – what makes the station area a place with great spaces and strong connections that meet the needs of the community?
- **Community Engagement and Equity** – how do we elevate the voices of underrepresented groups and those at-risk of displacement in the planning process?

Station Area

Small area accessible within a 10-minute walk of the light rail station. Planning led by City of Seattle.

Study Area

Broader area accessible by short bike or bus ride to the light rail station. Planning led by City of Seattle.

Light Rail Project Area

Area where light rail alignment, station and other required facilities are designed, built and maintained by Sound Transit.

Project Timeline

This planning effort includes two major phases:

Phase 1 Visioning (2019)

Phase 2 Implementation Strategies (TBD)

Related Sound Transit Efforts

Over the next thirteen years faster and more frequent transit service is coming to North Seattle:

- LINK service at 145th Street will begin in 2024.
- Bus rapid transit service along 145th Street (east of I-5) will begin in 2024.
- LINK service at 130th Street will begin in 2031.

Phase 1 Visioning

Ongoing Community Involvement

Surveys, meetings, online tools, workshops, and open houses
