## Potential Layout – Option 1

Lake City Skatespot at Virgil Flaim Park  
Seattle Parks & Recreation

Cascade Design Collaborative / Grindline Skateparks  
13 July 2015

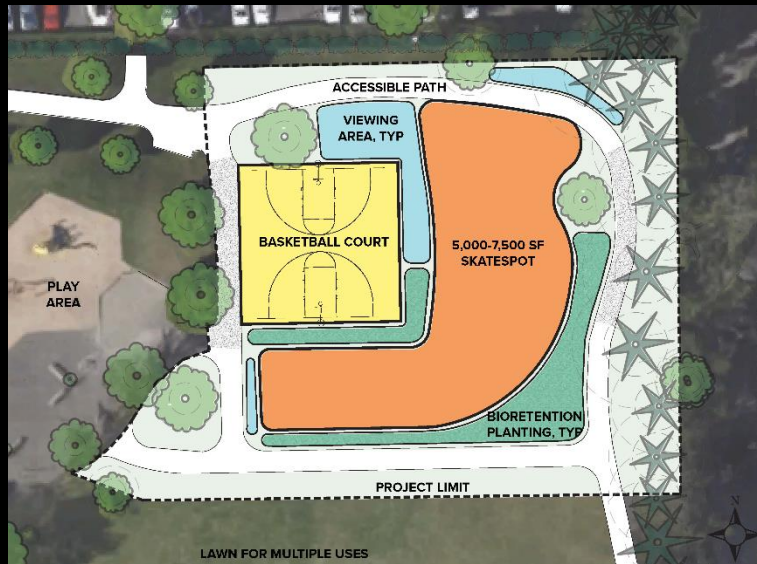

## Potential Layout – Option 2

Lake City Skatespot at Virgil Flaim Park  
Seattle Parks & Recreation

Cascade Design Collaborative / Grindline Skateparks  
13 July 2015

### OPTION 1

- Basketball and skatespot close to play area
- Level basketball court in existing sloped area and skatespot in existing sloped and flat areas

### OPTION 2

- Skatespot close to play area and basketball close to paths
- Level basketball court in existing flat area and skatespot in existing sloped area

Potential Layout Comparison: Which do you prefer?

# VISION

There are previous visions for this park that people of Ballard worked hard to create. We need to discuss about these plans first. The visions of current members is also significant.

- Can you confirm the validity of the vision and goals of the Master Plan?
- What was not considered in the Master Plan?
- What is the texture of this park?
- What values are important to a community and city for the past, present and future?
- What is important in Ballard that can be incorporated in this park – maritime, Scandinavian, industrial, etc.

Please share your insights + vision for this park with us.
