

BUILDING FOR THE FUTURE

WE NEED TO HEAR FROM YOU!

We need your input! Seattle Parks and Recreation is expanding Baker Park on Crown Hill! Please join Seattle Parks and Recreation's Planner, Project Manager and Senior Landscape Architect onsite at Baker Park to provide ideas about this exciting new park development.

At the Open House the community is invited to review design elements and provide input on what will work best for your community. We will have a tent at the park, light refreshments and activities for children. All are encouraged to attend and participate in design.

Thank you to Groundswell NW and the Whittier Heights community for being instrumental in the community initiated acquisition of this site. With community support, Seattle Parks and Recreation purchased the property in 2013 to provide additional open space. It is located at 8341 14th Ave NW, directly adjacent to Baker Park. Funding for the development of this site is provided by the Seattle Park District to preserve open space in urban areas throughout Seattle.
