

BUILDING FOR THE FUTURE

WE NEED TO HEAR FROM YOU!

We need your input! Seattle Parks and Recreation is expanding Christie Park! Please join Seattle Parks and Recreation's Planner and Project Manager onsite at Christie Park to provide ideas about this exciting new park development.

At the Open House the community is invited to review design elements and provide input on what will work best for your community. We will have a tent at the park, light refreshments and activities for children. All are encouraged to attend and participate in design.

Seattle Parks and Recreation purchased property in 2012 to expand Christie Park and provide additional open space for the University District community. It is located at 4257 9th Avenue NE, directly adjacent to Christie Park. Funding for the development of this site is provided by Seattle Park District to preserve open space in urban areas throughout Seattle.
